DECISIONS UNDER FORMER LAW

Constitutionality

Prior Absent Voters Law was valid enactment and did not violate section 2, article IX of the state constitution, which provides that an elector "shall have resided in the state one year immediately preceding this election at which he offers to vote." Goodell v. Judith Basin County, 70 M 222, 227, 224 P 1110.

23-3702. Forms and rules for absentee voting in school district elections. The state superintendent of public instruction shall prepare the form of application for absentee ballots and other forms necessary for school district elections and may make necessary rules to carry out the purpose of this chapter as it pertains to school districts.

History: En. Sec. 120, Ch. 368, L. 1969.

23-3703. Application of absentee or physically incapacitated person for ballot. During a period beginning forty-five (45) days before the day of an election and ending at 12 noon on the day before the election, an elector expecting to be absent from the county in which his voting precinct is situated, an elector in United States service, or an elector who will be unable to go to the polls because of physical incapacity may apply to the registrar or city clerk for an absentee ballot.

History: En. Sec. 121, Ch. 368, L. 1969.

23-3704. Form of application — affidavit — manner. (1) Application for absentee ballots shall be made on a form furnished by the registrar of the county of which the applicant is an elector, the city clerk, or clerk of a first class school district. The form shall be prescribed by the secretary of state except as provided in section 23-3702.

(2) The applicant shall subscribe the application and swear to it before an officer authorized to administer oaths. The application is not complete without this affidavit.

History: En. Sec. 122, Ch. 368, L. 1969.

23-3705. Transmission of application to registrar—delivery of ballot. (1) The elector shall forward the application by mail or deliver it in person to the registrar.

(2) The registrar shall compare the signature on the application with the applicant's signature on the registration card. If convinced the person making the application is the same as the one whose name appears on the registration card, he shall deliver the ballot.

History: En. Sec. 123, Ch. 368, L. 1969.

23-3706. Mailing ballot to elector—affidavit—electors in the United States service. (1) Either upon receipt of the application or immediately after the official ballot for the precinct of the applicant's residence has been printed, the registrar, city clerk, or clerk of a first class school district shall send by mail, postage prepaid, whatever official ballots are necessary.

(2) The proper officer shall enclose an envelope with the ballots which has written on the front the name, title, and post-office address of the officer sending it, and upon the other side a printed affidavit in a form prescribed by the secretary of state.

(3) Both the envelope in which the ballot is mailed to an elector in the United States service and the return envelope shall have printed across the face two parallel horizontal red bars, each one-quarter (¼) inch wide, extending from one side of the envelope to the other, with an intervening space of one-quarter (¼) inch, with the words "Official Election Ballot Material—via Air Mail," between the bars. In the upper right-hand corner shall be printed "Free of U.S. Postage." In the upper left-hand corner shall be blanks sufficient for the recipient to place his return address. All printing on the face of the envelope shall be in red. The gummed flap of the envelope supplied for the return of the ballot shall be separated by wax paper or other appropriate protective insert. Voting instructions provided in subparagraph (5) of this section shall include a procedure to be followed by absentee voters, such as notation of the facts on the back of the envelope duly signed by the voter and witnessing officer, in instances of adhesion of the balloting material.

(4) The return address shall be self-addressed to the registrar or city clerk.

(5) Instructions for voting shall be enclosed with the ballots for electors in the United States service. Instructions shall include information concerning the type or types of writing instruments which may be used to mark the absentee ballot.

Amendments

The 1971 amendment added the fifth and sixth sentences to subsection (3); and added the second sentence to subsection (5).

Improper Delivery

Absent voter's ballot delivered by county clerk not to electors personally or by mail, but to one engaged in procuring electors to apply therefor and request that such ballots be delivered to such person, were void and could not be voted at ensuing election. State ex rel. Van Horn v. Lyon, 119 M 212, 173 P 2d 891, 895.

23-3707. Marking and swearing to ballot by elector. (1) The elector shall complete the affidavit before an officer authorized by law at the place of execution to administer oaths.

(4) The officer shall sign at the end of the certificate and affidavit.

(5) The elector shall mail the envelope, postage prepaid, or deliver it to the registrar, city clerk, or clerk of a first class school district.

(2) If absentee ballots are received after the ballots are delivered to the election judges, but prior to the close of the polls, the registrar or clerk shall immediately deliver the larger envelopes to the judges.

(3) If absentee ballots are received by the registrar or clerk for which application was not received prior to twelve (12) noon on the day preceding an election, or received after the close of the polls, the clerk shall endorse upon the voter's envelope the date and exact time of receipt and the words "To be rejected." Absentee ballots so endorsed shall be delivered to the election judges of the precinct or retained by the registrar or clerk if the judges have adjourned and shall be rejected.

(4) If an elector votes absentee ballot and dies between the time of balloting and election day, his ballot will not count.

History: En. Sec. 127, Ch. 368, L. 1969; amd. Sec. 4, Ch. 254, L. 1971.

Amendments

The 1971 amendment inserted "but prior to the close of the polls" in subsection (2); deleted "by mail postage prepaid" after "larger envelopes" in subsection (2); inserted "or received after the close of the polls" in the first sentence of subsection

(3); inserted "or retained by the registrar or clerk if the judges have adjourned" in the second sentence of subsection (3); and made minor changes in phraseology and style.

23-3710. Registrar or clerk to keep record of ballots and issue certificate. (1) The absentee ballots delivered shall be regular official ballots beginning with ballot number one (1) and following consecutively, according to the number of applications for absentee ballots.

(3) The registrar, city clerk, or school district clerk shall deliver to the election judges to whom the ballots are delivered a certificate stating the number of absentee ballots delivered as well as those marked before him, and the names of the voters to whom such ballots are delivered, or by whom they have been marked if marked before him.

History: En. Sec. 128, Ch. 368, L. 1969.

23-3711. Duty of election judges—pollbooks, numbering ballots and rejected ballots. (1) The election judges, at the opening of the polls, shall note on the pollbooks opposite the numbers corresponding to the number of absentee ballots issued the fact that the ballots were issued and reserve the numbers for the absent or physically incapacitated voters. The notation may be made by writing the words "absent or physically incapacitated voters" opposite the numbers.

(2) The election judges shall insert only the names of the elector entitled to each particular number according to the certificate of the registrar or city clerk and the number of his ballot.

(3) Any absentee ballots which have been rejected shall be placed with the voter's application and the absent or physically incapacitated voter's envelope furnished by the registrar or city clerk.

(a) This envelope shall be sealed and endorsed by the words, "rejected absentee ballots," numbered ....., and shall put on it the number of the absentee ballots given according to the registrar's or city clerk's certificates.

(b) There shall be a separate enclosing envelope for the absentee ballots rejected, and the envelopes shall be placed in an envelope together with other ballots, and shall not be opened without a court order.

History: En. Sec. 129, Ch. 368, L. 1969.

23-3712. Voting before election day by prospective absentee or physically incapacitated elector. (1) An elector who is present in his county after the official ballots of his county or school district have been printed who has reason to believe that he will be absent from the county or school district or physically incapacitated on election day, may vote before election day before the registrar, city clerk, or school district clerk, or some officer authorized to administer oaths and having the official seal.

(2) The provisions of this chapter apply to such voting.

(3) If the ballot is marked before the registrar, city clerk, or school district clerk, he shall deal with it in the same manner as if it had come by mail.

History: En. Sec. 130, Ch. 368, L. 1969.

23-3713. Envelopes containing ballots—deposit in box and rejection of ballot. (1) While the polls are open on election day, the election judges shall first open the outer envelope only, and compare the signature of the voter on the application and on the affidavit.

(2) If the election judges find that the signatures correspond, that the affidavit is sufficient, and that the absentee elector is qualified and has not yet voted, they shall open the absentee voter's envelope and take out the ballot or ballots and, without unfolding it or permitting it to be examined, ascertain whether the stub is still attached and whether the number corresponds to the number in the certificate of the registrar or city clerk.

(3) If so, they shall endorse it the same way that other ballots are endorsed, detach the stub, deposit the ballots in the proper ballot boxes, and make entries in their election records to show the elector has voted.

(4) If the affidavit is found defective, the numbers do not correspond, or the voter is unqualified, the election judges, without opening the absentee ballot, shall mark across the face of it "rejected as defective" or "rejected as not an elector."

(5) The absentee ballot envelope, when it has been voted or rejected, shall be deposited in the ballot box containing the general or party ballots, and shall be retained and preserved in the manner provided for official ballots.

(6) If, upon opening the absentee ballot envelope, it is found that the stub of any ballot has been detached, or that the number does not correspond to the number on the certificate of the registrar or clerk, the ballot shall be rejected. It shall be marked on back as "rejected for .....," filling the blank with the reason. This statement shall be dated and signed by a majority of the election judges.

(7) The rejected ballots, together with the absentee ballot envelope bearing the application shall be enclosed in an envelope, sealed, and the judges shall write on the envelope, "rejected ballot of absentee voter" (writing in the elector's name). "The rejected ballot(s) is (are) ....."

(8) The election judges shall designate the rejected ballot as "general ballot," if it is a ballot for candidates that are rejected.

(9) If the rejected ballot is on a question submitted to the vote of the electors, the judges shall designate it as ballot question No. ..... in the certificate on the envelope.

(10) A separate enclosing envelope shall be used for each absentee ballot rejected. This envelope shall be placed in the envelope in which the other ballots voted are required to be placed and shall not be opened without a court order.

(11) The registrar or clerk shall provide and deliver to the election judges suitable envelopes for enclosing rejected absentee ballots.

History: En. Sec. 131, Ch. 368, L. 1969.

Voting Accomplished

Voting is accomplished not merely by marking the ballot, but by having it delivered to the election officials and deposited in the ballot box before the closing of the polls on election day, and this is equally true for absent voters. Maddox v. Board of State Canvassers, 116 M 217, 223, 149 P 2d 112.

23-3714. Elector whose absentee ballot has been rejected as defective may vote in person. If the envelope containing the absentee ballot has

been marked "rejected as defective" and deposited in the ballot box, the elector appearing has the same right to vote as if he had not attempted to vote as an absent or physically incapacitated voter. If voting machines are used, he shall vote by machine as other voters.

History: En. Sec. 132, Ch. 368, L. 1969.

23-3715. Opening of envelopes after deposit. If an envelope containing an absentee ballot has been deposited unopened in the ballot box, the envelope shall be opened without a court order and the ballot cast.

23-3716. Voting machines—canvass of votes. (1) In precincts where voting machines are used, the registrar, city clerk, or clerk of a school district shall print and provide ballots in official form for possible absent or physically incapacitated voters, and also pollbooks and ballot boxes required for precincts in which printed ballots are used.

(2) Absentee ballots received in those precincts shall be handled as provided in this chapter.

(3) In making the official canvass, the votes cast by absentee ballot shall be added to the votes cast on the voting machines.

History: En. Sec. 134, Ch. 368, L. 1969.

DECISIONS UNDER FORMER LAW

Constitutionality

Prior voting machine law was not invalid as in contravention of section 1, article IX of the constitution of Montana which provided that all elections shall be "by ballot"; the term "ballot" be-

ing employed not to designate a piece of paper, but a method to ensure, so far as possible, the secrecy and integrity of the popular vote. State ex rel. Fenner v. Keating, 53 M 371, 377, 163 P 1156.

23-3802. Specifications of machines required. (1) A machine or machine system may not be approved unless:

(a) An elector can vote in secrecy as he is entitled to vote by law;

(b) An elector is prevented from voting for any candidate or upon any question more than once and is also prevented from voting for any person or on any proposition, if he is not entitled to vote;

(c) An elector can vote a split ticket if he desires;

(d) Every vote cast is registered and recorded.

(2) The candidates for president and vice-president shall appear on the machine ballot. Presidential electors shall not appear on the machine.

(3) The machine or machine system must be constructed so that it cannot be tampered with for a fraudulent purpose and must also be constructed so that during the progress of the voting no person can see or know the number of votes registered for any candidate or on any proposition.

History: En. Sec. 143, Ch. 368, L. 1969.

Tampering with Machine

Act does not require a voting machine which will be proof against all tampering or manipulation, but one which, when honestly operated, will enable an elector to secretly cast his vote as he wishes to cast it and have it counted as cast, and which cannot be tampered with or manipulated in such a way that, though properly operated by the elector, it would seem to receive and record his vote without doing so. State ex rel. Fenner v. Keating, 53 M 371, 381, 163 P 1156.

23-3803. Providing voting machines — payment. (1) Commissioners and councils may provide approved voting machines as practicable.

(2) Not later than September 10, prior to a general election, the commissioners or council of a city may unite two (2) or more precincts to use a voting machine. Notice of the consolidation shall be given as provided by law for the change of election districts.

(3) Funds for voting machines may be provided by interest-bearing bonds, certificates of indebtedness, or other obligations. The term of the bonds, certificates, or other obligations may not exceed ten (10) years and they shall not be issued or sold at less than par.

History: En. Sec. 144, Ch. 368, L. 1969.

23-3804. Preparation of machines for use. (1) The registrar or city clerk shall put the proper ballots upon each voting machine corresponding with the sample ballots. The registrars or city clerks shall also:

(a) Set, adjust, and put the machines in order;

(b) Deliver the machines to the precincts together with necessary furniture and appliances;

(c) Place a shield painted black and marked "not in use" over the keys or levers not in use on the voting machine.

(2) In primary elections a separate row or column shall be assigned to each political party and at least one (1) row shall separate the rows assigned to the two (2) major political parties. This row shall be used for the nonpartisan judicial ballot.

(3) In general elections the ballot shall be arranged and the names of the candidates rotated to conform as nearly as possible to the requirements for paper ballots.

(4) Candidates of the two (2) major parties shall be rotated between the first two (2) horizontal rows or vertical columns, and candidates of minor parties and independent candidates shall be rotated between succeeding rows or columns.

(5) The party designation of each candidate shall appear below his name in type as large as machine design will allow.

(6) The judicial ballot shall appear in the first two (2) horizontal or vertical rows or columns as prescribed by section 23-3513.

(7) The election judges shall compare the ballots on the machine with sample ballots, ensure that all counters are set at zero and the machine is in order. They shall not thereafter permit the machine to be operated or moved except by electors voting. They shall also see that arrangements are made for voting write-in ballots on the machine, if the machine is so arranged.

History: En. Sec. 145, Ch. 368, L. 1969.

23-3805. Write-in ballots. (1) If a voting machine allows registry or recording of votes for candidates whose names are not on the official ballot, these ballots are write-in ballots.

(2) A person whose name appears on a ballot shall not receive votes for the same office on a device for casting a write-in ballot.

History: En. Sec. 146, Ch. 368, L. 1969.

23-3806. Placement of machines—time voter to remain in booth—election board make-up. (1) The exterior of the voting machines and every part of the polling place shall be in plain view of the election judges.

(a) The machines shall be placed so that other persons on the premises cannot see how the voter casts his vote.

(b) The election judges shall not permit any person to remain in any position that would permit him or them to see how the voter votes or has voted.

(c) A voter shall not remain within the voting machine booth or compartment longer than is reasonably necessary to vote. If he refuses to leave, the election judges shall remove him.

(2) The election board of a precinct in which a voting machine is used consists of three (3) election judges and any special board of election judges appointed to count absentee ballots. If more than one (1) machine is used, one (1) additional election judge shall be appointed for each additional machine.

History: En. Sec. 147, Ch. 368, L. 1969.

23-3807. Registrar to instruct election judges. (1) Before each election, the registrar shall instruct all election judges in the use of the machine and their duties. He shall give to each election judge that has re-

ceived instruction, and is fully qualified to conduct the election with the machine, a certificate to that effect.

(2) The registrar shall call meetings of the election judges as necessary for instruction. Election judges shall attend meetings as necessary to receive the proper instructions.

(3) An election judge shall not serve if voting machines are used unless he has received instruction, is fully qualified to perform duties in connection with the machine, and has received a certificate to that effect from the custodian. However, this shall not prevent an emergency appointment of an election judge.

History: En. Sec. 148, Ch. 368, L. 1969.

23-3808. Publication of information concerning machines. Not more than ten (10) nor less than three (3) days before an election at which voting machines are used, the registrar or city clerk shall publish in a newspaper of general circulation in the county:

(f) A card stating the penalty for tampering with or injuring a voting machine;

(g) Two (2) seals for sealing the voting machine;

(h) One (1) envelope with a detachable delivery receipt in which the keys to the voting machine can be sealed and delivered to the election officials having printed on it the designation and location of the election district, the number of the machine, the number on the protective counter after the machine has been prepared for the election, and the number of the seal;

(i) One (1) envelope in which keys to the voting machine can be returned after the election;

(j) Two (2) statements of canvass for election officers to report the canvass of votes and other necessary information relating to the election;

History: En. Sec. 151, Ch. 368, L. 1969.

23-3811. Registry lists—provision for number of each ballot. If voting machines are used, the registry lists shall contain a column to enter the number of each ballot as indicated by the number on the machine counter. Books or blanks for making poll lists shall not be provided.

History: En. Sec. 152, Ch. 368, L. 1969.

23-3812. Assistance to illiterate, blind or physically disabled voters. [(1)] A voter who declares he is unable to vote because he cannot read or write, is blind, or physically disabled shall be assisted as provided in section 23-3609.

Compiler's Notes

The compiler has inserted the bracketed subsection designation "(1)."

23-3813. Counting the votes. When the polls close, the election judges shall immediately lock the machine or remove the recording device and open the registering or recording compartments in the presence of any person desiring to attend. They shall ascertain the number of votes cast for each candidate, canvass, record, announce, and return the votes as provided by law.

History: En. Sec. 154, Ch. 368, L. 1969.

23-3814. Procedure after count is ascertained. (1) After the count is ascertained, the election judges shall place the machine in full view of

the public for one (1) hour so that any person may view the number of votes cast.

(2) Immediately after the hour has passed, the election judges shall seal and lock the machine. Unless used in a city primary election or ordered opened earlier by a court or the county recount board, the machine shall remain sealed and locked for twenty (20) days.

(3) If a machine has been used in a city primary election, it shall remain locked and sealed for at least five (5) days, unless opened by court order.

History: En. Sec. 155, Ch. 368, L. 1969.

23-3815. Disposition of write-in ballots and tally sheets. (1) The election judges shall return write-in ballots in a sealed package endorsed "write-in ballots." The election judges shall indicate the precinct and county and file the package with the registrar or city clerk. Each package shall be preserved for six (6) months after the election and may be opened only upon order of a court or the county recount board. At the end of six (6) months, the package shall be destroyed by the registrar or city clerk unless a court orders otherwise.

(2) Tally sheets taken from the machine, if any, shall be returned in the same manner.

History: En. Sec. 156, Ch. 368, L. 1969.

23-3816. Return sheets—contents. Officers who furnish tally sheets shall also furnish return blanks and certificates to the election officers. The return sheets shall:

(1) Have each candidate's name designated by the same reference character that the name bears on the ballot labels and counters and allow for writing in a vote for the candidate in figures, words, or both;

(2) Provide for the return of the vote on questions;

(3) Have a blank for indicating the precinct, ward, number and make of machine used, and other necessary information;

(4) Have a certificate to be executed before the polls open by the election judges stating that all counters except the protective counter, if any, and except as otherwise noted, stood at "000" at the beginning of the election, that all counters were examined before the election, that ballot labels were correctly placed on the machine and corresponded to the sample ballot, and other statements as the particular machine may require;

(5) Have a second certificate stating the manner of closing the polls and verifying the returns; that the returns are correct; giving the indication of the public counter, poll list, and protective counter, if any. The certificate shall specify the procedure of canvassing the vote and locking the machine and shall be signed by the election officials. The certificate and attest of the election officers shall appear on each return sheet.

History: En. Sec. 157, Ch. 368, L. 1969.

23-3817. Experimental use of machines. Officials authorized to adopt voting machines, may provide for the experimental use at an election of

a machine, approved by the secretary of state, in one (1) or more precincts without a formal adoption or purchase of the machine. The use at an election is valid for all purposes as if the machine had been formally adopted.

History: En. Sec. 158, Ch. 368, L. 1969.

23-3818. Machine breakdowns—electors may vote by paper ballot upon request. (1) If a machine becomes unworkable or unfit for use, voting shall proceed on another available machine or as in cases where machines are not used. The registrar shall furnish each voting place with a supply of ballots and other supplies to be used in case of emergency.

(2) Where voting machines are used, an elector may request to vote by paper ballot instead of using the voting machines. The election judges shall provide the elector with a paper ballot when requested. Paper ballots shall be cast and counted by the election judges in the manner provided by law.

History: En. Sec. 159, Ch. 368, L. 1969.

23-3819. Use of separate paper ballots for voting on certain money issues where machines do not allow proper lockout. In precincts where voting machines are used and the machines do not allow proper lockout, separate paper ballots shall be issued for money issues which do not involve the question of incurring of a state indebtedness, issuance of state bonds or debentures other than for refunding, or the levy of a tax for state purposes.

History: En. Sec. 160, Ch. 368, L. 1969.

23-3820. Penalty for tampering with or injuring machines. Any person who tampers, disarranges, defaces, injures, or impairs a voting machine in any way, or who mutilates, injures, or destroys any ballot or any appliance used in connection with a voting machine shall be imprisoned in the state prison for a period of not more than ten (10) years, be fined not more than one thousand dollars ($1,000), or both.

History: En. Sec. 161, Ch. 368, L. 1969.

23-3821. Penalty for fraudulent returns or certificates. A person who purposely causes the vote on a machine to be incorrectly taken down as to the candidate or proposition voted on; who knowingly causes a false statement, certificate, or return of any kind to be signed or who knowingly consents to such things being done, shall be imprisoned in the state prison not more than (10) years, be fined not more than one thousand dollars ($1,000), or both.

History: En. Sec. 162, Ch. 368, L. 1969.

23-3822. Applicability of election laws in general where not in conflict with this chapter. All laws applicable to elections where voting is not done by machine, and all penalties prescribed for violations of those laws, apply to elections and precincts where voting machines are used if they are not in conflict with the provisions of sections 23-3801 through 23-3821.

CHAPTER 39

ELECTRONIC VOTING SYSTEMS

Section
23-3901. Purpose of act.
23-3902. Definitions.
23-3903. Use of electronic voting systems—paper ballots may be used upon request.
23-3904. Voting booths—sample ballots—arrangement of ballot information—write-in ballots—preparation and testing of devices.
23-3905. Procedure upon closing polls.
23-3906. Rules and regulations—specifications for devices and equipment.
23-3907. Applicability of election laws in general where not in conflict with this chapter.

23-3901. Purpose of act. The purpose of sections 23-3902 through 23-3907 is to authorize the use of electronic voting systems in which the voter records his votes by means of marking or punching a ballot or one or more ballot cards, which are so designed that votes may be counted by data processing machines at one or more counting places.

History: En. Sec. 164, Ch. 368, L. 1969.

23-3902. Definitions. As used in sections 23-3903 through 23-3907, unless otherwise specified:

(1) "Automatic tabulating equipment" includes apparatus necessary to automatically examine and count votes as designated on ballots and data processing machines which can be used for counting ballots and tabulating results.

(2) "Ballot card" means a ballot which is voted by the process of punching.

(3) "Ballot labels" means the cards, paper, booklet, pages or other materials containing the names of offices and candidates and statements of measures to be voted on.

(4) "Ballot" may include ballot cards, ballot labels and paper ballots.

(5) "Counting location" means a location selected by the registrar or city clerk for the automatic processing or counting, or both, of ballots which may be in the same county or in another county.

(6) "Electronic voting system" means a system of casting votes by use of marking devices and tabulating ballots employing automatic tabulating equipment or data processing equipment.

(7) "Marking device" means either an apparatus in which ballots or ballot cards are inserted and used in connection with a punch apparatus for the piercing of ballots by the voter or any approved device for marking a paper ballot with ink or other substance which will enable the ballot to be tabulated by means of automatic tabulating equipment.

History: En. Sec. 165, Ch. 368, L. 1969.

23-3903. Use of electronic voting systems—paper ballots may be used upon request. (1) Electronic voting systems may be used in elections, after approval as provided by law, provided that such systems enable the voter to cast a vote in secrecy for all offices and all measures on which he is entitled to vote, and that the automatic tabulating equipment may be

set to reject all votes for any office or measure when the number of votes therefor exceeds the number which the voter is entitled to cast, or when the voter is not by law entitled to cast a vote for the office or measure.

(2) Electronic voting systems may be used at primary elections provided the voter can secretly select the party for which he wishes to vote, and the automatic tabulating equipment will count only votes for the candidates of one party, and will reject all votes for an office when the number of votes therefor exceeds the number which the voter is entitled to cast, and will reject all votes of a voter cast for candidates of more than one party.

(3) So far as applicable, the procedure provided for voting paper ballots shall apply.

(4) The governing body of any county or city may, after approval as provided by law, adopt, experiment with, or abandon any electronic voting system herein authorized and approved for use in the state, and may use such system in all or a part of the precincts within its boundaries, or in combination with paper ballots. It may enlarge, consolidate or alter the boundaries of the precincts where an electronic voting system is to be used.

(5) In precincts where an electronic voting system is used, an elector may request a paper ballot to cast his vote and the election judges shall supply the elector with the paper ballot when so requested. These ballots will be cast and counted by the election judges in the manner provided by law.

History: En. Sec. 166, Ch. 368, L. 1969.

23-3904. Voting booths—sample ballots—arrangement of ballot information—write-in ballots—preparation and testing of devices. (1) In precincts where an electronic voting system is used, a sufficient number of voting booths shall be provided for the use of such systems and the booths shall be arranged in the same manner as provided for use with paper ballots.

(2) The officials charged with the duty of providing ballots, ballot cards or ballot labels for any polling place shall provide therefor sample ballots, ballot cards or ballot labels which shall be exact copies of the official ballots which are caused to be printed by them; said sample ballots shall be arranged in the form of a diagram showing the front of the marking device as it will appear after the ballots are arranged therein for voting on election day. Such sample ballots shall be posted by the election judges near the entrance of the voting booths and shall be there open to public inspection during the whole of election day.

(3) The ballot information, whether placed on the ballot or on the marking device, shall, as far as practicable, be in the order of arrangement provided for paper ballots except that such information may be in vertical or horizontal rows, or on a number of separate pages. Ballots for all questions must be provided in the same manner and must be arranged on or in the marking device in the places provided for such purpose. Any

voter who spoils his ballot or ballot card or makes an error may return it to the election board and secure another.

(4) A separate write-in ballot, which may be in the form of a paper ballot, card or envelope in which the elector places his ballot card after voting shall be provided where necessary to permit electors to write in the names of persons whose names are not on the ballot.

(5) The registrar or city clerk shall cause the marking devices to be put in order, set, adjusted and made ready for voting when delivered to the election precincts. Before the opening of the polls the election judges shall compare the ballots used in the marking device with the sample ballots furnished, and see that the names, numbers and letters thereon agree, and shall certify thereto on forms provided for this purpose. The certification shall be filed with the election returns.

(6) Within five (5) days prior to the election day, the registrar or city clerk shall have the automatic tabulating equipment tested to ascertain that the equipment will correctly count the votes cast for all offices and on all measures. Public notice of the time and place of the test shall be given at least forty-eight (48) hours prior thereto by publication once in one or more daily or weekly newspapers published in the county, city, or town using such equipment if a newspaper is published therein, otherwise in a newspaper of general circulation therein. The test shall be open to representatives of the political parties, candidates, the press and the public. The test shall be conducted by processing a pre-audited group of ballots so punched or marked as to record a predetermined number of valid votes for each candidate and on each measure, and shall include for each office one or more ballots which have votes in excess of the number allowed by law in order to test the ability of the automatic tabulating equipment to reject such votes. If any error is detected, the cause therefor shall be ascertained and corrected and an errorless count shall be made before the automatic tabulating equipment is approved. The test shall be repeated immediately before the start of the official count of the ballots, in the same manner as set forth above. After the completion of the count, the programs used and ballots shall be sealed, retained and disposed of as provided for paper ballots.

History: En. Sec. 167, Ch. 368, L. 1969.

23-3905. Procedure upon closing polls. (1) In precincts where an electronic voting system is used, as soon as the polls are closed, the election judges shall secure the marking devices against further voting. They shall thereafter open the ballot box and count the number of ballots or envelopes containing ballots that have been cast to determine that the number of ballots does not exceed the number of voters shown on the poll or registry lists. If there is an excess, this fact shall be reported in writing to the appropriate election officer in charge with the reasons therefor, if known. The total number of voters shall be entered on the tally sheets. The election judges shall thereupon count the write-in votes and prepare a return of such votes on forms provided for this purpose. If ballot cards are used, all ballots on which write-in votes have been recorded shall be serially numbered, starting with the number one, and the same number shall be placed on the ballot card of the voter. The inspectors or other appropriate

precinct election officials shall compare the write-in votes with the votes cast on the ballot card and if the total number of votes for any office exceeds the number allowed by law, a notation to that effect shall be entered on the back of the ballot card and its shall be returned to the counting location in an envelope marked "defective ballots" and such invalid votes shall not be counted. So far as applicable, provisions relating to defective paper ballots shall apply.

(2) The election judges shall place all ballots that have been cast in the container provided for that purpose, which shall be sealed and delivered forthwith by the election judges to the counting location or other designated place, together with the unused, void and defective ballots and returns.

(3) All proceedings at the counting location shall be under the direction of the registrar or city clerk under the observation of at least three election judges designated by the commissioners or city council and shall be open to the public, but no persons except those employed and authorized for the purpose shall touch any ballot, ballot container or return. If any ballot is damaged or defective so that it cannot properly be counted by the automatic tabulating equipment, a true duplicate copy shall be made of the damaged ballot in the presence of witnesses and substituted for the damaged ballot. Likewise, a duplicate ballot shall be made of a defective ballot which shall not include the invalid votes. All duplicate ballots shall be clearly labeled "duplicate," shall bear a serial number which shall be recorded on the damaged or defective ballot and shall be counted in lieu of the damaged or defective ballot.

(4) The return printed by the automatic tabulating equipment, to which has been added the return of write-in and absentee votes, shall constitute the official return of each precinct or election district. Upon completion of the count the returns shall be open to the public.

History: En. Sec. 168, Ch. 368, L. 1969.

23-3906. Rules and regulations—specifications for devices and equipment. (a) The secretary of state, state auditor and president of the Montana county clerk and recorders association shall constitute a board of election devices, which shall promulgate rules for the administration of this section, and shall approve the marking devices and automatic tabulating equipment used in electronic voting systems.

(b) No marking device or automatic tabulating equipment shall be approved unless it fulfills the following requirements:

(1) It shall permit and require voting in absolute secrecy.

(2) It shall permit each elector to vote at any election for all persons and offices for whom and for which he is lawfully entitled to vote, and no others; to vote for as many persons for an office as he is entitled to vote for; to vote for or against any question upon which he is entitled to vote; and to vote, where applicable, for all candidates of one (1) party or to vote a split ticket as he desires.

(3) It shall permit each elector, at presidential elections, by one (1) punch or mark to vote for the candidates of that party for presidential elector as a group.

(4) It shall comply with all other requirements of the election laws so far as they are applicable.

(5) No electronic voting system presently in use by any county, city or town in Montana shall be disapproved for use in such county, city or town by the board, except upon application by the governing body of said county, city or town.

History: En. Sec. 169, Ch. 368, L. 1969.

23-3907. Applicability of election laws in general where not in conflict with this chapter. All laws of this state applicable to elections where voting is done in another manner than by electronic voting systems and all penalties prescribed for violation of such laws, shall apply to elections and precincts where electronic voting systems are used, in so far as they are not in conflict with the provisions of sections 23-3901 through 23-3906.

History: En. Sec. 170, Ch. 368, L. 1969.

23-4017. Messenger may be sent for returns.
23-4018. Governor to issue commissions.
23-4019. Defect in form of returns to be disregarded.

23-4001. Votes to be publicly canvassed upon closing polls. When the polls are closed, the election judges shall immediately canvass the votes. The canvass shall be public and continue without adjournment until completed and the result is publicly declared.

History: En. Sec. 171, Ch. 368, L. 1969.

23-4002. Method of canvass. (1) The canvass shall begin by a comparison of the pollbooks and the correction of any mistakes until they agree.

(2) The election judges shall take ballots unopened out of the box to determine whether each ballot is single.

(3) They shall count the ballots to ensure that the number of ballots corresponds with the number of names on the pollbooks.

(4) A ballot which is not endorsed by the official stamp is void and shall not be counted. A ballot or part of a ballot is void and shall not be counted if the elector's choice cannot be determined. If part of a ballot is sufficiently plain to determine the elector's intention, the election judges shall count that part.

(5) If two (2) or more ballots are folded together to look like a single ballot, they shall be laid aside until the count is complete. The election judges shall compare the count with the pollbooks and if a majority believe that the ballots folded together were voted by one (1) elector, they must be rejected; otherwise they must be counted.

(6) If the ballots exceed the number of names on the pollbooks they shall be placed in the box, and one (1) of the election judges shall publicly draw from the box and destroy unopened ballots equal to the excess. The election judges shall record in the pollbooks the number of ballots destroyed.

History: En. Sec. 172, Ch. 368, L. 1969.

Determining Elector's Intention

Where, from the manner in which a ballot was marked, it was impossible to determine the elector's choice, the ballot was void under prior section, and should not have been counted in an election contest. Carwile v. Jones, 38 M 590, 598, 101 P 153.

A ballot bearing a rather indistinct "X" before contestant's name but sufficient to be discernible should have been counted for him where there was no erasure and the elector voted for no other candidate for that office; and under the rule that the elector's intention must plainly appear, where the voter marked two squares for the office of sheriff, one of which showed an extra line through the "X" indicating perhaps, that the voter changed his mind but for the fact that squares before the names of other candidates were marked similarly, the intention was not clear and the ballot should not have been counted. Peterson v. Billings, 109 M 390, 392, 96 P 2d 922.

Under prior section, and the rule that election laws must be liberally construed, a ballot showing the intersection of the "X" outside the square should have been counted for contestant, and one showing the intersection of the cross squarely on the line of the square was properly so counted for him. Peterson v. Billings, 109 M 390, 393, 96 P 2d 922.

Official Stamp on Ballot Stub

Where ballots had been delivered to electors by the judges of election with the official stamp apparently in the place in which the law requires it to be, although in reality it was on the stub instead of on the ballot proper, the act of the judges in removing the stamp with the stub, thus leaving the ballot without the official designation, did not render the ballots void, and the same should have been counted. Harrington v. Crichton, 53 M 388, 396, 164 P 537.

School Elections

The validity of contested school elections is determined by the laws of general elections, including canvassing statute. Woolsey v. Carney, 141 M 476, 378 P 2d 658.

23-4003. Counting ballots—pollbooks. (1) When the ballots and poll lists agree, the election judges shall count and determine the votes cast for each person.

(2) In counting, the ballots shall be opened singly by one (1) of the election judges and the contents read aloud to the other judges.

(3) As the ballots are read, each clerk must write on a tally sheet the name of every person voted for and the office, and keep tallies of the number of votes for each person.

(4) The tally sheets shall be compared and their correctness ascertained, and the clerks, under the supervision of the election judges, shall immediately write in the pollbooks:

(a) The names of all persons who received votes;
(b) The offices for which they received votes;
(c) Total votes received by each person as shown by the tally sheets.
(5) A ballot or vote rejected by the election judges shall not be included in the count.

History: En. Sec. 173, Ch. 368, L. 1969.

23-4004. Marking rejected ballots. A ballot rejected for illegality shall be marked by the election judges, by writing across the face "Rejected on the ground of .....," filling the blank with a brief statement of the reasons for the rejection. The statement shall be dated and signed by a majority of the judges.

History: En. Sec. 174, Ch. 368, L. 1969.

23-4005. Signing and certifying pollbooks. Immediately after the votes are counted and the ballots sealed up, the pollbooks shall be signed and certified to by the election judges and clerks in a form prescribed by the secretary of state.

History: En. Sec. 175, Ch. 368, L. 1969.

23-4006. Items to be sent to registrar by election judges—manner of sending. (1) Before they adjourn, the election judges shall enclose in a strong envelope or package, securely sealed and directed to the registrar:
(a) The precinct registers,
(b) The lists of persons challenged,
(c) Both of the pollbooks,
(d) Both of the tally sheets.
(2) The election judges shall enclose in a separate package or envelope, securely sealed and directed to the registrar, all unused ballots with the numbered stubs attached.
(3) The election judges shall enclose in a separate package or envelope, securely sealed and directed to the registrar, all ballots voted including those not counted or allowed, and all detached stubs from ballots voted. This envelope shall be endorsed on the outside "ballots voted."
(4) Each election judge shall write his name across the seal of each of the envelopes or packages. The ballot box shall be returned to the registrar.
(5) The envelopes or packages required by this section shall be delivered to one (1) of the election judges chosen by lot, unless otherwise agreed upon, before they adjourn. The judge shall deliver them to the registrar in person or by registered mail no later than 10 a. m. on the day following the election.

History: En. Sec. 176, Ch. 368, L. 1969.

DECISIONS UNDER FORMER LAW

One Copy To Be Returned

The law contemplates that the election board in the precinct will return to the clerk and recorder but one tally sheet and one copy of the pollbook. State ex rel. Lynch v. Batani, 103 M 353, 361, 62 P 2d 565.

23-4007. Disposition of items by registrar. (1) When the registrar receives the packages or envelopes, he shall file those containing the ballots voted and detached stubs and the unused ballots and keep them unopened for twelve (12) months. After twelve (12) months, if there is no contest begun in a court or no recount, he shall burn the envelopes without opening them or examining their contents.

(2) The registrar shall file the envelopes or packages containing the precinct registers, certificates of registration, pollbooks, tally sheets, and oaths of election officers. He shall keep them unopened until the commissioners meet to canvass the returns. The commissioners shall open the envelopes or packages.

(3) Immediately after the returns are canvassed, the registrar shall file the pollbooks, election records, and the papers delivered to the commissioners.

History: En. Sec. 177, Ch. 368, L. 1969.

23-4008. Disposition of items in event of contest. If there is a contest within twelve (12) months, the registrar shall keep the envelopes or packages unopened until the contest is finally determined and then destroy them. If the court has custody of the envelopes or packages as evidence, they are in the custody of the court and the registrar shall not destroy them.

History: En. Sec. 178, Ch. 368, L. 1969.

23-4009. Commissioners as board of county canvassers—meetings—registrar as clerk of board. (1) The commissioners are ex officio a board of county canvassers and shall meet as the board of county canvassers at the usual place of meeting of the commissioners within three (3) days after each election, at 8 a. m. to canvass the returns.

(2) If one (1) or more of the commissioners cannot attend the meeting, his place shall be filled by one (1) or more county officers in this order: treasurer, assessor, sheriff, so that the board of county canvassers membership equals membership on the board of commissioners.

(3) The registrar is clerk of the board of county canvassers.

History: En. Sec. 179, Ch. 368, L. 1969.

Change in Membership of Board

The members of a county board of canvassers do not necessarily embrace the same officers, but are subject to changes which depend upon circumstances, and a writ of mandate, issued to compel such board to reconvene and canvass the returns from an election precinct which they had excluded, is properly directed to the particular individuals comprising the board, describing them by name, and as constituting the board of county canvassers of election returns for a certain county of the state, the particular members of such board at the time in question being the persons against whom obedience must, if necessary, be enforced. State ex rel. Leech v. Board of Canvassers of Choteau County, 13 M 23, 29, 31 P 879.

23-4010. Canvassing returns, time of — messenger — certification that polls were not open. (1) If all returns are in at the time of the meeting, the board of county canvassers shall immediately canvass the returns.

(2) If all returns are not received, the board shall postpone the canvass from day to day until all returns are received or until there have been seven (7) postponements.

(3) If the returns from an election precinct have not been received by the registrar within seven (7) days after an election, he shall immediately send a messenger to the election judges. The messenger must obtain the returns from the judges and return them to the registrar.

(4) If it appears to the board that the polls were not open in a precinct, the board shall certify this to the registrar. The registrar shall enter the certification in the minutes and in the statement required by section 23-4012.

History: En. Sec. 180, Ch. 368, L. 1969.

23-4011. Canvass to be public—nonessentials to be disregarded in counting returns. (1) The canvass shall be public. It shall proceed by opening the returns and determining the vote for each person and each proposition from each precinct and a declaration of the results.

(2) The returns shall not be rejected if they do not show who administered the oath to the election judges or clerks, failure to complete all the certificates in the pollbooks, or failure of any other act making up the returns that is not essential to determine for whom the votes were cast.

History: En. Sec. 181, Ch. 368, L. 1969.

Rejection of Returns

A county board of canvassers has no authority to inquire into the validity of a certificate of nomination of a nominee for office, and therefore, where the election returns are genuine and properly certified, prohibition will not lie to restrain the board from canvassing such returns and counting the vote cast for such person upon the ground that the nomination was invalid. Pigott v. Board of Canvassers of Cascade County, 12 M 537, 538, 31 P 536.

The duties of a county canvassing board are ministerial, and such board has no authority to exclude the returns of an election precinct, regularly made, upon the ground that the voting was shown by affidavits to be illegal, and, having done so, may be compelled by mandamus to canvass such returns. State ex rel. Leech v. Board of Canvassers of Choteau County, 13 M 23, 30, 31 P 879. See also State ex rel. Breen v. Toole, 32 M 4, 10, 79 P 403; Poe v. Sheridan County, 52 M 279, 288, 157 P 185.

Where a county canvassing board issued a certificate of election to a candidate for the legislative assembly after unlawfully excluding the returns of a particular precinct, and then adjourned sine die, such board may be compelled by mandamus to reconvene and canvass the returns so excluded, and issue a certificate of election to the person shown by a complete canvass to be entitled thereto. State ex rel. Leech v. Board of Canvassers of Choteau County, 13 M 23, 31, 31 P 879.

Returns in the pollbook being left blank, and the certificate thereto not being properly filled in, are not grounds for rejecting returns, nor are they such irregularities as will entitle a board of canvassers to reject them. State ex rel. Leech v. Board of Canvassers of Choteau County, 13 M 23, 31, 31 P 879.

It is the duty of the board of canvassers to procure the check lists and surrendered lists before rejecting the vote of a precinct as returned by the pollbooks alone. State ex rel. Leech v. Board of Canvassers of Choteau County, 13 M 23, 31, 31 P 879.

23-4012. Statement of the result to be entered of record. As soon as the results are declared, the clerk of the board shall enter on the records:

(1) Votes cast in the county;

(2) Names of the persons voted for and the propositions voted upon;

(3) Office for which each person was voted for;

(4) Votes by precinct for each person and for and against each proposition;

(5) Votes by county for each person, and for and against each proposition.

History: En. Sec. 182, Ch. 368, L. 1969.

23-4013. Declaration of persons elected — certifying tie. (1) The board shall declare elected the persons having the highest number of votes given for each office to be filled in a single county or subdivision of a county.

(2) If a recount shows that two (2) or more persons received an equal and sufficient number of votes for the office of state senator or state representative, the county recount board shall certify this to the governor.

History: En. Sec. 183, Ch. 368, L. 1969.

Deceased Candidate Receives Majority

Where a candidate for re-election to a county office died 24 days before election, his death known generally to electors, but his name placed on ballot and majority voted for him supposing to retain his widow, appointed to fill the vacancy, until the next general election, a write-in candidate whom they intended to defeat, receiving the highest vote cast for any living person, held, on his application for writ of mandate to compel the county canvassing board to reconvene and cause certificate of election issued to him, that write-in candidate elected and entitled to the office. State ex rel. Wolff v. Geurkink, 111 M 417, 426, 109 P 2d 1094, 133 ALR 304.

23-4014. Certificates issued by the clerk. (1) The clerk shall immediately deliver to each person elected a certificate of election signed by him and authenticated with the seal of the board.

(2) The certificate shall state that the official bond must be filed within thirty (30) days after notice of election or appointment and that failure to file the bond vacates the office.

(3) This certificate shall not be issued to persons elected district judge.

History: En. Sec. 184, Ch. 368, L. 1969.

Cross-Reference

23-4015. State returns, how made and transmitted. (1) After a general or special election, the clerk shall make an abstract of the vote for members of the legislative assembly, for officers elected in the state at large, and for judicial officers other than justices of the peace.

(2) The clerk shall seal the abstract, endorse it "Election Returns," and immediately send it to the secretary of state by registered mail.

History: En. Sec. 185, Ch. 368, L. 1969.

23-4016. State canvassers, composition and meeting of board. Within twenty (20) days after the election, or sooner if the returns are all received, the state auditor, state treasurer, and attorney general shall meet as a board of state canvassers in the office of the secretary of state and determine the vote. The secretary of state, who is secretary of the board, shall make out and file in his office a statement of the canvass and transmit a copy to the governor.

History: En. Sec. 186, Ch. 368, L. 1969.

Cross-References

23-4017. Messenger may be sent for returns. If the returns from all counties have not been received five (5) days before the meeting of the board of state canvassers, the secretary of state shall immediately send a messenger to the registrar of each delinquent county. The registrar shall furnish the messenger with a certified copy of the statement required by section 23-4012.

History: En. Sec. 187, Ch. 368, L. 1969.

23-4018. Governor to issue commissions. Upon receipt of the statement required by section 23-4016, the governor shall issue commissions to the persons elected. If the governor has been elected to succeed himself, the secretary of state shall issue the commission.

History: En. Sec. 188, Ch. 386, L. 1969.

23-4019. Defect in form of returns to be disregarded. No declaration of an election result, commission, or certificate shall be withheld because of a defect or informality in the returns of any election if it can be determined with reasonable certainty the office intended and the person elected.

History: En. Sec. 189, Ch. 368, L. 1969.

(1) Within five (5) days after the canvass of election returns, an unsuccessful candidate for any public office at a general, special, or city election may apply to the district court of the county where the election was held for an order directing the canvassing body to make a recount of the votes cast in any or all of the precincts.

(2) The application shall specify the grounds for a recount and be verified by the applicant that the matters contained in it are true to the best of the applicant's knowledge, information, and belief.

(3) Within five (5) days after filing of the application, the judge shall hear the application and determine its sufficiency.

(4) If the judge finds there is probable cause to believe that the votes cast for the applicant were not correctly counted, he shall order the board of county canvassers to assemble within five (5) days after the order is issued at a time and place fixed by the order. The board shall meet and recount the ballots as specified in the order.

History: En. Sec. 190, Ch. 368, L. 1969.

Application Timely

Where the board was compelled by writ of mandate to reconvene by the supreme court and correct its findings with relation to two candidates for district judge, the application filed within five days after the corrected canvass was timely. State ex rel. Riley v. District Court, 103 M 576, 586, 64 P 2d 115.

Candidate for District Judge

Any unsuccessful candidate, including a candidate for the office of district judge, may apply to the district court for a recount. State ex rel. Riley v. District Court, 103 M 576, 580, 64 P 2d 115.

Candidates for Legislature

Recount statutes apply to candidates for the state senate and house of representatives. State ex rel. Ainsworth v. District Court, 107 M 370, 372, 86 P 2d 5.

Courts cannot try contests for seats in the legislature or decide issues involved in such contests, but mandamus lies to compel the court to perform the duty specially imposed upon it by recount statutes, the election certificate does not ensure acceptance of a candidate as a member of either house, but merely furnishes prima facie evidence that the majority of voters voted for him. State ex rel. Ainsworth v. District Court, 107 M 370, 376, 86 P 2d 5.

Function and Jurisdiction of Court

District court committed error in dismissing the application for a recount on the ground that applicant, convicted of a felony in federal court, lost his citizenship. State ex rel. Stone v. District Court, 103 M 515, 519, 63 P 2d 147.

The court could proceed in any suitable manner or mode most conformable "to the spirit" of the code in the absence of specific direction as to how proceedings shall be conducted, and was within its jurisdiction in directing canvassers' attention to sections of the codes covering points in dispute. State ex rel. Riley v. District Court, 103 M 576, 587, 64 P 2d 115. (But see State ex rel. Peterson v. District Court, 107 M 482, 488, 86 P 2d 403, below.)

A recount of ballots is not made in the presence of the district judge ordering it; in acting, the board is not required to ask the advice of the judge as to whether ballots are or are not properly marked, and he may not give such advice; the board is in duty bound to "hear all, consider all, and then decide." State ex rel. Peterson v. District Court, 107 M 482, 486, 86 P 2d 403.

The rule that district courts may not advise boards of county canvassers on questions arising on a recount of ballots as to the legality or illegality of ballots cast, etc., applies also to the supreme court on application for extraordinary relief by way of writs, and it cannot control the actions of such boards indirectly by directions or suggestions to district courts. (If State ex rel. Riley v. District Court, 103 M 576, 64 P 2d 115, be open to a contrary construction it is to that extent overruled.) State ex rel. Peterson v. District Court, 107 M 482, 488, 86 P 2d 403.

The law relating to proceedings for election recounts specifically divides the functions of the court and the canvassing board. The court determines the grounds of and necessity for a recount and orders it done. The board is entrusted with the duty of making the recount, just as the judges and clerks of election are entrusted with the duty of making the count and certifying thereto in the first place. State ex rel. Peterson v. District Court, 107 M 482, 485, 86 P 2d 403.

Grounds Sufficient

Where application for writ of supervisory control set forth that the votes were not correctly counted, such ground was sufficient to justify the court in finding that the votes "might not" have been correctly counted, and writ accordingly issued directing respondents to order the recount. State ex rel. Thomas v. District Court, 116 M 510, 511, 154 P 2d 980.

Purpose of Act

The sole purpose of the recount statutes is to determine, in a doubtful case, whether the official canvass of the vote was correct, and where the office of state senator or representative is concerned, the election certificate does not ensure one's acceptance as a member of either house, nor affect the ultimate right to the office, nor can the recount infringe upon the assembly's right to judge of the elections, returns and qualifications of its members in contravention of section 9, article V of the constitution. State ex rel. Ainsworth v. District Court, 107 M 370, 372, 86 P 2d 5.

Recount Proceeding Not Election Contest

A proceeding to obtain a recount of votes is in no sense of the word an election contest, it is absolutely independent of the law relating to contesting of elections and either or both remedies are available. State ex rel. Peterson v. District Court, 107 M 482, 484, 86 P 2d 403.

Successive Recounts

Where an unsuccessful candidate for sheriff obtained a recount and was declared elected, and his opponent, the former successful but then unsuccessful candidate also asked for and was granted a recount, on application for a writ of supervisory control, the five-day limitation commenced to run from the time the board of canvassers announced the result of the first recount, and the application coming within that time, the court had jurisdiction to grant the second recount. State ex rel. Peterson v. District Court, 107 M 482, 485, 86 P 2d 403.

Wrongful Canvass

Recount statutes do not afford a legal remedy for an alleged wrongful canvass by a county canvassing board, and therefore does not defeat the right of a citizen to compel proper performance of their duty by writ of mandate. State ex rel. Lynch v. Batani, 103 M 353, 358, 62 P 2d 565.

DECISIONS UNDER FORMER LAW

Constitutionality

Former chapter on recounts was held constitutional as to sufficiency of title as to due process of law. State ex rel. Riley v. District Court, 103 M 576, 584, 586, 64 P 2d 115.

23-4102. Recount limited to precincts and offices specified in order. The board of canvassers shall recount votes only in those precincts and for those offices specified in the court order.

History: En. Sec. 191, Ch. 368, L. 1969.

23-4103. Conditions under which recount to be made. A recount shall be made under any of the following conditions.

(1) If a candidate other than for the office of district judge is defeated by a margin not exceeding one-fourth of one per cent (¼ of 1%) of the total votes cast or by a margin not exceeding ten (10) votes, whichever is greater, he may within five (5) days after the official canvass file with the registrar a verified petition stating he believes a recount will change the result and a recount of the votes for the office or nomination should be had.

(2) If a candidate is defeated for the office of district judge or an office voted on in more than one (1) county by a margin not exceeding

one-fourth of one per cent (¼ of 1%) of the total votes cast for all candidates for the same position, he may within five (5) days after the official canvass file a petition with the secretary of state as set forth in subsection (1) of this section. The secretary of state shall immediately notify each registrar whose county includes any precincts which voted for the same office by registered mail and a recount shall be conducted in those precincts.

(3) If a question submitted to the vote of the people of the state is decided by a margin not exceeding one-fourth of one per cent (¼ of 1%) of the total votes cast for and against the question, a petition as set forth in subsection (1) of this section may be filed with the secretary of state. This petition shall:

(a) Be signed by not less than one hundred (100) electors of the state representing at least five (5) counties of the state and be filed within five (5) days after the official canvass;

(b) The secretary of state shall immediately notify each registrar by registered mail of the filing of the petition and a recount shall be conducted in all precincts in each county.

(4) If there is a tie vote, the board making the canvass shall certify the vote to the registrar if the election took place only in one (1) county and to the secretary of state for other elections. The registrar or secretary of state shall proceed as if a petition for recount had been filed under this act. If a tie exists after the recount, the tie shall be resolved as provided by law.

History: En. Sec. 192, Ch. 368, L. 1969.

DECISIONS UNDER FORMER LAW

Clerk of District Court

The provisions of the constitution, fixing the terms of judicial officers, are exclusive, and vacancies occur by operation of law upon the expiration of the terms designated, even where the people fail to elect their successors; hence, if, by reason of a tie vote, there is a failure to elect the successor of a clerk of a district court upon the expiration of the incumbent's term, there is a vacancy which the county commissioners are authorized to fill by appointment. State ex rel. Jones v. Foster, 39 M 583, 592, 104 P 860. See also State ex rel. Paterson v. Lentz, 50 M 322, 336, 146 P 932.

If there is a clause in the constitution providing that an officer shall hold for a definite term and until his successor is elected and qualified, and the people fail to elect his successor, there is no vacancy, and he is entitled to hold over until the people have chosen his successor in the usual way; but, in the case of judicial officers, whose terms end at the expiration of a definitely fixed period, the words "and until his successor is elected and qualified," refer to those officers only who were first elected after the adoption of the constitution; they have no application to those chosen after such first election. State ex rel. Jones v. Foster, 39 M 583, 586, 104 P 860.

County School Superintendent

Former chapter governing proceedings on tie vote did not in terms declare that a vacancy in office shall occur when there has been no election to the office by reason of a tie vote. In so far as it related to officers named in the constitution (county school superintendent) and the authority of the county commissioners to fill vacancies therein, it was invalid. State ex rel. Chenoweth v. Acton, 31 M 37, 40, 77 P 299. See State ex rel. Jones v. Foster, 39 M 583, 591, 104 P 860.

23-4104. Failure to comply with provisions for counting votes, presumption of incorrectness from. If it appears from a verified application that the election judges or clerks failed to comply with the provision of

section 23-4003, that is sufficient cause for believing that the election judges and clerks did not correctly ascertain the number of votes cast for the applicant.

History: En. Sec. 193, Ch. 368, L. 1969.

23-4105. Ordering in another judge—court not divested of jurisdiction by failure to hear application within prescribed time. (1) If the judge of the district court of the county in which the election is held is for any reason disqualified from acting, the judge or a supreme court justice shall order another district judge to hear and determine the application.

(2) The district court shall not lose jurisdiction of the case by failure to hear and determine the application within the prescribed time, but shall retain jurisdiction until the cause is finally determined and the final count is made by the board of county canvassers.

History: En. Sec. 194, Ch. 368, L. 1969.

Jurisdiction Retained

The jurisdiction of the district court before which an application for a recount of the votes is filed does not cease when it orders the board to reconvene and recanvass the votes, but it retains jurisdiction of the proceeding until completion of the canvass, i. e., until the court is advised thereof. State ex rel. Riley v. District Court, 103 M 576, 587, 588, 64 P 2d 115.

23-4106. Limitation of recount to certain precincts. (1) If the application asks for a recount in more than one (1) precinct, but there are not sufficient grounds for a recount in all precincts, the court shall order a recount only in the precincts for which sufficient grounds are stated and shown.

History: En. Sec. 195, Ch. 368, L. 1969.

Compiler's Notes

As enacted, this section contained no subsection (2).

23-4107. Deposit of expense of recount—disposition—compensation of canvassing officials. (1) The court in its order shall determine the probable expense of making the recount and the applicant or applicants asking for the recount shall deposit with the board the amount determined in cash.

(2) If the recount shows that the applicant or applicants have been elected to the office, the deposit of each applicant shall be returned to him.

(3) If the recount shows that an applicant has not been elected and the expense of the recount is greater than the estimated cost, the applicant shall pay the excess, but if the expense is less than the cost the difference shall be refunded to the applicant.

(4) Members of the canvassing board and their clerks shall be compensated for their time spent in canvassing.

History: En. Sec. 196, Ch. 368, L. 1969.

23-4108. Procedure when more than one application for recount made. If more than one (1) candidate makes application for a recount, the court may consider the applications together. The court may make separate or

joint orders on the applications and apportion the expenses between the applicants.

History: En. Sec. 197, Ch. 368, L. 1969.

23-4109. Manner of recounting ballots. The board of canvassers in recounting the ballots shall count the votes cast, at the same time, in the precincts in which a recount is ordered for the several candidates in whose behalf a recount is ordered in the following manner:

(1) The registrar shall produce, unopened, unless it is necessary for the registrar to open the package or envelope to secure election materials which have been sealed in the wrong envelope or package, the sealed package or envelope received from the election judges of the precinct, or precincts, in which a recount is ordered containing all ballots voted in the precinct or precincts;

(2) A member of the board of county canvassers shall open the sealed package or envelope in the presence of the other members, the registrar, and the applicant or applicants seeking the recount;

(3) A member of the board shall then remove the ballots from the package or envelope in the presence of the applicant or applicants seeking the recount and the candidate or candidates who received the highest number of votes by the first canvass;

(4) One (1) of the members of the board, in the presence and view of the candidates and one (1) other board member, shall read each ballot aloud. As the ballots are read, two (2) clerks shall write the votes cast for each person in each precinct at full length, on previously prepared tally sheets showing the names of the respective candidates, the office or offices for which a recount is made, and the number of each election precinct;

(5) At the completion of the recount, the tally sheets shall be compared, their correctness ascertained, and the total number of votes cast for each candidate determined;

(6) If the recount shows the votes for any applicant are more or less than the number shown upon the official returns, the clerk of the board of canvassers shall correct the original returns to state the number of votes ascertained by the recount;

(7) The board of canvassers shall direct the clerk to enter the result of the election as determined by the recount on the board records and the clerk shall make out and deliver a certificate of election which conforms to the result of the recount.

History: En. Sec. 198, Ch. 368, L. 1969.

23-4110. Service of copy of application on candidate originally found to be elected—hearing. The candidate found to be elected as a result of the original or first canvass shall be served with a copy of the application for recount. He shall be given an opportunity to be heard and shall be permitted to be present and to be represented at any recount ordered.

History: En. Sec. 199, Ch. 368, L. 1969.

23-4111. Sealing recounted ballots. When the recount in a precinct has been finished, the ballots shall again be sealed in the same package

or envelope in the presence of the registrar and the members of the board of canvassers and shall be delivered to the registrar for custody.

History: En. Sec. 200, Ch. 368, L. 1969.

23-4112. Certificates of election, effect of recount on. If the recount shows that the person who received the certificate of election according to section 23-4014 did not receive the highest number of votes, the registrar shall issue a new certificate to the person receiving the highest number pursuant to the recount and the first certificate is void. The person receiving the second certificate shall be elected to the office.

History: En. Sec. 201, Ch. 368, L. 1969.

23-4113. Determining total vote cast for all candidates for an office. When an elector may vote for two (2) or more candidates for the same office, the total vote cast for all candidates for the office is the total vote cast for all candidates divided by the number of candidates officially declared nominated or elected as shown by the official returns.

History: En. Sec. 202, Ch. 368, L. 1969.

23-4114. County recount board, board of county commissioners as—absent and disqualified members—clerk. (1) The county recount board shall always consist of three (3) acting members.

(2) The county recount board is the board of county commissioners.

(3) If one (1) or more of the commissioners cannot attend when the board meets, his place shall be filled by a county officer in the following order of appointment: the treasurer, the assessor, the sheriff, the clerk of court.

(4) If a member of the recount board was a candidate for an office or nomination for which votes are to be recounted, he shall be disqualified.

(5) The registrar is clerk of the recount board, and the board may hire additional clerks as needed.

History: En. Sec. 203, Ch. 368, L. 1969.

23-4115. Meeting of board when recount requested. (1) Immediately upon receiving an application for a recount or notice from the secretary of state that an application has been filed with him, the registrar shall notify the members of the county recount board.

(2) The board shall convene at the usual meeting place of the commissioners without undue delay but not later than five (5) days after receiving notice from the registrar.

History: En. Sec. 204, Ch. 368, L. 1969.

23-4116. Persons entitled to appear at recount—opening and recount of ballots. (1) Each candidate involved in a recount may appear, personally or by a representative, and shall have full opportunity to witness the opening of all ballot boxes and the count of all ballots.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 391, and once by Ch. 474. Neither amendatory act mentioned nor incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

The 1969 amendment substituted references to section 16-3302 for references to repealed section 32-303; raised all the salary bases in the schedule; and in the final paragraph, inserted "and county sheriffs" before "and county surveyors."

The 1971 amendment raised all the salary bases in the schedule; added the last five items in the schedule headed "Taxable Valuation of County"; and inserted "and county sheriffs" in the proviso to the final paragraph.

Chapter 391, Laws of 1973, deleted "county assessors" following "sheriffs" in both the preliminary clause and final paragraph.

Chapter 474, Laws of 1973, increased the compensation on each level of the schedule by from $460 to $790 for each item; deleted "and county sheriffs" following "county superintendent of schools" near the beginning of the proviso in the final paragraph; and added to the final paragraph the clause giving the sheriff $1,200 extra per year and the final sentence relating to county attorneys in large counties.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 364, and once by Ch. 511. Neither amendatory enactment mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

The 1969 amendment added "provided, however, that all drawings for elk permits shall be held in the city or town which has suitable accommodations for the persons who will attend the drawing nearest to the area to be hunted but in no case shall the drawing be held in a city or town more distant than the county seat nearest to the area to be hunted" to the end of subsection (15).

The 1971 amendment inserted "all" before "public fishing reservoirs," "public" before "lakes," and "rivers and streams" in the first paragraph of subsection (26); and inserted "the operation of motor-driven boats" and "lakes, rivers and streams" in two places in the first sentence of the second paragraph of subsection (26).

Chapter 364, Laws of 1973 substituted the last sentence of subsection (15) for the proviso added by the 1969 amendment.

Chapter 511, Laws of 1973 substituted "fish and game account in the earmarked revenue fund" at the end of subsection (5) for "state fish and game fund"; de-

leted subsections (6) to (22) and (24) to (26); renumbered subsection (23) as (6); deleted "who are paid by the state of Montana" from the end of the present subsection (6); deleted a final paragraph; and made minor changes in style, phraseology and punctuation.

26-104.2. Repealed.

Repeal

Section 26-104.2 (Sec. 1, Ch. 106, L. 1971), relating to the authority of the commission to adopt rules governing the use of livestock and motor vehicles during archery season, was repealed by Sec. 58, Ch. 511, Laws 1973.

26-104.3. Fixing of general and special seasons and bag and possession limits. (1) The commission may fix seasons, bag limits, possession limits, and season limits; open or close, shorten or lengthen seasons on any species of game, bird, fish, or fur-bearing animals as defined by section 26-201, and declare areas open to the hunting of deer, antelope, and elk by bow and arrow permit holders, and designate times when only bow and arrows may be used to hunt deer, antelope, and elk in those areas. It may declare areas open to deer hunting where shotguns only may be used to hunt or kill deer. It may declare areas open to special license holders only, and issue special licenses in a limited number when it determines, after proper investigation, that such a season is necessary to assure the maintenance of an adequate supply of game birds, fish, animals, or fur-bearing animals. It may declare a special season and issue special licenses when game birds or animals or fur-bearing animals are causing damage to private property, or when written complaint of such damage has been filed with the state fish and game commission by the owner of that property. In determining to whom those licenses shall be issued, it may, when more applications are received than the number of animals to be killed, award permits to those chosen under a drawing system. The procedures used for awarding the permits from the drawing system shall be determined by the commission.

(2) The commission may adopt rules governing the use of livestock and vehicles, by archers, during special archery seasons.

(3) It may divide the state into fish and game districts, and create fish, game, or fur-bearing animal districts throughout the state. It may declare closed season for hunting, fishing, or trapping in any of those districts, and later may open those districts to hunting, fishing, or trapping.

(4) It may declare a closed season on any species of game, fish, game birds, or fur-bearing animals threatened with undue depletion from any cause. It may close any area or district of any stream, public lake, or public water, or portions thereof, to hunting, trapping, or fishing for limited periods of time, when necessary to protect a recently stocked area, district, water, spawning waters, spawn-taking waters, or spawn-taking stations, or to prevent the undue depletion of fish, game and fur-bearing animals, and game and nongame birds. It later may open the area or district upon consent of a majority of the property owners affected.

(5) It may declare certain fishing waters closed to fishing except by persons under thirteen (13) years of age. The purpose of this subsection is to provide suitable fishing waters for the exclusive use and enjoyment of juveniles under thirteen (13) years of age, at times and in areas the

commission in its discretion considers advisable and consistent with its policies relating to fishing.

DECISIONS UNDER FORMER LAW

Drawing for Licenses

The literal language of former subsection (15) of sec. 26-104 did not require that the application process to receive a permit to hunt elk be fulfilled by one personally present at the drawing; rather it merely required that the drawing be held at a particular town. State ex rel. Jones v. District Court, — M —, 488 P 2d 1141.

Seasons on Indian Reservation

Conviction of non-Indian for killing two bull elk on Crow Indian Reservation during season closed by state fish and game laws was not in conflict with act of Congress providing penalty for trespass to possessory rights of reservation Indians nor in conflict with Montana Enabling Act providing that Indian lands shall remain under the absolute jurisdiction and control of Congress of United States. State ex rel. Nepstad v. Danielson, 149 M 438, 427 P 2d 689.

26-104.4. Acquisition, importation, and propagation of fish, game, game birds, and fur-bearing animals—introduction and propagation of waterfowl food. The commission may:

(1) Acquire by gift, purchase, capture, or otherwise any fish, game, game birds, or animals, for propagation, experimental, or scientific purposes.

(2) Provide for the importation of game birds and game and fur-bearing animals and for the protection, propagation, and distribution of imported or native birds and animals.

(3) Use fish and game funds necessary for the construction, maintenance, operation, upkeep, and repair of fish hatcheries, game farms or other property or means and appliances for the protection and propagation of fish, game and fur-bearing animals, or game or nongame birds. It may appropriate moneys from the funds at its disposal for the extermination or eradication of predatory animals that destroy fish, game, or fur-bearing animals, or game or nongame birds.

(4) Spend fish and game funds necessary to introduce and propagate wild waterfowl food and for that purpose may secure expert advice as to what kinds of waterfowl foods are adapted to the climate, soil, and waters of this state.

History: En. 26-104.4 by Sec. 5, Ch. 511, L. 1973.

26-104.5. Construction and maintenance of fish hatcheries and fish ladders. (1) The commission shall furnish plans for, direct, and compel the construction, installation, and repair of fish ladders upon dams and other obstructions in streams. The fish ladders shall be installed and maintained at the expense of the owners of the dam or other obstruction.

(2) The commission may purchase and maintain at the expense of the state fish and game fund suitable fish screens or fish wheels, or other devices, to install in irrigating ditches to prevent fish entering said ditches.

(3) The commission may locate, lay out, construct, and maintain nurseries and rearing ponds where fry can be planted, propagated, and reared to be distributed in the waters of this state. The commission may spend from fish and game funds, sums necessary for this purpose.

History: En. 26-104.5 by Sec. 6, Ch. 511, L. 1973.

DECISIONS UNDER FORMER LAW

Fish Ladder Construction

Mandamus to compel fish pond licensee, in compliance with a statute, to construct fish ladder on diversion dam installed seven years before with approval of fish and game commission would be denied on theory that individuals who have put water to beneficial use should not have their rights arbitrarily diluted under claim of sovereign right. Paradise Rainbows v. Fish and Game Commission, 148 M 412, 421 P 2d 717.

26-104.6. Acquisition and sale of lands or waters by commission. (1) The commission may acquire by purchase, condemnation, lease, agreement, gift, or devise, and may acquire easements upon lands or waters for the purposes listed in this subsection. The commission may acquire, develop, operate, and maintain acquired lands or waters:

(a) For fish hatcheries, nursery ponds, or game farms;

(b) As lands or water suitable for game, bird, fish, or fur-bearing animal restoration, propagation, or protection;

(c) For public hunting, fishing, or trapping areas;

(d) To capture, propagate, transport, buy, sell, or exchange any game, bird, fish, fish eggs, or fur-bearing animals needed for propagation or stocking purposes, or to exercise control measures of undesirable species;

(e) To extend and consolidate by exchange, lands or waters suitable for these purposes.

(2) The commission may dispose of lands and waters acquired by it on those terms after that public notice, and without regard to other laws which provide for sale or disposal of state lands, and with or without reservation, as it considers necessary and advisable. Notice of sale describing the lands or waters to be disposed of shall be published once a week for three (3) successive weeks in a newspaper with general circulation printed and published in the county where the lands or waters are situated, or if no newspaper is published in that county then in any newspaper with general circulation in that county. The notice shall advertise for cash bids to be presented to the commission or the director within thirty (30) days from the date of the first publication. Each bid must be accompanied by a cashier's check or cash deposit in an amount equal to ten per cent (10%) of the amount bid. The highest bid shall be accepted upon payment of the balance due within ten (10) days after mailing notice by registered mail to the highest bidder. If that bidder defaults on payment of the balance due, then the next highest bidders shall be similarly notified in succession until a sale is completed. Deposits shall be returned to the unsuccessful bidders except bidders defaulting after notification. The commission shall reserve the right to reject any bids which do not equal or exceed the full market value of the lands and waters as determined by the commission. The commission shall convey the lands and waters by deed without cove-

nants of warranty, executed by the governor, or in his absence or disability by the lieutenant governor, attested by the secretary of state, and further countersigned by the chairman of the commission. The deed shall be attested by the secretary of the commission, but need not be acknowledged.

History: En. 26-104.6 by Sec. 7, Ch. 511, L. 1973.

26-104.7. Co-operative research, training, and other projects—educational and biological programs. (1) The commission may enter into co-operative agreements with educational institutions and state, federal, or other agencies to promote wildlife research and to train men for wildlife management. It may enter into co-operative agreements with federal agencies, municipalities, corporations, organized groups of landowners, associations, and individuals for the development of game, bird, fish, or fur-bearing animal management and demonstration projects.

(2) It may establish and maintain an educational and biological program for the collection and diffusion of statistics and information germane to the purpose of this title.

26-104.8. Creation of fish and game refuges. (1) The commission may establish and close to hunting, trapping, or fishing, any game, bird, or fish refuge on public lands and, with the consent of the owner, on private lands. It may close streams, lakes, or parts of them, to hunting, trapping, or fishing.

(2) The commission may establish game refuges in which game and fur-bearing animals, game or nongame birds may breed and replenish. These refuges shall be established by order of the commission upon petition and proper showing that the action is, in judgment of the commission, necessary and in the best interest of the wildlife within the area to be included in the refuge. The purpose of this provision is to establish small refuges rather than large preserves or rather than close large areas to hunting or trapping.

(3) The commission may designate and protect certain areas as resting, feeding, and breeding grounds for migratory birds, in which hunting and molestation are forbidden. The purpose of this provision is not to interfere unduly with the hunting of waterfowl, but to provide havens in which they can rest, feed, and breed without molestation.

(4) After a petition has been duly filed with the secretary of the commission requesting that an area be set aside as a game refuge, the secretary shall immediately publish a notice in a paper of general circulation in the county in which the area is located. The notice shall state that a hearing on the matter will be held at a designated place in the county not less than fifteen (15) days after first publication, at which time and place all interested parties may appear and be heard.

The rules shall be adopted in the interest of public health, public safety, and protection of property in regulating the use of these lands. All lease and easement agreements shall itemize uses as listed in section 26-104.6.

(2) The commission may adopt and enforce rules governing recreational uses of public fishing reservoirs and lakes constructed by the commission or on reservoirs and lakes which it operates under agreement with or in conjunction with a federal or state agency or private owner. These rules shall be adopted in the interest of public health, public safety, and protection of property in regulating swimming, hunting, fishing, trapping, boating, including but not limited to boating speed regulations, water skiing, surfboarding, picnicking, camping, sanitation, and use of firearms on the reservoirs or at designated areas along the shore of the reservoirs. These rules are subject to review and approval by the department of health and environmental sciences as to public health and sanitation before becoming effective. Copies of the rules shall show that endorsement.

Compiler's Notes

This section was amended five times in 1973, once by Ch. 110, once by Ch. 139, once by Ch. 167, once by Ch. 261, and once by Ch. 408. None of the admendatory acts referred to or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by all five amendments.

Amendments

The 1969 amendment inserted "a Class A-1 license and any one of" before "the following" in subsection (3) and revised subsection (14) by substituting "and hunt game birds * * * game commission" for "without a Class A license and hunt game birds without a Class A-1 license. He shall

carry proof of age in lieu of the license" in subdivision (a), by substituting the provisions of subdivision (b) for "A child residing at the Montana children's center at Twin Bridges and the committed resident of the Montana training center at Boulder will be entitled to fish without a license. He shall carry a written statement by the superintendent of the center in lieu of the license," by inserting the provisions of subdivision (c), and by designating former subdivisions (c) to (f) as (d) to (g).

The 1971 amendment inserted in subsection (4) the provisions for class A-6 licenses; deleted from the end of subsection (4) a sentence reading "Any holder of a class A-3, A-4, or A-5 license shall further be entitled to pursue, hunt, shoot and kill black or brown bear and possess the dead bodies of black or brown bear which are so authorized by regulations of the commission;" increased the resident grizzly bear fee specified in subsection (11) from one dollar to five dollars; increased the nonresident grizzly bear fee from $25.00 to $35.00; inserted in subsection (11) the provision relating to black or brown bear fees; deleted from the end of subsection (11) a sentence reading "Any holder of a special license as herein provided shall be further entitled to pursue, hunt, shoot and kill black or brown bear and possess the dead bodies of black or brown bear which are so authorized by regulations of the commission;" and inserted the reference to class A-6 licenses in the first sentence of subsection (16).

Chapter 110, Laws of 1973 inserted "Except as herein provided" at the beginning of the first paragraph of subsection (6); and added the second paragraph to subsection (6).

Chapter 139, Laws of 1973 added subsections (17) and (18).

Chapter 167, Laws of 1973, deleted the clause under subsection (11) which provided for bison or buffalo licenses.

Chapter 261, Laws of 1973, reduced the age specified in the first sentence of subdivision (14) (a) from sixty-five to sixty-two years.

Chapter 408, Laws of 1973, increased license fees in subsection (1) from $4.00 to $5.00, in subsection (5) from $15 to $20, and in subsection (8) from $5.00 to $10.

Effective Date

Section 2 of Ch. 110, Laws of 1973 provided the act should be in effect from and after its passage and approval. Approved March 5, 1973.

Subd. 4

Tagging Game Killed by Another

Tagging of game animal that someone else has killed or so far brought under control that one can walk up to it and cut its throat is not method of acquiring ownership contemplated by statute authorizing licensed hunter to pursue, hunt, shoot and kill game animal and then to possess carcass with result that person tagging illegally killed elk is not entitled to possession. State ex rel. Visser v. State Fish and Game Commission, 150 M 525, 437 P 2d 373.

26-202.2. Special licenses—tagging of carcasses of game animals. (1) Special licenses authorized to be issued under the general powers of the department of fish and game may be issued only to persons holding valid big game licenses for the current year, which have been obtained by the applicant prior to the time of filing of application for a special license.

(2) Any person who has obtained a grizzly bear, moose, mountain goat, or mountain sheep license shall not be eligible to apply for another such license for the next succeeding seven (7) years, if such person has killed or taken an animal of the species for which such special license was issued. Any person who has obtained a grizzly bear, moose, mountain goat or mountain sheep license but did not kill or take an animal of the species for which such special license was issued, shall be eligible to apply for another such license in any succeeding year if he returns his unused special license to the department of fish and game before or at the time application is made. It is further provided that any person who has received a special license for elk shall not be eligible to receive a second special license for this species of game animal during any license year. However, in the event the number of applications received is not equal to the number of game species desired to be killed by the department reapplication may be

made by those valid license holders of the current year who may fall within these limitations. It is further provided that any person who has killed or taken a game animal, except a deer during the current license year, shall not be permitted to receive a special license under this act to hunt or kill a second game animal of the same species.

(3) Tagging of carcasses of game animals. Every license issued by the department authorizing the holder thereof to pursue, shoot, kill, capture, take or possess game animals, whether issued to a resident or a nonresident, shall provide such tags, coupons, or markers, as the department shall prescribe, and when any person should take or kill any game animal under such license, such person shall immediately thereafter cut out, from the tag, coupon or other marker, the date the animal was killed or taken and attach the tag, coupon or other marker to said animal, completely filled out with the name of the license holder, his address, and any other information requested on such tag, coupon or other marker, and such tag, coupon or other marker shall be kept attached to said carcass so long as any considerable portion of the carcass remains unconsumed, and when the proper tag, coupon or other marker is attached to said game animal so killed, the same may be possessed, used, stored and transported. Any person who should kill any game animal by authority of any license issued for the killing of such game animal, and shall fail or neglect to cut out day and month of kill or provide such other information as is required and attach his tag, coupon or other marker so provided with the license issued, to the carcass of said game animal or portion thereof, or any person who shall fail to keep said tag, coupon or other marker attached to said game animal or portion thereof while the same is possessed by him shall be guilty of a misdemeanor and upon conviction thereof shall be punished as provided for by law in section 26-324.

History: En. Sec. 2, Ch. 267, L. 1955; amd. Sec. 1, Ch. 65, L. 1963; amd. Sec. 1, Ch. 72, L. 1969; amd. Sec. 1, Ch. 48, L. 1971; amd. Sec. 3, Ch. 167, L. 1973; amd. Sec. 1, Ch. 195, L. 1973.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 167 and once by Ch. 195. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

The 1969 amendment deleted "or antelope" after "deer" in the last sentence of subsection (2) and rewrote the provisions of subsection (3) to substitute references to "game animal" for "deer, elk, moose or antelope" and to require the date and month of kill to be cut out of the game tag.

The 1971 amendment inserted "grizzly bear" in the first and second sentences of subsection (2).

Chapter 167, Laws of 1973, deleted references to bison or buffalo licenses from the first and second sentences of subsection (2).

Chapter 195, Laws of 1973, substituted "department of fish and game" for "fish and game commission" in subsections (1) and (2); substituted "department" for "commission" in subsections (2) and (3); and inserted "mountain goat" in two places in subsection (2).

Effective Date

Section 2 of Ch. 72, Laws 1969 provided the act should be in effect from and after its passage and approval. Approved February 24, 1969.

Subd. 3

Tagging Game Killed by Another

Under statute requiring tagging, word "take" does not mean that one can tag animal someone else has killed, so that if one person illegally killed elk another person cannot gain ownership by tagging it and ownership of elk remains in state. State ex rel. Visser v. State Fish and Game Commission, 150 M 525, 437 P 2d 373.

26-202.3. Defining resident. That in determining a resident for the purpose of issuing resident fishing and hunting licenses, the following provisions shall apply:

The statements made by the applicant shall be subscribed to before the officer or agent issuing said license.

It is unlawful to subscribe to any application containing a material false statement. Any material false statement contained in an application renders it, and any license issued pursuant to it, null and void. Any person violating any provision of this statute is guilty of a misdemeanor.

History: En. Sec. 4, Ch. 238, L. 1921; re-en. Sec. 3684, R. C. M. 1921; amd. Sec. 1, Ch. 84, L. 1947; amd. Sec. 1, Ch. 157, L. 1969.

Amendments

The 1969 amendment substituted "director" for "warden" and deleted "deputy" before "state fish and game warden" in the first sentence and deleted "and sworn" after "subscribed" in the last sentence of the first paragraph and rewrote the second paragraph which read: "Any person who shall swear or affirm to any false statement in the application for a hunting or fishing license, shall be guilty of a misdemeanor, and on conviction thereof, shall be punished as provided in section 26-324."

(2) The board of livestock shall, after approving the bounty claim, deliver the claim to the commission for rejection or approval. If the claim or certificate is rejected it shall be returned by the commission to the board of livestock. If approved, it shall be delivered to the department of administration for allowance or disallowance. Nothing in this section takes from the commission the exclusive power to administer the fish and game moneys at their discretion.

(3) If the department of administration allows the claim, it must send it to the auditor. The auditor must draw his warrant on the state fish and game moneys in the earmarked revenue fund for the amount approved in favor of the claimant, in the order in which the claim is approved.

(1) It is unlawful for any person to operate a roadside menagerie without a permit. Application for a permit shall be made to the director on a form prescribed by him. (2) No permit shall be granted by the commission until it has satisfactorily verified that the provisions for housing and caring for such animals and for protecting the public are proper and adequate and in accordance with the standards established by the commission.

(3) A permit is not transferable to another person unless the roadside menagerie or zoo to which it pertains is also transferred to the same person. The director's approval must be obtained prior to such permit transfer and prior to a transfer of any wild animals held under the permit.

If wild animals are to be obtained by capture, the permit shall designate the number and the means of capture, but ownership of the wild animals captured shall remain in the state of Montana. A game propagating permit is required to propagate and sell game birds and game animals for commercial purposes. A fur-farming permit is required to propagate and sell fur-bearing animals. All offspring of game animals, game birds or fur-bearing animals are the property of the state wherein the menagerie is located, and must be disposed of by the state.

Certificates of individual shipments will contain (1) the date and city of shipment in the state of origin and the anticipated date of arrival and city of destination in Montana, (2)

carrier and carrier identification number, or truck license number if shipped by hatchery truck, (3) bill of lading number or airway bill number, if applicable, and (4) the handwritten signature, in ink, of the authorized certifying officer, and such other information as the state fish and game commission may specify.

Title of Act

An act to provide for the conservation, management, enhancement and protection of nongame fish and wildlife and species threatened with extinction; and to provide enforcement authority and penalties for violations.

26-1802. Definitions. As used in this act:

(5) "endangered species" means any species or subspecies of wildlife actively threatened with extinction due to any of the following factors:

(a) the destruction, drastic modification, or severe curtailment of its habitat, or

(b) its overutilization for scientific, commercial or sporting purposes, or

(c) the effect on it of disease, pollution, or predation, or

(d) other natural or man-made factors affecting its prospects of survival or recruitment within the state, or

(e) any combination of the foregoing factors. The commission shall have authority to recommend that the legislature include any species or subspecies of fish and wildlife appearing on the United States' list of endangered native fish and wildlife as it appears on the effective date of this chapter (part 17 of title 50 of the Code of Federal Regulations, appendix D) as well as any species or subspecies of fish and wildlife appearing on the United States' list of endangered foreign fish and wildlife (part 17 of title 50 of the Code of Federal Regulations, appendix A), as such list may be modified hereafter;

(6) "management" means the collection and application of biological information for the purposes of increasing the number of individuals within species and populations of wildlife up to the optimum carrying capacity of their habitat and maintaining such levels. The term includes the entire range of activities that constitute a modern scientific resource program including, but not limited to, research, census, law enforcement, habitat acquisition and improvement, and education. Also included within the term, when and where appropriate, is the periodic or total protection of species or populations as well as regulated taking;

(7) "nongame wildlife" means any wild mammal, bird, amphibian, reptile, fish, mollusk, crustacean or other wild animal not otherwise legally classified by statute or regulation of this state. Animals designated by statute or regulation of this state as predatory in nature are not classified as "nongame wildlife" for purposes of this act;

(9) "person" means any individual, firm, corporation, association or partnership;

(10) "take" means to harass, hunt, capture, or kill or attempt to harass, hunt, capture, or kill wildlife;

(11) "wildlife" means any wild mammal, bird, reptile, amphibian, fish, mollusk, crustacean or other wild animal or any part, product, egg or offspring or the dead body or parts thereof.

History: En. Sec. 2, Ch. 461, L. 1973.

26-1803. Legislative policy. The legislature finds and declares all of the following:

(1) that it is the policy of this state to manage certain nongame wildlife for human enjoyment, for scientific purposes, and to ensure their perpetuation as members of ecosystems;

(2) that species or subspecies of wildlife indigenous to this state which may be found to be endangered within the state should be protected in order to maintain and to the extent possible enhance their numbers;

(3) that the state should assist in the protection of species or subspecies of wildlife which are deemed to be endangered elsewhere by prohibiting the taking, possession, transportation, exportation, processing, sale or offer for sale or shipment within this state of species or subspecies of wildlife unless such actions will assist in preserving or propagating the species or subspecies.

History: En. Sec. 3, Ch. 461, L. 1973.

26-1804. Investigations by department—regulations—unlawful acts. (1) The department shall conduct investigations on nongame wildlife in order to develop information relating to population, distribution, habitat needs, limiting factors, and other biological and ecological data to determine management measures necessary for their continued ability to sustain themselves successfully. On the basis of such determinations the department shall issue management regulations. Such regulations shall set forth species or subspecies of nongame wildlife which the department deems in need of management pursuant to this section, giving their common and scientific names by species and subspecies. The department shall conduct ongoing investigations of nongame wildlife. The commission may from time to time amend such regulations on the approval of the legislature by adding or deleting therefrom species or subspecies of nongame wildlife.

(2) The commission shall by such regulations establish proposed limitations relating to taking, possession, transportation, exportation, processing, sale or offer for sale, or shipment as may be deemed necessary to manage such nongame wildlife. The commission may make such changes in the proposed regulations as are consistent with effective management of nongame wildlife as designated by the legislature.

(3) Except as provided in regulations issued by the commission, it shall be unlawful for any person to take, possess, transport, export, sell or offer for sale nongame wildlife deemed by the commission to be in need of management pursuant to this section. Subject to the same exception, it shall further be unlawful for any common or contract carrier knowingly to transport or receive for shipment nongame wildlife deemed by the commission to be in need of management pursuant to this section.

History: En. Sec. 4, Ch. 461, L. 1973.

26-1805. List of endangered species—issuance—review—unlawful to take species on state or federal list. (1) On the basis of investigations on nongame wildlife provided for in section 4 [26-1804] and other available scientific and commercial data, and after consultation with other state wildlife agencies, appropriate federal agencies, and other interested persons and organizations, but not later than one (1) year after the effective date of this act, the commission shall recommend to the legislature a list of those species and subspecies of wildlife indigenous to the state which are

determined to be endangered within this state, giving their common and scientific names by species and subspecies.

(2) The department shall conduct a review of the state list of endangered species within not more than two (2) years from its effective date and every two (2) years thereafter and the commission shall request the legislature to amend the list by such additions or deletions as are deemed appropriate and at such times as are deemed appropriate.

(3) Except as otherwise provided in this chapter, it shall be unlawful for any person to take, possess, transport, export, sell or offer for sale and for any common or contract carrier knowingly to transport or receive for shipment any species or subspecies of wildlife appearing on any of the following lists:

(a) the list of wildlife indigenous to the state determined to be endangered within the state pursuant to subsection (1);

(b) any species or subspecies of fish and wildlife included by the commission and appearing on the United States' list of endangered native fish and wildlife as it appears on the effective date of this chapter (part 17 of title 50, Code of Federal Regulations, appendix D); and the United States' list of endangered foreign fish and wildlife (part 17 of title 50, Code of Federal Regulations, appendix A), as such list may be modified hereafter; provided, that any species or subspecies of wildlife appearing on any of the foregoing lists which enters the state from another state or from a point outside the territorial limits of the United States and which is transported across the state destined for a point beyond the state may be so entered and transported without restriction in accordance with the terms of any federal permit or permit issued under the laws or regulations of another state.

(4) In the event the United States' list of endangered native fish and wildlife is modified subsequent to the effective date of this chapter by additions or deletions, such modifications whether or not involving species or subspecies indigenous to the state may be accepted as binding under subsection (3) if, after the type of scientific determination described in subsection (1), the commission recommends and the legislature accepts such modification for the state.

History: En. Sec. 5, Ch. 461, L. 1973.

26-1806. Establishment of programs by director—review by governor—taking of species for educational and scientific purpose—other provisions for removal. (1) The director shall establish such programs, including acquisition of land or aquatic habitat, as are deemed necessary for management of nongame and endangered wildlife. The commission shall establish such policies as are necessary to carry out the purpose of this section.

(2) In carrying out programs authorized by this section, the commission may enter into agreements with federal agencies, political subdivisions of the state, or with private persons for administration and management of any area established under this section or utilized for management of nongame or endangered wildlife.

(3) The governor shall review other programs administered by him and, to the extent practicable, utilize such programs in furtherance of

the purposes of this section. The governor shall also encourage other state and federal agencies to utilize their authorities in furtherance of the purposes of this section.

(4) The director may permit the taking, possession, transportation, exportation or shipment of species or subspecies of wildlife which appear on the state list of endangered species, on the United States' list of endangered native fish and wildlife, as amended and accepted in accordance with subsection (4) of section 5 [26-1805 (4)], or on the United States' list of endangered foreign fish and wildlife, as such list may be modified hereafter, for scientific, zoological, or educational purposes, for propagation in captivity of such wildlife, or for other special purposes.

(5) Upon good cause shown, and where necessary to alleviate damage to property or to protect human health, endangered species may be removed, captured or destroyed but only pursuant to permit issued by the director and, where possible, by or under the supervision of an agent of the department; provided, that endangered species may be removed, captured or destroyed without permit by any person in emergency situations involving an immediate threat to human life. Provisions for removal, capture or destruction of nongame wildlife for the purposes set forth above shall be set forth in regulations issued by the commission pursuant to subsection (1) of section 4 [26-1804 (1)].

History: En. Sec. 6, Ch. 461, L. 1973.

(2) Any officer employed and authorized by the director or any peace officer of the state or of any municipality or county within the state shall have authority to enforce the provisions of this act.

(3) Wildlife seized under the provisions of this act shall be held by an officer or agent of the department pending disposition of court proceedings, and thereafter be forfeited to the state for disposition as the director may deem appropriate; provided, that, prior to forfeiture, the director may direct the transfer of wildlife so seized to a qualified zoological, educational, or scientific institution for safekeeping. The commission is authorized to issue regulations to implement this subsection.

History: En. Sec. 8, Ch. 461, L. 1973.

26-1809. Construction of act—severability. (1) None of the provisions of this act shall be construed to apply retroactively or to prohibit importation into the state of wildlife which may be lawfully imported into the United States or lawfully taken or removed from another state or to prohibit entry into the state or possession, transportation, exportation,

processing, sale or offer for sale or shipment of any wildlife whose species or subspecies is deemed to be threatened with statewide extinction in this state but not in the state where originally taken if the person engaging therein demonstrates by substantial evidence that such wildlife was lawfully taken or removed from such state; provided, that this subsection shall not be construed to permit the possession, transportation, exportation, processing, sale or offer for sale or shipment within this state of wildlife on the United States' list of endangered native fish and wildlife, as amended and accepted in accordance with subsection (4) of section 5 [26-1805 (4)], except as permitted in the provision by subsection (3) of section 5 [26-1805 (3)] and subsection (4) of section 6 [26-1806 (4)].

27-217. Registration. Every pesticide distributed, sold, or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state, shall be registered

with the department of agriculture, and such registration shall be renewed annually by the manufacturer or formulator of the pesticide. (1) The department of agriculture shall register all approved pesticides and those so registered shall be subject to registration fees and all other provisions of this act. All registrations of pesticides shall expire on December 31, following date of issuance, unless otherwise terminated.

(a) The applicant for registration shall file with the department of agriculture a statement including:

(i) The name and address of the applicant and the name and address of the person whose name will appear on the label, if other than the registrant.

(ii) A complete copy of the label of the pesticide, the United States environmental protection agency registration number, if the pesticide is so registered, and a statement of all claims to be made for it including directions for use.

(iii) The trade and chemical name of the pesticide.

(iv) If requested by the department of agriculture, a full description of tests made and the results thereof upon which the claims are based. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the pesticide was registered or last reregistered.

(b) Any pesticide imported into this state, which is subject to the provisions of any federal act providing for the registration of pesticides and which has been duly registered under the provisions of said act, shall be registered in the state, provided that the state may restrict the use and application of the pesticide by type of applicator, time and place and may establish special registrations of pesticides as outlined in sections 5 (6) [subdivision (6) of this section] and 22 (3) [27-234 (3)]. Provided that the annual registration fee is paid and registration information required by the department of agriculture is provided.

(c) The applicant shall pay an annual fee of ten dollars ($10) for each pesticide registered, such fees to be deposited in the treasury of the state to the credit of the general fund.

(2) The department of agriculture, whenever it deems it necessary in the administration of this act, may require the submission of the complete formula and certified analytical standards of any pesticide. If it appears to the department of agriculture that the composition of the article is such as to warrant the proposed claims for it and if the article and its labeling and other material required to be submitted comply with the requirements of section 6 [27-218] of this act, it shall register the article.

(3) If it does not appear to the department of agriculture that the article is such as to warrant the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this act, it shall notify the applicant of the manner in which the articles, labeling, or other material required to be submitted fails to comply with the act so as to afford the applicant an opportunity to make the necessary corrections. If upon receipt of such notice, the applicant does not make the corrections, the department of agriculture may

refuse to register the article. The department of agriculture in accordance with the procedures specified by the department of agriculture, may suspend or cancel the registration of a pesticide whenever it does not appear that the article or its labeling comply with the provisions of this act. Whenever an application for registration is refused or the department of agriculture proposes to suspend or cancel a registration the registrant may appeal to the department of agriculture as provided for in section 24 [27-236].

(4) The department of agriculture shall review all registered pesticides at least every two (2) years and make appropriate recommendations to the commissioner.

The department of agriculture shall provide the departments of health and fish and game with a complete copy of the application, related correspondence and a statement of the department of agriculture's proposed action on the application. The departments of health and fish and game shall approve or disapprove the application within three (3) days after the receipt of the application. If the departments of health, agriculture and fish and game are in agreement with the proposed registration, the department of agriculture shall proceed with its registration.

(b) The department of agriculture shall establish a time and place for an interagency conference for the purposes of resolving the registration of any pesticide and/or device if two (2) of the departments approves of the proposed registration, the commissioner shall proceed with the registration.

(c) The registrant applying for registration shall be notified as to proposed changes in registration. If the agencies cannot resolve the proposed registration following the interagency conference, the registrant may request a joint administrative hearing before the departments of agriculture, health and fish and game.

(d) Following the interagency conference, and if requested, the administrative hearing, the proposed registration of a pesticide or device has not been resolved, the commissioner of agriculture shall appoint an advisory committee as outlined in section 28 [27-240] to resolve by majority vote the registration of any pesticide. The advisory committee's recommendations on the registration shall be accepted by the agencies and implemented by the department of agriculture.

The department of agriculture may allow a change in the labeling or formula of a pesticide within a registration period without requiring reregistration of the product when such change does not adversely affect the product for its intended use and if proper application therefor is made.

(b) Any pesticide, unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container and to the outside container or wrapper of the retail package, if there be one, through which the required information on the immediate container cannot be clearly read, a label bearing:

The department of agriculture may exempt any pesticide to the extent that it is intended for a particular use from the coloring or discoloring required or authorized by this section if it determines that such coloring or discoloring for such use is not necessary for the protection of the public health and the environment.

(e) Any pesticide which is adulterated or misbranded, or any device which is misbranded.

(2) It shall be unlawful for any person to:

(a) Detach, alter, deface, or destroy, in whole or in part, any label or labeling provided for in this act or regulations promulgated hereunder, or to add any substance to, or take any substance from, a pesticide in a manner that may defeat the purpose of this act.

petition the district court in whose jurisdiction the article is detained or embargoed for a condemnation of such article. When such agent has found that an article so detained or embargoed is not adulterated or misbranded, he shall remove the tag or other marking.

(3) If the court finds that a detained or embargoed article is in violation of section 8 (1) [subdivision (1) of this section], such article shall after entry of the decree be destroyed at the expense of the claimant thereof, under the supervision of such agent, and all court costs and fees and storage and other proper expenses shall be assessed against the claimant of such pesticide or device or his agent; provided that when the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the decree and after such costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such pesticide or device shall be so labeled or processed, has been executed, may by order direct that such article be delivered to the claimant thereof for such labeling or processing under the supervision of an agent of the department of agriculture. The expense of such supervision shall be paid by claimant. The article shall be returned to the claimant of the pesticide or device on the representation to the court by the department of agriculture that the article is no longer in violation of this act, and that the expenses of such supervision have been paid.

History: En. Sec. 6, Ch. 204, L. 1939; amd. Sec. 4, Ch. 192, L. 1959; amd. Sec. 2, ch. 107, L. 1971.

Amendments

The 1971 amendment deleted from the end of the preliminary paragraph a proviso reading "provided, that at all times there shall not be less than five (5) natural marketing areas in the state"; substituted "the" for "any previously existing" before "milk control board" in subdivision (c); and made a minor change in phraseology.

27-407. Establishment of minimum prices. The board is hereby authorized and directed to fix minimum producer, wholesale, jobber, and retail prices for class I milk, and minimum producer prices only for class II and class III milk in all areas of the state.

The board shall establish such prices by means of flexible formulas which it shall adopt by official order and which shall be devised so that they bring about such automatic changes in all minimum prices as are justified on the basis of changes in production costs and supply, processing and distribution costs, and retailing costs.

Prior to promulgation of such formulas the board shall conduct a public hearing and admit evidence under oath relative to the matters of its inquiry, at which hearing the consuming public shall be entitled to offer evidence and be heard the same as persons engaged in the milk industry. The board shall by means of such hearing or from facts within its own knowledge, investigate and determine what are reasonable costs and charges for producing, hauling, handling, processing, and/or other services performed in respect to milk and what prices for milk in the several localities and markets of the state, and under varying conditions, will best protect the milk industry in the state and insure a sufficient quantity of pure and wholesome milk to adults and minors in the state, and be most in the public interest.

The board shall take into consideration the balance between production and consumption of milk, the costs of production and distribution, and prices in adjacent and neighboring areas and states, so that minimum prices which are fair and equitable to producers, distributors, jobbers, retailers, and consumers may result.

The board shall, at least thirty (30) days prior to the date set for any public hearing on establishment or revision of milk pricing formulas, cause notice to be given to the consuming public and the milk industry of the specific factors which shall be taken into consideration in establishing the formulas and in particular in determining costs of production and distribution and of the actual dollars and cents costs of production and distribution which preliminary studies and investigations of auditors or accountants in its employment indicate will or should be shown at the hearing, so that all interested parties will have opportunity to be heard and to question or rebut such considerations as a matter of record.

Such specific factors may include, but shall not be limited to, the following items:

(1) Current and prospective supplies of milk in relation to current and prospective demands for such milk for all purposes;

(2) The ability and willingness of consumers to purchase, which shall include among other things, per capita disposable income statistics, consumer price indices, and wholesale price indices;

(3) The cost factors in producing milk, which shall include among other things the prices paid by farmers generally (as used in parity calculations of the United States Department of Agriculture), prices paid by farmers for dairy feed in particular and farm wage rates in this state;

(4) The alternative opportunities, both farm and nonfarm, open to milk producers, which shall include among other things, prices received by farmers for all products other than milk, prices received by farmers for beef cattle, and the percentage of unemployment in the state and nation as determined by appropriate state and federal agencies;

(5) The prices of butter-nonfat dry milk, and cheese;

(6) The cost factors in distributing milk, which shall include among other things the prices paid by distributors for equipment of all types required to process and market milk and prevailing wage rates in this state;

(7) The cost factors in jobbing milk, which shall include among other things raw product and ingredient costs, carton or other packaging cost, processing cost and that part of general administrative costs of the supplying distributor which may properly be allocated to the handling of milk to the point at which such milk is at the supplying distributor's dock, equipment of all types required to market milk and prevailing wage rates in the state;

(8) The need, if any, for freight or transportation charges to be deducted by distributors from producer prices for bulk milk;

(9) A reasonable return on necessary investment to all ordinarily efficient and economical milk dealers.

If the board at any time proposes to base all or any part of any official order establishing or revising any milk pricing formulas upon facts within its own knowledge, as distinguished from evidence which may be presented to it at a public hearing by the consuming public or the milk industry, the board shall, at least thirty (30) days prior to the date set for any public hearing on establishment or revision of milk pricing formulas, cause notice to be given to the consuming public and the milk industry of the specific facts within its own knowledge which it will consider, so that all interested parties will have opportunity to be heard and to question or rebut such facts as a matter of record.

The board, after consideration of the evidence produced at such hearing, shall make written findings and conclusions and shall fix by official order:

(a) The formula whereby minimum producer prices for milk in classes I, II, and III shall be computed.

(b) The formula whereby minimum wholesale prices for milk in class I shall be computed.

(c) The formula whereby minimum jobber prices for milk in class I shall be computed.

(d) The formula whereby minimum retail prices for milk in class I shall be computed.

This section shall not be construed as requiring the board to promulgate any specific number of formulas, but shall be construed liberally so that the board may adopt any reasonable method of expression to accomplish the objective set forth in (a), (b), (c), and (d) above. If the evidence presented to the board at any public hearing for the establishment or revision of milk pricing formulas is found by the board to require the establishment of separate and varying wholesale prices for any particular uses, the board shall designate the reasons therefor and establish such separate formulas.

Each order establishing or revising any milk pricing formulas shall classify milk by forms, classes, grades or uses as the board may deem advisable and shall specify the minimum prices therefor.

The milk produced in one natural marketing area and sold in another natural marketing area shall be paid for by a distributor or dealer in accordance with the pricing order of the area where produced at the price therein specified of the class or use in which it is ultimately used or sold.

No allowance for freight, other than freight for transportation of milk from the farm to plant, shall be charged to a producer by a distributor or dealer unless it is found and ordered by the board, after notice and hearing in the manner hereinbefore specified, that such an additional freight allowance is necessary to permit the movement of milk in the public interest.

All milk purchased within a natural marketing area by a distributor shall be purchased on a uniform basis. The basis to be used shall be established by the board after the producers and the distributors of the area have been consulted.

The board may, upon its own motion, or upon application in writing from any market, or from any party at interest, alter, revise or amend any official order theretofore made by the board provided that before making, revising, or amending any order establishing or revising milk pricing formulas, the board shall hold a public hearing on such matter in the same manner provided herein for the original establishment of milk pricing formulas; provided, further, the board may in its discretion, when it determines the need exists, notice and hold state-wide public hearings affecting establishment or revision of milk pricing formulas in all market areas of the state.

Upon petition of a distributor or a majority of his producers, the board shall hold a hearing to receive and consider evidence regarding the advisability and need for a base or quota plan as a method of payment by that distributor of producer prices; and if the board finds that the evidence adduced at such hearing warrants the establishment of a base or quota plan, the board shall proceed by official order to establish the same.

The requirements hereinabove set forth concerning notices of hearings for the establishment of milk pricing formulas shall apply to any hearings regarding base or quota plans or area-wide or state-wide pooling arrangements, or abandonment thereof.

It shall be unlawful for any such person to buy, sell, handle, process, or distribute milk which he knows or has reason to believe has been previously dealt with or handled in violation of any provision of this act. milk control board. The annual fee for such license from the milk control board shall be two dollars ($2), shall be due and payable on or before the first day of July, and shall be deposited by said board to the credit of the general fund.

In addition to such annual license fee, the board shall, in each year, on or before the first day of April, for the purpose of securing funds to administer and enforce this act, levy an assessment upon producers, producer-distributors, and distributors as follows:

Said assessment upon producer-distributors, producers, and distributors shall be paid quarterly on or before the fifteenth [15th] day of July, October, January and April of each year, and the amount of such assessment shall be computed by applying the fee designated by the board to the volume of milk sold in the calendar quarter immediately preceding.

Failure of any producer, producer-distributor, or distributor to pay said assessment when due shall constitute violation of this act and his license under this act shall thereupon automatically terminate and be null and void and of no effect. Reinstatement of a license so terminated shall be effected by payment of a delinquency fee equal to thirty per cent (30%) of the assessment which was due.

All assessments hereinbefore required to be paid shall be deposited by the milk control board in the earmarked revenue fund; and all costs of administering this act, including the salaries of employees and assistants, per diem and expenses of board members, and all other disbursements necessary to carry out the purpose of this act, shall be paid out of milk control board moneys in such fund.

The rates of assessment above provided are maximum rates, and the board may, if it finds the costs of administering and enforcing this act can be derived from lower rates, fix the rates at a less amount on or before the first day of April in any year.

Such application shall certify the applicant to be the holder of all licenses required by the Montana livestock sanitary board for the conduct of his business or, in the case of milk entering this state from another state or foreign nation, compliance with the requirements of the Montana Food, Drug and Cos-

The violation of any provisions of this act or of any lawful order or regulation of the board, the failure or refusal to make required statements or reports, and aggravated delinquency in the payment of license or assessment fees, or any of them, shall be deemed causes for which the board may, at its discretion, suspend or revoke a license, provided that no license shall be fully revoked except upon the approval of a majority of all members of the board.

History: En. Sec. 3, Ch. 274, L. 1971.

27-804. Enforcement—modification of requirements. (1) The board is hereby charged with the duty and authority to make, amend or rescind rules, regulations and orders for the efficient enforcement of this act.

(2) Whenever the vitamin and mineral requirements set forth in sections 2 [27-802] and 3 [27-803] of this act are no longer in conformity with the legally established standards governing the interstate shipment of enriched flour and enriched white bread or rolls, the department in order to maintain uniformity between intrastate and interstate vitamin and mineral requirements for the foods within the provisions of this act, is authorized and directed to modify or revise such requirements to conform with amended standards governing interstate shipments. The interstate standards referred to are those standards established under authority of the Federal Food, Drug, and Cosmetic Act of 1938, as amended. (Title 21 U.S.C. 301 et seq.).

(3) In the event of findings by the executive officer that there is an existing or imminent shortage of any ingredient required by sections 2 [27-802] or 3 [27-803] of this act, and that because of such shortage the sale and distribution of flour or white bread or rolls may be impeded by the enforcement of this act, the executive officer shall issue an order, to be effective immediately upon issuance, permitting the omission of such ingredient from flour or white bread or rolls; and if he finds it necessary or appropriate, excepting such foods from labeling requirements until the further order of the executive officer. Any such findings may be made without hearing, on the basis of an order or of factual information supplied by the appropriate federal agency or officer. In the absence of any such order of the appropriate federal agency or factual information supplied by it, the executive officer on his own motion may, and upon receiving the sworn statements of ten (10) or more persons subject to this act that they believe such a shortage exists or is imminent, shall, within twenty (20) days thereafter hold a public hearing with respect thereto at which any interested person may present evidence; and shall make findings based upon the evidence presented. The executive officer shall publish notice of any such hearing at least ten (10) days prior thereto. Whenever the executive officer has reasons to believe that such shortage no longer exists, he shall hold a public hearing, after at least ten (10) days notice shall have been given, at which any interested person may present evidence, and he shall make findings based upon the evidence so presented. If his findings be that such a shortage no longer exists, he shall issue an order to become effective not less than thirty (30) days after publication thereof revoking such previous order; provided, however, that undisposed flour stocks of flour on hand at the effective date, of such revocation order, or flour manufactured prior to such effective date for sale in this state may thereafter be lawfully sold or disposed of.

(4) All orders, rules and regulations adopted by the board pursuant to this act shall be published in the manner hereinafter prescribed, and, within the limits specified by this act, shall become effective upon such date as the board shall fix.

(5) Whenever under this act publication of any notice, order, rule or regulation is required, such publication shall be made at least once in at least one (1) daily newspaper of general circulation printed and published in this state.

(6) For the purpose of this act, the department or its authorized agents may take samples for analysis, conduct examinations and investigations, and enter, at reasonable times, any factory, mill, bakery, warehouse, shop or establishment where flour, white bread or rolls are manufactured, processed, packed, sold or held, or any vehicle being used for the transportation thereof and inspect any such place or vehicle and any flour, white bread or rolls therein, and all pertinent equipment, materials, containers and labeling.

Compiler's Notes

This section was amended twice in 1971, once by Ch. 288 and once by Ch. 423. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

The 1963 amendment completely re-

wrote subsection (b), for previous text of which see parent volume; and made a minor change in punctuation.

The 1967 amendment inserted "(of which sum * * * county general fund)" in the second sentence of subsection (a); and made minor changes in subsections (a) and (b).

Chapter 288, Laws of 1971, substituted "the fees specified in this act" for "four dollars ($4)" in the second sentence of subsection (a); deleted language providing for biennial expiration of licenses after "as applied for" in the second sentence of subsection (a); inserted "and such licenses" before "shall contain a photograph" in the second sentence of subsection (a); substituted the second sentence of subsection (b) for "This examination shall not be required of any applicant who has successfully completed such an examination within the preceding five (5) year period"; inserted subsection (c); redesignated former subsections (c) and (d) as subsections (d) and (e); and added subsection (f).

Chapter 423, Laws of 1971, reduced the age specified in the first sentence of the present subsection (d) from 21 to 18 years.

Effective Date

Section 2 of Ch. 228, Laws 1963 provided the act should be in effect upon its passage and approval. Approved March 9, 1963.

Validity of Amendment

The 1961 amendment of this section [House Bill No. 342] was not rendered invalid because the deciding vote therein was cast by the lieutenant governor on the third reading, where at that time the senators then present and voting, were equally divided. State ex rel. Easbey v. Highway Patrol Board, 140 M 383, 372 P 2d 930, 939.

In the event that an instruction permit or operator's or chauffeur's license issued under the provisions of this act is lost or destroyed, the person to whom the same was issued may, upon the payment of a fee of one dollar ($1.00), obtain a duplicate, or substitute thereof, upon furnishing proof satisfactory to the board that such permit or license has been lost or destroyed.

History: En. Sec. 22, Ch. 267, L. 1947; amd. Sec. 1, Ch. 36, L. 1953; amd. Sec. 16, Ch. 121, L. 1965.

(a) Whenever any person is convicted of any offense for which this act makes mandatory the revocation of the operator's or chauffeur's license of such person by the board, the court in which such conviction is had shall require the surrender to it of all operator's and chauffeur's licenses then held by the person so convicted. The court shall thereupon, within five (5) days, forward said license to the

board and at the same time forward a record of such conviction to the board, providing that if such person does not possess a driver's license the court shall so indicate in its report to the board.

(b) Every court having jurisdiction over offenses committed under this act, or any other act of this state or municipal ordinance regulating the operation of motor vehicles on highways, shall forward, within five (5) days, to the board a record of the conviction or forfeiture of bail, not vacated, of any person in said court for a violation of any said laws other than regulations governing standing or parking, and may recommend the suspension of the operator's or chauffeur's license of the person so convicted.

1. Has been involved as a driver in any accident resulting in the death or personal injury of another or serious property damage;

5. Has permitted an unlawful or fraudulent use of such license as specified in section 31-153;

Upon such hearing the chief or his duly authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a re-examination of the licensee. Upon such hearing the board shall either rescind its order of suspension or probation, or, good cause appearing therefor, may affirm, reduce or extend the period of probation or suspension of such license.

Suspension of License Not Punishment

The purpose and nature of the suspension of a driver's license is for the protection of the unsuspecting public and does not constitute "punishment" as understood within the meaning of the law, so that highway patrol board can take into consideration past driving violations before a previous suspension of a driver's license in suspending his license again. In re France, 147 M 283, 411 P 2d 732.

31-149. Period of suspension or revocation. (a) The board shall not suspend or revoke a driver's license or privilege to drive a motor vehicle on the public highways for a period of more than one (1) year, except as permitted under sections 31-148, 31-155, 53-424 and 53-430, R. C. M. 1947.

(b) Any person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked shall not be entitled to have such license or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of the period of such revocation or suspension, such person may make application for a new license as provided by law, but the board shall not then issue a new license unless and until it is satisfied after investigation of character, habits, and driving ability of such person that it will be safe to grant the privilege of driving a motor vehicle on the public highways. Provided, however, when any person is convicted or forfeits bail or collateral not vacated for the offense of operating or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor or narcotic drug, or knowingly or willingly under the influence of any other drug to a degree which

renders him incapable of safely driving a motor vehicle or a combination thereof, the board shall, upon receiving a report of such conviction or forfeiture of bail or collateral not vacated, suspend or revoke the license or driving privilege of such person for a period of sixty (60) days. Upon receiving a report of a conviction or forfeiture of bail or collateral for a subsequent such offense, within five (5) years thereof, the board shall suspend or revoke the license or driving privilege of such person for a period of one (1) year.

(c) The revocation period for all revocations made mandatory by section 31-146, R. C. M. 1947, shall be one (1) year, except as provided in subsection (b) of this section.

History: En. Sec. 33, Ch. 267, L. 1947; amd. Sec. 1, Ch. 126, L. 1957; amd. Sec. 1, Ch. 161, L. 1961; amd. Sec. 1, Ch. 339, L. 1969.

31-163. Driver license compact enacted—text. This act shall be known and may be cited as the "Driver License Compact."

ARTICLE I—FINDINGS AND DECLARATION OF POLICY

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II—DEFINITIONS

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III—REPORTS OF CONVICTION

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV—EFFECT OF CONVICTION

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V—APPLICATIONS FOR NEW LICENSES

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI—APPLICABILITY OF OTHER LAWS

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other co-operative arrangement between a party state and a nonparty state.

ARTICLE VII—COMPACT ADMINISTRATOR AND INTERCHANGE OF INFORMATION

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII—ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six (6) months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the

licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Jenkins v. Valley Garden Ranch, Inc., 151 M 463, 443 P 2d 753.

Where no road other than a county road was involved, it was not necessary to prove violation of this section in order for a landowner to recover from the owner of a stray mule for personal injuries sustained while trying to remove the mule. Ekwortzel v. Parker, 156 M 477, 482 P 2d 559.

32-1021. Flagmen escorts—prohibitions against nighttime herding on public highways. Livestock shall not be herded or driven on any interstate or state primary highways during nighttime as defined in section 90-406, R.C.M. 1947, except in a case of emergency. During the hours of darkness the flagmen escorts will use adequate warning lights such as, but not limited to, portable lamps, lanterns, or rotating beacons. This provision shall not apply during daytime at posted livestock crossings on highways.

History: En. Sec. 1, Ch. 90, L. 1967.

32-1112. (1748) Liability of owner for negligence of driver.

Gross Negligence

Despite record supporting conclusion that consumption of alcohol and its effect on driver's ability caused accident, question of driver's gross negligence was proper jury determination and precluded judgment for guest on directed verdict or notwithstanding the verdict. Hoffman v. Herzog, 158 M 296, 491 P 2d 713.

32-1113. (1748.1) Owner or operator of vehicle released, etc.

Intoxicated Driver

Question was for jury whether passenger injured in accident had assumed risk of going into car driven by man who had had several drinks or whether driver was grossly negligent; passenger has burden of showing that driver was grossly negligent which is defined as "failure to use slight care." Heen v. Tiddy, 151 M 265, 442 P 2d 434.

Jury Question

The question of gross negligence was properly submitted to the jury on evidence that defendant approached a known 90-degree turn at a speed of 35 to 40 miles per hour on a rough road despite warnings from the plaintiff guest and another passenger to slow down. Carter v. Miller, 140 M 426, 372 P 2d 421, 425.

The question of whether the action of a second defendant is an independent intervening cause in one for the jury and their finding will not be disturbed when there is substantial evidence to support it. Holland v. Konds, 142 M 536, 385 P 2d 272, 6 ALR 3d 824.

Pleading of Negligence

A general allegation of negligence in the complaint is sufficient to raise the issue of gross negligence. Carter v. Miller, 140 M 426, 372 P 2d 421, 424.

32-1114. (1748.2) Assumption of risk by guest in motor vehicle, when.

Passenger for Hire

Where a driver acting within the scope of his employment is carrying a passenger in a motor vehicle for the direct benefit of the driver's employer, such passenger is not a "guest passenger" who assumes the ordinary negligence of the driver, but a passenger for hire to whom this section does not apply. Kaplan v. Hauf, 158 M 359, 492 P 2d 213.

32-1122. (1751.1) **Regulation of size and weight of vehicles on public highways.** It shall be unlawful and constitute a misdemeanor for any person to drive or move, or for the owner to cause or knowingly permit to be driven or moved, on any public highway any vehicle or vehicles of a size or weight exceeding the limitations stated in this act, or any vehicle or vehicles which are not so constructed or equipped as

required in this act or the rules and regulations of the state highway commission, and the maximum size and weight of vehicles herein specified shall be lawful throughout this state, and local authorities shall have no power or authority to alter said limitations or substitute any other limitations or requirements except as express authority may be granted in this act. Provided, however, that the operator of a vehicle which has been loaded at a location where no scale exists can move said vehicle over the public highways to the first open state scale without incurring the penalties provided by section 32-1125, R. C. M. 1947. The origin of movement must be at such distance from a scale that the operator could not have been reasonably expected to check the weight of said vehicle during the loading thereof and the operator must exhibit shipping papers or other written evidence of the location at which the vehicle was loaded. The vehicle must proceed toward its destination over the most direct highway route and stop at the first open state scale, permanent or portable. The load must be adjusted or reduced to conform to existing limitations upon size and weight of vehicles before said vehicle shall be moved from the point of weighing.

Amendments

The 1969 amendment added the proviso.

32-1123. Standards of maximum dimensions, weights, etc. The following standards are hereby made applicable to and shall govern the maximum dimensions and weights of motor vehicles, and other characteristics and factors thereof, operating over the highways of and in the state of Montana, to the exclusion of any other standards or any other requirements respecting the subject matter:

(1) Definitions. For the purpose of this act, the following definitions shall apply:

(a) Vehicle—as defined in section 32-2102, R.C.M. 1947.

(b) Motor Vehicle—as defined in section 32-2102, R.C.M. 1947.

(c) Truck-Tractor—as defined in section 32-2103, R.C.M. 1947.

(d) Truck—as defined in section 32-2104, R.C.M. 1947.

(e) Trailer—as defined in section 32-2105, R.C.M. 1947.

(f) Semitrailer—as defined in section 32-2105, R.C.M. 1947.

(g) Dolly or converter gear—a device consisting of one (1) or two (2) axles with a fifth wheel and trailer tongue used to support the forward end of a semitrailer, thereby converting a semitrailer into a full trailer as defined in section 32-2105, R.C.M. 1947.

(2) Width—No vehicle, unladen or with load, shall have a total outside width in excess of one hundred two (102) inches, except buses which may have a total outside width not to exceed one hundred two (102) inches, and such bus width shall be allowed only on paved highways twenty (20) feet or more in width; provided, however, that this restriction does not apply to implements of husbandry moved or propelled upon the highway during daylight hours for a distance of not

more than one hundred (100) miles, if the movement is incidental to the farming operations of the owner of the implement of husbandry; provided, further, that with respect to such implements of husbandry having a width in excess of twelve (12) feet, it shall be preceded by a flagman escort for the purpose of warning other highway users, provided, however, that this restriction does not apply to dual wheel tractors under fifteen (15) feet over-all width which are used in farming operations. The rear of such an implement of husbandry shall properly display lights which meet standard requirements in section 32-21-134, R. C. M. 1947. However, if the highway passes through a hazardous area, such implements of husbandry must be preceded and followed by flagman escorts.

(3) Height—No vehicle, unladen or with load, shall exceed a height of thirteen (13) feet, six (6) inches.

(4) Length—(a) No single truck, unladen or with load, shall have an over-all length, inclusive of front and rear bumpers, in excess of thirty-five (35) feet.

(b) No single bus, unladen or with load, shall have an over-all length, inclusive of front and rear bumpers, in excess of forty (40) feet.

(c) No combination of truck and trailer, tractor and semitrailer, tractor-semitrailer-full trailer, or tractor-semitrailer-semitrailer converted to a full trailer by use of a dolly equipped with a fifth wheel, shall have an over-all length, inclusive of front and rear bumpers, in excess of sixty (60) feet, provided that when the combination consists of more than two (2) units the rear units of such combination shall be equipped with breakaway brakes.

(d) No motor vehicle shall tow more than one (1) motor vehicle and no motor vehicle shall draw more than two (2) motor vehicles attached thereto by the dual saddlemount method, that is by mounting the front wheels of one (1) vehicle on the bed of another leaving the rear wheels only of such vehicle in contact with the roadway, nor shall such combination have an over-all length, inclusive of front and rear bumpers, in excess of sixty (60) feet.

(e) No passenger vehicle or truck of less than two thousand (2,000) pounds "manufacturers' rated capacity" shall tow more than one (1) trailer or semitrailer, nor shall such combination have an over-all length, inclusive of front and rear bumpers, in excess of sixty (60) feet.

(5) Permissible Loads—(a) No axle shall carry a load in excess of eighteen thousand (18,000) pounds. An axle load shall be defined as the total load transmitted to the road by all wheels whose centers may be included between two (2) parallel transverse vertical planes forty (40) inches apart, extending across the full width of the vehicle.

(b) (i) The gross weight of any group of axles of any vehicle or combination of vehicles, when the distance between the first and last axles of any group of axles is eighteen (18) feet or less, and the gross weight of any vehicle when the distance between the first and last axles of all the axles of the vehicle is eighteen (18) feet or less, shall not exceed that set forth in the following table of weights:

Table of weights [Same as parent volume.]

(ii) The gross weight of any vehicle or combination of vehicles, where the distance between the first and last axles of the vehicle or combination of vehicles is more than eighteen (18) feet, shall not exceed that set forth in the following table of weights:

Table of weights [Same as parent volume.]

(c) The state highway commission may, based on evaluation of safety, highway capacity, and economics of highway maintenance and vehicle operation, authorize by special permit at a fee of ten dollars ($10), specifying highway routings, the operation of vehicles having two (2) but not more than nine (9) axles for which the maximum single axle load shall be twenty thousand (20,000) pounds and all axles forty (40) inches or less apart shall be considered a single axle, and for which no two (2) consecutive axles more than forty (40) inches or less than ninety-six (96) inches apart shall carry a load in excess of thirty-four thousand (34,000) pounds. The maximum gross weight allowed on any vehicle or combination so authorized shall be determined by the formula W equals 500 (LN/N minus 1 plus 12N plus 36) in which W equals gross weight, L equals wheel base in feet and N equals number of axles, provided that the maximum allowable gross weight on any group of axles shall not exceed the following values:

2 axles	40,000 pounds
3 axles	60,000 pounds
4 axles	80,000 pounds
5 axles	85,500 pounds
6 axles	90,000 pounds
7 axles	105,500 pounds
8 axles	105,500 pounds
9 axles	105,500 pounds

This subdivision shall have no application to highways which are a part of the national system of interstate and defense highways (as referred to in section 127 of title 23, United States Code) when such application would prevent this state from receiving any federal funds for highway purposes.

(d) The distance between axles shall be measured to the nearest foot. When a fractional measurement is exactly one-half (½) foot, the next larger whole number shall be used.

(e) The maximum axle and axle group loads stated in paragraphs (a), (b)(i) and (b)(ii) of clause (5) above are subject to reasonable reduction in the discretion of the state highway commission during periods when road subgrades have been weakened by water saturation or other causes.

(f). * * * [Same as (4)(f) in parent volume.]

(g) Nothing contained in this act shall be deemed to authorize, without a permit issued as provided by law, the operation of any combination of vehicles having any gross weight, axle load or size in excess of that authorized in this section, or the operation of any combination of vehicles on the national system of interstate and defense highways

having any gross weight or size in excess of that permitted by operation of law in this state prior to July 1, 1956, or by federal law or regulation in excess thereof, which may be hereafter adopted. If federal law allows establishment of size and weight limits in excess of those permitted in this section, without penalty or denial of federal funds for highway purposes, the state highway commission may, by permit designating highway routing, authorize the movement on highways under its jurisdiction of vehicles or combinations of vehicles of a size or weight in excess of the limits provided for in this section, but within the limits necessary to qualify for federal aid highway funds.

The 1973 amendment increased the permissible outside width for all vehicles except buses in subsection (2) from 96 to 102 inches; increased the distance over which implements of husbandry may be moved from 50 to 100 miles in the middle of subsection (2); deleted "and followed" following "it shall be preceded" in the second proviso to subsection (2); added the third proviso and the two final sentences to subsection (2); and made a minor change in style.

Mandatory Nature of Penalty

Once court determined that defendant was driving logging truck upon highways of state when gross weight exceeded maximum gross weight allowed by statute by some 28,000 pounds, court had no choice but to levy additional fine of $1,000 under penalty section of chapter; penalty is in addition to the other penalties provided by statute, is obligatory upon judge, is not violation of double jeopardy provision of constitution and does not violate statute providing that when action is punishable under different provisions of code, punishment may be had under only one of them. 32-1126. (1751.5) **Officers may weigh vehicles and require removal of excessive loads—badges and uniforms of highway employees.** Any peace officer, officer of the Montana highway patrol, or employees of the state highway commission are authorized and empowered to weigh any vehicle as provided in section 32-1123, R. C. M. 1947, either by means of portable or stationary scales, and may require that such vehicle be driven to the nearest scales in the event such scales are within two (2) miles. The peace officer, officer of the Montana highway patrol, or employees of the state highway commission may then require the driver to unload immediately such portion of the load as may be necessary to

decrease the weight of such vehicle to conform to the maximum allowable weights specified in section 32-1123.

All commodities and material so unloaded as required by this section shall be cared for and removed from the highway right of way by the owner or operator of such vehicle at the risk of such owner or operator. Such removal shall be within such reasonable time as may be designated by the peace officer, officer of the highway patrol, or employees of the Montana state highway commission who has compelled such unloading.

The state highway commission is empowered to establish, maintain, and operate, either intermittently or on a continuous schedule, weigh stations and be empowered to require all vehicles, except passenger cars, and pickup trucks under eight thousand (8,000) pounds G.V.W. to enter for the purpose of weighing and inspection for compliance with all laws pertaining to the operation and safety requirements.

Employees of the state highway commission engaged in the enforcement of this act shall wear and prominently display an identification badge or device with the employee's name and title shown thereon. The state highway commission may in its discretion authorize uniform dress for state highway commission employees engaged in the enforcement of this act.

Amendments

The 1971 amendment deleted "having reason to believe that the weight of a vehicle and load is unlawful" after "highway commission" near the beginning of the section; substituted "any vehicle as provided in section 32-1123, R. C. M. 1947" for "the same" near the middle of the first paragraph; and inserted the present third paragraph.

32-1127. (1751.6) Permits for excess size and weight. The state highway commission, and local authorities in their respective jurisdiction, may, in their discretion, upon application in writing and good cause being shown therefor, issue a special permit in writing, authorizing the applicant to operate or move a vehicle, combination of vehicles, load, object or any other thing of a size or weight exceeding the maximum specified in section 32-1123, R. C. M. 1947, or acts amendatory upon any highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible; provided, however, that only the state highway commission shall have the discretion to issue permits for movement of a vehicle or combination of vehicles carrying built-up or reducible loads in excess of nine (9) feet in width or exceeding the length, height, or weight specified in section 32-1123, R. C. M. 1947. Said permit shall be issued in the public interest; provided, however, that any carrier receiving this permit must have public liability and property damage insurance for the protection of the traveling public as a whole. No permit shall be issued for a period of time greater than the license provided in Title 53 or Title 32, R. C. M. 1947, as amended, including grace periods allowed by said sections. Vehicles licensed in other jurisdictions may, at the discretion of the Montana state highway commission, purchase permits to expire with their registration, provided that any license required by the state of Montana shall govern the issuance of a special permit. The Mon-

tana state highway commission may issue oversize permits to dealers in implements of husbandry and self-propelled machinery which may be transferred from unit to unit by the dealer for the fees set forth in paragraph (b). Such permits issued to dealers in implements of husbandry and self-propelled machinery shall expire on December 31 of each year with no grace period. For the purposes of this section, a dealer in implements of husbandry or self-propelled machinery shall be a resident of the state of Montana. A post-office box number shall not be a permanent address under this section.

The applicant for any special permit shall specifically describe the powered vehicle or towing vehicle and generally describe the type of vehicle, combination of vehicles, load, object, or any other thing to be operated or moved and the particular state highways over which the vehicle, combination of vehicles, load, object, or any other thing is to be moved and whether such permit is required for a single trip or for continuous operation. All fees collected under this act shall be forwarded to the state treasurer for deposit in the state highway general fund.

(a) Special permits—discretion of issuer—conditions. The state highway commission or local authority is authorized to issue or withhold such special permit at its discretion, or, if such permit is issued, to limit the number of trips, or to establish seasonal or other time limitations within which the vehicle, combination of vehicles, load, object, or any other thing described may be operated on the public highways indicated, or otherwise to limit or prescribe conditions of operation of such vehicle, combination of vehicles, load, object, or any other thing when necessary to assure against damage to the road foundation, surfaces or structures or safety of traffic and may require such undertaking or other security as may be deemed necessary to compensate for injury to any roadway or road structure.

(b) Special Permits—Fees. The following fees, in addition to the regular license and gross vehicle weight fees, shall be paid for all movements under special permits on the public highways under the jurisdiction of the state highway commission:

Six dollars ($6) for each permit issued in excess of the size and weight specified in section 32-1123, R. C. M. 1947, and acts amendatory thereto; provided, however, that term or blanket permits shall not be issued for overwidth vehicles, combination of vehicles, load or any other thing in excess of fifteen (15) feet, overlength vehicles, combination of vehicles, load, object or any other thing in excess of eighty-five (85) feet, and overheight vehicles, combination of vehicles, load or any other thing in excess of thirteen and one-half (13½) feet or of a limit determined by the state highway commission. A vehicle, combination of vehicles, load, or any other thing in excess of these dimensions will be limited to trip permits.

(c) A self-propelled vehicle used only for the purpose of moving haystacks on a commercial basis is subject to the provisions of this section except as follows:

1. The vehicle, loaded or unloaded, shall not exceed fifty-five (55) feet in length nor twenty (20) feet in width.

2. No single load shall be moved on such vehicle a distance greater than seventy-five (75) miles from the point of origin on public roads.

3. When the vehicle is hauling a load it shall be accompanied by two (2) pilot cars. Each car shall be equipped with a flashing warning light, a red flag, and a sign with the words "wide load" written thereon. One (1) car shall precede the vehicle by not less than one hundred (100) yards nor more than one-quarter (¼) mile and one (1) shall follow the vehicle at a distance not less than one hundred (100) yards nor more than one-quarter (¼) mile. The following pilot car shall be in radio contact with the vehicle at all times.

4. The speed of the vehicle shall be reasonable and proper but not in excess of thirty-five (35) miles per hour.

5. The vehicle shall be operated only between the hours of sunrise and sunset.

6. The vehicle may not be operated on an interstate or controlled-access highway.

7. A term or blanket permit may be issued for the vehicle.

(d) A fee of six dollars ($6) shall be paid for each overweight permit issued, provided no permit shall be issued for a period of time greater than the license provided in Title 53 or Title 32, R. C. M. 1947, as amended, including grace periods allowed by said sections. Vehicles licensed in other jurisdictions may, at the discretion of the Montana state highway commission, purchase permits to expire with their registration, provided that any license required by the state of Montana shall govern the issuance of a special permit. In addition to the permit fee, there shall be charged for single trip permits: five dollars ($5) for distances to and including one hundred (100) miles; fifteen dollars ($15) for distances from one hundred one (101) to one hundred ninety-nine (199) miles; and twenty-five dollars ($25) for distances over two hundred (200) miles traveled, for such excess load over the gross allowable load specified in this section or the sum of the excess axle loads, whichever is greater.

(e) Permits issued to the United States government, states, counties, cities and their political subdivisions, shall be issued without fee for a term beginning with the date of issuance and expiring December 31.

(f) Specal permits — misrepresentations and violations — penalty — display of permit. Any person who knowingly and willfully misrepresents the size of [or] weight of any vehicle, combination of vehicles, load, object or any other thing in obtaining a special permit or does not follow the requirements and conditions of the special permit or who operates any vehicle, combination of vehicles, load, object, or any other thing, the gross weight of which is in excess of the maximum for which such vehicle, combination of vehicles, load, object, or any other thing may be eligible for license, without first obtaining a special permit, is guilty of a misdemeanor.

Every special permit issued hereunder shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any peace officer, officer of the Montana highway patrol, or employees of the state highway commission.

A peace officer, officer of the Montana highway patrol, or employees of the state highway commission who shall find any person operating a vehicle, combination of vehicles, load, object, or any other thing in violation of the conditions of a special permit issued hereunder may confiscate such permit and forward the same to the state highway commission which may return it to the permittee or revoke, cancel, or suspend it without refund. The state highway commission shall keep a record of all action taken upon permits so confiscated and if a permit shall be returned to the permittee, the action taken by the commission shall be endorsed thereon. Any permittee whose permit is suspended or revoked may, upon request, receive a hearing before the commission or person designated by the commission. The commission, after such hearing, may reinstate any permit or revise its previous action.

The 1973 amendment substituted "filed as required by this act" near the beginning of subsection (b) for "filed in connection with the administration of the laws of this state relating to the deposit of security or proof of financial responsibility"; substituted "the report and supplemental information filed by law enforcement personnel, as required by this act" in subsection (b) for "such reports and supplemental information"; inserted "or by any driver, passenger or pedestrian involved in the accident" in the latter part of subsection (b); added "or if such person shall be deceased, by his executor or administrator or by the attorney representing such executor or administrator" at the end of subsection (b); and made a minor change in phraseology.

Inadmissibility in Evidence

Detour Signs and Barricades

Detour signs and "zebra board" barricades are official traffic-control devices when erected by public authority in conformity with provisions of the Highway Code; their use to block off an unopened section of highway under construction negatives any implied consent to use of the section. Gilleard v. Draine, — M —, 496 P 2d 83.

32-2124.3. Forest development road, special service road defined. For the purpose of this act a "forest development road" is defined as a road located on national forest lands or on a right of way acquired by the United States and used for the protection, administration and utilization of the national forests and other lands administered by the United States forest service; and a "special service road" is defined as a forest development road or segment thereof, the right of way for which is controlled by the United States and which is not a part of the highway system of the state or of a county or other public road authority of this state, designated by the forest service, pursuant to the regulations of the secretary of the United States department of agriculture, as a special service road for the purpose of controlling and regulating its use to accomplish the purposes of the secretary of agriculture's regulations applicable to the administration of the forest development transport system.

History: En. Sec. 3, Ch. 139, L. 1971.

32-2133. State highway commission to adopt sign manual.

Lack of Uniformity

Where plaintiff attempted to pass defendant's truck 250 feet from unmarked intersection, and was struck by defendant's truck as it started to make a left-hand turn, in reconciling this section with section 32-2156, which prohibits driving to the left of the center line 100 feet from intersection, it was not error on the judge's part to refuse to instruct jury on the latter section. Graveley v. Springer, 145 M 486, 402 P 2d 41.

Manual as Evidence

In action for wrongful death of driver of state highway truck killed while sanding road in snowstorm, it was error to admit into evidence Manual on Uniform Traffic Control Devices adopted by highway commission where manual required that appropriate signs be erected warning public of road work but did not specifically designate who was to erect them. 32-2137. **Traffic-control signal legend.** Whenever traffic is controlled by traffic-control signals exhibiting the words "Go," "Caution," or "Stop,"

or exhibiting different colored lights successively one at a time, or with arrows, the following colors only shall be used and said terms and lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) to (d). * * * [Same as parent volume.]

(e) Red with Traffic Sign Legend—Right Turn on Red After Stop:

1. Vehicular traffic facing such signal and legend shall stop and then may cautiously enter the intersection only to make the turn indicated by the legend but shall yield the right of way to pedestrians lawfully within the crosswalk and to other traffic lawfully using the intersection.

2. No pedestrian facing such signal and legend shall enter the roadway until the green or "Go" is shown alone.

(f) Traffic Control Signal at Place Other Than Intersection:

1. In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their very nature can have no application.

2. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.

Amendment

The 1963 amendment inserted a new subsection (e) and redesignated former subsection (e) as (f).

32-2142. Persons under the influence of intoxicating liquor or of drugs. (a) * * * [Same as parent volume.]

(b) In any criminal prosecution for a violation of paragraph (a) of this section relating to driving a vehicle while under the influence of intoxicating liquor, the amount of alcohol in the defendant's blood at the time alleged as shown by chemical analysis of the defendant's blood, urine, breath or other bodily substance, shall give rise to the following presumptions:

1. If there was at that time 0.05 per cent or less by weight of alcohol in the defendant's blood it shall be presumed that the defendant was not under the influence of intoxicating liquor:

2. If there was at that time in excess of 0.05 per cent but less than 0.10 per cent by weight of alcohol in the defendant's blood, such fact shall not give rise to any presumption that the defendant was or was not under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant:

3. If there was at that time 0.10 per cent or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of intoxicating liquor:

4. Per cent by weight of alcohol in the blood shall be based upon grams of alcohol per one hundred (100) cubic centimeters of blood:

5. * * * [Same as parent volume.]

(c) to (e) * * * [Same as parent volume.]

(f) The board shall forthwith revoke the license or permit to drive and operating privilege and any nonresident operating privilege of any person upon receiving a record of such person's conviction or forfeiture of bail not vacated under this section.

Amendments

The 1971 amendment reduced the percentage of alcohol required for presumption of intoxication, as specified in subdivisions 2 and 3 of subsection (b), from .15 per cent to .10 per cent; substituted "grams of alcohol per one hundred (100) cubic centimeters of blood" at the end of subdivision 4 for "milligrams of alcohol per one hundred (100) milligrams of blood"; and made minor changes in punctuation.

Effective Date

Section 2 of Ch. 132, Laws 1971 provided the act should be in effect from and after its passage and approval. Approved March 1, 1971.

Double Jeopardy

Conviction under this section did not bar subsequent prosecution for involuntary manslaughter arising out of the same incident because proof of involuntary manslaughter requires proof of an additional fact. State v. McDonald, 158 M 307, 491 P 2d 711.

Improperly Conducted Test

Although it was improper to admit results of blood test showing that deceased's blood contained 0.15% alcohol by weight where testimony disclosed that tube used to collect blood sample had previously contained formalin and formaldehyde which could have resulted in higher than actual alcohol content result, error was not reversible in view of other testimony concerning deceased's state of intoxication. Benner v. B. F. Goodrich Co., 150 M 97, 430 P 2d 648.

Jurisdiction of Justice of Peace

Since the driving of a vehicle on a highway while under the influence of intoxicating liquor is a misdemeanor under this section, it falls within the jurisdiction of a justice of the peace under section 93-410. Wilson v. Brodie, 148 M 235, 419 P 2d 306, 308.

32-2142.1. Chemical blood, breath, or urine tests. (a) Any person who operates a motor vehicle upon the public highways of this state shall be deemed to have given consent, subject to the provisions of section 32-2142, R. C. M., 1947, to a chemical test of his blood, breath, or urine for the purpose of determining the alcoholic content of his blood if arrested by a peace officer for driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor. The test shall be administered at the direction of a peace officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle upon the public highways of this state while under the influence of intoxicating liquor. The arresting officer may designate which one of the aforesaid tests shall be administered.

(b) Any person who is unconscious or who is otherwise in a condition rendering him incapable of refusal, shall be deemed not to have withdrawn the consent provided by paragraph (a) of this section.

(c) If a person under arrest refuses upon the request of a peace officer to submit to a chemical test designated by the arresting officer as provided in paragraph (a) of this section, none shall be given, but the Montana highway patrol board, upon the receipt of a sworn report of the peace officer that he had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle upon the public highways of this state while under the influence of intoxicating liquor and that the person had refused to submit to the test upon the request of the peace officer, shall suspend the license or

driving privilege of such person on the highways of this state for a period of sixty (60) days. Like refusal by a nonresident shall be subject to suspension by the board in like manner. All such suspensions are subject to review as hereinafter provided.

History: En. Sec. 1, Ch. 131, L. 1971.

Title of Act

An act to provide for an intoxication test and consent thereto, for persons arrested for driving while under the influence of intoxicating liquor, providing for suspension upon refusal of operator to submit to test, providing for an appeal of license suspension.

32-2142.2. Right of appeal to court. (a) Any person whose license or privilege to drive has been suspended, as hereinbefore authorized, the board shall immediately notify such person in writing and such person shall have the right to file a petition within thirty (30) days thereafter for a hearing in the matter in the district court in the county wherein such person shall reside and such court is hereby vested with jurisdiction and it shall be its duty to set the matter for hearing upon thirty (30) days' written notice to the county attorney of the county wherein the appeal is filed and such county attorney shall represent the state, and thereupon the court shall take testimony and examine into the facts of the case, except that the issues shall be limited to whether a peace officer had reasonable grounds to believe the person had been driving or was in actual physical control of a vehicle upon the public highways while under the influence of intoxicating liquor, whether the person was placed under arrest and whether such person refused to submit to the test. The court shall thereupon determine whether the petitioner is entitled to a license or is subject to suspension as heretofore provided.

(b) Upon the trial of any criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a motor vehicle while under the influence of intoxicating liquor, evidence of the amount of alcohol in the person's blood at the time of the act alleged as shown by a chemical analysis of his blood, breath, or urine is admissible.

(c) If the person under arrest refused to submit to the test as hereinabove provided, proof of refusal shall be admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor.

(d) The provisions of this act do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of intoxicating liquor.

History: En. Sec. 2, Ch. 131, L. 1971.

32-2142.3. Administration of tests. (a) Only a physician or registered nurse acting at the request of a peace officer may withdraw blood for the purpose of determining the alcoholic content therein. This limitation shall not apply to the taking of breath or urine specimens.

(b) The person tested may, at his own expense, have a physician or registered nurse, of his own choosing administer a test, in addition to any administered at the direction of a peace officer, for the purpose of

determining the amount of alcohol in his blood at the time alleged as shown by chemical analysis of his blood, breath or urine. The failure or inability to obtain an additional test by a person shall not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(c) Upon the request of the person tested full information concerning the test taken at the direction of the peace officer shall be made available to him or his attorney.

(d) No physician or registered nurse shall incur any civil or criminal liability as a result of the proper administering of a blood test when requested in writing by a peace officer to administer such a test.

(e) If the test given under the preceding section is a chemical test of urine, the person tested shall be given such privacy in the taking of the urine specimen as will insure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(f) The Montana highway patrol board in co-operation with the state board of health or any other appropriate agency, shall adopt uniform standards for the giving of blood alcohol tests and may require certification of training to administer such tests as deemed necessary.

History: En. Sec. 3, Ch. 131, L. 1971.

Separability Clause

Section 4 of Ch. 131, Laws 1971 read "If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application and to this end the provisions of this act are declared to be severable."

Repealing Clause

Section 5 of Ch. 131, Laws 1971 repealed all acts and parts of acts in conflict therewith.

32-2143.1. Permission of authorities to hold speed contest. No race or contest for speed shall be held and no person shall engage in or aid or abet in any motor vehicle speed contest or exhibition of speed on a public highway or street without written permission of the authorities of the state, county or city having jurisdiction and unless the same is fully and efficiently patrolled for the entire distance over which such race or contest for speed is to be held.

Title of Act

An act prohibiting speed contests and "drag racing" on the public highways or streets unless written permission is granted by the authorities having jurisdiction over such highways or streets; fixing penalty for violation of act.

32-2143.2. Penalty for unauthorized drag racing. Any person convicted for violation of this act shall be guilty of a misdemeanor and shall be punished by a fine of not less than fifty dollars ($50) or more than five hundred dollars ($500) or by imprisonment in the county or city jail for not more than six (6) months, or by both such fine and imprisonment.

32-2144. Speed restrictions—basic rule. (a). * * * [Same as parent volume.]

(b) Where no special hazard exists that requires lower speed for compliance with paragraph (a) of this section the speed of any vehicle not in excess of the limits specified in this section or established as hereinafter authorized, shall be lawful, but any speed in excess of the limits specified in this section or established as hereinafter authorized shall be unlawful:

1. Twenty-five (25) miles per hour in any urban district;

2. Thirty-five (35) miles per hour on any highways under construction or repairs;

3. Fifty-five (55) miles per hour in such other locations during the nighttime; except that the nighttime speed limit on those completed sections of interstate highways shall be sixty-five (65) miles per hour, however, the Montana highway commission shall have the authority to establish reduced night speed limits on curves and other dangerous locations as set forth in section 32-2145, R.C.M. 1947.

Daytime means from a half (½) hour before sunrise to a half (½) hour after sunset. Nighttime means at any other hour.

The speed limits set forth in this section may be altered as authorized in sections 32-2145 and 32-2146.

History: En. Sec. 41, Ch. 263, L. 1955; amd. Sec. 1, Ch. 190, L. 1967.

Amendments

The 1967 amendment added the exception concerning interstate highways at the end of the first paragraph of subdivision 3 of subsection (b).

Ordinary Negligence

This section refers to ordinary, prudent driving standards, and therefore is a standard for ordinary negligence and not gross negligence required for recovery by guest in action against driver. Hoffman v. Herzog, 158 M 296, 491 P 2d 713.

Snow Conditions

Mere showing of a collision killing a horse in open range country, an icy road condition and existence of uninterpreted skid marks failed to show violation of subdivision (a) of this section. Fries v. Shaughnessy, — M —, 496 P 2d 1159.

32-2146. When local authorities may and shall alter limits. (a) to (c) * * * [Same as parent volume.]

(d) Speed limits on all federal-aid highways or extensions thereof in all municipalities or urban areas shall be established by the highway commission which shall have exclusive jurisdiction on such highways as in compliance with section 32-2144, R. C. M. 1947.

History: En. Sec. 43, Ch. 263, L. 1955; amd. Sec. 1, Ch. 89, L. 1971.

Amendments

The 1971 amendment substituted a new subsection (d) for a subsection reading "Any alteration of speed limits on state highways or extensions thereof in a municipality by local authorities shall not be effective until such alteration has been approved by the commission."

32-2147. Minimum speed regulations. (a) No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow-moving vehicle, including a passenger vehicle, behind which four (4) or more vehicles are formed in line, shall turn off the roadway at the nearest place designated as a turnout by signs erected by the authority having juris-

diction over the highway, or wherever sufficient area for a safe turnout exists, in order to permit the vehicles following it to proceed. As used in this section a slow-moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place.

The department of highways is authorized to designate and construct such turnouts and to erect signs at appropriate places advising motorists of this statute.

History: En. Sec. 44, Ch. 263, L. 1955; amd. Sec. 1, Ch. 387, L. 1973.

Amendments

The 1973 amendment deleted from subsection (a) a second paragraph relating to police directions to slow drivers; and added the present second and third paragraphs to subsection (a).

Effective Date

Section 2 of Ch. 387, Laws 1973 provided the act should be in effect from and after its passage and approval. Approved March 20, 1973.

Instructions

Where plaintiff's son was killed when car in which he was riding struck rear of defendant's truck which had just turned onto highway, it was reversible error for court to instruct jury on slow speed statute (this section) without requiring that plaintiff show truck had been on road sufficient time to attain a normal speed. Hageman v. Townsend, 144 M 510, 398 P 2d 612.

Purpose

The purpose of this section is rooted in the recognition that the slow driver may be the cause of fatal highway accidents as well as the fast driver. Hageman v. Townsend, 144 M 510, 398 P 2d 612.

32-2148. Special speed limitations on trucks, truck-tractors, motor-driven cycles and vehicles towing house trailers. (a) No person shall operate any truck or truck-tractor the gross weight of which exceeds eight thousand (8,000) pounds at a speed greater than sixty-five (65) miles per hour on those completed sections of interstate and four-lane divided highways, and sixty (60) miles per hour on those completed sections of primary and secondary highways; provided, however, that truck nighttime speed limit shall not exceed that of automobiles as stated in section 32-2144, R. C. M. 1947.

History: En. Sec. 45, Ch. 263, L. 1955; amd. Sec. 1, Ch. 241, L. 1957; amd. Sec. 1, Ch. 119, L. 1961; amd. Sec. 1, Ch. 253, L. 1971.

Amendments

The 1971 amendment substituted "sixty-five (65) miles per hour * * * as stated in section 32-2144, R. C. M. 1947" for "fifty (50) miles per hour" at the end of subsection (a).

32-2151. Drive on right side of roadway—exceptions.

Application

Defendant's proposed instruction in automobile accident case placing duty upon plaintiff to drive on right side of roadway at all times and under all conditions, and which made plaintiff absolutely negligent as matter of law if she failed to do so, was not entirely correct statement of law and therefore properly refused since this section and section 32-2153 provide exceptions to rule that one must drive upon right side of roadway. Lamb v. Page, 153 M 171, 455 P 2d 337.

Backing over Center-line

Where the evidence conclusively established that defendant's tractor-trailer was backed over the highway center-line into decedent's traffic lane, defendant's driver was negligent as a matter of law. Hurly v. Star Transfer Co., 141 M 176, 376 P 2d 504, 507.

32-2153. Overtaking a vehicle on the left.

Duty of Overtaking Vehicle

Undisputed evidence that defendant waited until he was 20 to 25 feet behind plaintiff's vehicle, which was traveling at 55 m.p.h., before moving to the left to pass on an interstate with divided lanes and a clear passing lane, showed that defendant was negligent in following too closely under the conditions, and summary judgment for plaintiff on issue of liability was proper even though there was evidence that defendant's power steering failed when he tried to move to left. Farris v. Clark, 158 M 33, 487 P 2d 1307.

32-2156. Further limitations on driving to left of center, etc.

Contributory Negligence

Plaintiff driving to the left side of the roadway while within one hundred feet of or traversing an intersection in attempting to pass truck was guilty of contributory negligence in collision with truck attempting to make a left turn. Rader v. Nicholls, 140 M 459, 373 P 2d 312, 313.

Where plaintiff attempted to pass defendant's truck 250 feet from unmarked intersection, and was struck by defendant's truck as it started to make a left-hand turn, in reconciling this section with section 32-2133, which provides for a uniform system of traffic control devices, it was not error on the judge's part to refuse to instruct the jury on the provisions of this section. Graveley v. Springer, 145 M 486, 402 P 2d 41.

Intersection

An intersection is formed when two publicly maintained ways join at any angle. Rader v. Nicholls, 140 M 459, 373 P 2d 312, 313.

Reliance on Markings

Defendant, who attempted to pass plaintiff's truck within one hundred feet of intersection, in violation of this section, was not negligent per se, since defendant was entitled to rely on the broken white center line, which indicated that passing could be done lawfully at the point where the accident occurred. Faucette v. Christensen, 145 M 28, 400 P 2d 883.

Turning Vehicle

Plaintiff traveling at slow rate of speed on highway and indicating left turn with automatic signal, then turning left onto country road, was exercising proper care in turning, and driver, who struck plaintiff while attempting to pass while plaintiff was turning was negligent and proximate cause of accident, even though area may not have been an intersection within the meaning of this section and even though highway markings did not prohibit passing. Gammel v. Dees, — M —, 498 P 2d 1204.

32-2157. No-passing zones.

Duty of Other Driver

This section does not absolve a driver intending to turn left from the obligation under section 32-2167 of making certain that the turn can be made with reasonable safety so that plaintiff was contributorily negligent in failing to look to the rear before turning even though defendant was passing him in a no-passing zone. Bellon v. Heinzig, 347 F 2d 4.

32-2159. Driving on roadways laned for traffic.

Backing over Center-line

Where the evidence conclusively established that defendant's tractor-trailer was backed over the highway center-line into decedent's traffic lane, defendant's driver was negligent as a matter of law. Hurly v. Star Transfer Co., 141 M 176, 376 P 2d 504, 507.

32-2160. Following too closely.

Preparing to Overtake

Undisputed evidence that defendant, rapidly approaching from behind, waited until he was 20 to 25 feet from plaintiff's vehicle, which was traveling at 55 m.p.h., before moving to the left to pass on an interstate with divided lanes and a clear passing lane, showed that defendant was negligent in following too closely under the conditions, and summary judgment

for plaintiff on issue of liability was proper even though there was evidence that defendant's power steering failed when he tried to move to left. Farris v. Clark, 158 M 33, 487 P 2d 1307.

32-2167. Turning movements and required signals.

Duty To Look to Rear

Since there is no exception to this section for unlawful passing, plaintiff had the affirmative duty to look to the rear, as well as forward, and was contributorily negligent in not looking to the rear before making a left-hand turn, since he could not rely on the presumption that he would not be passed in a no-passing zone. Bellon v. Heinzig, 347 F 2d 4.

Knowledge of Safety Not Required

This section requires that a person making a turning movement take reasonable precautions under the circumstances, but it does not require that such person know with absolute certainty that the turning movement can be made with safety. Holland v. Konda, 142 M 536, 385 P 2d 272, 6 ALR 3d 824.

32-2170. Vehicle approaching or entering intersection. (a) When two (2) vehicles enter or approach an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.

(b) The right of way rule declared in paragraph (a) is modified at through highways and otherwise as hereinafter stated in this article.

History: En. Sec. 67, Ch. 263, L. 1955; amd. Sec. 1, Ch. 175, L. 1965.

Amendment

The 1965 amendment deleted a former paragraph (a), for text of which see parent volume; appropriately redesignated the remaining paragraphs; inserted "or approach" after "enter" near the beginning of present paragraph (a); and deleted from present paragraph (b) a reference to former paragraph (a).

Repealing Clause

Section 2 of Ch. 175, Laws 1965 repealed all acts and parts of acts in conflict therewith.

32-2171. Vehicle turning left at intersection.

Additional Duties

This section does not purport to catalogue all the rights and duties of a driver intending to turn left and does not negative the existence of an additional duty to maintain a proper lookout for vehicles approaching from the rear, even where plaintiff was making a left turn in a no-passing zone. Bellon v. Heinzig, 347 F 2d 4.

32-2173. Vehicle entering highway from private road, driveway or public approach ramp. The driver of a vehicle about to enter or cross a highway from a private road, driveway or public approach ramp shall yield the right of way to all vehicles approaching on said highway.

History: En. Sec. 70, Ch. 263, L. 1955; amd. Sec. 1, Ch. 52, L. 1965.

Amendment

The 1965 amendment inserted "or public approach ramp."

Public Approach Ramp

Exit on state right of way from gravel road intersecting paved frontage road to interstate highway was public approach ramp within meaning of this section. Pachek v. Norton Concrete Co., — M —, 499 P 2d 766.

32-2174. Vehicles approaching "Yield" sign. When the intersection is designated by the commission, or the local authority having jurisdiction, as a "Yield" intersection, the driver of a vehicle approaching the "Yield" sign shall slow to a speed of not more than fifteen (15) miles per hour and

yield right of way to all vehicles approaching from the right or left on the intersecting roads, or streets, which are so close as to constitute an immediate hazard. If a driver is involved in a collision at an intersection or interferes with the movement of other vehicles after driving past a "Yield" sign, such collision or interference shall be deemed evidence of the driver's failure to yield right of way.

History: En. Sec. 71, Ch. 263, L. 1955; amd. Sec. 1, Ch. 96, L. 1963.

Amendment

The 1963 amendment deleted "Right of Way" following "Yield" within the quotation marks in three places.

32-2191. Obedience to signal indicating approach of train.

Jury Instructions

Failure of trial court to instruct jury that decedent had been contributorily negligent if he failed to stop, look and listen when either tracks or highway signs indicated the presence of a railway crossing was reversible error. O'Brien v. Great Northern Ry. Co., 145 M 13, 400 P 2d 634, cert. den. 387 US 920, 87 S Ct 2034.

32-2197. Overtaking and passing school bus. (a) The driver of a vehicle upon a highway outside the corporate limits of any city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such school bus when there is in operation on said bus a visual flashing red signal as specified in section 32-21-132 and said driver shall not proceed until such school bus resumes motion, and in addition the driver of a vehicle must slow and proceed with caution when meeting or overtaking from either direction any school bus which is preparing to stop on the highway for the purpose of receiving or discharging any school children as indicated by flashing amber lights as specified in section 32-21-132.

(b) Every bus used for the transportation of school children shall bear upon the front and rear thereof plainly visible signs containing the words "SCHOOL BUS" in letters not less than eight (8) inches in height,

and in addition shall be equipped with visual signals meeting the requirements of section 32-21-132. Amber flashing lights shall be actuated by the driver approximately one hundred and fifty (150) feet in cities, and approximately five hundred (500) feet in other areas before the bus is stopped to receive or discharge school children. Red lights shall be actuated by the driver of said school bus whenever but only whenever such vehicle is stopped on the highway for the purpose of receiving or discharging school children.

Amendments

32-21-118. Tail lamps.

County Road Grader

Bernhard v. Lincoln County, 150 M 557, 437 P 2d 377.

32-21-130. Lamps on other vehicles and equipment—emblem to be used on certain slow-moving vehicles—slow-moving vehicles to permit overtaking vehicles to pass. (a) Every vehicle, including animal-drawn vehicles and vehicles referred to in section 32-21-114 (c), not specifically required by the provisions of sections 32-21-114 to 32-21-153 to be equipped with lamps or other lighting devices, shall at all times specified in section 32-21-115 be equipped with at least one (1) lamp displaying a white light visible from a distance of not less than five hundred (500) feet to the front of said vehicle, and shall also be equipped with two (2) lamps displaying red light visible from a distance of not less than five hundred (500) feet to the rear of said vehicle, or as an alternative, one (1) lamp displaying a red light visible from a distance of not less than five hundred (500) feet to the rear and two (2) red reflectors visible for distances of one hundred (100) to six hundred (600) feet to the rear when illuminated by the upper beams of head lamps.

(b) It shall be unlawful, after January 1, 1970, for any person to operate on the roadway of any state highway, farm, rural or county roads and city streets of this state any slow-moving vehicle or equipment, any animal-drawn vehicle, or any other machinery designed for use at speeds less than twenty-five (25) miles per hour, including all road construction or maintenance machinery, except when engaged in actual construction or maintenance work either guarded by a flagman or clearly visible warning signs, which normally travels or is normally used at a speed of less than twenty-five (25) miles per hour unless there is displayed on the rear thereof an emblem as described in and displayed as provided in subsection (c) of this section. M. 1947, the driver of a slower-moving, overtaken vehicle shall, at the first opportunity, whenever sufficient area for a safe turnout exists, move the overtaken vehicle off the main-traveled portion of the highway until the overtaking vehicle is safely clear of the overtaken vehicle.

History: En. Sec. 127, Ch. 263, L. 1955; amd. Sec. 1, Ch. 247, L. 1969.

Amendments

The 1969 amendment added subsections (b) through (e); and designated the first paragraph as subsection (a).

(b) Every authorized emergency vehicle shall, in addition to any other equipment and distinctive markings required by this act, be equipped with signal lamps mounted as high and as widely spaced laterally as practicable, which shall be capable of displaying to the front two (2) alternately flashing red lights located at the same level and to the rear two (2) alternately flashing red lights located at the same level, and these lights shall have sufficient intensity to be visible at five hundred (500) feet in normal sunlight.

(c) Every bus used for the transportation of school children shall, in addition to any other equipment and distinctive markings required by this act, be equipped with signal lamps mounted as high and as widely spaced laterally as practicable, displaying to the front two (2) red and two (2) amber alternating flashing lights and to the rear two (2) red and two (2) amber alternating flashing lights. These lights shall have sufficient intensity to be visible at five hundred (500) feet in normal sunlight. The warning lights shall be of a type, and located on each bus, as prescribed by the state board of education and approved by the supervisor of the highway patrol.

(d) A police vehicle when used as an authorized emergency vehicle may but need not be equipped with alternately flashing red lights specified herein. The use of the signal equipment described herein shall impose upon drivers of other vehicles the obligation to yield right of way and stop as prescribed in sections 32-2175 and 32-2197.

History: En. Sec. 129, Ch. 263, L. 1955; amd. Sec. 1, Ch. 40, L. 1959; amd. Sec. 1, Ch. 250, L. 1965.

Amendment

32-21-143. Repealed.

Repeal

This section (Sec. 140, Ch. 263, L. 1955; Sec. 1, Ch. 81, L. 1957) relating to brakes required on vehicles, was repealed by Sec. 5, Ch. 139, Laws 1965.

32-21-143.1. Brake equipment required. Every motor vehicle, trailer, semitrailer and pole trailer, and any combination of such vehicles operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(a) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in sections 32-2102 (h) and 53-639, R. C. M., 1947, shall be equipped with service brakes complying with the performance requirements of section 2 [32-21-143.2] of this act and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(b) Parking brakes—adequacy. Every such vehicle and combination of vehicles, except motorcycles and motor-driven cycles, shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(c) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

1. Trailers, semitrailers, pole trailers of a gross weight not exceeding three thousand (3,000) pounds, provided that:

a. The total weight on and including the wheels of the trailer or trailers shall not exceed forty per cent (40%) of the gross weight of the towing vehicle when connected to the trailer or trailers, and

b. The combination of vehicles, consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of section 2 [32-21-143.2] of this act.

2. Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of section 2 [32-21-143.2] of this act.

3. Trucks and truck-tractors having three (3) or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. However, such trucks and truck-tractors must be

capable of complying with the performance requirements of section 2 [32-21-143.2] of this act.

4. Special mobile equipment as defined in section 32-2102 (h) and 53-639, R. C. M., 1947.

5. The wheel of a sidecar attached to a motorcycle or to a motor-driven cycle, or the front wheel of a motor-driven cycle need not be equipped with brakes, provided that such motorcycle or motor-driven cycle is capable of complying with the performance requirements of section 2 [32-21-143.2] of this act.

(d) Automatic trailer brake application upon breakaway. Every trailer, semitrailer and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer and pole trailer with a gross weight in excess of three thousand (3,000) pounds, manufactured or assembled after January 1, 1966, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen (15) minutes, upon breakaway from the towing vehicle.

(e) Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1966, and used to tow a trailer, semitrailer or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(f) Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1966, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(g) Two means of emergency brake operation. 1. Air brakes. After January 1, 1966, every towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, shall be equipped with two (2) means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure which shall be not lower than twenty (20) pounds per square inch nor higher than forty-five (45) pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

2. Vacuum brakes. After January 1, 1966, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (h), a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other

pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(h) Single control to operate all brakes. After January 1, 1966, every motor vehicle, trailer, semitrailer and pole trailer, and every combination of such vehicles, except motorcycles and motor-driven cycles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control on the towing vehicle.

(i) Resorvoir capacity and check valve. 1. Air brakes. Every bus, truck or truck-tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering such reservoir pressure by more than twenty per cent (20%). Each reservoir shall be provided with means for readily draining accumulated oil or water.

2. Vacuum brakes. After January 1, 1966, every truck with three (3) or more axles equipped with vacuum assistor type brakes and every truck-tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty per cent (40%).

3. Reservoir safeguarded. All motor vehicles, trailers, semitrailers and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(j) Warning devices. 1. Air brakes. Every bus, truck or truck-tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the air reservoir pressure of the vehicle is below fifty per cent (50%) of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

2. Vacuum brakes. After January 1, 1966, every truck-tractor and truck used for towing a vehicle equipped with vacuum operated brakes

and every truck with three (3) or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than eight (8) inches of mercury.

3. Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement.

DECISIONS UNDER FORMER LAW

Double Jeopardy

Conviction under former section 32-21-143 did not bar prosecution for involuntary manslaughter arising out of the same accident in subsequent action, because proof of the latter requires proof of an additional fact. State v. McDonald, 158 M 307, 491 P 2d 711.

32-21-143.2. Performance ability of brakes. Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, upon application of the service brake, shall be capable of:

32-21-143.3. Maintenance of brakes. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle.

History: En. Sec. 3, Ch. 139, L. 1965.

32-21-143.4. Hydraulic brake fluid. (a) The term "hydraulic brake fluid" as used in this section shall mean the liquid medium through which force is transmitted to the brakes in the hydraulic brake system of a vehicle.

(b) Hydraulic brake fluid shall be distributed and serviced with due regard for the safety of the occupants of the vehicle and the public.

(c) The Montana highway patrol board shall, after public hearing following due notice, adopt and enforce regulations for the administration of this section and shall adopt and publish standards and specifications for hydraulic brake fluid which shall correlate with, and so far as practicable conform to, the then current standards and specifications of the society of automotive engineers applicable to such fluid.

(d) No person shall distribute, have for sale, offer for sale, or sell any hydraulic brake fluid unless it complies with the requirements of this

section. No person shall service any vehicle with brake fluid unless it complies with the requirements of this section.

History: En. Sec. 4, Ch. 139, L. 1965.

Repealing Clause

Section 5 of Ch. 139, Laws 1965 read "Repealing section 32-21-143, R. C. M. 1947, and all acts or parts of acts in conflict herewith."

32-21-149. Restrictions as to tire equipment. (a). * * * [Same as parent volume.]

(b) No person shall operate or move on any highway any motor vehicle, trailer, or semitrailer having any metal tire in contact with the roadway.

(c) No tire on a vehicle moved on a highway shall have on its periphery any block, stud, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it shall be permissible to use farm machinery with tires having protuberances which will not injure the highway, and except also that it shall be permissible to use tire chains of reasonable proportions or pneumatic tires, the traction surfaces of which have been embedded with material such as wood, wire, plastic or metal, which shall in no instance protrude more than one-sixteenth (1/16) of an inch beyond the tire tread, upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. The use of pneumatic tires embedded as herein provided shall be permitted only between the first day of October and the last day of May of each year, except that one such tire may be used for a spare in case of tire failure. School buses equipped with such embedded pneumatic tires may operate from August 15 through the following June 15.

(d) * * * [Same as parent volume.]

(e) Any person violating the terms of this act shall be guilty of misdemeanor.

Amendments

The 1967 amendment inserted "the" before "roadway" in subsection (b); and inserted "or pneumatic tires, the traction surfaces of which have been embedded with material such as wood, wire, plastic or metal" after "proportions" in subsection (c).

The 1971 amendment inserted "which shall in no instance protrude more than one-sixteenth (1/16) of an inch beyond the tire tread" near the end of the first sentence of subsection (c); added the second sentence to subsection (c); and added subsection (e).

The 1973 amendment added the last sentence to subsection (c).

M. 1947, inclusive, upon the public highways without having first equipped the rearmost wheels or set of wheels

of such vehicle with fenders, splash aprons or flaps. Such fenders, splash aprons or flaps shall be designed, constructed and attached to the vehicle in such manner so as to arrest and deflect dirt, mud, water, rocks and other substances which may be picked up by the rear wheels of such vehicle and thrown into the air, as follows:

(1) If the vehicle is equipped with fenders the same shall extend in full width from a point above and forward of the center of the tire or tires over and to the rear thereof.

(2) If the vehicle is equipped with splash aprons or flaps the same shall extend downward in full width from a point not lower than halfway between the center of the tire or tires and the top of said tire or tires and to the rear thereof.

(3) If the vehicle is in excess of eight thousand (8,000) pounds gross vehicle weight, such fenders, splash aprons or flaps shall extend downward to a point that is not more than ten (10) inches above the surface of the highway when the vehicle is empty.

(b) Fenders, splash aprons or flaps, as used in paragraph (a) of this section shall be deemed to be of sufficient size and construction as to comply with the requirements thereof, if constructed as follows:

(1) When measured on the cross-sections of the tread of the wheel or on the combined cross-sections of the treads of multiple wheels, such fender, splash apron or flap extends at least to each side of the width of the tire or of the combined width of the multiple tires, as the case may be; and

(2) Such fender, splash apron or flap is so constructed as to be capable at all times of arresting and deflecting such dirt, mud, water, or other substance as may be picked up and carried by such wheel or wheels.

(c) Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than ten dollars ($10) nor more than twenty-five dollars ($25), or by imprisonment in the county jail for a period of not more than thirty (30) days, or by both such fine and imprisonment.

32-21-166. Vehicle equipment safety compact—text. This act shall be known and may be cited as the "Vehicle Equipment Safety Compact."

ARTICLE I—FINDINGS AND PURPOSES

(a) The party states find that: (1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

(2) There is a vital need for the development of greater interjurisdictional co-operation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish

this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this compact are to: (1) Promote uniformity in regulation of and standards for equipment.

(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this article.

(c) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II—DEFINITIONS

As used in this compact: (a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(b) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(c) "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III—THE COMMISSION

(a) There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

(b) The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairman, a vice-chairman and a treasurer. The commission may appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

(f) The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

(h) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

(i) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(j) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency

or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(k) The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE IV—RESEARCH AND TESTING

The commission shall have power to: (a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

(b) Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

(d) Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or co-ordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V—VEHICULAR EQUIPMENT

(a) In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty (60) days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(b) Following the hearing or hearings provided for in subdivision (a) of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

(c) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(d) The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(e) If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(f) Except as otherwise specifically provided in or pursuant to subdivisions (e) and (g) of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six (6) months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(g) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI—FINANCE

(a) The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: one-third (1/3) in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall

indicate the source or sources used in obtaining information concerning vehicular registrations.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under Article III (h) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under Article III (h) hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII—CONFLICT OF INTEREST

(a) The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

(b) Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor

to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII—ADVISORY AND TECHNICAL COMMITTEES

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may co-operate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX—ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into force when enacted into law by any six (6) or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one (1) year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE X—CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

Judicial Review

Where state highway commission conducted investigations and held hearings to determine number of interchanges and their location with respect to new interstate highway and nearby town, and agreed that one interchange was sufficient, district court abused its discretion in issuing writ of mandamus ordering commission to construct two such interchanges since commission complied with this section and its decision cannot be disturbed unless clear abuse of discretion is shown. Woodahl v. State Highway Commission, 155 M 32, 465 P 2d 818.

CHAPTER 26—DISTRIBUTION AND APPORTIONMENT OF HIGHWAY CONSTRUCTION FUNDS

Section 32-2601. Distribution and use of proceeds of gasoline dealers' license tax.
32-2603. Districts for apportionment of commission funds.
32-2604. Construction or reconstruction of bridges.
32-2605. Apportionment of state construction funds.
32-2606. Apportionment of state funds to federal-aid primary highway system.
32-2607. Apportionment of state funds to federal-aid secondary highway system.
32-2608. Secondary highway information.
32-2609. Apportionment of state funds to federal-aid interstate highway system.
32-2610. Increases in expenditures.
32-2611. Apportionment of state funds to federal-aid urban highways.
32-2612. Interim apportionment to match federal-aid funds.

32-2601. Distribution and use of proceeds of gasoline dealers' license tax. All money received in payment of license taxes under the provisions of sections 84-1845 to 84-1855, except those amounts paid out of the state board of equalization's suspense account for gasoline tax refund shall be used and expended as provided in this section. So much of such money on hand at any time as may be needed to pay highway bonds and interest thereon when due and to accumulate and maintain a reserve therefor, as provided in laws and in resolutions of the state board of examiners authorizing such bonds, shall be deposited in the highway bond account in the sinking fund established by section 79-410. The legislative assembly hereby finds as a fact that the principal and interest and reserve requirements of bonds so authorized are a necessary cost of administering laws under which gasoline license taxes are derived, payment of highway obligations, and cost of construction, reconstruction, maintenance and repair of public highways, roads, streets, and bridges. Subject to the foregoing provision, six-tenths of one per cent (.6%) of all such money shall be deposited in the state park account in the earmarked revenue fund. All of the remainder of such money shall be used and expended by the state highway commission on the federal-aid highways in this state selected and designated under the provisions of the Federal-Aid Act, approved July 11, 1916, and the Federal Highway Act, approved November 9, 1921, and all amendments thereto, and on highways leading from each county seat in the state to said federal highway system of federal-aid roads where such county seat is not on said system, and on such other roads as have been or may be authorized by the laws of Montana, and for collection of the license taxes and the enforcement of the Montana highway code, pursuant to the provisions of article XII, section 1b of the constitution of the state of Montana. It shall be the duty of the state highway commission, in expending such money, to carry forward construction from year to year, using the money expended through the matching up of federal-aid allotments to Montana upon the said federal highway system of highways in the various parts of the state in accordance with the provisions of sections 32-2605 through 32-2607; provided that nothing in this act shall be construed to conflict with said federal-aid highway acts and the rules by which they are administered. The state highway commission is authorized to enter into co-operative agreements with the national park service and the bureau of public roads for the purpose of maintaining national park approach roads in Montana.

Money credited to the state park account in the earmarked revenue fund shall be used only for the creation, improvement, and maintenance of state parks where motor boating is allowed, except for the payment of refunds as provided in section 84-1818, R.C.M. 1947. The legislative assembly hereby finds as a fact that of all the fuel sold in the state of Montana for consumption in internal combustion engines, not less than six-tenths of one per centum (.6%) is used for propelling boats on waterways of this state.

The 1967 amendment reduced the percentage deposited in the state park account and the percentage specified in the second sentence of the second paragraph from one per cent to six-tenths of one per cent; substituted "section 32-2605 through 32-2607" for "sections 4-308 through 4-310" in the third sentence (now the sixth sentence) of the first paragraph; and added "except for the payment of refunds as provided in section 84-1818, R. C. M. 1947" at the end of the first sentence of the second paragraph.

The 1971 amendment inserted new first, second and third sentences in the first paragraph; inserted "Subject to the foregoing provision" at the beginning of the fourth sentence of the first paragraph; deleted "except that amount paid out of the state board of equalization's suspense account for gasoline tax refund" after "All other money received" at the beginning of the fifth sentence of the first paragraph; and made minor changes in phraseology and style.

The 1973 amendment deleted "pursuant to the provisions of article XII, section 1b of the constitution of the state of Montana" at the end of the third sentence in the first paragraph.

32-2604. Construction or reconstruction of bridges. (1) The commission may allocate from state construction moneys available for the federal-aid highway system up to one million dollars ($1,000,000) in any fiscal year for the construction or reconstruction of any major bridge or system of bridges on the primary or secondary highway systems. This may be done only when the use of regularly apportioned funds would

prohibit or seriously delay the orderly and necessary highway construction program in the financial districts.

(2) When the commission, as a part of its finding of public necessity, declares that a particular bridge should be constructed or reconstructed on a designated portion of the primary or secondary highway, the allocation may be made. The allocation may be expended:

(a) On primary bridges when the engineer's estimate of the cost of construction or reconstruction is in excess of five hundred thousand dollars ($500,000).

(b) On secondary bridges when the engineer's estimate of the state's share of the cost of construction or reconstruction is in excess of the total estimated future regular apportionment of state construction moneys to the federal-aid secondary system of the county or counties for a period of three (3) years.

(3) The allocation shall be made from available state construction moneys for the primary system before the apportionment provided for in section 4-309 [32-2606], and for the secondary system before the apportionment provided for in section 4-310 [32-2607].

History: En. Sec. 4-307, Ch. 197, L. 1965.

32-2605. Apportionment of state construction funds. Annually, beginning July 1, 1965, and at the beginning of each fiscal year thereafter, the commission shall apportion available state construction funds to the various federal-aid highway systems as may be required to match the amounts of federal aid available for expenditure on each respective system, provided that the state's share of the cost of final judgments in court awards made to construction contractors on state highway construction projects during the previous fiscal year may be deducted from funds available prior to the apportionments provided in this section and such cost shall be credited to the accounts of the highway system, financial district, county or urban city involved as an offset to the charges made to such accounts as a result of such final judgment. Said deductions may be made only when the amount of such judgments would prohibit or seriously impair the highway construction program in a financial district, county or urban city.

History: En. Sec. 4-308, Ch. 197, L. 1965; amd. Sec. 1, Ch. 283, L. 1971.

Amendments

The 1971 amendment added the proviso to the first sentence; and added the second sentence.

Effective Date

Section 2 of Ch. 283, Laws 1971 provided the act should be in effect from and after its passage and approval. Approved March 11, 1971.

32-2606. Apportionment of state funds to federal-aid primary highway system. (1) Annually, beginning July 1, 1965, and at the beginning of each fiscal year thereafter, the commission shall determine the amount of incompleted mileage of the federal-aid primary system within each of the financial districts.

(a) As a basis for determination of incompleted mileage, the commission shall compare the present condition of the system with the latest

approved state standards. Any mileage failing to meet those standards shall be included in the determination as partially completed. The proportion of completion shall be determined by estimating the amount of work which must be performed to complete the highway.

(2) The commission shall then compute the ratio between the incompleted mileage in each district and the total incompleted mileage of the federal-aid primary system in the state.

(3) The commission shall then apportion available state construction funds to the federal-aid primary system in each district on the basis of the computed ratio.

History: En. Sec. 4-309, Ch. 197, L. 1965.

32-2607. Apportionment of state funds to federal-aid secondary highway system. (1) Annually, beginning July 1, 1965, and at the beginning of each fiscal year thereafter, the commission shall apportion available state construction funds for the federal-aid secondary highway system among the financial districts. The proportion which each district shall receive shall be computed on the following basis:

(a) One-fourth (¼) in the ratio of land area in each district to the total land area in the state.

(b) One-fourth (¼) in the ratio of the rural population in each district to the total rural population in the state.

(c) One-fourth (¼) in the ratio of the rural road mileage in each district to the total rural road mileage in the state.

(d) One-fourth (¼) in the ratio of value of rural lands in each district to the total value of rural lands in the state.

(2) Funds apportioned to each district shall be further apportioned to each county therein on the same basis, considering ratios of land area, rural population, rural road mileage, and value of rural lands. To the extent necessary to permit orderly programming and construction of projects, expenditures in any county may exceed the amount apportioned to that county to the extent of three (3) times the amount of the last apportionment thereto. The amount of any such excess expenditures shall be deducted from future apportionments to that county.

(3) For the purposes of this section, terms are defined as follows:

(a) Rural population—Total population less the population in cities over five thousand (5,000) persons and their unincorporated fringe urban areas as reported in the latest federal census.

(i) Federal census population figures shall be adjusted in the interim between censuses in accordance with the percentage of change in annual motor vehicle registration figures for each county.

(b) Rural road mileage—All road mileage outside of incorporated cities, exclusive of road mileage on the federal-aid primary highway system and the federal-aid interstate system.

(i) Rural road mileage reported by the road inventory of the commission shall be used in determining rural road mileage.

(c) Value of rural lands—Includes the value of state-owned lands from which the state derives grazing, timber, and agricultural income.

(i) The basis for the value of rural lands shall be computed from the latest biennial report of the state department of revenue.

(ii) The basis for the value of state-owned lands shall be computed from the latest figures on the total grazing, timber, and agricultural lands in each county contained in the latest biennial report of the commissioner of state lands and investments.

(iii) The average value of privately owned lands shall be the average value of state-owned lands, if the actual value is not available.

History: En. Sec. 4-310, Ch. 197, L. 1965; amd. Sec. 12, Ch. 391, L. 1973.

Amendments

The 1973 amendment substituted "department of revenue" for "board of equalization" at the end of subdivision (3)(c)(i).

32-2608. Secondary highway information. On or before August 30 of each year, the commission shall inform each board of county commissioners of: (1) The total amount of secondary highway funds and the amount apportioned to each county.

(2) The location of proposed secondary highway projects when the information is available.

(3) Such other matters regarding secondary highway construction as the commission deems advisable and of interest to the counties.

History: En. Sec. 4-311, Ch. 197, L. 1965.

32-2609. Apportionment of state funds to federal-aid interstate highway system. (1) Annually, beginning July 1, 1965, and at the beginning of each fiscal year thereafter, the commission shall apportion available state construction funds for the federal-aid interstate highway system among the financial districts.

(2) The apportionment shall be based upon the ratio between the estimated cost of constructing or reconstructing the system in each district and the estimated cost of constructing or reconstructing the entire system within the state.

(3) The cost estimates to be used shall be those developed by the commission in accordance with the provisions of the Federal-Aid Highway Act of 1956, as amended.

History: En. Sec. 4-312, Ch. 197, L. 1965.

32-2610. Increases in expenditures. (1) The commission may increase the expenditures made in any financial district to the extent of:

(a) Twenty-five per cent (25%) more than the amount of money allocated to such district in the latest year for the federal-aid primary system or the federal-aid secondary system.

(b) One hundred per cent (100%) more than the amount of money allocated to such district in the latest year for the federal-aid interstate highway system.

(2) The allocation of available state construction funds to any district for the next succeeding fiscal year shall be decreased by an amount equal to any increased expenditures.

History: En. Sec. 4-313, Ch. 197, L. 1965; amd. Sec. 1, Ch. 290, L. 1973.

Amendments

The 1973 amendment increased the percentage specified in subdivision (1) (a) from 15% to 25%.

32-2611. Apportionment of state funds to federal-aid urban highways. (1) Annually, beginning July 1, 1965, and at the beginning of each fiscal year thereafter, the commission shall apportion state construction funds available for matching federal-aid urban funds to the cities in the state over five thousand (5,000) population in the ratio of urban population in each such city to the total urban population in all cities over five thousand (5,000) population in the state.

(2) For the purpose of this section, "urban population" is defined as population within the incorporated limits of cities over five thousand (5,000) population and that population within unincorporated urban fringe areas delineated and reported in the latest federal census.

(3) To the extent necessary to permit orderly programming and construction of projects, expenditures in any city may exceed the amount apportioned to that city. The amount of any such excess expenditures shall be deducted from future apportionments to that city.

History: En. Sec. 4-314, Ch. 197, L. 1965.

32-2612. Interim apportionment to match federal-aid funds. During the interim between legislative sessions, the department of highways is hereby delegated power and authority to develop formulas to apportion state construction funds in an equitable manner consistent with the intent of this act to match federal-aid funds for highway systems or purposes not enumerated in this act. Such apportionment formulas shall be valid only until approved, modified or rejected by the next succeeding legislative session.

History: En. 32-2612 by Sec. 1, Ch. 402, L. 1973.

History: En. Sec. 4-402, Ch. 197, L. 1965.

32-2703. Resolution—estimates of costs. (5) The failure of the authority to make the estimates required by

this section or to make them in proper form shall in no way affect the validity or enforceability of any revenue bonds.

History: En. Sec. 4-403, Ch. 197, L. 1965.

32-2704. Limitations on placing of toll bridges. (b) Not less than twenty per cent (20%) of the taxpaying freeholders whose names appear on the last completed assessment roll of both counties when the toll bridge is proposed to be constructed upon a stream which constitutes the boundary between two (2) counties.

History: En. Sec. 4-404, Ch. 197, L. 1965.

32-2705. Contents of petition. (1) The petition shall contain a statement showing the location of the proposed toll bridge and the locations of all free public bridges existing upon the same stream within a radius of fifty (50) miles of the proposed toll bridge. It shall also contain a concise statement of facts showing that the proposed construction is necessary, advantageous, and practicable.

(2) Several copies of the petition identical in form may be circulated. Each person circulating a copy must attach his affidavit that the signatures appearing thereon are genuine and that the signers knew the contents at the time of signing.

(3) All copies from each county shall be attached together as to form a single petition. The petition shall have attached to it before it is filed with the authority a certificate of the county clerk and recorder showing whether or not it has been signed by not less than twenty per cent (20%) of the taxpaying freeholders whose names appear on the last completed assessment roll of the county.

construction of the proposed toll bridge is necessary, advantageous, and practicable, it shall adopt a resolution making that finding and determination. The resolution shall also contain the estimates and data required by section 4-403 [32-2703].

(3) The authority's finding of the sufficiency of the petition shall be conclusive in favor of any innocent holder of bonds issued as a result of the presentation of the petition.

(a) Pledge all or any part of the tolls, income, profit, and revenue of any such toll bridge, and covenant to pay such tolls, income, profit, and revenue into appropriate funds.

(b) Covenant to fix and establish such tolls, rates, and charges as will provide at all times enough funds to:

(i) Pay all costs of operation, maintenance, and repairs of the toll bridge.

(ii) Meet and pay the principal of and interest on all toll bridge bonds as they severally become due and payable.

(iii) Create such reserves for the principal and interest of such bonds and to meet contingencies in operation and maintenance as the authority shall determine.

(c) Make such additional covenants as to tolls, rates and charges as it shall deem necessary to secure the payment of bonds.

(2) No truck, trailer, or automobile licensed in the name of the state of Montana or the United States or any branch or department thereof shall be required to pay for crossing any toll bridge.

The legislative assembly intends to grant to the authority power to do all things in the issuance of toll bridge bonds and in providing for their security that may not be inconsistent with the constitution.

32-2710. Toll charges—fixing—expiration. (1) The authority may fix and change rates of toll and other charges for all toll bridges built under the provisions of this part [chapter]. The rates and charges shall at all times be fixed at rates which will yield sufficient annual revenue to pay annual operating and maintenance expenses, to redeem and pay the principal of and interest on all bonds as they severally come due, and to create such reserves as the authority shall deem necessary.

(2) All tolls and other revenue shall constitute a trust fund for the security and payment of toll bridge bonds. They shall not be pledged for any other purpose as long as any of the bonds are outstanding and unpaid.

History: En. Sec. 4-410, Ch. 197, L. 1965.

(2) The money remaining in each separate toll bridge revenue fund after providing the amount required for interest and redemption of bonds

shall be held and applied in accordance with the proceedings relating to the authorization of the bonds.

History: En. Sec. 4-411, Ch. 197, L. 1965.

32-2712. Construction. Whenever funds are available for the construction of any toll bridge, the commission shall let contracts by competitive bidding, after such notice and upon such terms as it shall prescribe.

History: En. Sec. 4-412, Ch. 197, L. 1965.

32-2715. Limitations on building bridges near toll bridges. So long as any of the bonds issued for the construction of any toll bridge are outstanding and unpaid, there shall not be erected, constructed, or maintained any other bridge for public use over or across the stream upon which the toll bridge is located within a distance of twenty (20) miles on either side of the toll bridge. This prohibition does not apply to bridges in existence and being used at the time of the issuance of such bonds.

History: En. Sec. 4-415, Ch. 197, L. 1965.

32-2716. Payment of bonds—free bridge. When the bonds issued for the purpose of paying the cost of any toll bridge are retired, the cost of construction having thereby been repaid in full, the bridge shall thereafter be maintained and operated by the commission as a free bridge. The expense of any surveys and reports paid from the funds of the commission shall then be deemed fully repaid.

History: En. Sec. 4-416, Ch. 197, L. 1965.

(2) Each separate parcel of land in Part Two shall be assessed for its proportion of thirty-five per cent (35%) of the cost.

(3) Each separate parcel of land in Part Three shall be assessed for its proportion of twenty per cent (20%) of the cost.

(4) All of the lands in each part shall be subject to a lien for all of the assessments of that part until they have been paid.

History: En. Sec. 5-411, Ch. 197, L. 1965.

32-3112. Method of assessment. (1) The assessments upon the parcels of land in each part shall be made ratably according to the front-foot plan, as follows:

(a) The unit used to determine the proportion of assessment shall be one foot of longitude measured along the road constituting the center of the district and extending latitudinally across the part.

(b) Because units in each part may not be equal, assessment rates for each part shall be determined for eight hundred eighty (880) square feet of surface.

(2) If the areas of the parts are not equal, the rates fixed for parts one, two, and three shall be related to each other as are the numbers forty-five (45), thirty-five (35) and twenty (20), respectively.

(2) Roads in districts may be constructed and improved in the first instance at the entire expense of the county, and the county may, as far as practicable, take the place of a private contractor.

(3) When the county has paid for construction and improvements, it shall be recompensed for by the district in accordance with their agreement. If bonds were issued under the installment plan, they shall become the property of the county.

(4) The county shall have the same lien as if the contract had been let to a private contractor.

History: En. Sec. 5-414, Ch. 197, L. 1965.

32-3115. Apportionment of costs—assessment roll—contents. (1) When the order for improvement and construction has been made by the board, the committee and the county assessor shall apportion the estimated cost and expenses to the land in the district.

(2) Within thirty (30) days before the letting of the contract, the assessor shall report to and file with the board and the treasurer an assessment roll in duplicate. It shall contain the description of each parcel of land to be assessed, the amount to be assessed against it, and the name of the owner, if known. In no case shall a mistake in the name of the owner be fatal to the assessment when the description of the land is correct.

History: En. Sec. 5-415, Ch. 197, L. 1965.

32-3116. Notice—confirmation—errors. (1) As soon as the assessment roll is reported and filed, the board shall publish notice for three consecutive weeks in the newspapers in which notice of invitations for bids for the contract was published. (2) At the time fixed, the board and the assessor shall meet. If no objections have been filed, the board shall make an order confirming the assessment roll. History: En. Sec. 5-416, Ch. 197, L. 1965.

32-3117. Correction of errors—lien. (1) After the hearing, the board shall make such corrections as appear just to apportion the assessment to the benefit to be received. It shall then make and enter an order approving and certifying the assessment roll.

(2) With the aid of the assessor, the board shall levy and assess the amounts on the assessment roll against the parcels of land, or parts thereof.

(3) The assessment so made shall be a first lien on the land described in the assessment roll.

History: En. Sec. 5-417, Ch. 197, L. 1965.

(a) Failure to mail notice shall not be fatal to the assessment when it has been published.

History: En. Sec. 5-419, Ch. 197, L. 1965.

32-3120. Contents of notice. The notice shall state the following: (1) The assessment roll has been certified to the treasurer for collection.

(2) Unless payment is made within thirty (30) days from the date of the notice, the payment will become delinquent and shall bear interest at the rate of ten per cent (10 %) per annum.

(3) If the assessment is not paid before it becomes delinquent, a penalty of five per cent (5 %) shall be added, as well as the interest on the annual tax roll for the current year.

(4) The interest and penalty shall be collected, together with such additional charges as are authorized to be charged and collected on other delinquent taxes.

(5) The land assessed shall be sold for the amount of the assessment with interest, penalty, and costs, in the manner and with the same authority as lands are sold for general taxes.

The order shall specify the number of installments which shall be equal to the number of years for which the bonds may run.

(3) Each year thereafter, the treasurer shall collect one of the installments together with the interest due thereon and the interest due on the installments thereafter to become due.

(4) Provisions concerning delinquency and the sale of land set forth with relation to the mode of immediate payment shall be likewise applicable to installment payments.

The treasurer shall call in and pay the bonds in their numerical order.

(3) The call shall be published in the county official newspaper on the day following the maturity date of the installment of assessment, or as soon thereafter as practicable. It shall state that special bonds No. _____ (giving the serial number or numbers of the bonds called) of

Compiler's Notes

This section was amended twice in 1967, once by Ch. 143 and once by Ch. 2 (Ex. Sess.). Neither amendatory act referred to or incorporated the changes made by the other. Since the two amendments do not appear to conflict, the compiler has made a composite section embodying the amendment made by both 1967 acts.

Amendments

Chapter 143, Laws of 1967, inserted "and on one truck tractor * * * in direct benefit to agriculture" after "orchard or dairy"; and increased the minimum fee to be paid by farm vehicles from $4 to $6.

Chapter 2 (Ex. Sess.), Laws of 1967, decreased the percentage of the fee equal to fees provided in Schedule I under this section from 20 to 16 per cent; and increased the minimum fee from $4 to $6.

32-3307. Additional fees—buses. There shall be paid and collected annually for each bus or auto stage with the exception of school buses a fee of seven dollars ($7) per seat, exclusive of the first seven (7) seats and the operator, for the maximum adult seating capacity thereof, except that motor vehicles which are regularly used to haul freight and passengers shall be taxed upon the basis of the gross weight schedule established in section 6-201 [32-3301]. School buses shall not be exempt if they enter charter service.

History: En. Sec. 6-207, Ch. 197, L. 1965.

32-3308. Additional fees—quarterly payment. When the gross weight of any vehicle exceeds twenty-four thousand (24,000) pounds, the additional fees for motor trucks, trailers, tractors, pole trailers, or semitrailers may be purchased for a three months' period for one-fourth (¼) the regular fee at the beginning of any quarter of the calendar year. For each fee so paid other than at the time of payment of the basic license fee, an additional fee of one dollar ($1) shall be charged. The commission is authorized to establish rules and regulations relative to the issuance and display of certificates or insignia, which shall state the quarters for which the vehicle is licensed.

History: En. Sec. 6-208, Ch. 197, L. 1965.

Cross-References

Highway commission functions transferred, sec. 82A-703.

32-3309. Failure to pay additional fees—penalty. No vehicle licensed under the provisions of section 6-208 [32-3308] shall be operated over the public highways unless the owner or operator thereof within ten (10) calendar days or seven (7) business days as provided by law, whichever is greater, after the expiration of any such three-month period shall apply for and pay the required fee for a license for an additional three-month period, or for the remainder of the year. Any person who operates any such vehicle upon the public highways after the expiration of said ten (10) calendar days or seven (7) business days as provided by law, whichever is greater, shall be guilty of a misdemeanor. In addition he shall be required to purchase a gross weight license for the vehicle involved at the fee covering an entire year's license for operation thereof, less the fees for any period or periods of the year already paid. If, within five (5) days thereafter, no license for a full year has been purchased as required aforesaid, the Montana highway patrol, county sheriff or city police may impound such vehicle in such manner as may be directed for such cases by the supervisor of the Montana highway patrol until such requirement is met.

History: En. Sec. 6-209, Ch. 197, L. 1965, amd. Sec. 2, Ch. 292, L. 1967.

Amendments

The 1967 amendment substituted "ten (10) calendar days or seven (7) business days as provided by law, whichever is greater" for "ten (10) days" wherever found in this section; and substituted "may" for "shall" after "city police" in the last sentence.

32-3310. Three unit combination—fees in lieu of gross weight fees otherwise provided—marking. (1) In lieu of the gross weight fees pro-

vided in sections 6-201 to 6-208 [32-3301 to 32-3308] of this chapter, the owner of any motor truck or truck-tractor used on the highways of the state in connection with two (2) trailers or semitrailers at the same time shall register them as a three unit combination in the following manner:

(a) By paying the registration and other fees covering the maximum practical gross vehicle weight for such truck or truck-tractor, but not less than the actual operating gross weight under the provisions of sections 53-114, 53-122, and sections 6-201 and 6-203 [32-3301 and 32-3303] of this chapter.

(2) Vehicles on which fees are paid in accordance with this section shall have marked thereon the gross weight for which fees have been paid, and shall bear a distinctive mark designated by the commission.

(3) Nothing herein shall be construed as authorizing axle loads in excess to those established by section 32-1123.

History: En. Sec. 6-210, Ch. 197, L. 1965.

Compiler's Note

The reference in paragraph (1) (b) to section 53-112 is apparently in error, and the intention may have been to refer to section 53-122.

32-3311. Repealed.

Repeal

Section 32-3311 (Sec. 6-211, Ch. 197, L. 1965), relating to markings of weight or capacity on trucks, truck-tractors and buses, was repealed by Sec. 2, Ch. 37, Laws 1971.

32-3312. Additional fees on motor trucks, truck-tractors, trailers and semitrailers from other states. (1) In lieu of other fees for the licensing of vehicles, there shall be collected a fee for each motor truck, truck-tractor, trailer, and semitrailer already licensed for the year in another jurisdiction and operated upon an itinerant basis in this state. The fee shall be collected upon each entrance of such vehicle into the state, and shall be based upon the number of miles to be traveled in the state as shown in the application of the nonresident operator.

(2) The fee shall be collected for any single vehicle. When any combination of truck, truck-tractor, semitrailer, or trailer totals more than six thousand (6,000) pounds gross weight, the fee shall be collected for each unit in the combination.

(3) The fee shall be:

(a) Five dollars ($5) for each trip of two hundred (200) miles or less.

History: En. Sec. 6-212, Ch. 197, L. 1965.

32-3313. Temporary trip permits showing payment of fees—display. (1) Temporary trip permits showing payment of the fees provided for in the last section shall be issued under such rules and regulations as may be prescribed by the commission. Such permit shall be displayed in the vehicle for which the fee has been paid at all times while such vehicle is being operated on the highways of this state by posting it where it may be read.

(2) The commission may limit the operation of any such vehicle in this state to a definite period of time.

History: En. Sec. 6-213, Ch. 197, L. 1965.

32-3314. Time for payment of fees by nonresidents. A nonresident owner or operator of a motor truck, truck-tractor, trailer or semitrailer shall, immediately upon arrival in the state, contact the nearest highway patrol office, any commission office, the county sheriff, or the county treasurer's office to pay the fee and secure the permit prescribed. All fees collected shall immediately be remitted to the county treasurer.

(1) In consideration of the right to use the highways of the state, there shall be imposed a tax upon all sales of new motor vehicles for which a license is sought and an original application for title is made. The word motor vehicle as used in this section shall mean automobiles, auto trucks and motorcycles, propelled by their own power, used upon the public highways of the state. The tax shall be paid by the purchaser when he applies for his original Montana license through the county treasurer.

(4) The proceeds from this tax should be remitted to the state treasurer every thirty (30) days for credit to the earmarked revenue fund of the state highway account.

(5) The new vehicle shall not be subject to any other assessment or taxation during the calendar year in which the original application for title is made.

History: En. Sec. 6-215, Ch. 197, L. 1965; amd. Sec. 5, Ch. 290, L. 1967.

(2) Each bond issued by the authority shall contain a statement on the face thereof that the state shall not be obligated to pay the same or the interest thereon except from the special fund provided for that purpose. Toll bridge bonds shall be secured only by the revenues from the toll bridge or toll bridges constructed with the proceeds of such bonds.

(3) All such bonds shall be fully negotiable, as provided by the Uniform Commercial Code—Investment Securities [Chapter 8, Title 87A].

(4) In case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds, such signatures shall nevertheless be valid and sufficient for all purposes with the same effect as though they had remained in office until such delivery.

(1) Toll bridge bonds shall mature at such time or times, not more than twenty (20) years from their date or dates, as may be fixed by the authority's resolution. However, they may be made redeemable before maturity at the option of the authority at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds.

(b) The time or times of payment of such interest.

The authority may sell said bonds in such manner and for such price as it may determine to be in the best interests of the state. However, no such sale shall be made for less

than a price which, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, will show a net return of over six per cent (6 %) per annum to the purchaser upon the amount paid therefor.

(2) The authority may make provision for the registration of toll bridge bonds in the name of the owner as to principal alone or as to both principal and interest.

History: En. Sec. 6-503, Ch. 197, L. 1965.

32-3504. **Toll bridge bonds—proceeds—insufficiency—surplus.** (1) The proceeds of toll bridge bonds shall be used solely for the payment of the cost of the toll bridge constructed according to law for the payment of which such bonds were issued, and shall be disbursed in such manner and under such restrictions as the authority may provide.

(2) If such proceeds shall be less than the cost of any toll bridge, additional bonds may be issued in like manner to provide the amount of such deficit. Unless otherwise provided in the resolution authorizing the bonds, they shall be deemed to be of the same issue, entitled to payment from the same fund, and of equal preference as the bonds first issued for the same toll bridge.

(3) If such proceeds exceed the cost of any toll bridge, the surplus shall be paid into the fund provided for the payment of principal and interest of such bonds.

History: En. Sec. 6-504, Ch. 197, L. 1965.

32-3505. **Lien on moneys received from bonds.** There is hereby created and granted a lien in favor of the holders of any bonds issued by the authority for payment of the cost of a particular toll bridge upon all moneys received from any such bonds until such moneys are applied in payment of such bonds.

(a) The toll bridge construction fund.

(b) The toll bridge revenue fund.

(c) The toll bridge sinking fund. Each fund shall be identified by the same series letter or letters as the bonds of such series.

(2) The money in the funds shall be deposited in any depository or depositories and secured in such manner as the authority may determine. It shall be lawful for any bank or trust company incorporated under the laws of this state to act as such depository and to furnish indemnifying bonds or to pledge such securities as may be required by the authority.

History: En. Sec. 6-506, Ch. 197, L. 1965.

32-3507. **Construction fund—disposition of surplus.** (1) The proceeds of the bonds of each series issued by the authority shall be placed to the credit of the appropriate construction fund which shall at all times be kept segregated from all other funds.

(b) All interest received upon the deposits of moneys in the fund.

(c) All money received by grant or donation from the United States or any other source for the construction of such toll bridge.

(3) The moneys in each construction fund shall be disbursed to pay the cost of the toll bridge for which such fund was created. Any surplus which may remain in any construction fund after providing for the payment and the cost of such toll bridge shall be added to the appropriate sinking fund.

History: En. Sec. 6-507, Ch. 197, L. 1965.

32-3508. **Revenue fund.** All tolls collected by the engineer under the supervision of the authority and subject to its rules and regulations shall be deposited to the credit of the respective toll bridge revenue fund designated by the authority.

(a) The interest upon the bonds as it becomes due.

(b) The necessary fiscal agency charges for paying bonds and interest.

(c) The principal of the bonds as they fall due.

(d) Any premiums upon bonds retired by call or purchase.

(3) Prior to the issuance of any bonds in a series the authority may provide by resolution for using the sinking fund or any part of such fund to purchase outstanding bonds payable from such fund. The price to be paid cannot exceed the price, if any, at which such bonds will be payable or redeemable at the next interest date. All bonds redeemed or purchased shall be canceled and no bonds issued in place thereof.

(4) The resolution authorizing any bonds may provide for a reserve for the payment of principal and interest. The moneys in each sinking fund, less such reserve, if not used within a reasonable time for the purchase of bonds for cancellation, shall be used to redeem bonds then subject to redemption at the redemption price then applicable.

(2) Annual application for the identification plate shall be made to the county treasurer before any piece of equipment is moved on the highways. Application shall be made on a form furnished by the registrar of motor vehicles, together with the payment of a fee of five dollars ($5); provided, that such equipment for which a special mobile equipment plate is sought, shall be subject to the assessment of personal property taxes either on the date application is made for such plate, if that date falls between the first day of January and the first Monday of March, or on the first Monday of March, provided further, that it is a condition precedent to the issuance of a special mobile equipment plate that the personal property taxes so assessed against the special mobile equipment, be paid. 32-3805. Term—power to redeem—maximum interest. (1) No bonds issued under subsection (1) of section 7-301 of this part (32-3801) shall be for a longer term than twenty (20) years.

(2) No bond issued under subsection (2) of that section shall be issued for a term longer than ten (10) years, except that:

(a) If the unexpired term of the bonds to be refunded is greater than ten (10) years, the refunding bonds may be issued for the unexpired term; or

(b) If the ten (10) year term requires an annual tax levy for payment of the refunding bonds which exceeds ten (10) mills on all property subject to taxation, the term may be so extended as to reduce the annual levy to ten (10) mills. In no event shall the term exceed twenty (20) years.

Compiler's Note

The reference in subsection (2) of this section to subsection (2) of section 32-3801 may be in error. It may have been intended to refer to paragraph (1) (b) of section 32-3801.

Amendments

The 1971 amendment deleted from the beginning of subsection (4) "The maximum rate of interest which any bonds shall bear is six per cent (6%) per annum"; and made a minor change in style.

32-3806. Form of bonds. (1) All bonds issued by any county shall be either amortization bonds or serial bonds. Amortization bonds shall be issued in preference to serial bonds.

(2) The term "amortization bonds" means that form of bond on which a part of the principal is required to be paid each time interest becomes due and payable. The part payment of principal increases with each following installment in the same amount the interest payment decreases, so that the combined amount payable on principal and interest is the same on each interest payment date. However, the final payment may vary in amount from the other payments to the extent resulting from disregarding fractional cents in the other payments.

(3) The term "serial bonds" means a bond issue payable in equal annual installments, one (1) installment consisting of one (1) or more bonds becoming due and payable each year. The amount to be paid and redeemed each year shall be determined by dividing the total amount

of the bonds to be issued by the total number of years the issue is to run, so that the total amount of principal to be paid each year will be the same. The amount of installments becoming due and payable the first year, or the first and second years, may vary from the others to the extent which results from fixing the amounts of each bond of the other installments at one hundred dollars ($100), five hundred dollars ($500) or one thousand dollars ($1,000) as may be determined by the board.

32-3930. Assistance payments not income for state tax purposes.
32-3931. No new element of condemnation damages created.

32-3901. Rights acquired by public in highway. By taking or accepting land for a highway, the public may acquire either a fee simple or any lesser estate or interest.

History: En. Sec. 8-101, Ch. 197, L. 1965.

Compiler's Note

Chapters 39 and 40 of this title were designated as Chapter 8 of the Highway Code, entitled "Acquisition and Disposition of Property and Interests Therein." This chapter was designated as Part 1 of Chapter 8, entitled "Acquisition and Disposition by State."

32-3902. **General power of commission to acquire interests in property.** Notwithstanding any other provision of law, the commission may acquire by purchase or any other lawful manner any lands or other real property, excluding oil, gas and mineral rights, which it deems reasonably necessary for present or future highway purposes. The commission may acquire a fee simple or any lesser estate or interest.

History: En. Sec. 8-102, Ch. 197, L. 1965.

32-3903. **Purposes for which property acquired.** The acquisition of lands or other property, or any interest therein, for present or future highway purposes includes, but is not limited to any of the following purposes: (1) For rights of way, including those necessary for highways within cities.

(2) For exchanging lands or other property or any interest therein for other such lands or interests for rights of way or other authorized purposes. The right of eminent domain shall not be exercised for this purpose.

(3) For deposits of road building materials, including rock, gravel, sand, and earth for reasonably foreseeable future road building purposes and uses. History: En. Sec. 8-103, Ch. 197, L. 1965.

DECISIONS UNDER FORMER LAW

Market Value of Condemned Land

Where highway commission condemned land for purposes of gaining an easement for the construction and maintenance of a state highway, and not for obtaining a deposit of gravel, sand, and other materials on the land, testimony as to the value of such materials was inadmissible as speculative, remote and conjectural and not within the purpose of former section 32-1615 (c). State Highway Commission v. Mott, 142 M 402, 384 P 2d 922.

Railroad Right of Way

Former section 32-1615 (k) permitted the state to condemn land in order to provide right of way for a railroad being moved to allow construction of public

highways. State ex rel. De Puy v. District Court, 142 M 328, 384 P 2d 501.

Rental of Unused Right of Way

The 1961 amendment of former section 32-1615 so as to give express authority for the rental of unused right of way rendered moot a taxpayer's action to restrain the highway commission from granting an encroachment permit, where there was no indication that the permit, when granted, would violate the terms of the statutory amendment. Wilson v. State Highway Commission, 140 M 253, 370 P 2d 486, 488.

Transfer of Land

Any manner of transferring unused highway right of way which was inconsistent with former section 32-1615 was by implication excluded. Wilson v. State Highway Commission, 140 M 253, 370 P 2d 486, 488.

The state highway commission cannot give away or loan gratuitously the use of an unused highway right of way. Wilson v. State Highway Commission, 140 M 253, 370 P 2d 486, 488.

32-3904. Exercise of right of eminent domain—presumption. (1) Whenever the commission cannot acquire lands or other property or interests therein at a price or cost which it deems reasonable, it may direct the attorney general or any county attorney to procure the interests by proceedings to be instituted as provided in sections 93-9901—93-9926 against all nonaccepting landholders.

(2) It shall not so direct the attorney general or any county attorney until it adopts a resolution declaring that:

(a) Public interest and necessity require the construction or completion by the state of the highway or improvement for one of the purposes set forth in section 8-103 [32-3903].

(b) The interest described in the resolution and sought to be condemned is necessary for the highway or improvement.

(c) The highway or improvement is planned and located in a manner which will be compatible with the greatest public good and the least private injury.

(3) The resolution shall create and establish a disputable presumption:

(a) Of the public necessity of the proposed highway or improvement.

(b) That the taking of the interest sought is necessary therefor.

(c) That the proposed highway or improvement is planned or located in a manner which will be most compatible with the greatest public good and the least private injury.

History: En. Sec. 8-104, Ch. 197, L. 1965.

Burden of Proof

In order to attack the presumption raised by a resolution of public interest and necessity for condemnation of a strip of land without providing for a livestock underpass, landowner must introduce evidence as to the amount of his damages if the land is taken without building an underpass. State Highway Commission v. Parini, — M —, 496 P 2d 1140.

DECISIONS UNDER FORMER LAW

Burden of Proof

Where commission condemned defendant's land to build bypass through it rather than reconstruct highway through town, it became incumbent upon the defendant to show fraud, abuse of discretion or arbitrary action in order to defeat the commission's action, whereas the commission had only to establish that the taking of the property was reasonably necessary for rebuilding the highway. State Highway Commission v. Crossen-Nissen Co., 145 M 251, 400 P 2d 283, distinguished in 155 M 39, 47, 466 P 2d 594.

Judicial Interference

It is not within the province of the judicial branch of government to interfere with the exercise of eminent domain in the absence of clear and convincing evidence of arbitrariness or abuse of discretion by commission. State Highway Commission v. Crossen-Nissen Co., 145 M 251, 400 P 2d 283, distinguished in 155 M 39, 47, 466 P 2d 594.

Power To Condemn

The power of eminent domain is vested exclusively in the legislature, and can be exercised only by the legislature and those agencies to whom it has delegated the power. State Highway Commission v. Crossen-Nissen Co., 145 M 251, 400 P 2d 283.

Selection of Route

Highway commission did not abuse its discretion in taking farm land by eminent domain even though it was shown that town through which old highway had passed would be financially harmed and bypass would cost more to build, since the resulting savings in travel costs to highway users, in addition to the compensation paid the petitioners, offset disadvantages claimed by them. State Highway Commission v. Crossen-Nissen Co., 145 M 251, 400 P 2d 283, distinguished in 155 M 39, 47, 466 P 2d 594.

32-3905. Acquisition of whole parcel—sale of excess. (1) Whenever any interest in a part of a parcel of land or other real property is to be acquired for highway purposes, leaving the remainder in such shape or condition as to be of little market value, or to give rise to claims or litigation over severance or other damage, the commission may acquire the whole parcel. It may sell or exchange the remainder for other property needed for highway purposes.

(2) Whenever a part of a parcel of land acquired for highway purposes is in such a shape or size as to come within the provisions of section 11-614, the commission shall prepare and file the required plat in the office of the county clerk and recorder.

History: En. Sec. 8-105, Ch. 197, L. 1965.

Amount of Property Which May Be Taken

Trial court did not exceed powers under statute when it limited amount of property sought to be appropriated by state to that portion of property actually needed for proposed highway improvement because question whether public interest required taking of entire parcel was question of fact to be determined by court; preliminary order of court limiting amount of appropriation to that actually required for construction of city street improvements was supported by evidence that excess land retained some value as separate parcel notwithstanding commission's argument that remaining land was financial remnant of such value as to be of little market value and give rise to claims over severance and other damages. State Highway Commission v. Chapman, 152 M 73, 446 P 2d 709.

32-3906. Power to acquire for future. (1) The power conferred by this chapter [chapters 39 and 40 of this title] to acquire interests in lands or other real property includes power to acquire for reasonably foreseeable future needs.

(2) The commission may lease unused portions of any lands or other real property which are held for highway purposes and interstate highway rights of way which are not presently needed for highway purposes on such terms and conditions as it may fix. The commission may repair, maintain, and care for such property in order to secure rent therefrom.

(3) All rent received shall be deposited to the credit of the commission.

History: En. Sec. 8-106, Ch. 197, L. 1965.

32-3907. Road building materials. (1) Any right of way or easement acquired by the commission for construction, operation, repair, reconstruction, or maintenance of highways shall include, among others, the right to use, remove, relocate, redistribute, or otherwise dispose of any and all gravel and other road-building materials found or located within the boundaries of the right of way or easement.

(2) For the purposes of this chapter [chapters 39 and 40 of this title], such gravel or materials shall be deemed to be real property and not minerals.

History: En. Sec. 8-107, Ch. 197, L. 1965.

32-3908. No compensation in certain cases—exceptions. (1) Whenever the commission files a description and plan as provided in section 4-113 [32-2413] of this code, no consideration, allowance or assessment of values or compensation shall be made in the purchase or condemnation of any buildings or improvements or subdivisions placed or erected on the land covered by the plan after the filing.

(2) The establishment of the highway location covered by the description and plan shall be ineffective one year after filing if no action to condemn or acquire the property has been commenced.

(3) Nothing in this section or in section 4-113 [32-2413] shall apply to crops or similar improvements planted on the lands described. They shall be governed by the provisions of section 93-9913.

History: En. Sec. 8-108, Ch. 197, L. 1965.

32-3909. Exchange of interests in real property. (1) The commission may determine that any interest in real property, however acquired by it, is no longer necessary to the laying out, altering, construction, improvement, or maintenance of any highway. It may then exchange any such interest, either as entire or partial consideration, for any other interest in real property needed for highway purposes. The commission may establish the manner and terms and conditions for such exchange.

(2) The owner from whom such interest was originally acquired by the state, or his successor in interest, shall have the right to require the commission to offer such land for sale in the manner set forth in sections 8-110 and 8-111 [32-3910 and 32-3911]. The commission shall notify such owner or successor in interest of its intention to exchange such interest. The owner shall make his demand for sale by registered mail to the commission within ten (10) days after receipt of notice from the commission.

History: En. Sec. 8-109, Ch. 197, L. 1965.

32-3910. Sale of interests in real property. The commission may sell any interest in real property, however acquired by it, which it determines is not necessary to the laying out, altering, construction, improvement, or maintenance of any highway. If the interest is reasonably of a value in excess of one hundred dollars ($100), sale shall be made to the highest bidder at public auction or by sealed bids as the commission may decide. The sale shall be conducted as provided in section 8-111 [32-3911].

History: En. Sec. 8-110, Ch. 197, L. 1965.

32-3911. Conduct of sale. (1) The commission shall publish notice of the sale in a newspaper published in the county in which the interest is located once a week for two (2) successive weeks. Sale shall be held at the office of the commission at the capitol.

(2) Before any sale of any interest having a value in excess of one hundred dollars ($100), the commission shall have it appraised at a price representing a fair market value. The appraised value shall be stated in the published notice.

(3) No sale shall be made of any interest unless it has been appraised within three (3) months prior to the date of the sale. No sale shall be made for less than ninety per cent (90%) of the appraised value.

(4) No title to any interest shall pass from the state until the purchaser has paid the full amount of the purchase price into the state treasury to the credit of the commission.

History: En. Sec. 8-111, Ch. 197, L. 1965.

32-3912. Option of original owner or successor in interest to purchase at sale price. The owner from whom the interest was originally acquired, or his successor in interest, shall have the option to purchase the interest by offering therefor an amount of money equal to the highest bid received for the interest at the sale. The offer shall be sent to the commission by registered mail within ten (10) days from the date of the sale.

History: En. Sec. 8-112, Ch. 197, L. 1965.

32-3913. Private sale if no bid or offer. (1) If, after proper notice is published, the commission receives neither bid at public sale nor offer from the original owner of his successor in interest, it may at any time thereafter sell the interest at private sale. At such sale, the commission may accept as the purchase price an amount of money not less than ninety per cent (90%) of the appraised value.

(2) No title to any interest shall pass from the state until the purchaser has paid the full amount of the purchase price into the state treasury to the credit of the commission.

History: En. Sec. 8-113, Ch. 197, L. 1965.

32-3914. Sale of personal property—maps, books, other printed matter. (1) The commission may sell at public or private sale, as it may determine, any interest in personal property, however acquired by it, which it determines is not necessary to the laying out, altering, construction, improvement, or maintenance of any highway.

(2) The commission may sell at public or private sale, as it may determine, maps, books, pamphlets, or other printed matter, prepared or acquired by the commission. The commission may sell copies of any highway records to the public and may set reasonable prices therefor.

(3) The proceeds from sales made under the provisions of this section shall be paid into the state treasury to the credit of the commission.

History: En. Sec. 8-114, Ch. 197, L. 1965.

32-3915. Conveyances—execution—contents. (1) Any land or interest therein sold by the commission shall be conveyed only when full payment has been made therefor. It shall be conveyed by a deed or patent of conveyance without covenants which recites that it was issued under the provisions of this part [chapter].

(2) The deed or patent shall contain a reservation of easements for rights of way for the benefit of the United States, and all other reservations to which the land conveyed may be subject.

(3) The deed or patent shall be signed by the governor, or, in case of his absence or inability, the lieutenant governor. It shall be attested by the secretary of state and have attached the great seal of the state. It need not be acknowledged.

History: En. Sec. 8-115, Ch. 197, L. 1965.

32-3916. Rendering irrigable lands unusable—unpaid construction costs. Whenever the commission acquires irrigable land for highway purposes, or so acquires land as to render other irrigable land unusable for irrigation, it shall pay to the owner of the irrigation or drainage project, in addition to other sums allowed by law, a proportionate share of the unpaid construction costs of the project or drainage district.

The commission shall also pay a lump-sum amount to the district sufficient to produce on an amortized basis for a reasonable period not to exceed ninety (90) years, a sum of money equal to the annual increase in operation and maintenance costs against the remaining lands under irrigation in the district resulting from the severance from the district of the lands acquired by the commission and not overcome by bringing in new or additional land under irrigation. For the purpose of determining the amount of said lump-sum payment, the annual operation and maintenance assessment of the district shall be considered to be the average for the five (5) years, or so many years as the district has assessment experience, if less than five (5) years, preceding the date of acquisition.

History: En. Sec. 8-115, Ch. 197, L. 1965; amd. Sec. 1, Ch. 299, L. 1969.

Amendments

The 1969 amendment added the second paragraph.

Effective Date

Section 2 of Ch. 299, Laws 1969 provided the act should be in effect from and after its passage and approval. Approved March 11, 1969.

Cost of Future Operation and Maintenance

State highway commission is not obligated to pay irrigation district for future cost of operation and maintenance attributable to lands taken within irrigation district for highway purposes since lands taken will not continue to benefit from services of irrigation district, notwithstanding fact that takings have reduced total irrigable acreage of district and thereby increased per acre cost of operation and maintenance of district. Helena Valley Irrig. Dist. v. State Highway Commission, 150 M 192, 433 P 2d 791.

32-3917. **Abandonment or vacation of federal-aid or state highways.** Every federal-aid or state highway once established must continue until abandoned or vacated by operation of law, or by judgment of a court of competent jurisdiction, or by a proper order of the commission.

History: En. Sec. 8-117, Ch. 197, L. 1965.

32-3918. **Highway crossing railroad, canal, or ditch.** (1) Whenever any federal-aid or state highway is laid out on public lands across any railroad, canal, or ditch, the owners or users thereof must, at their expense, so prepare the railroad, canal, or ditch that the highway may cross it without damage or delay.

(2) When the right to cross is obtained through the judgment of any court, no damages shall be awarded.

History: En. Sec. 8-118, Ch. 197, L. 1965.

32-3919. **Rights of way for toll bridges.** (1) The authority may acquire by purchase or otherwise necessary rights of way for any toll bridge and approaches. It may exercise the right of eminent domain in the name of the state for those purposes.

(2) Whenever the authority cannot acquire by purchase any right of way which it deems necessary, it may direct the attorney general or any county attorney to procure it by proceedings to be instituted as provided in sections 93-9901—93-9926 against all nonaccepting landowners.

(3) A right of way is hereby given, dedicated, and set apart for toll bridges and approaches thereto, through, over, upon, or across:

(a) Any property of the state, including highways.

(b) Any county road.

(c) Any street or alley.

Acquisition and use for toll bridge and approach purposes shall be deemed a superior and more necessary public use than the public use or purpose to which the highway, road, street, or alley has theretofore been dedicated.

History: En. Sec. 8-119, Ch. 197, L. 1965.

32-3920. **Acquisition of property for controlled access facility.** (1) The highway authorities of the state, counties, incorporated cities and towns, respectively, or in co-operation one with the other, may acquire private or public property and property rights for controlled access highways or controlled access facilities and service roads. Such rights may include rights of access, air, view, and light. They may be acquired by gift, devise, purchase, or condemnation, in the same manner as may now or hereafter be authorized by law for the acquisition of property or property rights in connection with highways, roads, and streets in their respective jurisdictions.

(2) A right of way is hereby given, dedicated, and set apart for controlled access highways or controlled access facilities through, over,

upon, or across any county road and any street or alley intersecting a controlled access highway. Acquisition of any county road, street, or alley for use as a controlled access highway or controlled access facility shall be deemed a superior and more necessary public use and purpose than the public use or purpose to which such road, street, or alley has theretofore been dedicated.

History: En. Sec. 8-120, Ch. 197, L. 1965.

DECISIONS UNDER FORMER LAW

Judicial Determination of Necessity

In adopting former section 32-2006 (controlled access highway law) the legislature is presumed to have considered sections 93-9905 and 93-9911, R. C. M. 1947, and the power to determine the public necessity of a proposed highway or facility remains with the trial judge. State Highway Commission v. Yost Farm Co., 142 M 239, 384 P 2d 277.

32-3921. Payment of moving expenses authorized. The payment of moving expenses shall be made to eligible persons in accordance with the provisions of this act and such rules and regulations as shall be adopted by the Montana highway commission.

History: En. Sec. 1, Ch. 212, L. 1969.

Title of Act

An act to provide for relocation assistance for persons affected by real property acquisitions for state highway purposes, and amending section 93-9913, R. C. M. 1947.

32-3922. Highway commission to adopt rules and regulations. The highway commission is authorized to adopt rules and regulations to implement the payment of expenses as authorized by this act.

History: En. Sec. 2, Ch. 212, L. 1969; amd. Sec. 1, Ch. 426, L. 1971.

Amendments

The 1971 amendment deleted "moving" before "expenses"; and deleted a former second sentence reading, "Such rules and regulations may include provisions authorizing payments made to individuals and families of fixed amounts not to exceed two hundred dollars ($200) in lieu of their respective reasonable and necessary moving expenses."

32-3923. Definitions. As used in this act:

(a) "Displaced person" means any individual, family, business or farm operation which moves from real property acquired for state highway purposes or for a federal-aid highway.

(b) "Individual" means a person who is not a member of a family.

(c) "Family" means two or more persons living together in the same dwelling unit who are related to each other by blood, marriage, adoption or legal guardianship.

(d) "Business" means any lawful activity conducted primarily for the purchase and resale, manufacture, processing or marketing of products, commodities, or other personal property; or for the sale of services to the public; or by a nonprofit corporation.

(e) "Farm operation" means any activity conducted primarily for the production of one or more agricultural products or commodities for sale and home use, and customarily producing such products or com-

modities in sufficient quantity to be capable of contributing materially to the operator's support.

History: En. Sec. 3, Ch. 212, L. 1969.

32-3924. Advisory assistance. (a) The commission is authorized to give relocation advisory assistance to any individual, family, business or farm operation displaced because of the acquisition of real property for any project on the state highway systems.

(b) In giving such assistance, the commission may establish a temporary local relocation advisory assistance office to assist in obtaining replacement facilities for individuals, families and businesses which must relocate because of the acquisition of right of way for any project on the state highway systems.

History: En. Sec. 4, Ch. 212, L. 1969.

32-3925. Compensation for moving expense as part of cost of construction—fixed payments in lieu of actual expense—dwelling—business or farm operation. (a) As a part of the cost of construction the commission may compensate a displaced person for his actual and reasonable expense in moving himself, family, business or farm operation, including moving personal property, actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the state, and actual reasonable expenses in searching for a replacement business or farm.

(b) Any displaced person who moves from a dwelling who elects to accept the payments authorized by this subdivision in lieu of the payments authorized by subdivision (a) of this section may receive a moving expense allowance, determined according to a schedule established by the commission not to exceed three hundred dollars ($300), and in addition a dislocation allowance of two hundred dollars ($200).

(c) Any displaced person who moves or discontinues his business or farm operation who elects to accept the payment authorized by this subdivision in lieu of the payment authorized by subdivision (a) of this section, may receive a fixed relocation payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall not be less than two thousand five hundred dollars ($2,500) nor more than ten thousand dollars ($10,000). In the case of a business, no payment shall be made under this subdivision unless the commission is satisfied that the business cannot be relocated without a substantial loss of patronage, and is not a part of a commercial enterprise having at least one (1) other establishment, not being acquired, which is engaged in the same or similar business. For purposes of this subdivision, the term "average annual net earnings" means one-half (½) of any net earnings of the business or farm operation, before federal and state income taxes, during the two (2) taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property acquired for such project or during such other period as the commission determines to be more equitable for establishing

such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse or his dependents during such two (2) year period. To be eligible for the payment authorized by this subdivision the business or farm operation must make its state income tax returns available and its financial statements and accounting records available for audit and confidential use to determine the payment authorized by this subdivision.

History: En. Sec. 5, Ch. 212, L. 1969; amd. Sec. 2, Ch. 426, L. 1971.

Amendments

The 1971 amendment added the language commencing with "actual direct losses" and continuing to the end of subdivision (a); increased the limits for moving expense allowance and dislocation allowance from $200 to $300, and from $100 to $200 respectively in subdivision (b); inserted the provision for a minimum payment of $2,500 in the first sentence of subdivision (c); increased the maximum payment under the first sentence of subdivision (c) from $5,000 to $10,000; and inserted "or during such other period as the commission determines to be more equitable for establishing such earnings" in the latter part of the third sentence of subdivision (c).

32-3926. Additional payment for realty with qualified dwelling—period of occupancy—amount—owner must subsequently purchase dwelling. (a) In addition to the payments authorized by section 32-3925, the commission, as a part of the cost of construction, may make payments to the owner of real property acquired for a project on the state highway systems which is improved with a single, two (2) or three (3) family dwelling, actually owned and occupied by the owner for not less than one hundred eighty (180) days prior to the initiation of negotiations for the acquisition of the property.

(b) A payment not to exceed fifteen thousand dollars ($15,000), shall be the amount, if any, which, when added to the acquisition payment, equals the reasonable price required for a comparable dwelling determined, in accordance with standards established by the commission, to be a decent, safe, and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and place of employment and available on the market.

(c) A payment, if any, which will compensate such displaced person for any increased costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such payment shall be made only if the dwelling acquired by the state was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than one hundred eighty (180) days prior to the initiation of negotiations for the acquisition of such dwelling. Such payment shall be equal to the excess in the aggregate interest and other debt service cost of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling under the remainder term of the mortgage on the acquired dwelling reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(d) The payment of reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs inci-

dental to the purchase of replacement dwelling but not including prepaid expenses.

(e) Such payment shall be made only to a displaced owner who purchases and occupies a dwelling, that meets standards established by the commission, within one (1) year subsequent to the date on which he is required to move from the dwelling acquired for the project.

History: En. Sec. 6, Ch. 212, L. 1969; amd. Sec. 3, Ch. 426, L. 1971.

Amendments

The 1971 amendment substituted "one hundred eighty (180) days prior to the initiation of negotiations for the acquisition of the property" for "one (1) year prior to the first written offer for the acquisition of such property" in subsection (a); increased the maximum payment under subsection (b) from $5,000 to $15,000; substituted "reasonable price" for "average price" in subsection (b); inserted subsections (c) and (d); redesignated former subsection (c) as subsection (e); and made minor changes in style and phraseology.

32-3927. Additional payment for realty with other dwelling—period of occupancy—amount. (a) In addition to the payment authorized by section 32-3925, as a part of the cost of construction, the commission may make a payment to any individual or family displaced from any dwelling not eligible to receive a payment under section 32-3926, which dwelling was actually and lawfully occupied by such individual or family for not less than ninety (90) days prior to the first written offer for the acquisition of such property.

(b) Such payment, not to exceed four thousand dollars ($4,000), shall be the additional amount which is necessary to enable such individual or family to lease or rent for a period not to exceed four (4) years, or to make the down payment on the purchase of a decent, safe and sanitary dwelling of standards adequate to accommodate such individual or family in areas not generally less desirable in regard to public utilities and public and commercial facilities, except that if the amount of the down payment to purchase exceeds two thousand dollars ($2,000), such individual or family must equally match any such amount in excess of two thousand dollars ($2,000) in making the down payment.

History: En. Sec. 7, Ch. 212, L. 1969; amd. Sec. 4, Ch. 426, L. 1971.

Amendments

The 1971 amendment increased the maximum payment under subsection (b) from $1,500 to $4,000; increased the rental period specified in subsection (b) from two to four years; added the exception to subsection (b); and made minor changes in style.

Sewer Easement

County possesses sufficient interest in right of way for county road created by common-law dedication, to grant permission, without adjoining property owners' consent, for installation of municipal sewer under the road even if adjoining property owners are not allowed to connect with the sewer line. Bolinger v. City of Bozeman, 158 M 507, 493 P 2d 1062.

Any ten, or a majority, of the freeholders of a road district, taxable therein for road purposes, may petition the board in writing to open, establish, construct, change, abandon, or discontinue any county road in the district. If the county is not divided into districts the entire county shall be one road district. When the road petitioned for is on the dividing line between two counties, the same procedure must be followed, except that a copy of the petition must be presented to each board. The two boards shall act jointly.

History: En. Sec. 8-202, Ch. 197, L. 1965.

32-4003. Contents of petition. The petition must set forth: (1) The particular road or roads to be opened, established, constructed, changed, discontinued, or abandoned.

The investigation shall be sufficient to properly determine the merits or demerits of the petition.

(2) No more than one member of the board and the county surveyor shall make the investigation. After considering the petition and the results of the investigation, the board shall make an entry of its decision on the minutes.

(3) Within ten (10) days thereafter, the board shall cause notice of its decision to be sent by certified mail to all owners of land abutting on the road petitioned for. The owners shall be those listed on the last county assessment roll.

(2) Damages must be determined by estimating the benefits and damages accruing. The sum estimated as benefits must be deducted from the sum estimated as damages, and the remainder, if any, shall be the amount of damages awarded.

The board shall, by order, direct that proceedings to procure the right of way be instituted under sections 93-9901—93-9926 by the county attorney against all nonaccepting landowners.

(2) Such proceedings shall in no way be affected or invalidated by the failure of the board to give any notice or do any act provided for in this part [chapter]. Failure to give any such notice shall not be considered by any court as a defense in any proceedings for procuring right of way.

DECISIONS UNDER FORMER LAW

Judicial Determination of Necessity

In adopting the former controlled access highway law (32-2001 et seq.) the legislature is presumed to have considered sections 93-9905 and 93-9911 R. C. M. 1947, and the power to determine the public necessity of a proposed highway or facility remains with the trial judge. State Highway Commission v. Yost Farm Co., 142 M 239, 384 P 2d 277.

It shall also mean those portions of spurs to the interstate highway system which the commission shall determine and designate as unsafe or impeded by unrestricted access of traffic from intersecting streets or alleys or public or private roads or ways of passage.

(3) "Controlled access facility" means and includes all streets, alleys, public roads, private roads, and ways of passage intersecting any controlled access highway and all real property contiguous to the right of way of any controlled access highway.

(4) "Existing highway" means and includes all highways, roads, and streets established constructed, and in use on March 2, 1955. as a controlled access highway unless the commission shall adopt a resolution so designating it. The resolution shall be adopted by the majority vote of the members in attendance at any regular or special meeting. In it, the commission shall find and determine:

(a) That it is necessary and desirable that the owners or occupants of the abutting land or other persons shall have no easement of access or only a limited easement of access, light, air, or view.

(b) That it is necessary and desirable that the rights of, or easements to access, light, air, or view be acquired by the state so as to prevent such portion of highway from becoming unsafe for or impeded by unrestricted access of traffic from intersecting streets, alleys, public or private roads or ways of passage.

(2) The resolution shall contain a statement of the reasons for its adoption, and shall set forth the location, distance, and termini of the portion of the highway designated as a controlled access highway.

A permit must be obtained for each sign and the application for the permit must be accompanied by an initial fee of six dollars ($6).

Permits shall be issued for three (3) years, assigned a permit number, and renewed every three (3) years thereafter upon payment of three dollars ($3) without the filing of a new application. All fees received shall be paid into the state highway account in the earmarked revenue fund.

The commission shall issue with each new permit a permanent identification tag not larger than six (6) square inches which shall be affixed to the sign in a position readily visible from the highway.

Notwithstanding the foregoing provisions of this section, the commission shall issue permits and identification tags, upon application and payment of the requisite fee for any structure lawfully in existence on the day prior to the effective date of this act, and the permits shall thereafter be renewed for such period of time as is prescribed herein, unless the structure is removed for improper maintenance.

History: En. Sec. 6, Ch. 2, 2nd Ex. L. 1971.

32-4721. Notice of violations—remedial action. When the commission determines that a willful false or misleading statement has been made in the application for a permit or that the structure for which a permit was issued is not in a reasonable state of repair, or is unsafe, the commission shall notify the holder of the permit in writing, either by certified mail or by personal service, of the violation and specify that remedial action shall be taken within sixty (60) days or the permit will be revoked and action for removal of the sign commenced as provided in section 8 [32-4722] of this act. Within forty-five (45) days after the notice, the owner of the land or of the structure may make written request for a hearing before the commission to show cause why the structure should not be removed. The commission shall keep a full and complete transcript and record of such hearing, make and enter its findings, conclusions and decisions in the matter and mail copies thereof by certified mail to the party or parties requesting the hearing.

The decision of the commission may be appealed to the district court in the county in which the structure is located. The court shall sustain the decision of the commission if it is supported by substantial evidence as shown by the records and exhibits. If there is no appeal from the commission's decision or if the commission's decision is affirmed, the party or parties requesting the appeal shall be liable for all costs incurred by the commission. Appeals shall be taken within thirty (30) days of the commission's decision by filing a notice and sending a copy of the notice to the commission by certified mail.

The commission shall forward its transcripts, records and exhibits to the district court having jurisdiction within thirty (30) days after receiving notice of such appeal. Appellant shall pay all costs of transcript and records.

If a hearing before the commission is not requested, or if there is no appeal taken from the commission's decision at such hearing, or if the commission's decision is affirmed on appeal, the commission shall immediately remove the unlawful outdoor advertising. The owner of the structure and the owner or occupant of the land shall be jointly and severally liable for the costs of such removal. Eminent domain shall be exercised in accordance with the provisions of the laws of the state of Montana.

(b) Just compensation shall be paid for outdoor advertising and all property rights pertaining to the same acquired through the process of eminent domain. The commission is empowered to remove outdoor adver-

tising found in violation of section 7 [32-4721] or 8 [32-4722] of this act without payment of compensation.

(c) Despite any contrary provision in this act, no sign shall be required to be removed without just compensation, unless found to be in violation of section 7 [32-4721] or 8 [32-4722] of this act. Except as provided in said sections 7 and 8 no sign shall be required to be removed unless at the time of removal or discontinuance there are sufficient funds, from whatever source, appropriated and immediately available to pay the just compensation required under this section, and unless at such time the federal funds required to be contributed under section 131 (g) of Title 23, United States Code, with respect to the outdoor advertising being removed, have been apportioned and are immediately available to this state.

In the event the general requirements of Title 23, United States Code, "Highways," or existing rules and regulations of the United States department of transportation become amended or changed to less restrictive conditions than presently exist, then, the commission must amend or change such rules and regulations that it may have adopted to come into conformity with the federal law, rule and regulation; however, in no event shall this act become more restrictive than is indicated herein by said federal action.

In such case, licensee must make written request to the executive officer of the department for a hearing within ten (10) days after notice of the grounds or charges has been received.

(c) When a multiple type establishment is licensed by the department, the denial or cancellation of said license may affect the entire establishment or only a portion of same as determined by the executive

officer (a multiple type establishment includes two or more of the following: hotel, motel, or tourist home).

(e) Any order made by the executive officer after hearing, as provided herein, denying or canceling any license may be reviewed by application for writ of review (certiorari) commenced in the district court of the county in which the licensed premises are located, within ten (10) days from the date of notice in writing of the executive officer's order of denial or canceling such license has been served upon him.

(f) Whenever the department shall furnish evidence to the county attorney of any county in this state, such county attorney shall prosecute any person, persons, firm, or corporation violating any provisions of this act, or any rules or regulations effective under this act.

36-202. Purposes—definitions—where applicable. (1) Purposes. (2) Definitions. As used in this chapter "shall" is mandatory and "may" is permissive.

(3) Applicability of the Law—Determination by District Court. The provisions of this chapter shall be applicable only in counties in which the district court determines that the social conditions in the county and the number of domestic relations cases in the courts render the procedures herein provided necessary to the full and proper consideration of such cases and the effectuation of the purposes of this chapter. Such determination shall be made annually in the month of January or July by the judge of the district court in counties having only one such judge, and by a majority of the judges of the district court in counties having more than one such judge.

History: En. Sec. 2, Ch. 238, L. 1963.

Each district court shall exercise the jurisdiction conferred by this chapter, and while sitting in the exercise of such jurisdiction shall be known and referred to as the "conciliation court."

In counties having more than one judge of the district court, the judges of such court shall annually, in the month of January or July, designate at least one judge to hear all cases under this chapter. The judge or judges so designated shall hold as many sessions of the conciliation court in each week as are necessary for the prompt disposition of the business before the court.

(3) Transfer of Cases. Another district judge may be called in by the judge of the conciliation court to act as judge of the conciliation court

(4) Budget. The provisions of the county budget system, section[s] 16-1901 to 1911, inclusive, R.C.M. 1947, shall, except as provided by section 4, subsection 9 [36-204 (9)] of this act, be applicable to expenditures for the court of conciliation; provided, however, that the court may submit to the board of county commissioners the information required by section 16-1901 on or before July 1st of each year.

(5) Manner of Conciliation. The judge of the conciliation court may hear all matters invoked under this act or he may refer such matters to a pastor or director of any religious denomination to which the parties may belong, psychiatrist, physician, attorney, social worker, or other person who is competent and qualified by training and experience in personal counseling. Such person shall be referred to herein as the conciliation counselor.

The conciliation counselor shall:

(a) Hold conciliation conferences with parties to, and hearings in, proceedings under this chapter, and make recommendations concerning such proceedings to the judge of the conciliation court.

(b) Cause such reports to be made, such statistics to be compiled, and such records to be kept as the judge of the conciliation court may direct.

(7) Privacy of Hearings. All district court hearings or conferences in proceedings under this chapter shall be held in private and the court shall exclude all persons except the officers of the court, the parties, their counsel and witnesses. The jurisdiction of the conciliation courts and the powers thereof shall be as provided in the constitution of Montana, chapter 3 [Title 93], Revised Codes of Montana, 1947, and acts amendatory and relating thereto, including the right of disqualification of any judge of the conciliation court.

History: En. Sec. 3, Ch. 238, L. 1963; amd. Sec. 16, Ch. 100, L. 1973.

Amendments

36-204. Procedure. (1) Whenever any controversy exists between the spouses which may, unless a reconciliation is achieved, result in the dissolution or annulment of the marriage or in the disruption of the household, and there is any minor child of the spouses or of either of them whose welfare might be affected thereby, the conciliation court shall have jurisdiction over the controversy, and over the parties thereto and all persons having any relation to the controversy as further provided in this chapter.

(2) Prior to the filing of any action for divorce, annulment or separate maintenance, either spouse, or both spouses, may file in the conciliation court a petition invoking the jurisdiction of the court for the purpose of preserving the marriage by effecting a reconciliation between the parties, or for amicable settlement of the controversy between the spouses, so as to avoid further litigation over the issue involved.

(3) The petition shall be captioned substantially as follows:

District Court of the State of Montana
For the County of _____

Upon the petition of _____ Petitioner	Petition for Conciliation (Under the Conciliation Court Law)

And concerning
_____ and
_____
Respondents.

To the Conciliation Court:

(4) The petition shall:

(a) Allege that a controversy exists between the spouses and request the aid of the court to effect a reconciliation or an amicable settlement of the controversy.

(b) State the name and age of each minor child whose welfare may be affected by the controversy.

(c) State the name and address of the petitioner, or the names and addresses of the petitioners.

(d) If the petition is presented by one spouse only, name the other spouse as a respondent, and state the address of that spouse.

(e) Also name as a respondent any other person who has any relation to the controversy, and state the address of the person, if known to the petitioner.

(f) State such other information as the court may by rule require.

(5) The clerk of the court shall provide, at the expense of the county, blank forms for petitions for filing pursuant to this chapter. The probation

officers of the county and the attaches and employees of the conciliation court shall assist any person in the preparation and presentation of any such petition, when any person requests such assistance. All public officers in each county shall refer to the conciliation court all petitions and complaints made to them in respect to controversies within the jurisdiction of the conciliation court.

(6) No Fees. No fee shall be charged by any officer for filing the petition, nor shall any fee be charged by any officer for the performance of any duty pursuant to this chapter.

(7) Time and Place of Hearings. The court shall fix a reasonable time and place for hearing on the petition, and shall cause such notice of the filing of the petition and the time and place of the hearing as it deems necessary to be given to the respondents. The court may, when it deems it necessary, issue a citation to any respondent requiring him to appear at the time and place stated in the citation, and may require the attendance of witnesses as in other civil cases.

(8) For the purpose of conducting hearings pursuant to this chapter, the conciliation court may be convened at any time and place within the district, and the hearing may be had in chambers or otherwise, except that the time and place for hearing shall not be different from the time and place provided by law for the trial of civil actions if any party, prior to the hearing, objects to any different time or place.

(9) Hearings Informal. The hearing shall be conducted informally as a conference or series of conferences to effect a reconciliation of the spouses or an amicable adjustment or settlement of the issues of the controversy. To facilitate and promote the purposes of this act the court may, with the consent of both of the parties to the proceeding, recommend or invoke the aid of physicians or psychiatrists, or other specialists or scientific experts, or of the pastor or director of any religious denomination to which the parties may belong. Such aid, however, shall not be at the expense of the court or of the county, unless the county commissioners of the county specifically provide and authorize such aid.

(10) Orders—Effective Time—Reconciliation Agreement. At or after hearing, the court may make such orders in respect to the conduct of the spouses and the subject matter of the controversy as the court deems necessary to preserve the marriage or to implement the reconciliation of the spouses, but in no event shall such orders be effective for more than thirty (30) days from the hearing of the petition, unless the parties mutually consent to a continuation of such time.

Any reconciliation agreement between the parties may be reduced to writing and, with the consent of the parties, a court order may be made requiring the parties to comply fully therewith.

(11) During a period beginning upon the filing of the petition for conciliation and continuing until thirty (30) days after the hearing of the petition for conciliation, neither spouse shall file any action for divorce, annulment of marriage, or separate maintenance.

If, however, after the expiration of such period, the controversy between the spouses has not been terminated, either spouse may institute proceedings for divorce, annulment of marriage or separate maintenance.

The pendency of a divorce, annulment, or separate maintenance action shall not operate as a bar to the instituting of proceedings for conciliation under this chapter.

(12) Stay of Divorce Proceedings—Where Conciliation Petition Filed First. Whenever any action for divorce, annulment of marriage, or separate maintenance is filed in the district court, and it appears to the court at any time during the pendency of the action that there is any minor child of the spouses or of either of them whose welfare may be adversely affected by the dissolution or annulment of the marriage of the disruption of the household, and that there appears to be some reasonable possibility of a reconciliation being effected, the case may be transferred to the conciliation court for proceedings for reconciliation of the spouses or amicable settlement of issues in controversy, in accordance with the provisions of this chapter.

(13) Jurisdiction Where No Minors Involved. Whenever application is made to the conciliation court for conciliation proceedings in respect to a controversy between spouses, or a contested action for divorce, annulment, or separate maintenance, but there is no minor child whose welfare may be affected by the results of the controversy, and it appears to the court that reconciliation of the spouses or amicable adjustment of the controversy can probably be achieved, and that the work of the court in cases involving children will not be seriously impeded by acceptance of the case, the court may accept and dispose of the case in the same manner as similar cases involving the welfare of children are disposed of. In the event of such application and acceptance, the court shall have the same jurisdiction over the controversy and the parties thereto or having any relation thereto that it has under this chapter in similar cases involving the welfare of children.

History: En. Sec. 4, Ch. 238, L. 1963.

36-205. Powers of the court. The conciliation court shall have the same powers as the district court under the constitution of the state of Montana, section[s] 93-301 to 93-321 inclusive, Revised Codes of Montana, 1947, and acts amendatory and relating thereto, including the right of disqualification of judges of courts of conciliation.

_____, County Clerk.

(Seal of Office) By _____

Deputy _____

Every such certificate shall be prima facie evidence of the facts stated therein, and of the qualifications of the electors whose signatures are thus certified to be genuine, and the secretary of state shall consider and count only such signatures on such petitions as shall be so certified by said county clerks to be genuine; provided, that the secretary of state may consider and count such of the remaining signatures as may be proved to be genuine, and that the parties so signing were legally qualified to sign such petitions, and the official certificate of a notary public of the county in which the signer resides shall be required as to the fact for each of such last-named signatures; and the secretary of state shall further compare and verify the official signatures and seals of all notaries so certifying with their signatures and seals filed in his office. I, _____, a duly qualified and acting notary public in and for the above-named county and state, do hereby certify: that I am personally acquainted with each of the following named electors whose signatures are affixed to the annexed petition, and I know of my own knowledge that they are qualified electors of the state of Montana, and of the county, legislative representative districts and precincts written after their several names in the annexed petition, and that their

Sufficiency of Certification

City clerk's certification of petition for referendum presented on city ordinance simply identifying petition and stating "it has been determined that five per cent of the qualified electors have not signed" did not meet requirements of statute. Tod v. City of Billings, 149 M 462, 430 P 2d 620.

In the case of referendum measures, the secretary of state shall prepare a statement setting forth the vote by which the referendum passed each house of the legislative assembly and that it was signed by the governor. The statement by the secretary of state shall precede the attorney general's statement on the printed form. The statement as prepared by the attorney general, and the statement of the secretary of state for referendum measures only, shall be in addition to the legislative title of the measure, the statement of the secretary of state for referendum measures only and the statement of the attorney general shall precede the other title of the measure. In providing the statement, the attorney general shall give a true and impartial statement of the purpose of the measure in plain, easily understood language and in such manner as shall not be an argument or likely to create prejudice either for or against the measure.

History: En. Sec. 1, Ch. 22, L. 1963; amd. Sec. 1, Ch. 21, L. 1969.

Compiler's Notes

Section 2 of Ch. 22, Laws 1963 repealed all acts and parts of acts in conflict therewith.

37-105. (103) **Certification and numbering of measures—constitutional amendments.** The secretary of state, at the same time that he furnishes to the county clerk of the several counties certified copies of the names of the candidates for office, shall also furnish the said county clerks his certified copy of the titles and numbers of the various measures to be voted upon at the ensuing general or special election, and he shall use for each measure a title designated for that purpose by the legislative assembly, committee, or organization presenting and filing with him the act, or petition for the initiative or the referendum, or in the petition or act; provided, that such title shall in no case exceed one hundred words, and shall not resemble any such title previously filed for any measure to be submitted at that election which shall be descriptive of said measure, and he shall number such measures. Nothing herein contained shall be deemed to change the existing laws of the state regulating in other respects the manner of submitting such proposed amendments.

History: En. Sec. 5, Ch. 62, L. 1907; re-en. Sec. 110, Rev. C. 1907; amd. Sec. 1, Ch. 66, L. 1913; re-en. Sec. 103, R. C. M. 1921; amd. Sec. 1, Ch. 52, L. 1927; amd. Sec. 5, Ch. 454, L. 1973.

37-107. (105) **Printing and distribution of measures.** The secretary of state shall furnish a copy of each of the proposed measures to be submitted to the people and make requisition on the state purchasing agent for the printing and delivery to him of all proposed constitutional amendments, initiative and referendum measures to be submitted to a vote of the people.

History: En. Sec. 7, Ch. 62, L. 1907; Sec. 112, Rev. C. 1907; re-en. Sec. 105, R. C. M. 1921; amd. Sec. 1, Ch. 137, L. 1927; amd. Sec. 2, Ch. 104, L. 1945; amd. Sec. 1, Ch. 67, L. 1947; amd. Sec. 6, Ch. 454, L. 1973.

Amendments

History: En. Sec. 8, Ch. 62, L. 1907; Sec. 113, Rev. C. 1907; re-en. Sec. 106, R. C. M. 1921; amd. Sec. 1, Ch. 37, L. 1973; amd. Sec. 7, Ch. 454, L. 1973.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 37 and once by Ch. 454. Neither amendatory act mentioned the other. The two amendments appear to conflict with respect to the section references substituted for the former references to section 23-1812 and 23-1813; in this respect, the compiler has used the text of Chapter 454, the later in time of approval. Since the amendments do not otherwise appear to conflict, the compiler has made a composite section embodying the other changes made by both amendments.

Amendments

Chapter 37, Laws of 1973, substituted a reference to sections 23-3314 and 23-4015 near the end of the first sentence for a reference to former sections 23-1812 and 23-1813; deleted from the second sentence a requirement that the governor's proclamation be published "in two daily newspapers printed at the capital"; substituted July 1 following approval for the date of the proclamation as the effective date of approved measures; inserted "unless the amendment provides otherwise" near the end of the section; and made minor changes in phraseology and style.

Chapter 454, Laws of 1973, substituted the reference to section 23-4015 near the end of the first sentence for a reference to former sections 23-1812 and 23-1813; and inserted "at which such measures are voted upon" near the beginning of the second sentence.

37-109. (107) **Who may petition—false signature—penalties.** Each qualified elector of the state of Montana may sign a petition for the

referendum or for the initiative or for constitutional referendum or constitutional initiative. Any person signing any name other than his own to a petition, or signing one more than once for the same measure at one election, or who is not, at the time of signing a petition, a qualified elector of this state, or any officer or any person willfully violating any provision of this statute, shall, upon conviction thereof, be punished by a fine not exceeding five hundred dollars ($500), or by imprisonment in the penitentiary not exceeding two (2) years, or by both.

History: En. Sec. 9, Ch. 62, L. 1907; Sec. 114, Rev. C. 1907; re-en. Sec. 107, R. C. M. 1921; amd. Sec. 4, Ch. 35, L. 1973; amd. Sec. 8, Ch. 454, L. 1973.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 35 and once by Ch. 454. Neither amendatory act mentioned the other. Since the changes made by Ch. 35 included the change made by Ch. 454, the compiler has used the text of Ch. 35 above.

Amendments

Chapter 35, Laws of 1973, added references to the constitutional referendum and constitutional initiative at the end of the first sentence; substituted "qualified elector" for "legal voter" in the middle of the second sentence; deleted "in the discretion of the court before which such conviction shall be had" at the end of the section; and made numerous minor changes in phraseology and style.

Chapter 454, Laws of 1973, substituted "qualified elector" for "legal voter" in the middle of the second sentence.

Repealing Clause

Section 9 of Ch. 454, Laws 1973 read "Section 23-2701.1, R. C. M. 1947, is repealed."

CHAPTER 30—ASSETS AND LIABILITIES

Section 40-3011. Standard valuation law—life insurance.

40-3011. Standard valuation law—life insurance. (1). * * * [Same as parent volume.]

(2) This subsection shall apply to only those policies and contracts issued prior to the operative date of section 40-3831 (the standard nonforfeiture law).

Except as otherwise provided in (3) (a) (vii) (A) of this section for group annuity and pure endowment contracts, the minimum standard of valuation on all policies of domestic life insurers issued prior to January 1, 1922, shall be the American experience table of mortality and interest at three and one-half per cent (3½%) per annum, with preliminary term insurance for the first policy year, and for policies of such insurers issued subsequent to December 31, 1921, shall be the American experience table of mortality with interest at three and one-half per cent (3½%) per annum, with preliminary term insurance for the first policy year, except as follows: If the premium charged for term insurance under a limited payment life preliminary term policy providing for the payment of all premiums thereon in less than twenty (20) years from the date of the policy, or under an endowment preliminary term policy, exceeds that charged for life insurance under twenty (20) payment life preliminary term policies of the same insurer, the reserve thereon at the end of any year, including the first, shall not be less than the reserve on a twenty (20) payment life preliminary term policy issued in the same year and at the same age, together with an amount which shall be equivalent to the accumulation of a net level premium reserve sufficient to provide for a pure endowment at the end of the premium payment period equal to the difference between the value at the end of such period of such a twenty (20) payment life preliminary term policy and the full net level premium reserve at such time of such a limited payment life or endowment policy.

Reserves for all such policies and contracts may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.

(3) This subsection shall apply to only those policies and contracts issued on or after the operative date of section 40-3831 (the standard nonforfeiture law), except as otherwise provided in (3) (a) (vii) (A) of this section for group annuity and pure endowment contracts issued prior to such operative date.

(a) Except as otherwise provided in (3) (a) (vii) (A) of this section, the minimum standard for the valuation of all such policies and contracts shall be the commissioner's reserve valuation method defined in subdivision (b), three and one-half per cent (3½%) interest, or in the case of policies and contracts, other than annuity and pure endowment contracts, issued on or after the effective date of this amendatory act of 1973 and prior to January 1, 1986, four per cent (4%) interest, and the following tables:

(i). * * * [Same as parent volume.]

(ii) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies,—the 1941 standard industrial mortality table for such policies issued prior to the operative date of subsection (8-b) of section 40-3831 (the standard nonforfeiture law) as amended, and the commissioners 1961 standard industrial mortality table for such policies issued on or after such operative date.

(iii) to (vi). * * * [Same as parent volume.]

(vii) For group life insurance, life insurance issued on the substandard basis and other special benefits—such tables as may be approved by the commissioner.

(A) The minimum standard for the valuation of all individual annuity and pure endowment contracts issued on the effective date of this subsection, as defined herein, and for all annuities and pure endowments purchased on or after such operative date under group annuity and pure endowment contracts, shall be the commissioner's reserve valuation method defined in (3) (b) of this section and the following tables and interest rates:

(I) For individual annuity and pure endowment contracts issued prior to January 1, 1986, excluding any disability and accidental death benefits in such contracts, the 1971 individual annuity mortality table, or any modification of this table approved by the commissioner, and six per cent (6%) interest for single premium immediate annuity contracts, and four per cent (4%) interest for all other individual annuity and pure endowment contracts.

(II) For individual annuity and pure endowment contracts issued on or after January 1, 1986, excluding any disability and accidental death benefits in such contracts, the 1971 individual annuity mortality table, or any modification of the table approved by the commissioner, and three and one-half per cent (3½%) interest.

(III) For all annuities and pure endowments purchased prior to January 1, 1986, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, the 1971 group annuity mortality table, or any modification of the table approved by the commissioner, and six per cent (6%) interest.

(IV) For all annuities and pure endowments purchased on or after January 1, 1986, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts, the 1971 group annuity mortality table, or any modification of this table approved by the commissioner, and three and one-half per cent (3½%) interest.

After the effective date of this amendatory act of 1973, any insurer may file with the commissioner a written notice of its election to comply with the provisions of the subsection (A) after a specified date before January 1, 1979, which shall be the operative date of the subparagraph for such insurer provided an insurer may elect a different operative date for individual annuity and pure endowment contracts from that elected for

group annuity and pure endowment contracts. If an insurer makes no such election, the operative date of this subparagraph for such insurer shall be January 1, 1979.

(b) and (c). * * * [Same as parent volume.]

(d) Reserves for any category of policies, contracts or benefits as established by the commissioner, may be calculated at the option of the insurer according to any standards which produce greater aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided for therein. Provided, however, that reserves for participating life insurance policies may, with the consent of the commissioner, be calculated according to a rate of interest [lower than the rate of interest] used in calculating the nonforfeiture benefits in such policies, with the further proviso that if such lower rate differs from the rate used in the calculation of the nonforfeiture benefits by more than one-half per cent (½%) the insurer issuing such policies shall file with the commissioner a plan providing for such equitable increases, if any, in the cash surrender values and nonforfeiture benefits in such policies as the commissioner shall approve.

An act to provide for regulation of insurance rates and rating organizations, advisory organizations and joint underwriting and joint reinsurance; and repealing sections 40-3601 through 40-3633, R. C. M. 1947.

40-3635. "Rating organization" defined. In this chapter "rating organization" means every person, other than an admitted insurer, whether located within or outside this state, who has as his object or purpose the making of rates, rating plans or rating systems. Two or more admitted insurers which act in concert for the purpose of making rates, rating plans or rating systems, and which do not operate within the specific authorizations contained in sections 9, 11, 12, 20 and 21 [40-3642, 40-3644, 40-3645, 40-3653 and 40-3654] shall be deemed to be a rating organization. No single insurer shall be deemed to be a rating organization.

History: En. Sec. 2, Ch. 362, L. 1969.

40-3636. "Advisory organization" defined. In this chapter "advisory organization" means every person, other than an admitted insurer, whether located within or outside this state, who prepares policy forms or makes underwriting rules incident to but not including the making of rates, rating plans or rating systems, or which collects and furnishes to admitted insurers or rating organizations loss or expense statistics or other statistical information and data and acts in an advisory, as distinguished from a rate-making, capacity. No duly authorized attorney at law, acting in the usual course of his profession, shall be deemed to be an advisory organization.

History: En. Sec. 3, Ch. 362, L. 1969.

40-3637. "Member" and "subscriber" defined. Unless otherwise apparent from the context, in this chapter:

(a) "Member" means an insurer who participates in or is entitled to participate in the management of a rating, advisory or other organization.

(b) "Subscriber" means an insurer which is furnished at its request (1) with rates and rating manuals by a rating organization of which it is not a member; or (2) with advisory services by an advisory organization of which it is not a member.

History: En. Sec. 4, Ch. 362, L. 1969.

40-3638. "Willful" and "willfully" defined. In this chapter "willful" or "willfully," in relation to an act or omission which constitutes a violation of this chapter, means with actual knowledge or belief that such act or omission constitutes such violation and with specific intent to commit such violation.

History: En. Sec. 5, Ch. 362, L. 1969.

40-3639. Scope of chapter. This chapter applies to all insurers and all kinds of insurance, except that nothing contained in this chapter shall apply to:

(1) Life insurance.

(2) Disability insurance.

(3) Reinsurance, except joint reinsurance as provided in section 20 [40-3653] of this chapter.

(4) Insurance against loss of or damage to aircraft, their hulls, accessories and equipment, or against liability, other than workmen's compensation and employers' liability, arising out of the ownership, maintenance or use of aircraft.

(5) Insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity, or other risks commonly insured under marine, as distinguished from inland marine, insurance policies.

(6) Title insurance.

(7) Workmen's compensation or employers' liability insurance written in connection with workmen's compensation.

History: En. Sec. 6, Ch. 362, L. 1969.

40-3640. Standards applicable to rates. The following standards shall apply to the making and use of rates pertaining to all classes of insurance to which the provisions of this chapter are applicable:

(a) Rates shall not be excessive or inadequate, as herein defined, nor shall they be unfairly discriminatory.

No rate shall be held to be excessive unless (1) such rate is unreasonably high for the insurance provided, and (2) a reasonable degree of competition does not exist in the area with respect to the classification to which such rate is applicable.

No rate shall be held to be inadequate unless (1) such rate is unreasonably low for the insurance provided, and (2) the continued use of such rate endangers the solvency of the insurer using the same, or unless (3) such rate is unreasonably low for the insurance provided and the use of such rate by the insurer using same has, or if continued will have, the effect of destroying competition or creating a monopoly.

(b) Consideration shall be given, to the extent applicable, to past and prospective loss experience within and outside this state, to revenues and profits from reserves, to conflagration and catastrophe hazards, if any, to a reasonable margin for underwriting profit and contingencies, to past and prospective expenses, both country-wide and those specially applicable to this state, and to all other factors, including judgment factors, deemed relevant within and outside this state; and in the case of fire insurance rates, consideration may be given to the experience of the fire insurance business during the most recent five-year period for which such experience is available.

Consideration may also be given in the making and use of rates to dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

(c) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the operating methods of any such insurer or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof.

(d) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any difference among risks that have a probable effect upon losses or expenses. Classifications or modifications of classifications of risks may be established based upon size, expense, management, individual experience, location or dispersion of hazard, or any other reasonable considerations, except that no special risk classification may be established based on anything adverse to the insured in a driving record which is three (3) years old or older. Such classifications and modifications shall apply to all risks under the same or substantially the same circumstances or conditions.

History: En. Sec. 7, Ch. 362, L. 1969; amd. Sec. 1, Ch. 54, L. 1973; amd. Sec. 1, Ch. 104, L. 1973.

Compiler's Notes

This section was amended twice in 1973, once by Ch. 54 and once by Ch. 104. Neither amendatory act mentioned or incorporated the changes made by the other. Since the amendments do not appear to conflict, the compiler has made a composite section embodying the changes made by both amendments.

Amendments

Chapter 54, Laws of 1973, added "except that no special risk classification may be established on anything adverse to the insured in a driving record which is three (3) years old or older" at the end of the fourth sentence of subdivision (d).

Chapter 104, Laws of 1973, inserted "to revenues and profits from reserves," near the beginning of subdivision (b).

40-3641. Insurers authorized to act in concert. Subject to and in compliance with the provisions of this chapter authorizing insurers to be members or subscribers of rating or advisory organizations or to engage in joint underwriting or joint reinsurance, two or more insurers may act in concert with each other and with others with respect to any matters pertaining to the making of rates or rating systems, the preparation or making of insurance policy or bond forms, underwriting

rules, surveys, inspections and investigations, the furnishing of loss or expense statistics or other information and data, or carrying on of research.

History: En. Sec. 8, Ch. 362, L. 1969.

40-3642. Admitted insurers with common ownership or management —matters relating to cosurety bonds. With respect to any matters pertaining to the making of rates or rating systems, the preparation or making of insurance policy or bond forms, underwriting rules, surveys, inspections and investigations, the furnishing of loss or expense statistics or other information and data, or carrying on of research, two or more admitted insurers having a common ownership or operating in this state under common management or control, are hereby authorized to act in concert between or among themselves the same as if they constituted a single insurer, and to the extent that such matters relate to cosurety bonds, two or more admitted insurers executing such bonds are hereby authorized to act in concert between or among themselves the same as if they constituted a single insurer.

History: En. Sec. 9, Ch. 362, L. 1969.

40-3643. Use of rates, rating systems, underwriting rules and policy or bond forms of rating or advisory organizations—agreements to adhere thereto. Members and subscribers of rating or advisory organizations may use the rates, rating systems, underwriting rules or policy or bond forms of such organizations, either consistently or intermittently, but, except as provided in sections 9, 12, 20 and 21 [40-3642, 40-3645, 40-3653 and 40-3654], shall not agree with each other or rating organizations or others to adhere thereto. The fact that two or more admitted insurers, whether or not members or subscribers of a rating or advisory organization, use, either consistently or intermittently, the rates or rating systems made or adopted by a rating organization, or the underwriting rules or policy or bond forms prepared by a rating or advisory organization, shall not be sufficient in itself to support a finding that an agreement to so adhere exists, and may be used only for the purpose of supplementing or explaining direct evidence of the existence of any such agreement.

History: En. Sec. 10, Ch. 362, L. 1969.

40-3644. Exchange of information or experience data—consultation with rating organizations and insurers. Licensed rating organizations and admitted insurers are authorized to exchange information and experience data with rating organizations and insurers in this and other states and may consult with them with respect to rate-making and the application of rating systems.

History: En. Sec. 11, Ch. 362, L. 1969.

40-3645. Agreements for apportionment of casualty insurance—approval of commissioner—review of practices of adherents—revocation of approval. (a) Agreements may be made among admitted insurers

with respect to the equitable apportionment among them of casualty insurance which may be afforded applicants who are in good faith entitled to, but who are unable to procure, such insurance through ordinary methods, and with respect to the use of reasonable rate modifications for such insurance, such agreements to be subject to the approval of the commissioner.

(b) All such agreements shall be submitted in writing to the commissioner for his consideration and approval, together with such information as he may reasonably require. The commissioner shall approve only such agreements as are found by him to contemplate (a) the use of rates which meet the standards prescribed by this chapter, and (b) activities and practices that are not unfair, unreasonable or otherwise inconsistent with the provisions of this chapter.

At any time after such agreements are in effect the commissioner may review the practices and activities of the adherents to such agreements and if, after a hearing upon not less than ten (10) days' notice to such adherents, he finds that any such practice or activity is unfair or unreasonable, or is otherwise inconsistent with the provisions of this chapter, he may issue a written order to the parties to any such agreement, specifying in what respects such act or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this chapter, and requiring the discontinuance of such activity or practice. For good cause, and after hearing upon not less than ten (10) days' notice to the adherents thereto, the commissioner may revoke approval of any such agreement.

History: En. Sec. 12, Ch. 362, L. 1969.

40-3646. Joint underwriters and reinsurers. Upon compliance with the provisions of this chapter applicable thereto any rating organization, advisory organization, and any group, association or other organization of admitted insurers which engages in joint underwriting or joint reinsurance through such organization or by standing agreement among the members thereof, may conduct operations in this state. As respects insurance risks or operations in this state, no insurer shall be a member or subscriber of any such organization, group or association that has not complied with the provisions of this chapter applicable to it.

History: En. Sec. 13, Ch. 362, L. 1969.

40-3647. Rating organizations. No rating organization shall conduct its operations in this state without first filing with the commissioner a written application for, and securing a license to act as, a rating organization. Any rating organization may make application for and obtain a license as a rating organization if it shall meet the requirements for license set forth in this chapter. Every such rating organization shall file with its application (a) a copy of its constitution, its articles of incorporation, agreement or association, and of its bylaws, rules and regulations governing the conduct of its business, all duly certified by the custodian or the originals thereof, (b) a list of its members and subscribers, (c) the name and address of a resident of this state upon whom

notices or orders of the commissioner or process affecting such rating organization may be served, and (d) a statement of its qualifications as a rating organization.

History: En. Sec. 14, Ch. 362, L. 1969.

40-3648. Evidence prerequisite to license. To obtain and retain a license, a rating organization shall provide satisfactory evidence to the commissioner that it will:

(a) Permit any admitted insurer to become a member of or a subscriber to such rating organization at a reasonable cost and without discrimination, or withdraw therefrom.

(b) Neither have nor adopt any rule or exact any agreement, the effect of which would be to require any member or subscriber, as a condition to membership or subscribership, to adhere to its rates, rating plans, rating systems, underwriting rules or policy or bond forms.

(c) Neither adopt any rule nor exact any agreement, the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

(d) Neither practice nor sanction any plan or act of boycott, coercion or intimidation.

(e) Neither enter into nor sanction any contract or act by which any person is restrained from lawfully engaging in the insurance business.

(f) Notify the commissioner promptly of every change in its constitution, its articles of incorporation, agreement or association, and of its bylaws, rules and regulations governing the conduct of its business; its list of members and subscribers; and the name and address of the resident of this state designated by it upon whom notices or orders of the commissioner or process affecting such organization may be served.

(g) Comply with the provisions of section 21 [40-3654].

History: En. Sec. 15, Ch. 362, L. 1969.

40-3649. Examination of application and investigation of applicant—issuance of license—fee. The commissioner shall examine each application for license to act as a rating organization and the documents filed therewith and may make such further investigation of the applicant, its affairs and its proposed plan of business as he deems desirable.

The commissioner shall issue the license applied for within sixty (60) days of its filing with him if, from such examination and investigation, he is satisfied that:

(a) The business reputation of the applicant and its officers is good.

(b) The facilities of the applicant are adequate to enable it to furnish the services it proposes to furnish.

(c) The applicant and its proposed plan of operation conform to the requirements of this chapter.

Otherwise, but only after hearing upon notice the commissioner shall, in writing, deny the application and notify the applicant of his decision and his reasons therefor.

The commissioner may grant an application in part only and issue a license to act as a rating organization for one or more of the classes of insurance or subdivisions thereof or class of risk, or a part or combination thereof as are specified in the application, if the applicant qualifies for only a portion of the classes applied for.

Licenses issued pursuant to this section shall remain in effect until revoked as provided in this chapter. The fee for the license shall be one hundred dollars ($100) annually which shall be deposited in the general fund.

History: En. Sec. 16, Ch. 362, L. 1969; amd. Sec. 1, Ch. 206, L. 1973.

History: En. Sec. 17, Ch. 362, L. 1969.

40-3651. Insurers with common ownership or management. If two or more insurers having a common ownership or operating in this state under common management are admitted for the classes or types of insurance for which a rating organization is licensed to make rates, the rating organization may require as a condition to membership or subscribership of one or more that all such insurers shall become members or subscribers.

History: En. Sec. 18, Ch. 362, L. 1969.

40-3652. Advisory organizations. No advisory organization shall conduct its operations in this state unless and until it has filed with the commissioner (a) a copy of its constitution, articles of incorporation, agreement or association, and of its bylaws or rules and regulations governing its activities, all duly certified by the custodian of the originals thereof; (b) a list of its members and subscribers; and (c) the name and address of a resident of this state upon whom notices or orders of the commissioner or process may be served.

Every such advisory organization shall notify the commissioner promptly of every change in its constitution, its articles of incorporation, agreement or association, and of its bylaws, rules and regulations governing the conduct of its business; its list of members and subscribers; and the name and address of the resident of this state designated by it upon whom notices or orders of the commissioner or process affecting such organization may be served.

No such advisory organization shall engage in any unfair or unreasonable practice with respect to such activities.

Every insurer, rating organization or advisory organization, and every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance shall maintain reasonable records, of the type and kind reasonably adapted to its method of operation, of its experience or the experience of its members, and of the data, statistics or information collected or used by it in connection with the rates, rating plans, rating systems, underwriting rules, policy or bond forms, surveys or inspections made or used by it, so that such records will be available at all reasonable times to enable the commissioner to determine whether such organization, insurer, group or association, and, in the case of an insurer or rating organization, every rate, rating plan and rating system made or used by it, complies with the provisions of this chapter applicable to it. The maintenance of such records in the office of a licensed rating organization of which an insurer is a member or subscriber will be sufficient compliance with this section for any insurer maintaining membership or subscribership in such organization, to the extent that the insurer uses the rates, rating plans, rating systems or underwriting rules of such organization. Such records shall be maintained in an office within this state or shall be made available for examination or inspection within this state by the commissioner at any time upon reasonable notice.

organization or group, association or other organization of insurers which engages in joint underwriting or joint reinsurance.

In lieu of any such examination, the commissioner may accept the report of an examination made by the insurance supervisory official of another state.

In examining any organization, group or association pursuant to this section, the commissioner shall ascertain whether such organization, group or association, and, in the case of a rating organization, any rate or rating system made or used by it, complies with the requirements and standards of this chapter applicable to it.

History: En. Sec. 22, Ch. 362, L. 1969.

40-3656. Examination of admitted insurers. The commissioner may, at any reasonable time, make or cause to be made an examination of every admitted insurer transacting any class of insurance to which the provisions of this chapter are applicable to ascertain whether such insurer and every rate and rating system used by it for every class of insurance complies with the requirements and standards of this chapter applicable thereto. Such examination shall not be a part of a periodic general examination participated in by representatives of more than one state.

40-3657. Examination of officers, managers, agents and employees. The officers, managers, agents and employees of any such organization, group, association or insurer may be examined at any time under oath, and shall exhibit all books, records, accounts, documents or agreements governing its method of operation, together with all data, statistics and information of every kind and character collected or considered by such organization, group, association or insurer in the conduct of the operations to which such examination relates.

Any person aggrieved by any rate charged, rating plan, rating system or underwriting rule followed or adopted by an insurer or rating organization, may request the insurer or rating organization to review the manner in which the rate, plan, system or rule has been applied with respect to insurance afforded him. Such request may be made by his authorized representative, and shall be written. If the request is not granted within thirty (30) days after it is made, the requester may treat it as rejected. Any person aggrieved by the action of an insurer or rating organization in refusing the review requested, or in failing or refusing to grant all or part of the relief requested, may file a written complaint and request for hearing with the

commissioner, specifying the grounds relied upon. If the commissioner has information concerning a similar complaint, he may deny the hearing. If he believes that probable cause for the complaint does not exist or that the complaint is not made in good faith, he shall deny the hearing. Otherwise, and if he finds that the complaint charges a violation of this chapter and that the complainant would be aggrieved if the violation is proven, he shall proceed as provided in section 27 [40-3660].

History: En. Sec. 26, Ch. 362, L. 1969.

40-3660. Noncompliance of rates. Notices under this section shall be confidential as between the commissioner and the parties unless a hearing is held under section 28 [40-3661].

History: En. Sec. 27, Ch. 362, L. 1969.

40-3661. Hearings. If the commissioner has good cause to believe such noncompliance to be willful, or if within the period prescribed by the commissioner in the notice required by section 27 [40-3660], the insurer, organization, group or association does not make such changes as may be necessary to correct the noncompliance specified by the commissioner, or establish to the satisfaction of the commissioner that such specified noncompliance does not exist, then the commissioner may hold a public hearing in connection therewith, provided that within a reasonable period of time, which shall be not less than ten (10) days before the date of such hearing, he shall mail written notice specifying the matters to be considered at such hearing to such insurer, organization, group or association. If no notice has been given as provided in section 27 [40-3660], such notice shall state therein in what manner and to what extent noncompliance is alleged to exist. The hearing shall not include any additional subjects not specified in the notices required by section 27 [40-3660] or this section.

History: En. Sec. 28, Ch. 362, L. 1969.

40-3662. Issuance of order—suspension or revocation of certificate of authority or license. If, after a hearing pursuant to section 28 [40-3661], the commissioner finds:

(a) That any rate, rating plan or rating system violates the provisions of this chapter applicable to it, he may issue an order to the insurer or rating organization which has been the subject of the hearing, specifying in what respects such violation exists and stating when, within a reasonable period of time, the further use of such rate or rating system by such insurer or rating organization in contracts of insurance made thereafter shall be prohibited.

(b) That an insurer, rating organization, advisory organization, or a group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, is in violation of the provisions of this chapter applicable to it, other than the provisions dealing with rates, rating plans or rating systems, he may issue an order to such insurer, organization, group or association which has been the subject of the hearing, specifying in what respects such violation exists and requiring compliance within a reasonable time thereafter.

(c) That the violation of any of the provisions of this chapter applicable to it by any insurer or rating organization which has been the subject of hearing was willful, he may suspend or revoke, in whole or in part, the certificate of authority of such insurer or the license of such rating organization with respect to the class of insurance which has been the subject matter of the hearing.

(d) That any rating organization has willfully engaged in any fraudulent or dishonest act or practices, he may suspend or revoke, in whole or in part, the license of such organization, in addition to any other penalty provided in this chapter.

History: En. Sec. 29, Ch. 362, L. 1969.

40-3663. Failure to comply with order—suspension or revocation of license or certificate. In addition to other penalties provided in this code, the commissioner may suspend or revoke, in whole or in part, the license of any rating organization or the certificate of authority of any insurer with respect to the class or classes of insurance specified in such order which fails to comply within the time limited by such order or any extension thereof which the commissioner may grant, with an order of the commissioner lawfully made by him pursuant to section 29 [40-3662] and effective pursuant to section 31 [40-3664].

History: En. Sec. 30, Ch. 362, L. 1969.

40-3664. Appeals from the commissioner. Any person, insurer or rating organization aggrieved by any order or decision made by the commissioner under this chapter may appeal therefrom to the district court of the county where the aggrieved party may reside, or has his principal place of business in this state, or to the district court of Lewis and Clark county, Montana. The appeal shall be taken within thirty (30) days from the making and filing of the order or decision by filing in the office of the commissioner a notice of the appeal in writing. The commissioner shall, within twenty (20) days after filing of the notice, make and return to the district court a full and complete certified transcript of

the finding and order appealed from and of all parts relative thereto on file in his office, including the notice of appeal. Upon filing of the certified transcript, all matters involved therein shall be brought on for trial upon the merits at the next term of the court after the filing of the transcript, unless otherwise ordered by the court. Upon the trial, the findings of fact on which the order is based shall be prima facie evidence of the matters therein stated. During the pendency of the proceedings upon review, the order of the commissioner shall be suspended, but in the event of a final determination against any insurer, any overcharge by the insurer during review shall be refunded to the persons entitled thereto.

History: En. Sec. 31, Ch. 362, L. 1969.

40-3665. Information not to be willfully withheld. (a) No person, insurer or organization shall willfully withhold information from, or knowingly give false or misleading information to, the commissioner or to any rating organization, advisory organization, insurer or group, association or other organization of insurers, which will affect the rates, rating systems or premiums for the classes of insurance to which the provisions of this chapter are applicable.

(b) Any person, insurer, organization, group or association who fails to comply with a final order of the commissioner under this chapter shall be liable to the state in an amount not exceeding fifty dollars ($50), but if such failure be willful, he or it shall be liable to the state in an amount not exceeding five thousand dollars ($5,000) for such failure. The commissioner shall collect the amount so payable and may bring an action in the name of the people of the state of Montana to enforce collection. Such penalties may be in addition to any other penalties provided by law.

(c) A willful violation of the provisions of this chapter by any person is a misdemeanor.

History: En. Sec. 32, Ch. 362, L. 1969.

40-3666. Payment of dividends, etc., not prohibited or regulated—plan for payment not rating system. Nothing in this chapter shall be construed to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers. A plan for the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers shall not be deemed a rating plan or system.

History: En. Sec. 33, Ch. 362, L. 1969.

40-3667. Acts, etc., done by authority of chapter not violation of other laws. No act done, action taken or agreement made pursuant to the authority conferred by this chapter shall constitute a violation of or grounds for prosecution or civil proceedings under any other law of this

state heretofore or hereafter enacted which does not specifically refer to insurance.

History: En. Sec. 34, Ch. 362, L. 1969.

40-3668. Administration or enforcement of chapter—supplementation or modification. The administration and enforcement of this chapter shall be governed solely by the provisions of this chapter. Except as provided in this chapter, no other law relating to insurance and no other provisions in this code heretofore or hereafter enacted shall apply to or be construed as supplementing or modifying the provisions of this chapter unless such other law or other provision expressly so provides and specifically refers to the sections of this chapter which it intends to supplement or modify.

History: En. Sec. 35, Ch. 362, L. 1969.

40-3669. Recording and reporting of loss and expense experience. (a) The commissioner shall promulgate and may modify reasonable rules and statistical plans, reasonably adapted to each of the rating systems used, and which shall thereafter be used by each insurer in the recording and reporting of its loss and country-wide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him in determining whether rates comply with the applicable standards of this act. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of country-wide expense experience.

(b) In promulgating such rules and plans the commissioner shall give due consideration to the rating systems in use in this state and, in order that such rules and plans may be as uniform as is practicable among the several states to the rules and to the form of the plans used for such rating systems in other states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system used by it.

(c) The commissioner may designate one or more rating organizations or other agencies to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

History: En. Sec. 36, Ch. 362, L. 1969.

Repealing Clause

Section 37 of Ch. 362, Laws 1969 read "Sections 40-3601 through 40-3633, R. C. M. 1947, are hereby repealed."

CHAPTER 37—THE INSURANCE CONTRACT

Section 40-3729. Assignment of policies.
40-3738. Continuation of coverage for handicapped—individual contracts.
40-3739. Continuation of coverage for handicapped—group contracts.
40-3740. Equal application notwithstanding contrary exemption or law.

40-3713. Representations in applications.

Misstatements Material to Acceptance

Where application for automobile insurance contained nonfraudulent misstatements as to driving history on one insured which were material to acceptance of risk and hazard assumed by plaintiff, and insurer's agent received both letter from insurer rejecting application and notice of accident involving automobile to be insured on same day, insurer was not liable. American Indemnity Co. v. Elespuru, 302 FSupp 878.

Waiver of Misrepresentation

Motorist injured by negligence of insured was entitled to recover under insured's policy, even though insurance company was entitled to rescind policy for violation of this statute since insurance policy was effective until rescinded and since subsequent to discovering insured's fraud, insurance company acted affirmatively in accepting premium payments and paying other claims arising out of same accident all of which constituted implied waiver of right to rescind. McLane v. Farmers Ins. Exchange, 150 M 116, 432 P 2d 98.

40-3725. Construction of policies.

Construction against Insurer

A policy of insurance must be liberally construed in favor of the insured, and strictly construed against the insurer. Insurance Co. of North America v. Butte Aero Sales & Service, 243 F Supp 276.

Endorsement on insurance policy limiting aircraft insurance to named person and anyone else having certain number of hours of flying time and proper certification was construed against the insurer to mean that the named insured was at all times covered while others who flew the craft had to be certified also in order to be covered by the policy. Insurance Co. of North America v. Butte Aero Sales & Service, 243 F Supp 276, distinguished in 429 F 2d 896, 898.

Crop Insurance

Crop-hail insurance policy, which required information pertaining to acreage of crop prior to issuance, should be strictly construed against the insurer in determining that value of crop damage was based on percentage of area destroyed rather than on estimated crop value, since policy form was provided by the company. Billmayer v. Farmers Union Property & Casualty Co., 146 M 38, 404 P 2d 322, 20 ALR 3d 916.

Where the basis for recovery under a crop-hail insurance policy was on the acreage insured, stipulation that amount payable should not exceed the "actual loss or damage," read in light of the entire policy, pertained to loss or damage representing the percentage of injury to the crop, and not the value of the crop. Billmayer v. Farmers Union Property & Casualty Co., 146 M 38, 404 P 2d 322, 20 ALR 3d 916.

40-3729. Assignment of policies. A policy, or group certificate issued thereunder, may be assignable or not assignable, as provided by its terms. Subject to its terms relating to the assignability, any life or disability policy, or group certificate under either, whether heretofore or hereafter issued, under the terms of which the beneficiary may be changed upon the sole request of the insured or owner, may be assigned either by pledge or transfer of title, by an assignment executed by the insured or owner, alone and delivered to the insurer, whether or not the pledgee or assignee is the insurer. An assignment valid hereunder may transfer to the assignee all the rights, privileges, and incidents of ownership of the assignor in the policy or group certificate, including, but not limited to the rights to designate beneficiaries and of a group certificate holder to have an individual policy issued in accordance with sections 40-3918 and 40-3919. Any such assignment shall entitle the insurer to deal with the assignee as the owner or pledgee of the policy in accordance with the terms of the assignment, until the insurer has received at its home office written notice of termination of the assignment or pledge, or written notice by or on behalf of some other person claiming some interest in the policy in conflict with the assignment; provided, however, that the insurer shall not be prej-

udiced by any payment made or action taken inconsistent with the terms of any assignment before the insurer has received and had reasonable time to act on written notice of such assignment. This section acknowledges, declares and codifies the existing right of assignment of interests under insurance policies. An assignment otherwise valid shall not be invalid because it was made prior to the effective date of this section.

History: En. Sec. 286, Ch. 286, L. 1959; amd. Sec. 1, Ch. 167, L. 1971.

Amendments

The 1971 amendment inserted references to group certificates in the first and second sentences; inserted "or owner" following "insured" in two places in the second sentence; inserted the third sentence; added the proviso to the fourth sentence; and added the final two sentences.

40-3733. Claims administration not waiver.

Waiver of Defects in Proof of Loss

Insurer's receipt and retention for 60 days of statement of loss due to fire constituted waiver of defense that insured failed to provide adequate proof of loss. Staggers v. United States Fidelity & Guaranty Co., — M —, 496 P 2d 1161.

40-3738. Continuation of coverage for handicapped—individual contracts. An individual hospital or medical expense insurance policy, or hospital or medical service plan contract, delivered or issued for delivery in this state more than one hundred twenty (120) days after the effective date of this act, which provides that coverage of a dependent child shall terminate upon attainment of the limiting age for dependent children specified in the policy or contract shall also provide in substance that attainment of such limiting age shall not operate to terminate the coverage of such child while the child is and continues to be both (a) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (b) chiefly dependent upon the policyholder or subscriber for support and maintenance, provided proof of such incapacity and dependency is furnished to the insurer or hospital or medical service plan corporation by the policyholder or subscriber within thirty-one (31) days of the child's attainment of the limiting age and subsequently as may be required by the insurer or corporation but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

History: En. 40-3738 by Sec. 1, Ch. 298, L. 1971.

Title of Act

40-3739. Continuation of coverage for handicapped—group contracts. A group hospital or medical expense insurance policy, or hospital or medical service plan contract, delivered or issued for delivery in this state more than one hundred twenty (120) days after the effective date of this act, which provides that coverage of a dependent child of an employee or other member of the covered group shall terminate upon attainment of the limiting age for dependent children specified in the policy or contract shall also provide in substance that attainment of such limiting age shall not operate to terminate the coverage of such child while the child is and

continues to be both (a) incapable of self-sustaining employment by reason of mental retardation or physical handicap and (b) chiefly dependent upon the employee or member for support and maintenance, provided proof of such incapacity and dependency is furnished to the insurer or hospital or medical service plan corporation, by the employee or member within thirty-one (31) days of the child's attainment of the limiting age and subsequently as may be required by the insurer or corporation, but not more frequently than annually after the two-year period following the child's attainment of the limiting age.

History: En. 40-3739 by Sec. 1, Ch. 298, L. 1971.

40-3740. Equal application notwithstanding contrary exemption or law. The provisions of this act shall have equal application to hospital or medical expense insurance policies, and hospital and medical service plan contracts, any other exemption or law to the contrary notwithstanding.

History: En. Sec. 2, Ch. 298, L. 1971.

Section 40-3802. "Industrial life insurance" defined.
40-3831. Standard nonforfeiture law—life insurance.

40-3802. "Industrial life insurance" defined. For the purposes of this code "industrial life insurance" is that form of life insurance written under policies of face amount of two thousand dollars ($2,000) or less bearing the words "industrial policy" imprinted on the face thereof as part of the descriptive matter, and under which premiums are payable monthly or more often.

History: En. Sec. 296, Ch. 286, L. 1959; amd. Sec. 1, Ch. 30, L. 1969.

Amendments

The 1969 amendment raised the limit for policies from $1,000 to $2,000.

40-3831. Standard nonforfeiture law—life insurance. (1) to (3). * * * [Same as parent volume.]

(4) Cash surrender value—life: Any cash surrender value available under the policy in the event of default in the premium payment due on any policy anniversary, whether or not required by subsection (2) of this section, shall be an amount not less than the excess, if any, ot the present value on such anniversary of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions if there had been no default, over the sum of:

(a) The then present value of the adjusted premiums as defined in subsections (6), (7), (7-a), (8), (8-a) and (8-b) of this section, corresponding to premiums which would have fallen due on and after such anniversary, and

(b). * * * [Same as parent volume.]

(5) to (7). * * * [Same as parent volume.]

(7-a) The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be

equal to (i) the adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased during the period for which premiums for such term insurance benefits are payable, by (ii) the adjusted premiums for such term insurance, the foregoing items (i) and (ii) being calculated separately and as specified in subsections (6) and (7) except that, for the purposes of (b), (c), and (d) of subsection (6), the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in (ii) shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in (i).

(8) Except as otherwise provided in subsections (8-a) and (8-b), all adjusted premiums and present values referred to in this section shall for all policies of ordinary insurance be calculated on the basis of the commissioner's 1941 standard ordinary mortality table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated, at the option of the insurer with approval of the commissioner, according to an age younger than the actual age of the insured and such calculations for all policies of industrial insurance shall be made on the basis of the 1941 standard industrial mortality table. All calculations shall be made on the basis of the rate of interest, not exceeding three and one-half per cent (3½%) per annum, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than one hundred thirty per cent (130%) of the rates of mortality according to such applicable table, provided further that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the commissioner.

(8-a) In the case of ordinary policies issued on or after the operative date of this subsection (8-a) as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the basis of the commissioners 1958 standard ordinary mortality table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits, provided that such rate of interest shall not exceed three and one-half per cent (3½%) per annum except that a rate of interest not exceeding four per cent (4%) per annum may be used for policies issued on or after the effective date of this amendatory act of 1973 and prior to January 1, 1986, and provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1958 extended term insurance table. Provided, further, that

for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

After the effective date of this subsection (8-a), any insurer may file with the commissioner a written notice of its election to comply with the provisions of this subsection after a specified date before January first, nineteen hundred and sixty-six. After the filing of such notice, then upon such specified date (which shall be the operative date of this subsection for such insurer), this subsection shall become operative with respect to the ordinary policies thereafter issued by such insurer. If an insurer makes no such election, the operative date of this subsection for such insurer shall be January first, nineteen hundred and sixty-six.

(8-b) In the case of industrial policies issued on or after the operative date of this subsection (8-b) as defined herein, all adjusted premiums and present values referred to in this section shall be calculated on the basis of commissioners 1961 standard industrial mortality table and the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits provided that such rate of interest shall not exceed three and one-half per cent (3½%) per annum except that a rate of interest not exceeding four per cent (4%) per annum may be used for policies issued on or after the effective date of this amendatory act of 1973 and prior to January 1, 1986. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1961 industrial extended term insurance table. Provided, further, that for insurance issued on a substandard basis the calculations of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

After the effective date of this subsection (8-b), any insurer may file with the commissioner a written notice of its election to comply with the provisions of this subsection after a specified date before January first, nineteen hundred and sixty-eight. After the filing of such notice, then upon such specified date (which shall be the operative date of this subsection for such insurer), this subsection shall become operative with respect to the industrial policies thereafter issued by such insurer. If an insurer makes no such election, the operative date of this subsection for such insurer shall be January first, nineteen hundred and sixty-eight.

(9) Calculation of values—life: Any cash surrender value and any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in subsections (4), (5), (6), (7), (7-a), (8), (8-a) and (8-b) of this section may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up

term additions, shall be not less than the dividends used to provide such additions. Notwithstanding the provisions of subsection (4) of this section, additional benefits payable:

(a) In the event of death or dismemberment by accident or accidental means,

(b) In the event of total and permanent disability,

(c) As reversionary annuity or deferred reversionary annuity benefits,

(d) As term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this section would not apply,

(e) As term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is twenty-six, is uniform in amount after the child's age is one, and has not become paid up by reason of the death of a parent of the child, and

(f) As other policy benefits additional to life insurance and endowment benefits, and premiums for all such additional benefits,

Shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by this section, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

(10) Exceptions. This section shall not apply to any reinsurance, group insurance, pure endowment, annuity or reversionary annuity contract, nor to any term policy of uniform amount, or renewal thereof, of fifteen (15) years or less expiring before age 66 for which uniform premiums are payable during the entire term of the policy, nor to any term policy of decreasing amount on which each adjusted premium, calculated as specified in subsections (6), (7), (7-a), (8), (8-a) and (8-b) of this section is less than the adjusted premiums so calculated on a policy issued at the same age and for the same initial amount of insurance for a term defined as follows: For ages at issue fifty (50) and under, the term shall be fifteen (15) years; thereafter, the term shall decrease one (1) year for each year of age beyond fifty (50).

CHAPTER 43—PROPERTY INSURANCE CONTRACTS

40-4301. Measure of the indemnity.

References

Billmayer v. Farmers Union Property & Casualty Co., 146 M 38, 404 P 2d 322.

40-4302. Valued policy law.

Future Improvements

When both parties to a fire insurance policy intend that policy cover property plus added value of work on building to be done subsequently, the policy is "open" or "unvalued," not "valued." Century Corp. v. Phoenix of Hartford, 157 M 16, 482 P 2d 1020.

Improvements on Real Property

Mobile home that rested on permanent foundation with its wheels removed, had two additional rooms bolted to it and was connected with sewer line was an "improvement on real property" as used in this section. Meccage v. Spartan Ins. Co., 156 M 135, 477 P 2d 115.

A trailer house set up for occupancy and connected to a cesspool, a light plant and oil and propane tanks, was an improvement on real property within the meaning of this section. Staggers v. United States Fidelity & Guaranty Co., — M —, 496 P 2d 1161.

Partial Payment

Where valued policy fixed valuation of mobile home at $3,000, insured who signed proof of loss calling for payment of $1,500 by the insurer and subsequently accepted check in that amount was not barred from claiming additional $1,500 since claim was a liquidated demand that was not settled by partial payment. Meccage v. Spartan Ins. Co., 156 M 135, 477 P 2d 115.

Total Loss

Mobile home was wholly destroyed under this section even though some articles were salvaged and frame could be used as farm or ranch trailer, since mobile home's identity and specific character were lost. Meccage v. Spartan Ins. Co., 156 M 135, 477 P 2d 115.

40-4407. Reasons for cancellation.
40-4408. Notice of cancellation to be mailed 30 days in advance—exception—statement that insurer will specify reason upon request.
40-4409. Advance notice required for nonrenewal—exceptions—exemptions.
40-4410. Proof of notice.
40-4411. Penalty for violation.
40-4412. No liability for statements in connection with cancellation or nonrenewal.
40-4413. Cancellation or increase of premium rates of professional liability insurance by reason of unfounded claims prohibited.

40-4415. Written notice required for cancellation or nonrenewal of fire insurance policies.
40-4416. Penalty for cancellation or nonrenewal of fire insurance policies without required notice.

40-4402. Sovereign immunity defense prohibited when liability insured—reduction of award to policy limits. Whenever an insurer accepts any

premium, money or other consideration from a political subdivision of the state, municipality, or any public body, corporation, commission, board, agency, organization, or other public entity for casualty or liability insurance, neither such insured nor insurer shall raise the defense of sovereign or governmental immunity in any damage action brought against such insured or insurer, and any agreement in the insurance contract permitting the defense of sovereign or governmental immunity is hereby declared void. No attempt shall be made in the trial of an action brought against such political subdivision of the state, municipality, or any public body, corporation, commission, board, agency, organization, or other public entity, to suggest the existence of any insurance which covers in whole or in part any judgment or award which may be rendered in favor of plaintiff. If the court shall determine that the defendant could have successfully raised the defense of sovereign or governmental immunity, and if the verdict exceeds the limits of the applicable insurance, the court shall reduce the amount of such judgment or award to a sum equal to the applicable limit stated in the policy.

History: En. Sec. 1, Ch. 240, L. 1963.

Title of Act

An act prohibiting the defense of sovereign immunity where public bodies are insured; prohibiting the suggestion of insurance coverage in actions against public bodies, and providing for the reduction of awards to policy limits where sovereign immunity defense could have been successfully raised; repealing all acts and parts of acts in conflict herewith.

Repealing Clause

Section 2 of Ch. 240, Laws 1963 repealed all acts and parts of acts in conflict therewith.

Cross-References

Sovereign immunity abolished effective July 1, 1973, 1972 Const., art. II, § 18.

Excessive Liability

If the amount of liability exceeds the amount of insurance, the policy should be delivered by the claimant to the district judge who will apply the limitation requirement of this section. Boettger v. Employers Liability Assurance Corp., 158 M 258, 490 P 2d 717.

Parties to Action

In cause of action by administratrix of estate of person allegedly shot in the back by policeman in a negligent, reckless, deliberate, and willful manner, the city was not a proper party. The liability of the police officers in tort must first be determined. If liability is established and insurance exists, then the insurer becomes liable under the policy; should liability be denied, a suit is required and both the insured and insurer would be proper parties. Boettger v. Employers Liability Assurance Corp., 158 M 258, 490 P 2d 717.

40-4403. Motor vehicle liability policies to include uninsured motorist coverage—rejection of coverage by insured. No automobile liability or motor vehicle liability policy insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle, shall be delivered or issued for delivery in this state, with respect to any motor vehicle registered or principally garaged in this state, unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in section 53-422, under provisions filed with and approved by the insurance commissioner, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom; provided, that the named insured shall have the right to reject such coverage; and, provided further,

that unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with the policy previously issued to him by the same insurer.

History: En. Sec. 1, Ch. 31, L. 1967.

Title of Act

An act relating to automobile liability insurance policies; requiring such policies to contain uninsured motorist provision; permitting rejection of such coverage at the option of the insured; providing for an effective date.

Effective Date

Section 2 of Ch. 31, Laws 1967 read "This act is effective January 1, 1968."

Recovery from Primary Insurer

Recovery from primary insurer under uninsured motorist coverage, though applied against the total judgment, does not reduce the amount of coverage provided by secondary insurer. Sullivan v. Doe, — M —, 495 P 2d 193.

Workmen's Compensation

Since uninsured motorist coverage is intended to place the injured policyholder in the same position he would have been if the uninsured motorist had liability insurance, the amount of plaintiff's recovery from uninsured motorist coverage cannot be reduced by any workmen's compensation benefits received by him, and the insurance commissioner had no authority to approve a policy providing for such reduction. Sullivan v. Doe, — M —, 495 P 2d 193.

40-4404. Reimbursement for total loss of motor vehicle based on actual replacement value. Each automobile insurance policy issued to residents of this state which provides that reimbursement for total loss of a motor vehicle shall be based on a "book" value rather than on the actual replacement value is void as to such provision and reimbursement shall be made for actual replacement value.

History: En. Sec. 1, Ch. 182, L. 1969.

Title of Act

An act to provide that motor vehicle insurance must provide that reimbursement for a total loss of the vehicle be based on the actual replacement value of the vehicle and not on a book value.

40-4405. Notice required for cancellation of auto liability insurance. Notwithstanding any other provision of this code, no cancellation by an insurer of an auto liability insurance policy shall be effective prior to the mailing or delivery to the named insured at the address shown in the policy, of a written notice of the cancellation stating when, not less than thirty (30) days after the date of such mailing or delivery, the date the cancellation shall become effective.

History: En. Sec. 1, Ch. 262, L. 1971.

Title of Act

An act to establish a law concerning cancellation of automobile liability insurance policies.

40-4406. Notice to insured of ground for cancellation—commissioner to ensure compliance. Whenever an insurer gives notice of cancellation of an automobile liability policy, upon request of the insured, the insurer, within fifteen (15) days of receipt of the request, shall furnish to the insured a statement setting forth the ground or grounds upon which the notice of cancellation is based. If the insurer fails to comply with the provisions of this section, the insured may apply to the commissioner for a certificate of the facts or information desired. The commissioner shall exercise any power conferred upon him by law as may be necessary to ensure compliance with this section.

History: En. Sec. 2, Ch. 262, L. 1971.

40-4407. Reasons for cancellation. (1) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

(a) Nonpayment of premium; or

(b) The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or revocation during the policy period or, if the policy is a renewal, during its policy period or the one hundred eighty (180) days immediately preceding its effective date.

(2) This section shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(3) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars ($100) shall not be deemed a cancellation of the coverage or of the policy.

(4) This section shall not apply to nonrenewal.

History: En. Sec. 3, Ch. 262, L. 1971.

40-4408. Notice of cancellation to be mailed 30 days in advance—exception—statement that insurer will specify reason upon request. No notice of cancellation of a policy to which section 3 [40-4407] applies shall be effective unless mailed or delivered by the insurer to the named insured at least thirty (30) days prior to the effective date of cancellation; provided, however, that where cancellation is for nonpayment of premium, at least ten (10) days' notice of cancellation accompanied by the reason therefor shall be given. Unless the reason accompanies or is included in the notice of cancellation, the notice of cancellation shall state or be accompanied by a statement that upon written request of the named insured, mailed or delivered to the insurer not less than fifteen (15) days prior to the effective date of cancellation, the insurer will specify the reason for such cancellation.

This section shall not apply to nonrenewal.

History: En. Sec. 4, Ch. 262, L. 1971.

40-4409. Advance notice required for nonrenewal—exceptions—exemptions. No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least thirty (30) days' advance notice of its intention not to renew. Such notice shall contain or be accompanied by a statement that upon written request made not later than one (1) month following the termination date of the policy of the named insured mailed or delivered to the insurer, the insurer will notify the insured in writing, within fifteen (15) days of his request, the reason or reasons for such nonrenewal; provided, however, that notwithstanding the failure of an insurer to comply with this section, the policy shall terminate on the effective date of any other replacement or succeeding automobile liability insurance policy procured by the insured, with respect to any automobile designated in both policies. This section shall not apply where the named insured has failed to discharge when due any of his obligations in connection with the payment of premiums

for the policy, or the renewal thereof, or any installment payments therefor, whether payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit. This section shall not apply in any of the following cases:

(a) If the insurer has manifested its willingness to renew.

(b) In case of nonpayment of premium; provided that, notwithstanding the failure of an insurer to comply with this section, the policy shall terminate on the effective date of any other insurance policy with respect to any automobile designated in both policies.

(c) If the insured's agent or broker has secured other coverage acceptable to the insured at least twenty (20) days prior to the anniversary date of the policy or termination of the policy period.

Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

History: En. Sec. 5, Ch. 262, L. 1971.

40-4410. Proof of notice. Proof of mailing of notice of cancellation, or of intention not to renew or of reasons for cancellation, to the named insured at the address shown in the policy or to the named insured's latest known address, shall be sufficient proof of notice.

History: En. Sec. 6, Ch. 262, L. 1971.

40-4411. Penalty for violation. Any insurer willfully violating any provisions of section 4 [40-4408] is guilty of a misdemeanor and is punishable by a fine of not exceeding five hundred dollars ($500) for each violation thereof.

History: En. Sec. 7, Ch. 262, L. 1971.

40-4412. No liability for statements in connection with cancellation or nonrenewal. There shall be no liability on the part of, and no cause of action of any nature shall arise against, the insurance commissioner or against any insurer, its authorized representative, its agents, its employees or any firm, person, or corporation furnishing to the insurer information as to reasons for cancellation or nonrenewal, for any statement made by any of them in any written notice of cancellation or nonrenewal, or for statements made or evidence submitted at any hearings conducted in connection therewith.

History: En. Sec. 8, Ch. 262, L. 1971.

40-4413. Cancellation or increase of premium rates of professional liability insurance by reason of unfounded claims prohibited. Whenever an action for damages is filed against, or a claim or demand for damages is made to an insurer of, a physician and surgeon, dentist, registered nurse, nursing home administrator, licensed physical therapist, podiatrist, psychologist, osteopath, chiropractor, pharmacist, optometrist or veterinarian, duly licensed as such under the laws of this state, or against a licensed hospital or long-term care facility as the employer of any such person, in an action, claim or demand for error, omission, professional

negligence, or performance of services without consent, and such action, claim or demand is later determined to be unfounded and no payment is made by the insurer to the claimant on behalf of such licensee or licensed hospital or long-term care facility or is finally determined to establish nonliability to plaintiff by such licensee or licensed hospital or long-term care facility, the fact of such litigation, claim or demand shall not be a ground for cancellation nor for any increase in insurance premium rates of the professional liability insurance during the term of the policy.

History: En. Sec. 1, Ch. 210, L. 1971; amd. Sec. 1, Ch. 303, L. 1973.

Title of Act

An act to prohibit insurers from canceling a professional liability insurance policy or increasing the premium rates thereon because of claims, demands or lawsuits that are determined to be unfounded or where nonliability is established.

Amendments

40-4414. Cancellation or increase of premium rates of professional liability insurance—60 days' written notice required. Any insurer who insures a physician and surgeon, dentist, registered nurse, nursing home administrator, registered physical therapist, podiatrist, licensed psychologist, osteopath, chiropractor, pharmacist, optometrist, or veterinarian, duly licensed as such under the laws of this state, or a licensed hospital or long-term care facility as the employer of any such person against liability for error, omission, professional negligence, or performance of services without consent, shall not cancel the policy so insuring such person or increase the premium rates thereon without first providing the insured sixty (60) days written notice of the insurer's intention to cancel the policy or increase the premium rates.

History: En. Sec. 1, Ch. 61, L. 1965.

Title of Act

An act relating to group accident and sickness insurance for persons 65 years of age or older, and their spouses; providing regulation of such insurance by the commissioner of insurance; and providing an effective date.

40-5402. Definition of terms. Wherever used in this act, the following terms shall have the meanings hereinafter set forth or indicated, unless the context otherwise requires:

(a) "Association" means a voluntary unincorporated association formed for the purpose of enabling co-operative action to provide disability insurance in accordance with this act in this or any other state having legislation enabling the issuance of insurance of the type provided in this act.

(b) "Insurer" means any insurance company which is authorized to transact disability insurance in this state.

(c) "Extended health insurance" means hospital, surgical and medical expense insurance provided by a policy issued as provided by this act.

History: En. Sec. 2, Ch. 61, L. 1965.

40-5403. Joint underwriting authorized—reduction for other coverage—group policies—availability of coverage. Notwithstanding any other provision of this code or any other law which may be inconsistent herewith, any insurer may join with one or more other insurers, to plan, develop, underwrite, and offer and provide to any person who is 65 years of age or older and to the spouse of such person, extended health insurance against financial loss from accident or disease, or both. Such insurance may be offered, issued and administered jointly by two or more insurers by a group policy issued to a policyholder through an association formed for the purpose of offering, selling, issuing and administering such insurance. The policyholder may be an association, a trustee, or any other person. Any such policy may provide, among other things, that the benefits payable thereunder are subject to reduction if the individual insured has any other coverage providing hospital, surgical or medical benefits whether on an indemnity basis or a provision of service basis resulting in such insured being eligible for more than 100 per cent of covered expenses which he is required to pay, and any insurer issuing individual policies providing extended hospital, surgical or medical benefits to persons 65 years of age and older and their spouses may also use such a policy provision. A master group policy issued to an association or to a trustee or any person appointed by an association for the purpose of providing the insurance described in this act shall be another form of group disability insurance.

Any form of policy approved by the commissioner for an association shall be offered throughout Montana to all persons 65 and older and their spouses, and the coverage of any person insured under such a form of policy shall not be cancellable except for nonpayment of premiums unless the coverage of all persons insured under such form of policy is also canceled.

History: En. Sec. 3, Ch. 61, L. 1965.

40-5404. Agents authorized to write coverage. Notwithstanding the provisions of section 40-3316, any person licensed to transact disability insurance as an insurance agent, may transact extended health insurance and may be paid a commission thereon.

History: En. Sec. 4, Ch. 61, L. 1965.

40-5405. Corporate powers of association—examination of books. Any association formed for the purposes of this act, may hold title to property, may enter into contracts, and may limit the liability of its members to their respective pro rata shares of the liability of such association. Any such association may sue and be sued in its associate name and for such purpose only shall be treated as a domestic corporation. Service of process against such association, made upon a managing agent, any member thereof or any agent authorized by appointment to receive service of

process, shall have the same force and effect as if such service had been made upon all members of the association. Such association's books and records shall also be subject to examination under the provisions of sections 40-2713 to 40-2719, inclusive, either separately or concurrently with examination of any of its member insurers.

History: En. Sec. 5, Ch. 61, L. 1965.

40-5406. Policy forms to be approved—procedure—duplication of federal benefits—reports and information furnished by association. The forms of the policies, applications, certificates or other evidence of insurance coverage and applicable premium rates relating thereto shall be filed with the commissioner. No such policy, contract, certificate or other evidence of insurance, application or other form shall be sold, issued or used and no endorsement shall be attached to or printed or stamped thereon unless the form thereof shall have been approved by the commissioner or 30 days shall have expired after such filing without written notice from the commissioner of disapproval thereof. The commissioner shall disapprove the forms for such insurance if he finds that they are unjust, unfair, inequitable, misleading or deceptive or that the rates are by reasonable assumptions excessive in relation to the benefits provided. In determining whether such rates by reasonable assumptions are excessive in relation to the benefits provided, the commissioner shall give due consideration to past and prospective claim experience, within and outside this state, and to fluctuations in such claim experience, to a reasonable risk charge, to contribution to surplus and contingency funds, to past and prospective expenses, both within and outside this state, and to all other relevant factors within and outside this state including any differing operating methods of the insurers joining in the issue of the policy. In exercising the powers conferred upon him by this act, the commissioner shall not be bound by any other requirement of this code with respect to standard provisions to be included in disability policies or forms.

The commissioner may, after hearing upon written notice, withdraw an approval previously given, upon such grounds as in his opinion would authorize disapproval upon original submission thereof. Any such withdrawal of approval after hearing shall be by notice in writing specifying the ground thereof and shall be effective at the expiration of such period, not less than 90 days after the giving of notice of withdrawal, as the commissioner shall in such notice prescribe.

If and when a program of hospital, surgical and medical benefits is enacted by the federal government or the state of Montana, the extended health insurance benefits provided by policies issued under this act shall be adjusted to avoid any duplication of benefits offered by the federal or state programs and the premium rates applicable thereto shall be adjusted to conform with the adjusted benefits.

The association shall submit an annual report to the insurance commissioner which shall become public information and shall provide information as to the number of persons insured, the names of the insurers participating in the association with respect to insurance offered under

this act and the calendar year experience applicable to such insurance offered under this act, including premiums earned, claims paid during the calendar year, the amount of claims reserve established, administrative expenses, commissions, promotional expenses, taxes, contingency reserve, other expenses, and profit and loss for the year. The commissioner shall require the association to provide any and all information concerning the operations of the association deemed relevant by him for inclusion in the report.

History: En. Sec. 6, Ch. 61, L. 1965.

40-5407. Filing with commissioner by association—deceptive practices prohibited. The articles of association of any association formed in accordance with this act, all amendments and supplements thereto, a designation in writing of a resident of this state as agent for the service of process, and a list of insurers who are members of the association and all supplements thereto shall be filed with the commissioner.

The name of any association or any advertising or promotional material used in connection with extended health insurance to be sold, offered, or issued, pursuant to this act shall not be such as to mislead or deceive the public.

History: En. Sec. 7, Ch. 61, L. 1965.

40-5408. Exemption of association from other laws. No act done, action taken or agreement made pursuant to the authority conferred by this act shall constitute a violation of or grounds for prosecution or civil proceedings under any other law of this state heretofore or hereafter enacted which does not specifically refer to insurance.

History: En. Sec. 8, Ch. 61, L. 1965.

Effective Date

Section 9 of Ch. 61, Laws 1965 provided the act should be in effect from and after its passage and approval. Approved February 25, 1965.

(7) "Domestic" insurer means one formed under the laws of this state.

Upon receipt of a petition, the commissioner shall grant approval or grant a hearing on the request. If, after such hearing it is decided by the commissioner that such transfer or acquisition is not in the best interest of the stockholders, or policyholders, or that competition among insurance companies will be unnecessarily affected, he shall deny such petition. Upon denial of any petition, the courts of the state of Montana, first judicial district, in and for Lewis and Clark county, shall have jurisdiction to hear an appeal from said denial. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing ten per cent (10%) or more of the voting securities of any other person. This presumption may be rebutted by a showing made in the manner provided by section 4 [40-5512] (i) that control does not exist in fact. The commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

A "person" is an individual, a corporation, a partnership, an association, a joint-stock company, a trust, an unincorporated organization, any similar entity or any combination of the foregoing acting in concert, but shall not include any securities broker performing no more than the usual and customary broker's function.

(g) Securityholder. A "securityholder" of a specified person is one who owns any security of such person, including common stock, preferred stock, debt obligations, and any other security convertible into or evidencing the right to acquire any of the foregoing.

(h) Subsidiary. A "subsidiary" of a specified person is an affiliate controlled by such person directly, or indirectly through one (1) or more intermediaries.

(i) Voting security. The term "voting security" shall include any security convertible into or evidencing a right to acquire a voting security.

(i) Any direct investment by the insurer in an asset.

(ii) The insurer's proportionate share of any investment in an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the insurer's ownership of such subsidiary.

(4) With the approval of the commissioner, invest any amount in common stock, preferred stock, debt obligations, or other securities of one (1) or more subsidiaries, provided that after such investment, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(5) Invest any amount in the common stock, preferred stock, debt obligations, or other securities of any subsidiary exclusively engaged in holding title to or holding title to and managing or developing real or personal property, if after considering as a disallowed asset so much of the investment as is represented by subsidiary assets which if held directly by the insurer would be considered as a disallowed asset, the insurer's surplus as regards policyholders will be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, and if following such investment all voting securities of such subsidiary would be owned by the insurer.

(c) Exemption from investment restrictions. Investments in common stock, preferred stock, debt obligations or other securities of subsidiaries

made pursuant to subsection (b) hereof shall not be subject to any of the otherwise applicable restrictions or prohibitions contained in this chapter applicable to such investments of insurers.

(d) Qualification of investment—when determined. Whether any investment pursuant to subsection (b) meets the applicable requirements thereof is to be determined immediately after such investment is made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the date they were made.

(e) Cessation of control. If an insurer ceases to control a subsidiary, it shall dispose of any investment therein made pursuant to this section within three (3) years from the time of the cessation of control or within such further time as the commissioner may prescribe, unless at any time after such investment shall have been made, such investment shall have met the requirements for investment under any other section of this chapter, and the insurer has notified the commissioner thereof.

40-5511. Acquisition of control of or merger with domestic insurer. (a) Filing requirements. No person other than the issuer shall make a tender offer for or a request or invitation for tenders of, or enter into any agreement to exchange securities for, seek to acquire, or acquire, in the open market or otherwise, any voting security of a domestic insurer if, after the consummation thereof, such person would, directly or indirectly (or by conversion or by exercise of any right to acquire) be in control of such insurer, and no person shall enter into an agreement to merge with or otherwise to acquire control of a domestic insurer unless, at the time any such offer, request, or invitation is made or any such agreement is entered into, or prior to the acquisition of such securities if no offer or agreement is involved, such person has filed with the commissioner and has sent to such insurer, and such insurer has sent to its shareholders, a statement containing the information required by this section and such offer, request, invitation, agreement or acquisition has been approved by the commissioner in the manner hereinafter prescribed. For purposes of this section, a domestic insurer shall include any other person controlling a domestic insurer unless such other person is either directly or through its affiliates primarily engaged in business other than the business of insurance.

(b) Content of statement. The statement to be filed with the commissioner hereunder shall be made under oath or affirmation and shall contain the following information:

(1) The name and address of each person by whom or on whose behalf the merger or other acquisition of control referred to in subsection (a) is to be effected (hereinafter called "acquiring party").

(ii) If such person is not an individual, a report of the nature of its business operations during the past five (5) years or for such lesser period as such person and any predecessors thereof shall have been in existence; an informative description of the business intended to be done by such person and such person's subsidiaries; and a list of all individuals who are or who have been selected to become directors or executive officers of such person, or who perform or will perform functions appropriate to such positions. Such list shall include for each such individual the information required by paragraph (i) of this subsection.

(2) The source, nature and amount of the consideration used or to be used in effecting the merger or other acquisition of control, a description of any transaction wherein funds were or are to be obtained for any such purpose, and the identity of persons furnishing such consideration, provided, however, that where a source of such consideration is a loan made in the lender's ordinary course of business, the identity of the lender shall remain confidential, if the person filing such statement so requests.

(3) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five (5) fiscal years of each such acquiring party (or for such lesser period as such acquiring party and any predecessors thereof shall have been in existence), and similar unaudited information as of a date not earlier than ninety (90) days prior to the filing of the statement.

(4) Any plans or proposals which each acquiring party may have to liquidate such insurer, to sell its assets or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management.

(5) The number of shares of any security referred to in subsection (a) which each acquiring party proposes to acquire, and the terms of the offer, request, invitation, agreement, or acquisition referred to in subsection (a), and a statement as to the method by which the fairness of the proposal was arrived at.

(6) The amount of each class of any security referred to in subsection (a) which is beneficially owned or concerning which there is a right to acquire beneficial ownership by each acquiring party.

(7) A full description of any contracts, arrangements, or understandings with respect to any security referred to in subsection (a) in which any acquiring party is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. Such description shall identify the persons with whom such contracts, arrangements or understandings have been entered into.

(8) A description of the purchase of any security referred to in subsection (a) during the twelve (12) calendar months preceding the filing of the statement, by an acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid therefor.

(9) A description of any recommendations to purchase any security referred to in subsection (a) made during the twelve (12) calendar months preceding the filing of the statement, by any acquiring party, or by anyone based upon interviews or at the suggestion of such acquiring party.

(10) Copies of all tender offers for, requests or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in subsection (a), and (if distributed) of additional soliciting material relating thereto.

(11) The terms of any agreement, contract or understanding made with any broker-dealer as to solicitation of securities referred to in subsection (a) for tender, and the amount of any fees, commissions or other compensation to be paid to broker-dealers with regard thereto.

(12) Such additional information as the commissioner may by rule or regulation prescribe as necessary or appropriate for the protection of policyholders and securityholders of the insurer or in the public interest.

If the person required to file the statement referred to in subsection (a) is a partnership, limited partnership, syndicate or other group, the commissioner may require that the information called for by clauses (1) through (12) shall be given with respect to each partner of such partnership or limited partnership, each member of such syndicate or group, and each person who controls such partner or member. If any such partner, member or person is a corporation or the person required to file the statement referred to in subsection (a) is a corporation, the commissioner may require that the information called for by clauses (1) through (12) shall be given with respect to such corporation, each officer and director of such corporation, and each person who is directly or indirectly the beneficial owner of more than ten per cent (10%) of the outstanding voting securities of such corporation.

If any material change occurs in the facts set forth in the statement filed with the commissioner and sent to such insurer pursuant to this section, an amendment setting forth such change, together with copies of all documents and other material relevant to such change, shall be filed with the commissioner and sent to such insurer within two (2) business days after the person learns of such change. Such insurer shall send such amendment to its shareholders.

(c) Alternative filing materials. If any offer, request, invitation, agreement or acquisition referred to in subsection (a) is proposed to be made by means of a registration statement under the Securities Act of 1933 or in circumstances requiring the disclosure of similar information under the Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (a) may utilize such documents in furnishing the information called for by that statement.

(d) Approval by commissioner—hearings. (1) The commissioner shall approve any merger or other acquisition of control referred to in subsection (a) unless, after a public hearing thereon, he finds that:

(i) After the change of control the domestic insurer referred to in subsection (a) would not be able to satisfy the requirements for the is-

suance of a license to write the line or lines of insurance for which it is presently licensed.

(ii) The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in this state or tend to create a monopoly therein.

(iii) The financial condition of any acquiring party is such as might jeopardize the financial stability of the insurer, or prejudice the interest of its policyholders or the interests of any remaining securityholders who are unaffiliated with such acquiring party.

(iv) The terms of the offer, request, invitation, agreement or acquisition referred to in subsection (a) are unfair and unreasonable to the securityholders of the insurer.

(v) The plans or proposals which the acquiring party has to liquidate the insurer, sell its assets or consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management, are unfair and unreasonable to policyholders of the insurer and not in the public interest.

(vi) The competence, experience and integrity of those persons who would control the operation of the insurer are such that it would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control.

(2) The public hearing referred to in clause (1) shall be held within thirty (30) days after the statement required by subsection (a) is filed, and at least twenty (20) days notice thereof shall be given by the commissioner to the person filing the statement. Not less than seven (7) days notice of such public hearing shall be given by the person filing the statement to the insurer and to such other persons as may be designated by the commissioner. The insurer shall give such notice to its securityholders. The commissioner shall make a determination within thirty (30) days after the conclusion of such hearing. At such hearing, the person filing the statement, the insurer, any person to whom notice of hearing was sent, and any other person whose interests may be affected thereby shall have the right to present evidence, examine and cross-examine witnesses, and offer oral and written arguments and in connection therewith shall be entitled to conduct discovery proceedings in the same manner as is presently allowed in the district court of this state. All discovery proceedings shall be concluded not later than three (3) days prior to the commencement of the public hearing.

(e) Mailing to shareholders—payment of expenses. All statements, amendments, or other material filed pursuant to subsection (a) or (b), and all notices of public hearings held pursuant to subsection (d), shall be mailed by the insurer to its shareholders within five (5) business days after the insurer has received such statements, amendments, other material, or notices. The expenses of mailing shall be borne by the person making the filing. As security for the payment of such expenses, such person shall file with the commissioner an acceptable bond or other deposit in an amount to be determined by the commissioner.

(f) Exemptions. The provisions of this section shall not apply to:

(i) Any offers, requests, invitations, agreements or acquisitions by the person referred to in subsection (a) of any voting security referred to in subsection (a) which, immediately prior to the consummation of such offer, request, invitation, agreement or acquisition, was not issued and outstanding.

(ii) Any offer, request, invitation, agreement or acquisition which the commissioner by order shall exempt therefrom as (1) not having been made or entered into for the purpose and not having the effect of changing or influencing the control of a domestic insurer, or (2) as otherwise not comprehended within the purposes of this section.

(g) Violations. The following shall be violations of this section:

(i) The failure to file any statement, amendment, or other material required to be filed pursuant to subsection (a) or (b).

(ii) The effectuation or any attempt to effectuate an acquisition of control of, or merger with, a domestic insurer unless the commissioner has given his approval thereto.

(h) Jurisdiction—consent to service of process. The courts of this state are hereby vested with jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under this section, and over all actions involving such person arising out of violations of this section, and each such person shall be deemed to have performed acts equivalent to and constituting an appointment by such a person of the commissioner to be his true and lawful attorney upon whom may be served all lawful process in any action, suit or proceeding arising out of violations of this section. Copies of all such lawful process shall be served on the commissioner and transmitted by registered or certified mail by the commissioner to such person at his last known address.

History: En. Sec. 3, Ch. 64, L. 1971.

40-5512. Registration of insurers. (a) Registration. Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. Any insurer which is subject to registration under this section shall register within sixty (60) days after the effective date of this article or fifteen (15) days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within such extended time. The commissioner may require any authorized insurer which is a member of a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by such insurance company with the insurance regulatory authority of domiciliary jurisdiction.

(b) Information and form required. Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about:

(i) The capital structure, general financial condition, ownership and management of the insurer and any person controlling the insurer.

(ii) The identity of every member of the insurance holding company system.

(iii) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

(1) Loans, other investments, or purchases, sales or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates.

(2) Purchases, sales, or exchanges of assets.

(3) Transactions not in the ordinary course of business.

(4) Guaranties or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business.

(5) All management and service contracts and all cost-sharing arrangements, other than cost allocation arrangements based upon generally accepted accounting principles.

(6) Reinsurance agreements covering all or substantially all of one (1) or more lines of insurance of the ceding company.

(iv) All matters concerning transactions between registered insurers and any affiliates as may be included from time to time in any registration forms adopted or approved by the commissioner.

(c) Materiality. No information need be disclosed on the registration statement filed pursuant to section 4 (b) [subdivision (b) of this section] if such information is not material for the purposes of this section. Unless the commissioner by rule, regulation or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments, involving one-half (½) of one per cent (1%) or less of an insurer's admitted assets as of the 31st day of December next preceding shall not be deemed material for purposes of this section.

(d) Amendments to registration statements. Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within fifteen (15) days after the end of the month in which it learns of each such change or addition, provided, however, that subject to subsection (c) of section 5 [40-5513], each registered insurer shall so report all dividends and other distributions to shareholders within two (2) business days following the declaration thereof.

(e) Termination of registration. The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(f) Consolidated filing. The commissioner may require or allow two (2) or more affiliated insurers subject to registration hereunder to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(g) Alternative registration. The commissioner may allow an insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subsection (a) and to file all information and material required to be filed under this section.

(h) Exemptions. The provisions of this section shall not apply to any insurer, information or transaction if and to the extent that the commissioner by rule, regulation, or order shall exempt the same from the provisions of this section.

(i) Disclaimer. Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or such a disclaimer may be filed by such insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between such person and such insurer as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with such person unless and until the commissioner disallows such a disclaimer. The commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support such disallowance.

(j) Violations. The failure to file a registration statement or any amendment thereto required by this section within the time specified for such filing shall be a violation of this section.

History: En. Sec. 4, Ch. 64, L. 1971.

40-5513. Standards. (a) Transactions with affiliates. Material transactions by registered insurers with their affiliates shall be subject to the following standards:

(1) The terms shall be fair and reasonable.

(2) The books, accounts and records of each party shall be so maintained as to clearly and accurately disclose the precise nature and details of the transactions.

(3) The insurer's surplus as regards policyholders following any dividends or distributions to shareholder affiliates shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(b) Adequacy of surplus. For purposes of this article, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, shall be considered:

(1) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force and other appropriate criteria.

(2) The extent to which the insurer's business is diversified among the several lines of insurance.

(3) The number and size of risks insured in each line of business.

(4) The extent of the geographical dispersion of the insurer's insured risks.

(5) The nature and extent of the insurer's reinsurance program.

(6) The quality, diversification, and liquidity of the insurer's investment portfolio.

(7) The recent past and projected future trend in the size of the insurer's surplus as regards policyholders.

(8) The surplus as regards policyholders maintained by other comparable insurers.

(9) The adequacy of the insurer's reserves.

(10) The quality and liquidity of investments in subsidiaries made pursuant to section 3 [40-5511]. The commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his judgment such investment so warrants.

(c) Dividends and other distributions. No insurer subject to registration under section 6 [40-5514] shall pay any extraordinary dividend or make any other extraordinary distribution to its shareholders until thirty (30) days after the commissioner has received notice of the declaration thereof and has not within such period disapproved such payment, or the commissioner shall have approved such payment within such thirty (30) day period.

For purposes of this section, an extraordinary dividend or distribution includes any dividend or distribution of cash or other property, whose fair market value together with that of other dividends or distributions made within the preceding twelve (12) months exceeds the greater of ten per cent (10%) of such insurer's surplus as regards policyholders as of the thirty-first day of December next preceding, or the net gain from operations of such insurer, if such insurer is a life insurer, or the net investment income, if such insurer is not a life insurer, for the twelve (12) month period ending the thirty-first day of December next preceding, but shall not include prorata distributions of any class of the insurer's own securities.

Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution which is conditional upon the commissioner's approval thereof, and such a declaration shall confer no rights upon shareholders until the commissioner has approved the payment of such dividend or distribution or the commissioner has not disapproved such payment within the thirty (30) day period referred to above.

History: En. Sec. 5, Ch. 64, L. 1971.

40-5514. Examination. (a) Power of commissioner. Subject to the limitation contained in this section and in addition to the powers which the commissioner has under sections 40-2713, 40-2714, 40-2715, 40-2716, 40-2717, R. C. M., 1947, relating to the examination of insurers, the commissioner shall also have the power to order any insurer registered under section 4 [40-5512] to produce such records, books, or other information papers in the possession of the insurer or its affiliates as shall be necessary to ascertain the financial condition or legality of conduct of such insurer. In the event such insurer fails to comply with such order, the commis-

sioner shall have the power to examine such affiliates to obtain such information.

(b) Purpose and limitation of examination. The commissioner shall exercise his power under subsection (a) above only if the examination of the insurer is inadequate or the interests of the policyholders of such insurer may be adversely affected.

(c) Use of consultants. The commissioner may retain at the registered insurer's expense such attorneys, actuaries, accountants and other experts not otherwise a part of the commissioner's staff as shall be reasonably necessary to assist in the conduct of the examination under subsection (a) above. Any persons so retained shall be under the direction and control of the commissioner and shall act in a purely advisory capacity.

(d) Expenses. Each registered insurer producing for examination records, books and papers pursuant to subsection (a) above shall be liable for and shall pay the expense of such examination.

History: En. Sec. 7, Ch. 64, L. 1971.

40-5516. Rules and regulations. The commissioner may, upon notice and opportunity for all interested persons to be heard, issue such rules, regulations, and orders as shall be necessary to carry out the provisions of this article.

Whenever it appears to the commissioner that any insurer or any director, officer, employee or agent thereof has committed or is about to commit a violation of this article or of any rule, regulation, or order issued by the commissioner hereunder, the commissioner may apply to the district court for the county in which the principal office of the insurer is located or if such insurer has no such office in this state then to the district court for Lewis and Clark county for an order enjoining such insurer or such director, officer, employee or agent thereof from violating or continuing to violate this article or any such rule, regulation or order, and for such other equitable re-

lief as the nature of the case and the interests of the insurer's policyholders, creditors and shareholders or the public may require.

(b) Voting of securities—when prohibited. No security which is the subject of any agreement or arrangement regarding acquisition, or which is acquired or to be acquired, in contravention of the provisions of this article or of any rule, regulation or order issued by the commissioner hereunder may be voted at any shareholders' meeting, or may be counted for quorum purposes, and any action of shareholders requiring the affirmative vote of a percentage of shares may be taken as though such securities were not issued and outstanding; but no action taken at any such meeting shall be invalidated by the voting of such securities, unless the action would materially affect control of the insurer or unless the courts of this state have so ordered. If an insurer or the commissioner has reason to believe that any security of the insurer has been or is about to be acquired in contravention of the provisions of this article or of any rule, regulation or order issued by the commissioner hereunder the insurer or the commissioner may apply to the district court for Lewis and Clark county or to the district court for the county in which the insurer has its principal place of business to enjoin any offer, request, invitation, agreement or acquisition made in contravention of section 5 [40-5513] or any rule, regulation, or order issued by the commissioner thereunder to enjoin the voting of any security so acquired, to void any vote of such security already cast at any meeting of shareholders, and for such other equitable relief as the nature of the case and the interests of the insurer's policyholders, creditors and shareholders or the public may require.

(c) Sequestration of voting securities. In any case where a person has acquired or is proposing to acquire any voting securities in violation of this article or any rule, regulation or order issued by the commissioner hereunder, the district court for Lewis and Clark county or the district court for the county in which the insurer has its principal place of business may, on such notice as the court deems appropriate, upon the application of the insurer or the commissioner seize or sequester any voting securities of the insurer owned directly or indirectly by such person, and issue such orders with respect thereto as may be appropriate to effectuate the provisions of this article. Notwithstanding any other provisions of law, for the purposes of this article the situs of the ownership of the securities of domestic insurers shall be deemed to be in this state.

History: En. Sec. 9, Ch. 64, L. 1971.

40-5518. Criminal proceedings. Whenever it appears to the commissioner that any insurer or any director, officer, employee or agent thereof has committed a willful violation of this article, the commissioner may cause criminal proceedings to be instituted by the district court for the county in which the principal office of the insurer is located or if such insurer has no such office in the state, then by the district court for Lewis and Clark county against such insurer or the responsible director, officer, employee or agent thereof. Any insurer which willfully violates this article may be fined not more than five thousand dollars ($5,000). Any individual who willfully violates this article may be fined

not more than five hundred dollars ($500) or, if such willful violation involves the deliberate perpetration of a fraud upon the commissioner, imprisoned not more than two (2) years or both.

History: En. Sec. 10, Ch. 64, L. 1971.

40-5519. Receivership. Whenever it appears to the commissioner that any person has committed a violation of this article which so impairs the financial condition of a domestic insurer as to threaten insolvency or make the further transaction of business by it hazardous to its policyholders, creditors, shareholders or the public, then the commissioner may proceed to take possession of the property of such domestic insurer and to conduct the business thereof.

History: En. Sec. 11, Ch. 64, L. 1971.

40-5520. Revocation, suspension, or nonrenewal of insurer's license. Whenever it appears to the commissioner that any person has committed a violation of this article which makes the continued operation of an insurer contrary to the interests of policyholders or the public, the commissioner may, after giving notice and an opportunity to be heard, determine to suspend, revoke or refuse to renew such insurer's license or authority to do business in this state for such period as he finds is required for the protection of policyholders or the public. Any such determination shall be accompanied by specific findings of fact and conclusions of law.

History: En. Sec. 12, Ch. 64, L. 1971.

40-5521. Judicial review—mandamus. (a) Any person aggrieved by any act, determination, rule, regulation, or order or any other action of the commissioner pursuant to this article may appeal therefrom to the district court for Lewis and Clark county. The court shall conduct its review without a jury and by trial de novo, except that if all parties, including the commissioner, so stipulate, the review shall be confined to the record. Portions of the record may be introduced by stipulation into evidence in a trial de novo as to those parties so stipulating.

(b) The filing of an appeal pursuant to this section shall stay the application of any such rule, regulation, order or other action of the commissioner to the appealing party unless the court, after giving such party notice and an opportunity to be heard, determines that such a stay would be detrimental to the interests of policyholders, shareholders, creditors or the public.

(c) Any person aggrieved by any failure of the commissioner to act or make a determination required by this article may petition the district court for Lewis and Clark county for a writ in the nature of a mandamus or a peremptory mandamus directing the commissioner to act or make such determination forthwith.

History: En. Sec. 3, Ch. 329, L. 1969.

40-5604. **Rates, how made.** All rates shall be made in accordance with the following provisions:

(1) Due consideration shall be given to past and prospective loss experience within and outside this state, to catastrophe hazards, if any, to a reasonable margin for underwriting profit and contingencies, to dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, to past and prospective expenses both country-wide and those specially applicable to this state, and to all other relevant factors within and outside this state.

(2) The systems of expense provisions included in the rates for use by an insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any insurer or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable.

(3) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates on individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any difference among

risks that can be demonstrated to have a probable effect upon losses or expenses.

40-5607. Classification manuals, rules and rating plans filed with commissioner—supporting information required—public inspection. (1) There shall be filed with the insurance commissioner on behalf of every insurer writing workmen's compensation coverages in this state, every manual of classifications, rules and rates, every rating plan and every modification of any of the foregoing which it proposes to use. Every such filing shall state the proposed effective date thereof, and shall indicate the character and extent of the coverage contemplated. When a filing is not accompanied by the information upon which the filing is supported, and the insurance commissioner does not have sufficient information to determine whether such filing meets the requirements of this act, he shall require the insurer's rating organization or the insurer to furnish the information upon which it supports the filing and in such event, the waiting period shall commence as of the date such information is furnished. The information furnished in support of a filing may include:

(a) the experience or judgment of the insurer;

(b) the insurer's or rating organization's interpretation of any statistical data relied upon;

(c) the experience of other insurers or rating organizations; or

(d) any other relevant factors.

History: En. Sec. 7, Ch. 329, L. 1969.

40-5608. Suspension or modification of filing requirements. Under such rules and regulations as he shall adopt, the insurance commissioner may, by written order, suspend or modify the requirements of filing as to any kind of insurance, subdivision or combination thereof, or as to classes or risks, the rates for which cannot practicably be filed before they are used. Such orders, rules and regulations shall be made known to insurers and rating organizations affected thereby. The insurance commissioner may make such examination as he may deem advisable

to ascertain whether any rates affected by such order meet the standards set forth in section 5 [40-5605].

History: En. Sec. 8, Ch. 329, L. 1969.

40-5609. Review of filings by commissioner—waiting period—special filings. (1) The insurance commissioner shall review filings as soon as reasonably possible after they have been made, in order to determine whether they meet the requirements of this act.

(2) Subject to the exception specified in subsection (3) below, each filing shall be on file for a waiting period of fifteen (15) days before it becomes effective, which period may be extended by the insurance commissioner for an additional period, not to exceed fifteen (15) days if he gives written notice within such waiting period to the rating organization which made the filing, that he needs such additional time for the consideration of the filing. Upon the written application by the insurer or rating organization, the insurance commissioner may authorize a filing which he has reviewed to become effective before expiration of the waiting period or any extension thereof. A filing shall be deemed to meet the requirements of this act unless disapproved by the insurance commissioner within the waiting period or any extension thereof.

(3) Any special filing with respect to a surety or guaranty bond required by law or by court or executive order or by order, rule or regulation of a public body, not covered by a previous filing, shall become effective when filed and shall be deemed to meet the requirements of this act until such time as the insurance commissioner reviews the filing and so long thereafter as the filing remains in effect.

History: En. Sec. 9, Ch. 329, L. 1969.

40-5610. Notice of disapproval of filing. If, within the waiting period or any extension thereof as provided in section 9 [40-5609], the insurance commissioner finds that a filing does not meet the requirements of this act, he shall send to the rating organization which made the filing, written notice of disapproval of the filing, specifying therein in what respect he finds the filing fails to meet the requirements of this act and stating that the filing shall not become effective.

History: En. Sec. 10, Ch. 329, L. 1969.

40-5611. Notice and hearing on disapproval of filing subsequent to review period. If, at any time subsequent to the applicable review period provided for in section 9 [40-5609], the insurance commissioner finds that a filing does not meet the requirements of this act, he shall, after a hearing held upon not less than ten (10) days' written notice specifying the matters to be considered at such hearing, to every rating organization which made the filing, issue an order specifying in what respect he finds that the filing fails to meet the requirements of this act, and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. Copies of the order shall be sent to

every such rating organization. The order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

History: En. Sec. 11, Ch. 329, L. 1969.

40-5612. Filings meeting requirements of act not disapproved. No manual of classifications, rules, rating plan, or any modification of any of the foregoing which establishes standards for measuring variations in hazards or expense provisions, or both, and which has been filed pursuant to the requirements of section 7 [40-5607], shall be disapproved if the rates thereby produced meet the requirements of this act.

History: En. Sec. 12, Ch. 329, L. 1969.

40-5613. Enforcement of filed rates—lower rates prohibited. No insurer shall issue, renew or continue in force in this state any workmen's compensation insurance at premium rates which are less than the rates applicable under the filings in effect for the insurer, or in effect in accordance with section 8 [40-5608], except as is otherwise provided in this act as to the industrial accident board.

History: En. Sec. 13, Ch. 329, L. 1969.

40-5614. Excess rates. Upon the written application of the insured, stating his reasons therefor, filed with and approved by the insurance commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

History: En. Sec. 14, Ch. 329, L. 1969.

40-5615. Deviations from filings—procedure and effect of modifications. (1) Every member of a rating organization shall adhere to the filings made on its behalf by such organization, except that any plan Number 2 insurer may make written application to the insurance commissioner for permission to file a uniform percentage decrease or increase to be applied to the premium produced by the rating system so filed for a kind of insurance or for a class of insurance which is found by the insurance commissioner to be a proper rating unit for the application of such uniform percentage decrease or increase, or for a subdivision of a kind of insurance:

(a) comprised of a group of manual classifications which is treated as a separate unit for rate making purposes; or

(b) for which separate expense provisions are included in the filings of the rating organization. Such application shall specify the basis for the modification and shall be accompanied by the data upon which the applicant relies. A copy of the application and data shall be sent simultaneously to such rating organization.

(2) The insurance commissioner shall set a time and place for a hearing at which the insurer and such rating organization may be heard and shall give them not less than ten (10) days' written notice thereof. In the event the insurance commissioner is advised by the rating organi-

zation that it does not desire a hearing he may, upon the consent of the applicant, waive such hearing. In permitting or denying such modification with respect to workmen's compensation insurance, the insurance commissioner shall give consideration to the operating methods and expense provisions of the insurer as compared with the expense provisions included in the rating system filed by such rating organization.

(3) The insurance commissioner shall issue an order permitting the modification for such insurer to be filed, if he finds it to be justified, and it shall thereupon become effective. He shall issue an order denying such application if he finds that the modification is not justified or that the resulting premiums would be excessive, inadequate or unfairly discriminatory.

(4) Each deviation permitted to be filed shall be effective for a period of one (1) year from the date of such permission, unless terminated sooner with the approval of the insurance commissioner.

(5) Any deviation adopted by the industrial accident board for plan Number 3 rates shall be final and without review or approval by the state insurance commissioner except that the said board shall file with the insurance commissioner's office a schedule of such deviations so adopted and a statement of the bases for such modification.

History: En. Sec. 15, Ch. 329, L. 1969.

40-5616. Membership in rating organization required. Every insurer, including the Montana state industrial accident board, writing workmen's compensation insurance in this state, shall be a member of a workmen's compensation rating organization. No insurer may, at the same time, belong to more than one rating organization with respect to such insurance.

History: En. Sec. 16, Ch. 329, L. 1969.

40-5617. Composition of rating organization. Such a rating organization shall have as members not less than five (5) insurers authorized to write and writing workmen's compensation insurance in this state, and whose combined experience is determined by the insurance commissioner to be reasonably adequate for rate-making purposes.

History: En. Sec. 17, Ch. 329, L. 1969.

40-5618. Industrial accident board as member of committee on operation of rating organization—other members. In a rating organization of which the Montana industrial accident board is a member, it shall be entitled, without election, to membership on any committee thereof established in connection with the operation of the rating organization in this state. One member of each such committee shall be chosen by the stock insurers and one by the nonstock insurers. Such committee shall consist of three (3) members as herein provided for.

Title of Act

A bill to provide a guaranty association for all insurers, to protect the public from insurer insolvency and providing for assessment among association members under certain conditions.

40-5702. Purpose. The purpose of this act is to provide a mechanism for the payment of covered claims under certain insurance policies to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of the insolvency of an insurer, to assist in the detection and prevention of insurer insolvencies, and to provide an association to assess the cost of such protection among insurers.

History: En. Sec. 2, Ch. 63, L. 1971.

40-5703. Scope. This act shall apply to all kinds of direct insurance, except life, title, surety, disability, credit, mortgage, guaranty and ocean marine insurance.

History: En. Sec. 3, Ch. 63, L. 1971.

40-5704. Construction. This act shall be liberally construed to effect the purpose under section 2 [40-5702] which shall constitute an aid and guide to interpretation.

History: En. Sec. 4, Ch. 63, L. 1971.

40-5705. Definitions. As used in this act, (1) "Association" means the Montana insurance guaranty association created under section 6 [40-5706] of this act.

(2) "Commissioner" means the commissioner of insurance of this state.

(3) "Covered claim" means an unpaid claim, including one for unearned premiums, which arises out of and is within the coverage and not in excess of the applicable limits of an insurance policy to which this act applies issued by an insurer, if such insurer becomes an insolvent

insurer after the effective date of this act and (a) the claimant or insured is a resident of this state at the time of the insured event; or (b) the property from which the claim arises is permanently located in this state. "Covered claim" shall not include any amount due an reinsurer, insurer, insurance pool, or underwriting association, as subrogation recoveries or otherwise.

(4) "Insolvent insurer" means (a) an insurer authorized to transact insurance in this state either at the time the policy was issued or when the insured event occurred and (b) determined to be insolvent by a court of competent jurisdiction.

(5) "Member insurer" means any person who (a) writes any kind of insurance to which this act applies under section 3 [40-5703], including the exchange of reciprocal or interinsurance contracts, and (b) is licensed to transact insurance in this state.

(6) "Net direct written premiums" means direct gross premiums written in this state on insurance policies to which this act applies, less return premiums thereon and dividends paid or credited to policyholders on such direct business. "Net direct written premiums" does not include premiums on contracts between insurers or reinsurers.

(7) "Person" means any individual, corporation, partnership, association or voluntary organization.

History: En. Sec. 5, Ch. 63, L. 1971.

40-5706. Creation of the association. There is created a nonprofit unincorporated legal entity to be known as the Montana insurance guaranty association. All insurers defined as member insurers shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under a plan of operation established and approved under section 9 [40-5709] and shall exercise its powers through a board of directors established under section 7 [40-5707].

History: En. Sec. 6, Ch. 63, L. 1971.

40-5707. Board of directors. (1) The board of directors of the association shall consist of not less than five (5) nor more than nine (9) persons serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term in the same manner as initial appointments. If no members are selected within sixty (60) days after the effective date of this act, the commissioner may appoint the initial members of the board of directors.

(2) In approving selections to the board, the commissioner shall consider among other things whether all member insurers are fairly represented.

(3) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors.

History: En. Sec. 7, Ch. 63, L. 1971.

40-5708. **Powers and duties of the association.** (1) The association shall:

(a) Be obligated to the extent of the covered claims existing prior to the determination of insolvency and arising within thirty (30) days after the determination of insolvency, or before the policy expiration date if less than thirty (30) days after the determination, or before the insured replaces the policy or causes its cancellation, if he does so within thirty (30) days of the determination, but such obligation shall include only that amount of each covered claim which is in excess of one hundred dollars ($100) and is less than three hundred thousand [dollars] ($300,000), except that the association shall pay the full amount of any covered claim arising out of a workmen's compensation policy. In no event shall the association be obligated to a policyholder or claimant in an amount in excess of the obligation of the insolvent insurer under the policy from which the claim arises.

(b) Be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent.

(c) Assess insurers amounts necessary to pay the obligations of the association under paragraph (a) subsequent to an insolvency, the expenses of handling covered claims subsequent to an insolvency, and the cost of examinations under section 13 [40-5713] and other expenses authorized by this act. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the preceding calendar year bears to the net direct written premiums of all member insurers for the preceding calendar year. Each member insurer shall be notified of the assessment not later than thirty (30) days before it is due. No member insurer may be assessed in any year an amount greater than two per cent (2%) of that member insurer's net direct written premiums for the preceding calendar year. If the maximum assessment, together with the other assets of the association does not provide in any one (1) year an amount sufficient to make all necessary payments, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Each member insurer may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by the member insurer.

(d) Investigate claims brought against the association and adjust, compromise, settle, and pay covered claims to the extent of the association's obligation and deny all other claims and may review settlements, releases and judgments to which the insolvent insurer or its insureds were parties to determine the extent to which such settlements, releases and judgments may be properly contested.

(e) Notify such persons as the commissioner directs under section 10 [40-5710] (2)(a).

(f) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the commissioner, but such designation may be declined by a member insurer.

(g) Reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this act.

(2) The association may: (a) Employ or retain such persons as are necessary to handle claims and perform other duties of the association.

(b) Borrow funds necessary to effect the purposes of this act in accord with the plan of operation.

(c) Sue or be sued.

(d) Negotiate and become a party to such contracts as are necessary to carry out the purpose of this act.

(e) Perform such other acts as are necessary or proper to effectuate the purpose of this act.

(f) Refund to the member insurers in proportion to the contribution of each member insurer to the association that amount by which the assets of the association exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association exceed the liabilities of the association as estimated by the board of directors for the coming year.

History: En. Sec. 8, Ch. 63, L. 1971.

40-5709. Plan of operation. (1) (a) The association shall submit to the commissioner a plan of operation and any amendments thereto necessary or suitable to assure the fair, reasonable, and equitable administration of the association. The plan of operation and any amendments thereto shall become effective upon approval in writing by the commissioner.

(b) If the association fails to submit a suitable plan of operation within ninety (90) days following the effective date of this act or if at any time thereafter the association fails to submit suitable amendments to the plan, the commissioner shall, after notice and hearing, adopt and promulgate such reasonable rules as are necessary or advisable to effectuate the provisions of this act. Such rules shall continue in force until modified by the commissioner or superseded by a plan submitted by the association and approved by the commissioner.

(2) All member insurers shall comply with the plan of operation.

(3) The plan of operation shall: (a) Establish the procedures whereby all the powers and duties of the association under section 8 [40-5708] will be performed.

(b) Establish procedures for handling assets of the association.

(c) Establish the amount and method of reimbursing members of the board of directors under section 7 [40-5707].

(d) Establish procedures by which claims may be filed with the association and establish acceptable forms of proof of covered claims. Notice of claims to the receiver or liquidator of the insolvent insurer shall be deemed notice to the association or its agent and a list of such claims shall be periodically submitted to the association or similar organization in another state by the receiver or liquidator.

(e) Establish regular places and times for meetings of the board of directors.

(f) Establish procedures for records to be kept of all financial transactions of the association, its agents, and the board of directors.

(g) Provide that any member insurer aggrieved by any final action or decision of the association may appeal to the commissioner within thirty (30) days after the action or decision.

(h) Establish the procedures whereby selections for the board of directors will be submitted to the commissioner.

(i) Contain additional provisions necessary or proper for the execution of the powers and duties of the association.

(4) The plan of operation may provide that any or all powers and duties of the association, except those under section 8 [40-5708] (1)(c) and 8 [40-5708] (2)(b), are delegated to a corporation, association, or other organization which performs or will perform functions similar to those of this association, or its equivalent, in two or more states. Such a corporation, association or organization shall be reimbursed as a servicing facility would be reimbursed and shall be paid for its performance of any other functions of the association. A delegation under this subsection shall take effect only with the approval of both the board of directors and the commissioner, and may be made only to a corporation, association, or organization which extends protection not substantially less favorable and effective than that provided by this act.

History: En. Sec. 9, Ch. 63, L. 1971.

40-5710. Duties and powers of the commissioner.

(1) The commissioner shall: (a) Notify the association of the existence of an insolvent insurer not later than three (3) days after he receives notice of the determination of the insolvency.

(b) Upon request of the board of directors, provide the association with a statement of the net direct written premiums of each member insurer.

(2) The commissioner may: (a) Require that the association notify the insureds of the insolvent insurer and any other interested parties of the determination of insolvency and of their rights under this act. Such notification shall be by mail at their last known address, where available, but if sufficient information for notification by mail is not available, notice by publication in a newspaper of general circulation shall be sufficient.

(b) Suspend or revoke, after notice and hearing the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of

operation. As an alternative, the commissioner may levy a fine on any member insurer which fails to pay an assessment when due. Such fine shall not exceed five per cent (5%) of the unpaid assessment per month, except that no fine shall be less than one hundred dollars ($100) per month.

(c) Revoke the designation of any servicing facility if he finds claims are being handled unsatisfactorily.

(3) Any final action or order of the commissioner under this act shall be subject to judicial review in a court of competent jurisdiction.

History: En. Sec. 10, Ch. 63, L. 1971.

40-5711. Effect of paid claims. (1) Any person recovering under this act shall be deemed to have assigned his rights under the policy to the association to the extent of his recovery from the association. Every insured or claimant seeking the protection of this act shall co-operate with the association to the same extent as such person would have been required to co-operate with the insolvent insurer. The association shall have no cause of action against the insured of the insolvent insurer for any sums it has paid out except such causes of action as the insolvent insurer would have had if such sums had been paid by the insolvent insurer. In the case of an insolvent insurer operating on a plan with assessment liability, payments of claims of the association shall not operate to reduce the liability of insured's to the receiver, liquidator, or statutory successor for unpaid assessments.

(2) The receiver, liquidator, or statutory successor of an insolvent insurer shall be bound by settlements of covered claims by the association or a similar organization in another state. The court having jurisdiction shall grant such claims priority equal to that which the claimant would have been entitled in the absence of this act against the assets of the insolvent insurer. The expenses of the association or similar organization in handling claims shall be accorded the same priority as the liquidator's expenses.

(3) The association shall periodically file with the receiver or liquidator of the insolvent insurer statements of the covered claims paid by the association and estimates of anticipated claims on the association which shall preserve the rights of the association against the assets of the insolvent insurer.

History: En. Sec. 11, Ch. 63, L. 1971.

40-5712. Nonduplication of recovery. (1) Any person having a claim against an insurer under any provision in an insurance policy other than a policy of an insolvent insurer which is also a covered claim, shall be required to exhaust first his right under such policy. Any amount payable on a covered claim under this act shall be reduced by the amount of any recovery under such insurance policy.

(2) Any person having a claim which may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the in-

sured except that if it is a first party claim for damage to property with a permanent location, he shall seek recovery first from the association of the location of the property, and if it is a workmen's compensation claim, he shall seek recovery first from the association of the residence of the claimant. Any recovery under this act shall be reduced by the amount of recovery from any other insurance guaranty association or its equivalent.

History: En. Sec. 12, Ch. 63, L. 1971.

40-5713. Prevention of insolvencies. (1) It shall be the duty of the board of directors, upon majority vote, to notify the commissioner of any information indicating any member insurer may be insolvent or in a financial condition hazardous to the policyholders or the public.

(2) The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board in good faith believes may be in a financial condition hazardous to the policyholders or the public. Within thirty (30) days of the receipt of such request, the commissioner shall begin such examination. The examination may be conducted as a national association of insurance commissioners examination or may be conducted by such persons as the commissioner designates. The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the commissioner from complying with subsection (3). The commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(3) It shall be the duty of the commissioner to report to the board of directors when he has reasonable cause to believe that any member insurer examined or being examined at the request of the board of directors may be insolvent or in a financial condition hazardous to the policyholders or the public.

(4) The board of directors may, upon majority vote, make reports and recommendations to the commissioner upon any matter germane to the solvency, liquidation, rehabilitation or conservation of any member insurer. Such reports and recommendations shall not be considered public documents.

(5) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

(6) The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report on the history and causes of such insolvency, based on the information available to the association, and submit such report to the commissioner.

As to any covered claims arising from a judgment under any decision, verdict or finding based on the default of the insolvent insurer or its failure to defend an insured, the association either on its own behalf or on behalf of such insured may apply to have such judgment, order, decision, verdict or finding set aside by the same court or administrator that made such judgment, order, decision, verdict or finding and shall be permitted to defend against such claim on the merits.

CHAPTER 1—OBLIGATIONS OF EMPLOYERS

Section 41-118. Deceived employees—action for damages.

41-103. (7758) **When not.**

Assumption of Risk

Where master, in an action against him for injuries sustained by a servant during course of employment, introduced evidence tending to show that the servant had actual or implied knowledge of the dangerous condition but voluntarily remained in the face of the danger, and that the injury resulted as a usual and probable consequence of the dangerous condition, then refusal of the trial court to instruct the jury properly on assumption of risk deprived defendant of a possible defense and was prejudicial error. Wollan v. Lord, 142 M 498, 385 P 2d 102.

Employee with prior back injury who neither informed his employer of his previous injury, nor refused to lift 500-pound tire without additional help, assumed the risk of the resultant additional injury to his back. McLaughlin v. Ballard, 156 M 181, 478 P 2d 281.

41-118. Deceived employees—action for damages. (1) No one doing business in this state shall induce, influence, persuade, or engage workmen to change from one place to another in this state, through or by means of deception, misrepresentation, or false advertising concerning the kind or character of the work, or the sanitary or other conditions of employment, or as to the existence of a strike or other trouble pending between the employer and the employees, at the time of, or immediately prior to, such engagement. Failure to state in any advertisement, proposal, or con-

tract for the employment of workmen that there is a strike, lockout, or other labor trouble at the place of the proposed employment, when in fact such strike, lockout, or other trouble then actually exists at such place, shall be deemed a false advertisement and misrepresentation for the purpose of this section.

(2) Any workman influenced, induced, persuaded, or engaged through or by means of any of the things prohibited by subsection (1) of this section has a right of action for recovery of all damages that he had sustained in consequence of the deception, misrepresentation, or false advertising used to induce him to change his place of employment, against anyone directly or indirectly procuring such change, and in addition thereto, he shall recover reasonable attorneys' fees to be fixed by the court and taxed as costs in any judgment recovered.

History: En. 41-118 by Sec. 2, Ch. 513, L. 1973.

CHAPTER 2—OBLIGATIONS OF EMPLOYEES

41-211. (7778) What belongs to employer.

Customer Lists

Where names and addresses of milk-route customers were not confidential and were readily accessible, route salesman who terminated his employment with a dairy and returned his list of customers but remembered their names and addresses would not be enjoined from soliciting them as customers for a competing dairy. Best Dairy Farms, Inc. v. Houchen, 152 M 194, 448 P 2d 158.

CHAPTER 3—TERMINATION OF EMPLOYMENT

Amendments

The 1969 amendment added "and except as provided in section 1 of this act."

41-305. (7790) Termination by employer for fault.

Burden of Proof

Employer, who introduced evidence of drinking, hang-overs, and other matters in an effort to establish cause for discharge but whose superintendent testified as to employee's good work and that employer instructed him to tell employee that employer did not have any more work, was running out of money, and could not carry a crew through the winter, failed to establish that employee's discharge was for good cause. Ameline v. Pack & Co., 157 M 301, 485 P 2d 689.

41-305.1. Termination of employment because of attachment or garnishment prohibited.

CHAPTER 7—PREFERENCE OF MONTANA LABOR IN PUBLIC WORKS CONTRACTS

Section 41-701. Preference of Montana labor in public works—wage scale—not to conflict with federal statutes.

41-701. (3043.1) **Preference of Montana labor in public works—wage scale—not to conflict with federal statutes.** In all contracts hereafter let for state, county, municipal, school, heavy highway or municipal construction, services, repair and maintenance work under any of the laws of this state there shall be inserted in each of said contracts a provision by which the contractor must give preference to the employment of bona fide Montana residents in the performance of said work, and that the said contractor must further pay the standard prevailing rate of wages including fringe benefits for health and welfare and pension contributions, and travel allowance provisions in effect and applicable to the county or locality in which the work is being performed. "Standard prevailing rate of wages including fringe benefits for health and welfare and pension contributions, and travel allowance provisions, applicable to the county

or locality in which the work is being performed," means those wages including fringe benefits for health and welfare and pension contributions, and travel allowance provisions which are paid in the county or locality by other contractors for work of a similar character performed in that county or locality by each craft, classification or type of workman needed to complete a contract under this act. When work of a similar character is not being performed in the county or locality, the standard prevailing rate of wages including fringe benefits for health and welfare and pension contributions, and travel allowance provisions shall be those rates established by collective bargaining agreements in effect in the county or locality for each craft, classification or type of workman needed to complete the contract. No contract shall be let to any person, firm, association or corporation refusing to execute an agreement with the above-mentioned provisions in it; provided that, in contracts involving the expenditure of federal aid funds this act shall not be enforced in such a manner as to conflict with or be contrary to the federal statutes prescribing a labor preference to honorably discharged soldiers, sailors and marines, and prohibiting as unlawful any other preference or discrimination among citizens of the United States. All public works contracts under this act shall be approved in writing by the legal adviser of the contracting state, county, municipal corporation, school district, assessment district or special improvement district body or officer prior to execution by the contracting public officer or officers. The Montana commissioner of labor and industry shall undertake to keep and maintain copies of collective bargaining agreements and other information from which rates and jurisdictional areas applicable to public works contracts under this act may be ascertained. Whenever the employer is not signatory party to a collective bargaining agreement, those moneys designated as negotiated fringe benefits shall be paid to the employee as wages.

History: En. Sec. 1, Ch. 102, L. 1931; amd. Sec. 1, Ch. 32, L. 1955; amd. Sec. 1, Ch. 43, L. 1961; amd. Sec. 1, Ch. 265, L. 1969; amd. Sec. 1, Ch. 375, L. 1973.

The 1969 amendment rewrote portions of this section, redefining the standard prevailing rate of wages to include fringe benefits for health and welfare and pension contributions and travel allowance provisions, providing for approval of public works contracts by the contracting state agency's legal adviser and requiring the commissioner of labor and industry to keep copies of collective bargaining agreements and other information.

Cross-References

41-816. Vocational rehabilitation of handicapped persons—legislative purpose and findings. The purpose of this act is to encourage the development, improvement and expansion of sheltered employment and supervised work programs for mentally retarded, severely handicapped and disadvantaged individuals to enable them to become contributing and self-supporting members of society as an alternative to dependency.

The condition of the mentally retarded, severely handicapped and disadvantaged is such that after laborious training in the schools and otherwise they reach the point in their lives where they can and should, under proper and continued guidance, engage in sheltered employment or supervised work to help them become contributing members of society instead of being dependent. For such persons, retention in sheltered employment or supervised work may constitute satisfactory placement. Such training and placement is often a suitable alternative to institutionalization or idleness and its consequences. By keeping these individuals within their communities and in touch with their families, a worthwhile dimension is added to their lives and they are thus spared the anxieties naturally attached to separation. All of these factors have also been shown to reflect tangible benefits upon the mentally retarded, severely handicapped or disadvantaged person by improving his over-all well-being.

History: En. Sec. 1, Ch. 322, L. 1973.

Title of Act

An act authorizing the department of social and rehabilitation services to purchase vocational rehabilitation services for handicapped persons; authorizing the department to promulgate rules and regulations under this act; and providing for the expenditure of funds for this purpose.

41-817. Definitions. (1) "Handicapped person" means any individual:

(a) who has a physical or mental disability, which constitutes a substantial handicap to employment, of such a nature that vocational rehabilitation services may reasonably be expected to render him fit to engage in a gainful occupation consistent with his capacities and abilities; or

(b) who, because of lack of social competence or mobility, experience, skills, training or other factors, is in need of vocational rehabilitation services in order to become fit to engage in a gainful occupation or to attain or maintain a maximum degree of self-support or self-care; or

(c) for whom vocational rehabilitation services are necessary to determine rehabilitation potential.

(2) "Physical or mental disability" means a physical or mental condition which materially limits, contributes to limiting or, if not corrected, will probably result in limiting an individual's activities or functioning. The term includes behavioral disorders characterized by deviant social behavior or impaired ability to carry out normal relationships with family

and community which may result from vocational, educational, cultural, social, environmental or other factors.

(3) "Vocational rehabilitation services" means goods or services provided handicapped persons to enable such persons to be fit for gainful occupation or to attain or maintain a maximum degree of self-support or self-care and includes every type of goods and services for which federal funds are available for vocational rehabilitation purposes, including, but not limited to, the establishment, construction, development, operation and maintenance of workshops and rehabilitation facilities.

(4) "Self-care" means a reasonable degree of restoration from dependency upon others for personal needs and care and includes but is not limited to ability to live in own home, rather than requiring nursing home care and care for self rather than requiring attendant care.

(5) "Department" means the department of social and rehabilitation services.

History: En. Sec. 2, Ch. 322, L. 1973.

41-818. Purchase of services for handicapped persons — maximum amount — determination of eligibility — register of qualified organizations — rules and regulations. The performance of and payment for such services shall be subject to post-audit review by the state auditor.

(2) Notwithstanding any other provision of this act, when the department determines that a mentally retarded, severely handicapped or disadvantaged person can reasonably be expected to benefit from, or in his best interests reasonably requires extended sheltered employment or supervised work furnished by an approved nonprofit organization, the department is authorized to contract with such organization for the furnishing of such sheltered employment or supervised work to such mentally retarded, severely handicapped or disadvantaged person. The department is authorized to expend for or toward the cost of providing such sheltered employment or supervised work a sum or sums not to exceed one thousand five hundred dollars ($1,500) per annum for each such mentally retarded, severely handicapped or disadvantaged person in order to maintain him as a contributing and self-supporting member of society as an alternative to dependency; provided, that the department is authorized to expend in excess of one thousand five hundred dollars ($1,500) per annum for each such mentally retarded, severely handicapped or disadvantaged person when federal or other funding becomes available to the state agency for such purpose and such additional expenditures may continue as long as the additional federal or other funding is or becomes available.

(3) The determination of eligibility for such service shall be made for each individual by the department.

(4) The department shall maintain a register of nonprofit organizations which it has inspected and certified as meeting required standards and as qualifying to serve the needs of such mentally retarded, severely handicapped or disadvantaged persons. Eligibility of organizations to receive the funds specified by this act shall be based upon standards and criteria promulgated by the department.

(5) The department is authorized to promulgate such rules and regulations as it may deem necessary or proper to carry out the provisions of this section.

Amendments

The 1967 amendment extended the application of the first sentence to violations of the entire act; substituted the present second sentence for "A penalty shall also attach to such employer and become due such employee as follows: A sum equivalent to a penalty of five (5%) per cent of the wages due and not paid, as herein provided, as liquidated damages, and such penalty shall attach and suit may be brought in any court of competent jurisdiction to recover the same and the wages due"; inserted "for the collection of unpaid wages and for the" in the next to last paragraph; and made minor changes in phraseology.

41-1306. (3089) **Judgment for wages shall include attorney's fee.**

Failure To Include in Memorandum

Award of attorney fees was proper in employee's action to recover for services rendered as bookkeeper under an implied contract, even though not included in plaintiff's memorandum of costs, since the award was made directly to attorney. Cartwright v. Joyce, 155 M 478, 473 P 2d 515.

41-1314.1. Enforcement. The commissioner or his authorized representatives are empowered to enter and inspect such places, question such employees, and investigate such facts, conditions, or matters as they may deem appropriate, to determine whether any person has violated any provision of this act or any rule or regulation issued hereunder or which may aid in the enforcement of the provisions of this act.

(2) The notice required by subsection (1) of this section shall not be removed until the required safety appliance, device or safeguard complies with the requirement of the safety order or safety code.

(3) Every person who, after the notice required by subsection (1) of this section is posted as provided in that subsection, uses or operates any place of employment, machine, device, apparatus or equipment referred to in subsection (1) of this section before it is made safe and the required safeguards or safety appliances or devices are provided, or who defaces or destroys or removes any notice required by subsection (1) of this section without the authority of the board, or who fails or refuses to file a report of accident as required by section 92-808, R. C. M. 1947, is guilty of a misdemeanor and, in addition to the punishment provided for misdemeanors, is subject to a civil penalty in an amount of not more than one thousand dollars ($1,000). The civil penalty may be imposed and collected by the board in an action brought in the name of the state of Montana in the county in which the employer resides or in which he employs workmen. Any penalty collected under this subsection shall be paid into the industrial accident administrative earmarked revenue account.

Any person aggrieved by an order prohibiting the use of the machine, equipment, apparatus or place of employment as provided for in this section may request a hearing before the board within twenty (20) days after entry of such order. The board shall then affirm, modify or re-

Any such order of closure or for cessation of work shall be expressly limited to only that portion of the plant, installation or facility as is directly and immediately affected by the unsafe condition constituting an immediate menace to the life and safety of the workmen employed therein. Upon issuance of any such order, the board or safety director shall fix a place and time, not later than twenty-four (24) hours thereafter, for a hearing to be held before the board. Not more than twenty-four (24) hours after the commencement of the hearing, and without adjournment thereof, the board shall affirm, modify, or set aside the order. The notice shall be signed by the party appealing or his attorney and a copy thereof shall be served by certified mail upon the board. Within ten (10) days after the receipt of the notice, the board shall file with the clerk of court the record of proceedings before the board, including a transcript of all the evidence adduced upon the hearing and any rehearing before the board. 41-2201. Purpose of act. The purpose of this act is to encourage effective measures to assure uninterrupted continuation of sufficient competent nursing care of the ill and infirm in the state of Montana, and further to encourage the practice of mutually and peacefully agreeing upon the establishment and maintenance of desirable employment practices between nurse employees, professional and practical, and their health care facility employers, either public or private.

History: En. Sec. 1, Ch. 320, L. 1969.

Title of Act

An act providing for the adoption of orderly procedures for establishing desirable employment practices for registered professional and licensed practical nurses employed in health care facilities; establishing procedures for developing employment standards; providing rule-making authority to the state board of health.

41-2202. Definitions. As used in this act, unless the context clearly requires otherwise:

(1) "Appropriate unit" means a homogenous group of employees (as herein defined) of a health care facility having similar duties and qualifications, determined pursuant to section 4 [41-2204] of this act.

(2) "Employee" means a registered professional or licensed practical nurse performing services for compensation for a health care facility, but does not include a member of a religious order assigned to a health care facility by the order as a part of her obligation to the order.

(3) "Health care facility" means a hospital or nursing home, or other agency or establishment, employing employees as defined in this act, whether operated publicly or privately, having as one of its principal purposes the preservation of health or the care of sick or infirm individuals or both.

(4) "Board" or "board of health" means the state board of health.

(5) "Strike" shall mean any work stoppage caused by the employees of a health care facility as defined in section 2 [subdivision (3) of this section] of this act, that interferes with the operation of the health care facility or affects the care of patients in the health care facility.

History: En. Sec. 2, Ch. 320, L. 1969.

41-2203. Improper employment practices. It is an improper employment practice for a health care facility to do one or more of the following:

(1) Interfere with or restrain or coerce employees in any manner in the exercise of their right of self-organization;

(2) Initiate, create, dominate, contribute to or interfere with the formation or administration of any employee organization that has collective bargaining as one of its principal functions;

(3) Discriminate in regard to hire terms or conditions of employment when a purpose of such is to discourage membership in an employee organization that has collective bargaining as one of its principal functions;

(4) Refuse to meet and bargain in good faith with the duly designated representatives of an appropriate bargaining unit of its employees. For the purpose of this subsection, it is a requirement of bargaining in good faith that the parties be willing to reduce in writing, and have their representative sign, any agreement arrived at through negotiations and discussion;

(5) Unilaterally exclude from work or prevent from working, or discharge any one or more employees, when the purpose of such action is in whole or in part, to interfere with or coerce or intimidate an employee in the exercise of rights assured in this law.

History: En. Sec. 3, Ch. 320, L. 1969.

41-2204. Bargaining units—determination by mutual consent or application to board. (1) The composition of an appropriate unit in a health care facility, for purposes of this law, may be determined by mutual consent between such facility and the employees thereof.

(2) In the event no such mutual consent is available, then either the facility, or representatives of employees may apply to the state board of health and said board, through a duly designated agent, shall make a determination of the composition of such an appropriate unit.

(3) In determining such appropriate unit professional employees may not be included in the same unit with nonprofessional employees unless a majority of professional employees in a proposed unit desire such inclusion. Weight shall be accorded similarity of duties, licensure, and conditions of employment, among other relevant factors, in determining an appropriate unit.

History: En. Sec. 4, Ch. 320, L. 1969.

41-2205. Proof of status as bargaining unit. An employee organization is considered to be the duly designated representative of all the employees in an appropriate unit for the purpose of section 3 [41-2203] of this act if it can show evidence that bargaining rights have been assigned to it by a majority of the employees in that unit.

History: En. Sec. 5, Ch. 320, L. 1969.

41-2206. Determination of question on status of bargaining unit—petition—election—redetermination. (1) If the right of an employee organization to represent the employees in an appropriate unit is questioned by the authority in charge of the facility employing the employees, the employee organization may petition the board of health for a determination. The board of health, or his representative, shall investigate and determine the composition of an appropriate unit, if such determination has not previously been made under section 4 [41-2204] of this act, and shall determine the representative, if any, designated to represent the employees in the appropriate unit.

(2) An employee organization found by the state board of health to be authorized by at least thirty per cent (30%) of the employees in an appropriate unit may apply for an election by secret ballot to determine its right to represent the employees in that unit. If more than one employee organization claims to represent employees in that unit, the state board of health may conduct an election by secret ballot to determine which is authorized to represent the unit. If any employee organization receives a majority of the valid votes cast at the election, it is considered to be authorized to represent all the employees in that unit for the purpose of section 3 [41-2203] of this act.

(3) A determination under this section remains in effect for at least one (1) year and until either the health care facility or an employee organization shall apply for a redetermination.

History: En. Sec. 6, Ch. 320, L. 1969.

41-2207. Duties of board relating to bargaining unit determinations. The board of health may: (1) Set the time and place for hearings for determination of the composition of appropriate units when requested to make such determination under subsection 2, section 4 [41-2204], or subsection 1, section 6 [41-2206] of this act.

(2) Determine, on its own motion, by holding hearings or conducting such investigations as it thinks necessary, general classifications for health care facilities and appropriate units. When such determination has been made hereunder and when an application has been made by a health care facility or an employee organization for a specific determination as to it, the board may make such determination on the basis of such general classification. The health care facility or employee organization may, within thirty (30) days after notice to it of such determination, file a request for a hearing upon written petition which shall set forth the facts which it believes remove it from such general classification and hearing shall be held on such petition.

(3) Adopt and promulgate rules and regulations as to times and places for hearing and notice thereof so as to provide adequate notice and opportunity to be heard to all interested parties; as to elections; and so as to carry into effect the provisions of this act.

History: En. Sec. 7, Ch. 320, L. 1969.

Cross-References

41-2208. Proceedings to restrain improper employment practices—other relief—appeal. The board of health, a health care facility or an employee organization qualified to apply for an election under section 6 [41-2206] of this act may, in the name of its members, or in its name, institute proceedings to restrain the commission of any improper practice listed in section 3 [41-2203] of this act or appeal from any determination by the board. The proceeding may be instituted in the district court for any county in which the health care facility does business. The court in such an action may grant mandatory or prohibitory relief, or, on appeal, adjudicate whether the board has acted in abuse of discretion or upon arbitrary or discriminatory rules or regulations, in which event the court may reverse or modify such determination.

History: En. Sec. 8, Ch. 320, L. 1969.

41-2209. Unlawful strikes. It shall be unlawful for any employee of a health care facility as defined in section 2 [41-2202] of this act to participate in a strike if there is another strike in effect at another health care facility within a radius of 150 miles. Employees of a health care facility as defined in section 2 [41-2202] of this act or their duly elected representative must give the health care facility thirty (30) days written notice of any strike by them and must specify in the notice the day the strike is to begin.

History: En. Sec. 9, Ch. 320, L. 1969.

41-2301. Declaration of policy. It is declared to be the policy of this act (1) to establish minimum wage and overtime compensation standards for workers at levels consistent with their health, efficiency, and general well-being; (2) to safeguard existing minimum wage and overtime compensation standards which are adequate to maintain the

health, efficiency, and general well-being of workers against the unfair competition of wage and hour standards which do not provide such adequate standards of living; and (3) to sustain purchasing power and increase employment opportunities.

History: En. Sec. 1, Ch. 417, L. 1971.

Title of Act

An act to establish minimum wages and hours for employees in the state of Montana; delegating to the commissioner of labor the duty of administering the act; and providing enforcement.

Constitutionality

This act does not violate the due process clause because of vagueness, does not constitute an unlawful delegation of legislative or judicial power, and meets the constitutional requirement that the subject of an act be clearly expressed in its title. City of Billings v. Smith, 158 M 197, 490 P 2d 221.

41-2302. Definitions. (a) As used in this act, "commissioner" means the commissioner of labor and industry.

(b) "Wage" means compensation due to an employee by reason of his employment, payable in legal tender of the United States or check on banks convertible into cash on demand at full face value, subject to such allowance as may be permitted by regulations of the commissioner under section 5 [41-2305] of this act. The term "wage" includes the reasonable cost to the employer of furnishing such employee with board, lodging, or other facilities, if such board, lodging, or other facilities are customarily furnished by such employer to his employees; provided however, that in no case shall such inclusion exceed an amount equal to forty per cent (40%) of the total wage paid by such employer to such employee.

(c) "Employ" means to suffer or permit to work.

(d) "Employee" includes any individual employed by an employer.

(e) "Occupation" means any occupation, service, trade, business, industry or branch or group of industries or employment or class of employment in which employees are gainfully employed.

(f) "Farm worker" means any person employed to do any service performed on a farm or ranch.

(g) "Farm or ranch" shall mean any endeavor primarily engaged in cultivating the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of livestock, bees, and poultry and fur-bearing animals and wildlife.

History: En. Sec. 2, Ch. 417, L. 1971.

41-2303. Compensation. (a) Except as may otherwise be provided pursuant to this act, every employer shall pay to each of his employees wages at a rate not less than one dollar sixty cents ($1.60) an hour, save and except for farm workers as herein defined and students employed at an amusement or recreational establishment that operates on a seasonal basis, who shall be compensated at not less than the following rates, exclusive of gratuities:

(1) one dollar twenty cents ($1.20) an hour for the first year from the effective date of this act.

(2) one dollar forty cents ($1.40) an hour for the second year from the effective date of this act.

(3) one dollar sixty cents ($1.60) an hour for the third year from the effective date of this act and thereafter.

(b) No employer shall employ any of his employees for a work week longer than forty (40) hours, unless such employee receives compensation for his employment in excess of forty (40) hours in a work week at a rate of not less than one and one-half (1-½) times the hourly wage rate at which he is employed. No overtime provision shall apply for farm workers. Employers of students at an amusement or recreational area that operates on a seasonal basis who furnish said students with board, lodging or other facilities shall not employ said students for a work week longer than forty-eight (48) hours, unless such students receive compensation for their employment in excess of forty-eight (48) hours in a work week at a rate of not less than one and one-half (1-½) times the hourly wage rate at which they are employed.

(c) In the case of a farm worker employed for a part of a calendar year which includes periods requiring working hours in excess of eight hours per day and other seasonal periods requiring working hours substantially less than eight hours per day the employer may pay the worker at a fixed rate of compensation during the term of employment. The employer may elect to: (1) keep a record of the total number of hours worked by the worker during the part of the year during which the worker was employed by him. The total wages paid by such employer to such employee for that part of the year during which said employee was employed by him shall not be less than the applicable minimum wage rate multiplied by the total number of hours so worked, or (2) in lieu of the minimum wage set forth herein, pay the farm worker a wage as herein defined on a monthly basis. This monthly compensation shall constitute a minimum wage and shall not be less than the following rates:

(a) two hundred eighty dollars ($280) a month for the first year from the effective date of this act,

(b) three hundred twenty-five dollars ($325) a month for the second year from the effective date of this act,

(c) three hundred seventy-five dollars ($375) a month for the third year from the effective date of this act.

History: En. Sec. 3, Ch. 417, L. 1971; amd. Sec. 1, Ch. 363, L. 1973.

Amendments

The 1973 amendment inserted "exclusive of gratuities" at the end of the preliminary paragraph of subsection (a).

Public Officers and Employees

Provisions of this act and the provision dictating that county commissioners fix the salaries of deputies (25-604) are in conflict and the special act prevails over the general provisions of this act. Because a maximum is provided by section 25-604, the time-and-a-half for overtime hours in excess of 40 hours per week is unenforceable. City of Billings v. Smith, 158 M 197, 490 P 2d 221.

41-2304. Exclusions. The provisions of section 41-2303 of this act shall not apply with respect to:

(h) Learners under the age of eighteen (18) who are employed as farm workers, provided that such exclusion shall not exceed a period of one hundred eighty (180) days from their initial date of employment and, further provided that during this exclusion period wages paid such learners may not be less than fifty per cent (50%) of the minimum wage rate established in this act.

(i) Retired or semi-retired persons performing part-time incidental work as a condition of their residence on a farm or ranch.

(j) Any individual employed in a bona fide executive, administrative, or professional capacity as these terms are defined and delimited by regulations of the commissioner.

History: En. Sec. 4, Ch. 417, L. 1971; amd. Sec. 19, Ch. 94, L. 1973.

Amendments

The 1973 amendment reduced the age specified near the beginning of subdivision (h) from 19 to 18 years.

Law Enforcement Officers

Subdivision (j) was not intended by the legislature to include policemen, firemen, and deputy sheriffs within the terms of "bona fide executives, administrative, or professional capacity." City of Billings v. Smith, 158 M 197, 490 P 2d 221.

41-2305. Regulations. The commissioner shall make and revise administrative regulations to carry out the purposes of this act. Such regulations shall take effect upon publication by the commissioner. Any person who is aggrieved by an administrative regulation may obtain a hearing before the commissioner upon filing written protest with the commissioner who shall thereupon set such matter for hearing in the county of residence of such protestant within thirty (30) days after receipt of such protest. After such hearing, the commissioner shall promulgate such further administrative regulations as the evidence produced at said hearing shall justify.

History: En. Sec. 5, Ch. 417, L. 1971.

41-2306. Enforcement. Enforcement of this act shall be treated as a wage claim action and shall be in accordance with sections 41-1301 through 41-1324, R. C. M. 1947, as amended. The commissioner may enforce this act without the necessity of a wage assignment.

History: En. Sec. 6, Ch. 417, L. 1971; amd. Sec. 2, Ch. 363, L. 1973.

Amendments

The 1973 amendment added the second sentence.

41-2307. Provisions cumulative. The provisions of this act shall be in addition to other provisions now provided by law for the payment and collection of wages and salaries, but shall not apply to employees covered by the Fair Labor Standards Act.

History: En. Sec. 7, Ch. 417, L. 1971; amd. Sec. 3, Ch. 363, L. 1973.

Amendments

The 1973 amendment repeated this section without change.

Effective Date

Section 4 of Ch. 363, Laws 1973 read "This act shall become effective on January 1, 1974."

Construction of Oral Farm Lease

Judgment for tenant in action for construction of an oral farm lease was reversed and the case was remanded for a new trial where the evidence was insufficient to show either a mutual agreement or usage and the record was completely confused as to when the lease commenced. Enott v. Hinkle, 140 M 206, 369 P 2d 413, 414.

Notice to Quit

Landlord could not maintain an action for unlawful detainer where notice to quit was not given to tenant thirty days prior to expiration of year to year tenancy. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 91.

Oral Lease

Under this section it is possible to have an oral lease for at least one year without an expression as to time therein. This is consistent with section 13-606, statute of frauds, which voids an oral agreement for the leasing of realty of a period longer than one year. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 89.

Entry by a tenant under an invalid oral lease may create a tenancy from year to year, month to month, or a tenancy at will depending upon the circumstances. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 89.

Presumption as to Term

When tenant, pursuant to an oral agreement, entered into possession of property on April 1, 1957 to conduct a meat processing and selling business, his hiring of the property was presumed to be for one year from its commencement. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 89.

The presumption that hiring is to be for one year is a rebuttable presumption. If the presumption is not controverted, the facts must be found according to the presumption. If it is controverted, the presumption must be given weight as evidence. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 90.

Tenancy from Month to Month

Payment of a monthly rental does not compel the conclusion that a tenancy is from month to month where other facts indicate to the contrary. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 90.

Tenancy from Year to Year

Where tenant hired property for meat business under an oral agreement the ten-

ancy was initially for a year with implied renewals for one year resulting in a tenancy from year to year. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 90.

42-205. (7745) Renewal of lease by lessee's continued possession.

Notice to Quit

Where notice to quit was not given by landlord to tenant thirty days prior to expiration of year to year tenancy, tenancy was deemed to be renewed for another year and unlawful detainer action could not be maintained by landlord. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 91.

Tenancy from Year to Year

Where property was hired for meat business under section 42-203 the tenancy was initially for a year with implied renewal for one year resulting in a tenancy from year to year. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 90.

42-206. (7746) Notice to quit.

Time for Giving Notice

An action in unlawful detainer cannot be maintained under section 93-9703 if the tenant is lawfully in possession under a tenancy from year to year without first giving notice thirty days prior to the anniversary date of the tenancy. Roseneau Foods, Inc. v. Coleman, 140 M 572, 374 P 2d 87, 91.

If the multi-member district is located within a single county, the petition signed by the required number of voters shall be filed with the clerk and recorder of that county. If the multi-member district embraces areas in more than one (1) county, the required petition shall be filed in the office of the clerk and recorder of any county embraced in whole or in part in the district and certified copies of such petition shall be sent by that clerk and recorder to the clerks and recorders of all other counties embraced in whole or in part in such multi-member districts.

(2) The clerks and recorders with whom such petitions, whether originals or certified copies, are filed shall as promptly as possible examine such petition as to the signatures thereon which are of residents of their respective counties and shall certify to the clerk and recorder of the county in which the original petition was filed as to the number of valid signatures on said petition as to the number of registered voters in their respective counties and included within the multi-member district. The clerk and recorder with whom the original petition was filed shall also as promptly as possible examine the petition as to the signatures thereon which are of residents of his county and shall determine the number of valid signatures as to his county. Upon receipt of the certificates of the other clerks and recorders, the clerk and recorder with whom the original petition was filed shall total the number of valid signatures on said petition and, if such petition contains valid signatures of at least eight per cent (8%) of the registered voters of the multi-member district, he shall so certify to the county commissioners of each county affected in whole or in part.

(4) If a majority of the voters voting at such election shall vote in favor of dividing the multi-member district, the county commissioners of the affected counties shall meet together as promptly as possible after the results of such election have been certified, and shall divide the multi-member district into single-member districts. Any such plan of division shall require the approval of the majority of the commissioners of each of the counties affected.

(2) If the legislature is not in session when the governor vetoes a bill he shall return the bill with his reasons for the veto to the secretary of state. The secretary of state shall immediately mail a copy of the bill and the veto message to each member of the legislature.

CHAPTER 6—INTERSTATE LIBRARY COMPACT

Section 44-601. Text of library compact.
44-602. Executive officer of state library commission as administrator.

44-601. Text of library compact. The Interstate Library Compact is hereby approved, enacted into law, and entered into by the state of Montana, which compact is in full as follows:

INTERSTATE LIBRARY COMPACT

Article I. Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the state's party to this compact to co-operate and share their responsibilities; to authorize co-operation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a co-operative basis; and to authorize co-operation and sharing among localities, states and others in providing joint or co-operative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

Article II. Definitions

As used in this compact:

(a) "Public library agency" means any unit or agency of local or state government operating or having power to operate a library.

(b) "Private library agency" means any nongovernmental entity which operates or assumes a legal obligation to operate a library.

(c) "Library agreement" means a contract establishing an interstate library district pursuant to this compact or providing for the joint or co-operative furnishing of library services.

Article III. Interstate Library Districts

(a) Any one or more public library agencies in a party state in co-operation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may co-operate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or co-operative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

1. Undertake, administer and participate in programs or arrangements for securing, lending or servicing books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use therof.

2. Accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.

3. Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.

4. Employ professional, technical, clerical and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the in-service training of such personnel.

5. Sue and be sued in any court of competent jurisdiction.

6. Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.

7. Construct, maintain and operate a library, including any appropriate branches thereof.

8. Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

Article IV. Interstate Library Districts, Governing Board

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

Article V. State Library Agency Co-operation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or co-operative library pro-

grams, render joint or co-operative library services, and enter into and perform arrangements for the co-operative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a co-operative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

Article VI. Library Agreements

(a) In order to provide for any joint or co-operative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

1. Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.

2. Provide for the allocation of costs and other financial responsibilities.

3. Specify the respective rights, duties, obligations and liabilities of the parties.

4. Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this compact.

Article VII. Approval of Library Agreements

(a) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an

agreement submitted hereunder within ninety days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to paragraph (a) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

Article VIII. Other Laws Applicable

Nothing in this compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

Article IX. Appropriations and Aid

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

Article X. Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and co-operate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

Article XI. Entry into Force and Withdrawal

(a) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This compact shall continue in force with respect to a party state and remain binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

Article XII. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Amendments

The 1971 amendment inserted a comma after "machinery" the first place that word appears.

Abandoned Improvements — Delay in Completion

Where contract specifically said that contractor's ability to continue work would be dependent upon prompt payment by owner as agreed and owner did not pay as agreed, contractor was allowed foreclosure of lien even though he was unable to complete the work. Gramm v. Insurance Unlimited, 141 M 456, 378 P 2d 662.

Claim Arising upon Contract

A mechanic's lien under this section and sections 45-502 to 45-512 is not a claim arising upon a contract under section 91-2704 and the lien is not lost because creditor's claim is not filed. Hammer v. Chapin, 256 F Supp 818, 820.

Materialmen

There could be no valid materialman's lien against owner where general contractor, subcontractor and materialman told owner that he was not dealing with materialman and that materialman was wholesaler and dealt only with contractors. Glacier State Electric Supply Co. v. Hoyt, 152 M 415, 451 P 2d 90.

Property Covered by Lien

Where defendant owned seven unpatented mining claims and leased such claims under agreement requiring lessee to do shaft and engineering work, and such work was subsequently done by plaintiff with knowledge of lessor, mechanic's lien held by plaintiff attached to all mining claims held by defendant, notwithstanding that plaintiff performed work on only one such claim in group of seven claims. Fausett v. Blanchard, 154 M 301, 463 P 2d 319.

45-502. (8340) **How lien perfected.** (1) Every person wishing to avail himself of the benefits of this chapter must file with the county clerk of the county in which the property or premises mentioned in the preceding section is situated, and within ninety days after the material or machinery aforesaid has been furnished, or the work or labor performed, a just and true account of the amount due him, after allowing all credits, and containing a correct description of the property to be charged with such lien, verified by affidavit, but any error or mistake in the account or description does not affect the validity of the lien, if the property can be identified by the description; which paper containing the account, description, and affidavit is deemed the lien, and when there is an open account between the parties for labor, material, or machinery, such lien may be filed within ninety days after the date of the last item in such account, and include all items and charges contained therein, for material or machinery furnished for, or work performed on, the property on which the lien is claimed.

(2) The time within which to perfect the lien by filing of the notice of lien is shortened if the provisions of section 3 [45-502.1] of this act are complied with and a notice of completion is timely filed, in which event such notice of lien must be filed within sixty (60) days immediately following the first publication of the notice of completion.

(3) The following acts of events constitute "completion of any work or improvement" for the purpose of filing a notice of completion:

(a) The written acceptance by the owner, his agent or his representative of the building, improvement or structure. The filing of a

notice of completion shall not be considered as an acceptance of the building, improvement, or other structure.

(b) The cessation from labor for thirty (30) days upon any building, improvement or structure, or the alteration, addition to or repair thereof.

Amendments

The 1971 amendment designated the former section as subsection (1); and added subsections (2) and (3).

Effect of Failure to File Lien within Ninety Days after Material Is Furnished —Subsequent Contract

Where no privity of contract existed between subcontractor and the owners of the improved building and subcontractor did not comply with the ninety-day limitation for filing lien, such subcontractor lost all right to sue owner who had paid prime contractor for work done, and subcontractor was also barred from adding on time period of a subsequent contract with owners for purposes of filing its mechanic's lien. Frank J. Trunk & Son v. DeHaan, 143 M 442, 391 P 2d 353.

Effect of Overstatement of Amount

Where there were indications that contractor had "padded the bill" for nearly $4000 but no proof that he had done so with intent to defraud, he did not lose his right to a mechanic's lien but the trial court should require an accounting. Hammond v. Knievel, 141 M 433, 378 P 2d 388.

Last Item in Open Account

Entries made in open account crediting owner for materials returned did not operate to keep ninety-day period allowed under this section for filing mechanic's lien from lapsing, since entry of credit for payment or for goods returned does not fall within ambit of "last item in such account"; legislature by that language meant last item furnished, not last entry in open account. American Homes, Inc. v. Broadmoor Corp., 153 M 184, 455 P 2d 334.

Question of Continuous Open Account One of Fact

The question of whether a continuous open account existed some fifteen months after completion of the contracted construction work was one of fact and the finding by the trial court would not be disturbed on appeal when supported by evidence. Hammond v. Knievel, 141 M 433, 378 P 2d 388.

45-502.1. Notice of completion. (1) The owner may file a notice of completion at any time after the completion of any work or improvement.

(2) The notice of completion together with an affidavit of publication as hereinafter required shall be filed in the office of the county recorder of the county where the property is situated and the notice shall set forth:

(a) The date when the work or improvement was completed, or the date on which cessation from labor occurred first and the period of its duration.

(b) The owner's name or owners' names, as the case may be, the address of the owner or addresses of the owners, as the case may be, and the nature of the title, if any, of the person signing the notice.

(c) A description of the property sufficient for identification.

(d) The name of the contractor, if any.

(3) The notice shall be verified by the owner or his agent.

(4) A copy of the notice of completion shall be published once each week for three successive weeks in a newspaper of general circulation in the county where the land on which the work or improvement was performed is situated.

History: En. Sec. 3, Ch. 408, L. 1971.

Title of Act

An act to shorten the period for filing mechanics' liens by providing for filing of a notice of completion and amending sections 45-501 and 45-502, R. C. M., 1947.

Mining Claims

Limit of one acre to mechanic's lien, as set forth in this section, does not apply to mining claim. Fausett v. Blanchard, 154 M 301, 463 P 2d 319.

45-505. (8343) **Leasehold interest—how affected.**

45-506. (8344) **Priority of lien over mortgage or other liens.**

Lien Preferred to Subsequent Mortgage

A mechanic's lien for performed work and furnished material for building, erected on land of decedent prior to his death, which was perfected August 23, 1963 after decedent's death, had priority over a mortgage executed by the successor to the estate of the deceased on January 21, 1965 to the small business administration, an agency of the United States, which failed to protect itself by withholding a sufficient amount of the loan proceeds to retire the lien. Hammer v. Chapin, 256 F Supp 818, 820.

45-513. Substitution of bond allowed — filing — amount — condition. Whenever a mechanics' lien has been filed upon real property or any improvements thereon, as enumerated in section 45-501, R. C. M. 1947, the owner of any interest in such property, whether legal or beneficial, may, at any time before the lien claimant has commenced an action to foreclose such lien, file a bond with the clerk of the district court in the county in which such property is situated, or, if such property is situated in more than one county, with the clerk of the district court of any county in which a part of such property is situated. Such bond shall be in an amount one and one-half (1½) times the amount of the said lien, and shall be either in cash or written by a corporate surety company. If written by a corporate surety, such bond shall be approved by a judge of the district court with which such bond is filed. The bond shall be conditioned that if the lien claimant shall be finally adjudged to be entitled to recover upon the claim upon which his lien is based, the principal or his sureties shall pay to such claimant the amount of his judgment, together with any interest, costs, attorney fees, and other sums which such claimant would be entitled to recover upon the foreclosure of a lien against the principal.

History: En. Sec. 1, Ch. 338, L. 1971.

Title of Act

An act providing that the owner of real property against which a mechanics' lien has been filed may substitute a bond for the security of the lien and that said real property shall then be released from the

effect of such lien, together with any improvements thereon, and providing, in such instance, that the lien claimant shall have an action upon the bond rather than an action to foreclose a lien, and providing that the statute of limitations for foreclosure of a mechanics' lien shall apply to an action upon such bond.

45-514. Lien discharged upon filing of bond. Upon the filing of a bond as provided in section 1 [45-513] of this act, the lien against the said real property shall forthwith be discharged and released in full and the said bond shall be substituted for such lien.

History: En. Sec. 2, Ch. 338, L. 1971.

45-515. Action upon bond—period of limitation same. When a bond is filed as provided in section 1 [45-513] of this act, the person filing such lien may bring an action upon the said bond. Such action shall be commenced within the time allowed for the commencement of an action upon foreclosure of a lien, and the statute of limitations applicable to a lien foreclosure shall apply to an action upon such bond as it would had no bond been filed.

History: En. Sec. 3, Ch. 338, L. 1971.

CHAPTER 7—CROP LIENS FOR SEED, GRAIN AND HAIL INSURANCE

Section 45-704. Acknowledgment of satisfaction of lien.
45-707. Satisfaction of lien.

45-704. (8362) **Acknowledgment of satisfaction of lien.** Whenever the indebtedness which is a lien upon such grain or other crops is paid and satisfied, it is the duty of the lienor to acknowledge satisfaction thereof, and to discharge the said lien of record; and if any lienor fails to acknowledge satisfaction and discharge of said lien as aforesaid, within thirty (30) days after being requested to do so by a person having a property interest in such grain or other crops, he is liable to any person injured thereby in the amount of such injury and the costs of the action. [Effective January 1, 1965.]

History: En. Sec. 4, Ch. 15, Ex. L. 1918; re-en. Sec. 8362, R. C. M. 1921; amd. Sec. 11-123, Ch. 264, L. 1963.

Amendment

The 1963 amendment deleted "as in the case of a chattel mortgage" after "acknowledge satisfaction thereof" in the first part of the section; and inserted "within thirty (30) days after being requested to do so by a person having a property interest in such grain or other crops" in the latter part of the section.

45-707. (8365) **Satisfaction of lien.** Whenever the indebtedness, which is a lien upon such grain or other crops, is paid or satisfied on or before November 1 of the then current year, it is the duty of the lienor to acknowledge satisfaction thereof within twenty days after receiving payment, and to discharge the said lien of record, and if any lienor fails to acknowledge satisfaction and discharge of said lien as aforesaid he is liable to any person injured thereby in the amount of such injury and the costs of action. If any hail lien is not satisfied on or before the first day of March of the next succeeding year after the insurance was carried on

the crop, the same shall be deemed satisfied and released of record. [Effective January 1, 1965.]

History: En. Sec. 3, Ch. 223, L. 1921; re-en. Sec. 8365, R. C. M. 1921; amd. Sec. 11-124, Ch. 264, L. 1963.

Amendment

The 1963 amendment deleted "as in the case of a chattel mortgage" after "acknowledge satisfaction thereof" in the first part of the first sentence.

CHAPTER 8—THRESHERMEN'S LIENS

Section 45-801. Liens of threshermen, swathers and owners of combine harvester and thresher upon grain or crops.
45-802. Claim of lien, when, where and how filed, service of notice.
45-809. Acknowledgment of satisfaction of lien—penalty.

45-801. (8366) Liens of threshermen, swathers and owners of combine harvester and thresher upon grain or crops. All threshermen or swathers owning or operating threshing or swathing machines, and all owners of combine harvesters and threshers, shall have a lien upon the grain and other crops swathed or threshed by said threshing or swathing machine or cut and threshed by said combine harvester and thresher, for and on account of the services rendered and the labor performed by them on said grain and crops, and which lien may be claimed by the owner of said grain for the reasonable value of such services, if same are performed by him. Liens on grain and other crops shall be charged for at the prevailing price for that particular locality in which such grain or other crop is threshed, harvested or combined; and, provided, notices are given and lien is filed within the time provided by this act.

If the prevailing price for threshing, harvesting or combining grain or other crop is disputed by the thresherman or swather and the owner of the grain or other crop, the matter may be submitted to arbitration under the provisions of chapter 201, Title 93.

History: En. Sec. 1, Ch. 25, L. 1915; re-en. Sec. 8366, R. C. M. 1921; amd. Sec. 1, Ch. 20, L. 1929; amd. Sec. 1, Ch. 112, L. 1931; amd. Sec. 1, Ch. 124, L. 1933; amd. Sec. 1, Ch. 308, L. 1973.

Amendments

The 1973 amendment inserted the references to swathing and swathers in the first sentence of the first paragraph; deleted from the first paragraph provisions limiting the lien to 7¢ per bushel for threshing most grains and to $1.50 per acre for combining most grains; added the second paragraph; and made minor changes in style.

45-802. (8367) Claim of lien, when, where and how filed, service of notice. Every person intending to avail himself of the benefits of this act must file with the county clerk of the county in which said grain or other crops were grown, within ten days after the last service was rendered or labor performed in the threshing of said grain or other crops, or the cutting and harvesting and threshing by said combined harvester and thresher, a notice that within twenty days a lien, as specified in section 45-801, will be claimed, and within twenty days thereafter shall file with the county clerk and recorder of the county in which said grain or other crops were grown, a just and true account of the amount due him or them for such services or labor after allowing all

just credits and offsets and containing a correct description of the grain or other crops to be charged with such lien, the price agreed upon for such threshing or cutting and harvesting, the name of the person, firm or corporation for whom such labor and services were performed, and a description of the lands as nearly as possible, upon which said grain or other crops were raised, and a description of the legal subdivision of land upon which said grain is stored, and if said grain is stored in an elevator, the locality of the said elevator, which statements of facts shall be verified by affidavit of the person claiming such lien, or his duly authorized agent or attorney, having knowledge of the facts; but any error or mistake in the account or description of the grain or other crops or of the property upon which it was raised, shall not invalidate such said lien.

If the grain or other crops so threshed, cut, harvested and threshed are being hauled from the machine or combine direct to the elevator or to any other purchaser, then the threshermen or owner of the combine desiring to claim such lien shall also serve written notices upon the elevatorman or other private purchaser, that he will claim and file a lien upon said grain or other crops for his services or labor performed in threshing, or combining and threshing the same.

History: En. Sec. 2, Ch. 25, L. 1915; amd. Sec. 1, Ch. 162, L. 1917; amd. Sec. 1, Ch. 71, L. 1921; re-en. Sec. 8367, R. C. M. 1921; amd. Sec. 2, Ch. 20, L. 1929; amd. Sec. 2, Ch. 112, L. 1931; amd. Sec. 2, Ch. 308, L. 1973.

Amendments

The 1973 amendment substituted "as specified in section 45-801" for "of not to exceed twelve cents per bushel for grain threshed or not to exceed two dollars per acre for grains harvested and threshed with a combined harvester and thresher, except flax, clover seed, alfalfa seed, or other grass seeds, which shall be charged for at the prevailing price for that particular locality in which such grain or seed is threshed or combined" in the first paragraph.

45-809. (8374) **Acknowledgment of satisfaction of lien—penalty.** Whenever the indebtedness which is a lien upon any such grain or other crops is paid and satisfied, it is the duty of the lienor to acknowledge satisfaction thereof, and to discharge the said lien of record; and if any lienor fails to acknowledge satisfaction and discharge said lien as aforesaid, within thirty (30) days after being requested to do so by a person having a property interest in such grain or other crops, he is liable to any person injured thereby in the amount of such injury and the costs of action. Amendment

The 1963 amendment deleted "as in the case of a mortgage" after "acknowledge satisfaction thereof" in the first part of the section; and inserted "within thirty (30) days after being requested to do so by a person having a property interest in such grain or other crops" in the latter part of the section.

CHAPTER 9—FARM LABORERS' LIENS

his mailing address, a description of the leasehold or pipeline, and if the claimant be a claimant under section 45-1002, the name of the person for whom the labor was immediately performed or the material or services were immediately furnished. Such statement must be filed within six (6) months after the date upon which said material or services were last furnished or labor last performed under contract as aforementioned.

Title of Act

An act amending section 45-1003, R. C. M. 1947, relating to liens for labor and material furnished for use of oil or gas wells or pipelines by deleting any reference to perfecting, priority, and method of filing such liens; providing how such liens are perfected; providing for the date such liens shall arise; providing for the preference of such lien over certain other liens; providing that all liens affixed by virtue of chapter 10 of Title 45, R. C. M. 1947, upon the same property shall be of equal standing; and providing for the priority of such lien over mortgage or other liens.

45-1004.2. Date lien arises—preference over other liens—parity of liens. The lien provided for in this chapter arises on the date of the furnishing of the first item of material or services or the date of performance of the first labor. Upon compliance with the provisions of section 45-1004.1, such lien shall be preferred to all other titles, charges, liens or encumbrances which may attach to or upon any of the property upon which a lien is given by this chapter subsequent to the date the lien herein provided for arises. 45-1005, 45-1006. Repealed.

CHAPTER 11—MISCELLANEOUS LIENS

Section 45-1106. Agisters' liens and liens for service—priority.
45-1107. Secured party may take possession of property.

45-1104. (8381) Repealed.

Repeal

This section (Sec. 3933, Civ. C. 1895), relating to liens of sellers of personal property, was repealed by Sec. 10-102, Ch. 264, Laws 1963, effective January 1, 1965.

45-1106. (8383) **Agisters' liens and liens for service—priority.** Every person who, while lawfully in possession of an article of personal property, renders any service to the owner or lawful claimant thereof by labor or skill employed for the making, repairing, protection, improvement, safe-keeping, or carriage thereof, has a special lien thereon, dependent on possession, for the compensation, if any, which is due to him from the owner or lawful claimant for such service and for material, if any, furnished in connection therewith. A ranchman, farmer, agister, herder, hotel-keeper, livery, boarding, or feed stable-keeper, to whom any horses, mules, cattle, sheep, hogs, or other stock are entrusted, and there is a contract, express or implied, for their keeping, feeding, herding, pasturing, or ranching, has a lien upon such stock for the amount due for keeping, feeding, herding, pasturing, or ranching the same, and is authorized to retain possession thereof until the sum due is paid. The lien hereby created shall not take precedence over perfected security interests under the Uniform Commercial Code—Secured Transactions, or other recorded liens on the property involved, unless within ten days from the time of receiving the property, the person desiring to assert a lien thereon shall give notice in writing to said secured party or other lien holder, stating his intention to assert a lien on said property, under the terms of this act, and stating the nature and approximate amount of the work, or feed, performed or furnished or intended to be performed or furnished therefor.

Such service may be made either by personal service or by mailing by registered mail a copy of said notice to the secured party or other lien holder at his last known post-office address. Said service shall be deemed complete upon the deposit of the notice in the post office. [Effective January 1, 1965.]

46-609. (3307) Fees for recorder of marks and brands. 46-707. (3315) **Compensation for animals killed.** The value of the animal so taken and killed shall be determined by three disinterested parties living in the vicinity where the animal is seized, and the tender of the valuation so made to the owner shall be full compensation on account of the loss of said animal. animal shall have been inspected for brands by a state stock inspector or deputy state stock inspector and certificate of such inspection shall have been issued in connection with and for the purpose of such transportation or removal or of such change of ownership as in this act provided. Such inspection must be made in daylight provided, however, that the change of ownership inspection requirements of this subsection shall not apply when such sale or change of ownership transaction involves five (5) or less such animals.

(2) and (3). * * * [Same as parent volume.]

(4) The person in charge of any such cow, ox, bull, stag, calf, steer, heifer, horse, mule, mare, colt, foal or filly being removed from any county in this state, where inspection thereof is required by this act, or where change of ownership has occurred as in this act defined, or when moved under a market consignment permit shall have in his possession the certificate of inspection or market consignment permit issued in connection therewith, and shall exhibit the same to any sheriff, deputy sheriff, constable, highway patrolman, state stock inspector or deputy state stock inspector at the request of either of them and the provisions of section 46-803 shall be extended to livestock transported or sold under the above-mentioned permits.

(5) The following transportation permits may be issued:

(a) In case of saddle, work or show horse or horses being transported from county to county within the state by the owner thereof for his personal use or business and where there is no change of ownership, the inspection certificate as required by this act, may be endorsed as to purpose and extent of transportation by the inspector issuing same in order to serve as a travel permit within the state for a period not to exceed one year for the horse or horses described thereon. Such permit becomes void upon any transfer of ownership or if such horse or horses are to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

(b) The owner of saddle, work or show horse or horses may apply for a permanent transportation permit valid for both interstate and intrastate transportation of such horse or horses and until there is a change of ownership. To obtain such permit or permits such horses must have either a registered brand that has been legally cleared, or a lip tattoo, or the owner thereof must present positive proof of ownership to a state stock inspector. The application shall contain a thorough physical description of such horse or horses showing also all brands and tattoos carried by such horse or horses.

of ownership in which event the permit shall automatically become void. The permit so issued must accompany the horse for which it was issued at all times while such horse is in transit. Such permit shall be in lieu of other permits and certificates required under the provisions of this section. The state of Montana shall recognize as valid in the state of Montana permanent transportation permits validly issued in other jurisdictions to the owner of saddle, work or show horses subsequently entering the state of Montana, provided that such permit shall be deemed automatically void upon a change of ownership.

(c) In case of registered purebred cattle being transported from county to county within the state by the owner thereof for show purposes and where there is no change of ownership, the inspection certificate as required by this act, may be endorsed as to purpose and extent of transportation by the inspector issuing same in order to serve as a travel permit within the state for a period not to exceed one year for the cattle described thereon. Such permit becomes void upon any transfer of ownership or if such cattle are to be removed from the state. In such instances an inspection must be secured for removal and the endorsed certificate surrendered.

(6) The provisions of subsection (1) shall not apply,

(a) to (g). * * * [Same as parent volume.]

Section 46-2102. County commissioners may require per capita license fee on sheep.
46-2104. Duty of county commissioners—petition of sheep owners.

46-2102. County commissioners may require per capita license fee on sheep. To defray the expense of such protection the board of county commissioners of any county shall have the power to require all owners or persons in possession of any sheep, coming one year old or over, in the county on the regular assessment date of each year to pay a license fee of not exceeding fifteen cents (15¢) per head of sheep so owned or possessed by him in the county; provided that all owners or persons in possession of any sheep, coming one year old or over, coming into the county after the regular assessment date and subject to taxation under the provisions of section 84-6008 shall also be subject to payment of the license fee herein prescribed. Upon the order of the board of county commissioners such license fees may be imposed by the entry thereof in the name of the licensee upon the property tax rolls of the county by the county assessor. Said license fees shall be payable to and collected by the county treasurer, and when so levied, shall be a lien upon the property, both real and personal of the licensee. In case the person against whom said license fee is levied owns no real estate against which said license

fee is or may become a lien, then said license fee shall be payable immediately upon its levy and the treasurer shall collect the same in the manner provided by law for the collection of personal property taxes which are not a lien upon real estate. When collected, said fees shall be placed by the treasurer in the predatory animal control fund and the moneys in said fund shall be expended on order of the board of county commissioners of the county for predatory animal control only. The word "owners" or "persons" shall include natural persons, copartnerships, corporations, trusts and estates.

46-2104. Duty of county commissioners—petition of sheep owners. In conducting a predatory animal control program, the board of county commissioners shall give preference to recommendations for such program and its incidents as made by organized associations of sheep growers in the county. Upon petition of the resident owners of at least fifty-one per cent (51 %) of the sheep in the county, as shown by the assessment rolls of the last preceding assessment, which petition shall be filed with the board of county commissioners on or before the first Monday in December in any year, such board shall establish the predatory animal control program, and cause said licenses to be secured and issued and the fees collected for the following year in such amount, not exceeding the limits of fifteen cents (15¢) per head of sheep as shown by said assessment rolls, as will defray the cost of administering the program so established. The license fee determined and set by the board, within said limits, shall remain in full force and effect from year to year without change, unless there is filed with the board a petition subscribed by the resident owners of at least fifty-one per cent (51 %) of the sheep in the county, as shown by the assessment rolls of the last assessment preceding the filing of the petition, for termination of the program and repeal of the license fee, in which event the program shall by order of the board of county commissioners be disestablished and the license fee shall not be further levied. If the resident owners of at least fifty-one per cent (51 %) of the sheep in the county either (a) petition for an increase in the license fee, subject always to the maximum limitation of fifteen cents (15¢) per head of sheep, or (b) petition for a decrease in the license fee then in force, the board of county commissioners shall upon receipt of any such petition fix a new license fee to continue from year to year and the program shall thereupon continue within the limits of the aggregate amount of the license fee as collected from year to year.

History: En. Sec. 4, Ch. 206, L. 1943; amd. Sec. 1, Ch. 24, L. 1949; amd. Sec. 2, Ch. 87, L. 1957; amd. Sec. 2, Ch. 87, L. 1965.

Amendments

Chapter 24, Laws of 1967, increased the maximum salary of the secretary of the grass conservation commission from $500 per month to $10,000 per year.

Chapter 237, Laws of 1967, substituted the latter part of the first sentence, beginning with "in such amount," for a clause fixing the secretary's maximum salary at $500 per month; inserted the second and third sentences; and deleted a final sentence providing for the commission to fix the secretary's salary.

The 1969 amendment substituted "as provided in section 2 of this act" for "to the governor, a copy of which shall be sent to all state districts coming under the provisions of this act" at the end of the second paragraph.

46-2312. Powers of state districts.

Assessments

Grazing district bylaw providing for assessment against members owning or in control of livestock trespassing on district land was valid implementation of power granted to grazing district by subdivision 4 of this section. Appeal of Two Crow Ranch, Inc., — M —, 494 P 2d 915.

46-2322. Grazing preferences appurtenant to dependent commensurate property and commensurate property and method of transferring preferences to other lands. Grazing preferences shall run with and be appurtenant to the dependent commensurate and commensurate property upon which they are based. They shall not be subject to devise, bequest, attachment, execution, lease, sale, exchange, transfer, pledge, mortgage, or other process, or transaction, except as provided in this section or in the bylaws of a state district. Upon application by a permittee, the state district with the approval of the grass conservation commission may allow a preference based on ownership or control of dependent commensurate or commensurate property to be transferred to other property of sufficient commensurability, provided that in any transfer of preference from dependent commensurate or commensurate property controlled but not owned by applicant, the applicant must have had control and use of the dependent commensurate or commensurate property and the preference appurtenant thereto, for five (5) consecutive years and must have established and maintained the livestock operation upon which the dependency was established by use or priority immediately prior to the application for transfer. Provided further, that such transfer will not interfere with the stability of livestock operations or with proper range management and will not affect adversely the established local economy, and provided further, that no such transfer will be allowed without the written consent of the owner or owners and any encumbrances of the dependent commen-

surate or commensurate property from which the transfer is to be made and provided further, that such transfer shall not in any case become effective until approved by the grass conservation commission. The provision of the section shall not be construed to apply to trespass violations.

When such application is presented to the board the secretary upon the direction of the board shall give notice thereof, setting forth in general said application and the time and place of hearing thereon as fixed by the board, and a copy of said notice shall be given or mailed to the applicant and shall be published for at least once a week for two successive weeks prior to such meeting in a newspaper published or generally circulated within the district, and said notice shall also be posted for at least two full weeks prior to such meeting in three (3) public places within said district, and the date of hearing must be at least fifteen (15) days from the first publication of said notice, and at such hearing the directors shall fully hear and determine such application and objections thereto if any.

Upon the allowance of a transfer under this section, the property from which the transfer is made shall lose its grazing preference to the extent of the preference transferred.

All expenses involved under the application shall be borne by the applicant.

When the land to which a preference is attached shall change its control or ownership such preference shall change with the land, provided, that the person to which such control or ownership changes shall secure a nonuse permit or shall pay the usual grazing fees. If such person fails to secure such nonuse permit or refuses to pay such grazing fees, the preferences may be revoked by the state district. If any person controls but does not own land and does not secure a nonuse permit and refuses to pay grazing fees, the state district shall notify the owner of such land by registered mail that the preference attached to such land will be revoked unless such owners shall pay the usual grazing fees to the state district within sixty (60) days from the time of receipt of such notice. The state district may revoke such preference if the owner or mortgagor does not pay such fees or secure a nonuse permit.

If any permittee fails to pay grazing fees or assessments levied by the state district, or fails to obtain a nonuse permit or violates any of the rules and regulations of the state district, the state district may notify such permittee and owner of such land by registered mail that the preference attached to such land will be revoked unless such grazing fees or assessments are paid or such permittee ceases to violate the rules and regulations laid down by the district within sixty (60) days from the time of receipt of such notice. The state district may revoke such preference if the permittee or owner fails to pay such charges or make such compliance.

When a preference is revoked, it shall be detached from the dependent commensurate or commensurate property to which it was formerly appurtenant. The preference shall immediately shift to the state district. The state district may then allocate it to either dependent

commensurate or commensurate property in the manner provided by its bylaws.

In all cases where notices are given permittees under this act by registered mail and addressed to the post-office address of such permittee as shown by the records of such grazing district such notices shall be deemed received by the permittee when deposited in the United States post office by the district or by the commission.

46-2327. Remedies are supplemental.

Retail Installment Sales Contracts

In a diversity action to recover the balance due on a note and conditional sales contract executed and delivered by defendants to a North Dakota corporation and assigned by it to plaintiff, where defendants contended that the rate of interest charged them pursuant to the Montana Retail Installment Sales Act, section 74-608 was 16.3%, which exceeded the maximum rate of 10% permitted by this section and constituted a special law regulating the rate of interest on money, proscribed by section 26, article V of the constitution, the federal court applied the abstention doctrine and postponed further action until the issue was determined by the supreme court of Montana. Sale of Assets

Where plaintiffs advanced the money and purchased the assets of a business, and at the same time entered an agreement for future resale of a part of the business to defendant, the entire transaction was a sale and contract of sale, rather than a loan, so that the difference in sale prices was not interest subject to the usury statute. When a loan contract provides for monthly installments, the first installment may be payable at any time within forty-five (45) days of the date of the loan and the charges for the number of days in excess of thirty (30) from the date of making may be added to the scheduled amount of said installments.

(b) Insurance permitted under the provisions of this section shall be obtained through an insurance company authorized to conduct such business in Montana by a duly licensed agent or agency of this state. Premiums shall not exceed those fixed by law or current applicable manual rates. (c) Property insurance. When the principal amount of the loan exceeds three hundred dollars ($300) exclusive of the portion thereof attributable to insurance premiums and charges, the licensee may require a borrower to insure property offered as security against any substantial risk of loss, damage or destruction for an amount not to exceed the reasonable value of the property insured or the amount of the loan, whichever is smaller, and for the customary term approximating the term of the loan contract. It shall be optional with the borrower to obtain such insurance in an amount greater than the amount of the loan or for a longer term.

(d) Credit life insurance and credit disability insurance. Subject to the laws of this state, credit life insurance and credit disability insurance may be provided at the expense of the borrower and may be pro-

vided by a licensee upon the request of the borrower when the principal amount of the loan exceeds three hundred dollars ($300) exclusive of the portion thereof attributable to insurance premiums and charges. If any loan shall include amounts advanced for insurance premiums and charges such loan shall not in any event exceed two thousand five hundred dollars ($2,500).

(e) The insurance authorized by this section may be sold, obtained or provided by or through a licensee and the premium or identifiable charge for the insurance may be included in the principal amount of the loan; provided, however, that no licensee shall require a borrower to purchase such insurance from such licensee or from any particular agent, broker or insurance company as a condition precedent for the obtaining of a loan. Any gain or advantage to the licensee or any employee, affiliate or associate of the licensee from the sale, provision or obtaining of insurance as authorized by this section shall not be deemed to be additional charges or a violation of this act.

A licensee shall not require insurance under this section until any existing insurance of the same type has expired or has been canceled and the unearned portion of the premium for the canceled insurance has been rebated to the borrower.

Common-law Marriage

Finding that claimant and deceased workman had been married at common law was not supported by evidence, instances of their cohabitation warranting conclusion of meretricious relations as easily as any other. Miller v. Townsend Lumber Co., 152 M 210, 448 P 2d 148.

Man and woman who exchanged wedding rings, mutually declared their marriage, and thereafter openly lived together, were legally married even though wife continued to use her previous name for business purposes. Estate of Swanson, — M —, 502 P 2d 33.

In view of statute recognizing consensual or common-law marriage, presumption that man and woman deporting themselves as husband and wife have entered into lawful contract of marriage is itself proof of marriage, and is overcome as matter of law only when in light of proved facts reasonable men could no longer find in accordance with the presumed fact; presumption was not overcome by the fact that mother claimed a ceremonial marriage and produced no evidence of mutual consent to common-law marriage. Spradlin v. United States, 262 F Supp 502.

Right of Consortium

The mutual rights which arise in the husband and wife upon marriage, termed contractual or legal rights, include rights which are embraced within the term consortium. Duffy v. Lipsman-Fulkerson & Co., 200 F Supp 71, 73; Dutton v. Hightower & Lubrecht Constr. Co., 214 F Supp 298, 300.

Under this section and section 36-101 a woman by her marriage obtains a contractual right to consortium. Dutton v. Hightower & Lubrecht Constr. Co., 214 FSupp 298, 300, distinguished in Hall v. United States, 266 F Supp 671.

48-111. (5705) Subsequent marriage—when illegal and void.

Prosecution for Bigamy

Although bigamous marriage may be void from beginning under this section for civil purposes, it nevertheless renders subsequent marriage bigamous under section 94-701 for criminal purposes, unless defendant can show that previous bigamous marriage was pronounced void, annulled or dissolved by competent court as provided under section 94-702. Crosby v. Ellsworth, 431 F 2d 35.

Voidness of Former Marriage

Under section 94-702 voidness of former marriage must have been declared by a court of competent jurisdiction; such a determination of voidness cannot be made under this section by the person involved to avoid being charged with the crime of bigamy under sections 94-701 and 94-702. State v. Crosby, 148 M 307, 420 P 2d 431, 433.

An application for a marriage license shall be filed at least five (5) days before a license shall be issued; provided, that, upon application of either of the parties to a proposed marriage, any judge of a district court may, upon satisfactory evidence being presented to him that either of the parties to the proposed marriage is dangerously ill, such illness being likely to result in death, or upon the request of the parents or guardian, if any, or upon any other circumstance which, in the opinion of the judge of the district court, warrants special dispensation may by order authorize the license to be issued at any time before the expiration of the said five (5) days; provided, further that such judge shall, before issuing such order, require that the parties making application for such marriage license shall be examined under oath, and shall give the reasons why such license should not be withheld by the clerk of the district court for the statutory period. Such order shall be delivered to the clerk of the district court issuing the license and by him retained as prima facie evidence of his authority to issue the said marriage license within the five (5) day period. The judge or judges of any judicial district may delegate authority to the clerk or clerks of the district court within said district for the purpose of making the determination and entering the order that the five (5) day period may be waived.

48-134. Proof of age—premarital test certificate required of applicants for marriage license. (1) Before a person, who is authorized by law to issue marriage licenses, shall issue a marriage license, each applicant therefor shall exhibit to him a birth certificate or other satisfactory evidence of age, and, if such applicant is a minor, the consent required by section 48-118, and shall also file with him a certificate from a duly qualified physician, licensed to practice medicine and surgery in any state or United States territory, or any other person authorized by laws of Montana to make such a certificate, which certificate shall state that the applicant has been given such an examination, including a standard serological test, made not more than twenty (20) days before the date of issuance of the license, and that the report of the results of the serological test has been exhibited to the applicant and that each party to the proposed marriage contract has examined the report of the serological test of the other party to the proposed contract.

(2) A person who by law is validly able to obtain a marriage license in this state is also validly able to give his or her consent to any examinations and tests required by this act. In submitting the blood specimen to the laboratory, the physician, or any other person authorized by the laws of Montana to make such a certificate, shall designate that it is a premarital test.

48-136. Certificates from other state or for military personnel, when acceptable. Certificate forms provided by other states having comparable laws will be accepted for persons who have been examined and who have received a standard serological test outside of Montana, if such examinations and tests are performed not more than twenty (20)

days before the issuance of a marriage license. Certificates provided by the United States armed forces will be accepted for military personnel, if such certificates are signed by a medical officer commissioned in the United States armed forces or United States public health service; and the certificates state the examinations are standard serological tests and were performed not more than twenty (20) days before the issuance of the marriage license.

History: En. Sec. 3, Ch. 208, L. 1947; amd. Sec. 2, Ch. 248, L. 1973.

Such laboratory test may be made on request at the laboratory of the department of health and environmental sciences. Reasonable rules for reports to be submitted by any laboratory making tests and the manner of furnishing the reports to the certifying physician and the state shall be adopted by the department of health and environmental sciences.

48-142. Legislative intent—public policy. It is the intent of this act to promote the stability and best interest of marriage and the family. Marriage is the institution that is the foundation of the family and of society. Its stability is basic to morality and civilization, and of vital interest to society and the state. The consequences of the marriage contract are more significant to society than those of other contracts, and the public interest must be taken into account always. The seriousness of marriage makes adequate premarital counseling and education for family living highly desirable, and courses thereon are urged upon all persons contemplating marriage. The impairment or dissolution of the marriage relation generally results in injury to the public wholly apart from the effect upon the parties immediately concerned.

History: En. Sec. 1, Ch. 232, L. 1963.

History: En. Sec. 3, Ch. 232, L. 1963.

48-145. Advice to license applicants of legislative intent. At the time of application for such license, the clerk of the district court shall give to each of the applicants (or mail to an applicant who completes his part

of the application outside of the state) a card with the statement of legislative intent printed thereon. Such cards shall be procured by the clerk of the district court at the expense of the county and shall be in form substantially as follows:

MARITAL INFORMATION

Your marriage license will be issued to you under the provisions of Title 48 of the Montana statutes. For your information and advice, that title includes the following provision:

INTENT. It is the intent of this act to promote the stability and best interest of marriage and the family. Marriage is the institution that is the foundation of the family and of society. Its stability is basic to morality and civilization, and of vital interest to society and the state. The consequences of the marriage contract are more significant to society than those of other contracts, and the public interest must be taken into account always. The seriousness of marriage makes adequate premarital counseling and education for family living highly desirable, and courses thereon are urged upon all persons contemplating marriage. The impairment or dissolution of the marriage relation generally results in injury to the public wholly apart from the effect upon the parties immediately concerned.

History: En. Sec. 4, Ch. 232, L. 1963.

48-146. License required for marriage—place of ceremony—county where license issued. No Montana resident shall be joined in marriage within this state until a license has been obtained for that purpose from the clerk of the district court of the county in which one of the parties has resided for at least five (5) days immediately prior to making application therefor.

A license so issued shall authorize a marriage ceremony to be performed in the county where the license is issued or in any other county of this state.

If both parties be nonresidents of the state, such license may be obtained from the clerk of the district court of the county where the marriage ceremony is to be performed. If one of such persons is a nonresident of the county where such license is to issue, his part of the application may be completed sworn to (or affirmed) before the person authorized to accept such applications in the county and state in which he resides.

History: En. Sec. 5, Ch. 232, L. 1963.

48-147. Applicants under influence of liquor or drug. No license to marry shall be issued if, at the time of making application, either of the applicants is under the influence of intoxicating liquor or narcotic drug.

History: En. Sec. 6, Ch. 232, L. 1963.

48-148. Applicants delinquent in support obligations. No license to marry shall be issued by any clerk of the district court if either of the

applicants for a license is or has been failing to support lawful dependents when ordered to do so by a court having jurisdiction, unless a judge of a court of record after hearing shall determine that despite such failure said applicant is financially able to discharge the duty to support existing dependents and those resulting from the contemplated marriage and shall authorize the clerk to issue the license. The judge shall have authority to require that the applicant post sufficient security to insure the performance of the support obligation to existing dependents.

History: En. Sec. 7, Ch. 232, L. 1963.

48-149. Posting of notice of application—objections to marriage—hearing on objections—order refusing license—amendment of application—issuance without objection—waiting period. (1) Immediately upon entering an application for a license, the clerk of the district court shall post in his office a notice giving the names and residences of the parties applying therefor, and the date of the application. Any parent, grandparent, child, or natural guardian thereof if a minor, brother, sister or guardian of either of the applicants for a license, or either of the applicants, or the county attorney, believing that the statements of the application are false or insufficient, or that the applicants or either of them are incompetent to marry, may file with the district court in the county in which the license is applied for, a petition under oath, setting forth the grounds of objection to the marriage and asking for an order requiring the parties making such application to show cause why the license should not be refused. Whereupon, said court, if satisfied that the grounds of objection are prima facie valid, shall issue an order to show cause as aforesaid, returnable as the court may direct, but not more than fourteen (14) days after the date of said order, which shall be served forthwith upon the applicants for such license residing in the state, and upon the clerk before whom such application has been made, and shall operate as a stay upon the issuance of the license until further ordered; if either or both of said applicants are nonresidents of the state said order shall be served forthwith upon said nonresident by publication one time in a newspaper published in the county wherein said application is pending, and by mailing a copy thereof to said nonresident at the address contained in the application.

(2) If, upon hearing, the court finds that the statements in the application are willfully false or insufficient, or that either or both of said parties are not competent in law to marry, the court shall make an order refusing the license, and shall immediately report such matter to the county attorney. If said falseness or insufficiency is due merely to inadvertence, then the court shall permit the parties to amend the application so as to make the statements therein true and sufficient, and upon application being so amended, the license shall be issued. If any party is unable to supply any of the information required in the application, the court may, if satisfied that such inability is not due to willfulness or negligence, order the license to be issued notwithstanding such insufficiency. The costs and disbursements of the proceedings under this section shall

rest in the discretion of the court, but none shall be taxed against any county attorney acting in good faith.

(3) If there be no legal objection to said application for license within five (5) days of the application, the clerk of the district court shall issue a marriage license.

History: En. Sec. 8, Ch. 232, L. 1963.

48-150. Validity of foreign marriages. (1) All marriages which are valid by the law of the state or nation where at least one (1) of the parties was domiciled at the time of the marriage and where both intended to make their home thereafter are valid in this state.

(2) All marriages which are valid by the law of the state or nation where the marriage took place are valid in this state unless invalid under the laws of the state or nation where at least one (1) of the parties was domiciled at the time of marriage and where both intended to make their home thereafter.

(3) The courts of this state may refuse to give a particular effect to a marriage contracted in another state or nation if to do so would be contrary to a strong public policy of this state.

CHAPTER 2—ANNULLING MARRIAGE

Section 48-202. Causes for annulling marriages.
48-203. Actions therefor—when and by whom commenced.
48-207. Legitimacy of children unaffected by annulment—custody and support orders.

48-201. (5728) Void marriages.

Necessity for Judicial Declaration

In view of statute providing that either party to void marriage may have it declared so judicially, former statute making it unlawful to marry again until six months after a judgment of divorce meant that marriage in violation thereof should be void only from time its nullity shall be declared so judicially. State ex rel. Angvall v. District Court, Thirteenth Judicial District, 151 M 483, 444 P 2d 370.

48-202. (5729) Causes for annulling marriages. A marriage may be annulled for any of the following causes, existing at the time of the marriage:

1. That the party in whose behalf it is sought to have the marriage annulled was under the age of majority, and such marriage was con-

tracted without the consent of his or her parents or guardian, or person having charge of him or her; unless, after attaining the age of majority, such party for any time freely cohabited with the other as husband or wife.

Amendment

The 1963 amendment substituted "age of majority" for "age of legal consent" or "age of consent" in two places in subd. 1.

48-203. (5730) **Actions therefor—when and by whom commenced.** An action to obtain a decree of nullity of marriage, for causes mentioned in the preceding section, must be commenced within the periods and by the parties, as follows:

1. For causes mentioned in subdivision 1: By the party to the marriage who was married under the age of majority within two years after arriving at the age of majority; or by a parent, guardian, or other person having charge of such nonaged male or female, at any time before such married minor has arrived at the age of majority.

Amendment

The 1963 amendment substituted "age of majority" for "age of legal consent" or "age of consent" in three places in subd. 1.

48-204, 48-205. (5731, 5732) **Repealed.**

Repeal

These sections (Secs. 112, 113, Civ. C. 1895), relating to children of annulled marriages, were repealed by Sec. 4, Ch. 169, L. 1963.

48-207. Legitimacy of children unaffected by annulment—custody and support orders. A judgment of nullity of marriage does not affect the legitimacy of children conceived or born before the judgment, and the judgment must so specify, and the court may during the pendency of the action, or at the time judgment is rendered or at any time thereafter make such order for the custody, care, education, maintenance and support of such children during their minority as may seem necessary or proper.

History: En. Sec. 3, Ch. 169, L. 1963.

Repealing Clause

Contract of Purchase

Where purchaser conditioned annual payment on performance of certain acts by vendor contained in contract, and subsequently brought suit for breach of contract when vendor did not perform such acts, trial court properly entered judgment for vendor on evidence that purchaser, prior to payment, was going to insist on performance by vendor of other acts not contained in contract, since performance of acts specified in contract would have been idle and under this section law does not require performance of idle acts. 50-102. (3419) **Inspections and investigations—access to mine—order to close mine or abate violation—notice—hearing and review.** (a) The board is authorized at any time to cause to be made such inspections and investigations as it shall deem necessary in surface and underground mines which are subject to this act (1) for the purpose of obtaining, utilizing, and disseminating information relating to health and safety conditions in such mines, the causes of accidents involving bodily injury or loss of life, or the causes of occupational diseases originating therein, and (2) for the purpose of determining whether or not there is compliance with a health and safety standard or order issued under this act.

(b) For the purpose of making any inspection or investigation authorized by this act, authorized representatives of the board shall have the right of entry to, upon, or through any mine which is subject to this act.

(c) If, upon any inspection of a mine which is subject to this act authorized representatives of the board find that the conditions or prac-

tices in the mine are such that a danger exists which could reasonably be expected to cause death or serious physical harm immediately or before the imminence of such danger can be eliminated, such representatives shall determine the extent of the area of such mine throughout which the danger exists, and thereupon issue an order requiring the operator of such mine to cause all persons, except the persons designated below, whose presence in such area is necessary to eliminate the danger described in such order, to be withdrawn from, and to be debarred from entering such area:

(1) Any person whose presence in such area is necessary in the judgment of the operator of the mine, to eliminate the danger described in the order.

(2) Any public official whose official duties require him to enter such area.

(3) Any legal or technical consultant, or any representative of the employees of the mine, who is a person qualified to make mine examinations, or is accompanied by such a person, and whose presence in such area is necessary, in the judgment of the operator of the mine, for the proper investigation of the conditions described in the order.

(d) If, upon any such inspection or investigation, an authorized representative finds that there has been a failure to comply with a mandatory standard which is applicable to such mine, but that such failure to comply has not created a danger that could reasonably be expected to cause death or serious physical harm in such mine immediately or before the imminence of such danger can be eliminated, he shall find what would be a reasonable period of time within which such violation should be totally abated and thereupon issue a notice fixing a reasonable time for the abatement of the violation. If, upon the expiration of such period of time as originally fixed or extended, the authorized representative finds that such violation has not been totally abated, and if he also finds that such period of time should not be further extended, he shall also find the extent of the area which is affected by such violation; thereupon, the board shall make an order requiring the operator of such mine to cause all persons in such area, excepting the following persons whose presence in such area is necessary to abate the violation described in the order, to be withdrawn from, and to be debarred from entering such area:

(1) Any person whose presence in such area is necessary, in the judgment of the operator of the mine, to abate the violation described in the order.

(2) Any public official whose official duties require him to enter such area.

(3) Any legal or technical consultant, or any representative of the employees of the mine who is a person qualified to make examinations, or is accompanied by such a person, and whose presence in such area is necessary, in the judgment of the operator of the mine, for the proper investigation of the conditions described in the order.

(e) Findings and orders issued pursuant to this section shall contain a detailed description of the conditions or practices which cause and constitute a situation of imminent danger or a violation of a mandatory standard, and a description of the area of the mine throughout which persons must be withdrawn and debarred.

(f) Each finding made and notice or order issued under this section shall be given promptly to the operator of the mine to which it pertains by the person making such finding or order, and all such findings, orders, and notices shall be in writing, and shall be signed by the person making them. A notice or order issued by an authorized representative pursuant to this section may be annulled, canceled, or revised by the authorized representative, and in case of a board order, the board may annul, cancel or revise the order.

(g) The order of the duly authorized representative of the board shall remain in effect, but shall immediately be subject to review as provided in this act.

(h) An operator notified of an order made pursuant to section 50-102 (c) may apply to the board for a hearing, revision, or annulment of such order. Whenever the board after such a hearing upon complaint, or upon its own motion, finds that danger throughout the area of such mine as set out in such order existed at the time of making the inspection, it shall make an order denying a revision or annulment; but, if it finds that such danger did not exist throughout the area of such mine, it shall make an order consistent with its findings, revising or annulling the order under review.

(i) An operator notified of an order made pursuant to section 50-102 (d) may apply to the board for a hearing or revision of such order. If the board finds that there was no violation, it shall make an order annulling the order under review. If the board finds that there was such a violation, but such violation has since been abated, it shall make an order annulling the order under review. If the board finds that such violation was not totally abated, it shall make an order consistent with its findings.

(j) In view of the urgent need for prompt decisions of matters submitted to the board under section 50-102, all actions which the board or its authorized representatives are required to take under this section shall be taken as rapidly as practical, consistent with adequate consideration of the issues involved.

CHAPTER 7—LOCATION AND RECORD OF MINING AND MILLSITE CLAIMS

Section 50-701. Discovery—notice—marking boundaries—compliance with federal law.
50-702. Record of certificate of location.
50-702.1. Filing of false mining claims prohibited—punishment.
50-704. Recording of affidavit of performance of annual work.

50-701. (7365) Discovery—notice—marking boundaries—compliance with federal law. Any person who discovers upon the public domain of the United States, within the state of Montana, a vein, lode, or ledge of rock in place, bearing gold, silver, cinnabar, lead, tin, copper, or other valuable deposits, or a placer deposit of gold, or other deposit of minerals having a commercial value which is subject to entry and patent under the mining laws of the United States, may, if qualified by the laws of the United States, locate a mining claim upon such vein, lode, ledge, or deposit in the following manner, viz.:

1. * * * [Same as parent volume.]

2. Within thirty days after posting the notice of location, he shall distinctly mark the location on the ground so that its boundaries can be

readily traced. It shall be prima facie evidence that the location is properly marked if the boundaries are defined by a monument at each corner or angle of the claim, consisting of any one of the following kinds: (1) A tree at least eight inches in diameter, and blazed on four sides; (2) A post at least four inches square by four feet six inches in length, set one foot in the ground, unless solid rock should occur at a less depth, in which case the post should be set upon such rock, and surrounded in all cases by a mound of earth or stone at least four feet in diameter by two feet in height. A squared stump of the requisite size, surrounded by such mound, shall be deemed the equivalent of a post and mound; (3) A stone at least six inches square by eighteen inches in length, set two-thirds of its length in the ground, with a mound of earth or stone alongside at least four feet in diameter by two feet in height; or (4) A boulder at least three feet above the natural surface of the ground on the upper side. Where other monuments, or monuments of lesser dimensions than those above described, are used, it shall be a question for the jury, or for the court where the action is tried without a jury, as to whether the location has been marked upon the ground so that its boundaries can be readily traced. Whatever monument is used, it must be marked with the name of the claim and the designation of the corner, either by number or cardinal point.

3. Within sixty (60) days after posting such notice, the locator shall comply with the United States mining laws.

History: Earlier acts were those of Feb. 11, 1876, governing location of quartz claims, appearing as Secs. 1477 and 1478, 5th Div. Comp. Stat. 1887.

Ap. p. Sec. 3610, Pol. C. 1895; en. Sec. 1, Ch. 16, L. 1907; Sec. 2283, Rev. C. 1907; re-en. Sec. 7365, R. C. M. 1921; amd. Sec. 1, Ch. 4, Ex. L. 1971. Cal. Civ. C. Sec. 1426.

Amendments

The 1971 amendment substituted a new subdivision 3 for the subdivision 3 appearing in the parent volume; corrected a typographical error; and made a minor change in style.

50-702. (7366) **Record of certificate of location.** Within sixty (60) days after posting the notice of location, the locator shall record his location in the office of the county clerk of the county in which the mining claim is situated, and within twenty (20) days thereafter the county clerk shall provide a copy thereof to the department of state lands, Helena, Montana. The record shall consist of a certificate of location for each claim containing:

1. The name of the lode or claim and whether located as a lode or placer claim.

2. The name of the locator or locators, if there be more than one, together with the post-office address of such locator or locators.

3. The date of location, and the description of the claim, with reference to some natural object or permanent monument, as will identify the claim and the section, township, and range wherein the claim is situated (by projected survey lines if located in unsurveyed country).

4. The directions and distances from the discovery point which describe the claim.

The certificate of location must be verified, before some officer authorized to administer oaths, by the locator, or one of the locators if there be more than one, or by authorized agent. In the case of a corporation, the verification may be made by any officer thereof, or by an authorized agent. When the verification is made by an agent, the fact of the agency shall be stated in the affidavit. A certificate of location so verified, or a certified copy thereof, is prima facie evidence of all facts properly recited therein. Failure of the locator or locators to record a certificate of location as herein required shall create a prima facie presumption of intent to abandon. However, recordation after the sixty (60) day period, but before the ground is located by another renews the location and saves the rights of the original locator. Nothing contained in section 50-713 affects the prima facie presumption created by this section.

History: Ap. p. Sec. 3612, Pol. C. 1895; amd. Sec. 2, p. 141, L. 1901; amd. Sec. 2, Ch. 16, L. 1907; Sec. 2284, Rev. C. 1907; re-en. Sec. 7366, R. C. M. 1921; amd. Sec. 2, Ch. 4, Ex. L. 1971; amd. Sec. 1, Ch. 428, L. 1973.

Amendments

The 1971 amendment deleted "and for the purpose of constituting constructive notice of the location" after "notice of location" in the first sentence of the introductory paragraph; added "and within twenty * * * successor agency" to the first sentence of the introductory paragraph; inserted "for each claim" in the second sentence of the introductory paragraph; added "and whether located as a lode or placer claim" to the end of subdivision 1; added "together with the post-office address of such locator or locators" to the end of subdivision 2; added "and the section * * * unsurveyed country" to the end of subdivision 3; substituted a new subdivision 4 for former subdivisions 4 and 5; deleted the designation of former subdivision 6 and made it the final paragraph; deleted the former first sentence of the present final paragraph; added the last two sentences to the final paragraph; and made a minor change in style.

The 1973 amendment deleted "and investments" following "department of state lands" near the end of the first sentence in the first paragraph; and made minor changes in style and phraseology.

Reference to Natural or Permanent Monument

Fact that location certificate did not refer to a natural or permanent monument was of no significance when contestant found a copy of the certificate at the entrance to the mine. McCarthy v. Morris, — M —, 497 P 2d 97.

50-702.1. Filing of false mining claims prohibited—punishment. Every person who shall offer any location certificate for a placer mining claim, or lode claim, or affidavit of assessment work to be filed in an office of a county clerk of this state on behalf of himself, or for any other person, or any person who shall procure others to do so, knowing that such claim, or certificate or affidavit was not preceded by a proper location of the claim physically upon the ground by the establishment of a proper notice of claim and the designation of the surface boundaries of the claim by substantial posts or monuments as required by the laws of the state shall be punished by imprisonment in the state penitentiary for not more than five (5) years, or by a fine of not more than five thousand dollars ($5,000), or by both.

History: En. Sec. 1, Ch. 135, L. 1973.

Title of Act

An act prohibiting the filing of false mining claims; providing for a penalty; and providing for an effective date.

Effective Date

Section 2 of Ch. 135, Laws 1973 provided the act should be in effect from and after its passage and approval. Approved March 5, 1973.

50-704. (7368) **Recording of affidavit of performance of annual work.** The owner of a lode or placer claim who performs or causes to be performed the annual work, or makes the improvements required by the laws of the United States, as permitted and defined by laws of the United States, in order to prevent the forfeiture of the claim, must, within ninety (90) days after the expiration of the federal annual assessment work period, file in the office of the county clerk of the county in which such claim or claims is situated an affidavit of his own, or an affidavit of the person who performed such work or made the improvements, showing:

1. The name of the mining claim or claims;

2. The location of the claim or claims by section, township, and range (by projected survey lines if located in unsurveyed country);

3. The book and page numbers wherein the original or latest amended relocation for each claim is recorded;

4. The number of days' work done, and the character and value of the improvements placed thereon, or the verified report required by United States mining law if geological, geophysical, or geochemical work or labor is being relied upon;

5. The dates between which such work or improvements were effected;

6. At whose instance the work was done or the improvements made;

7. The actual amount paid for work and improvements, and by whom paid when the same was not done by the owner.

Annual assessment work may be performed or caused to be performed at one (1) or more points within a group of contiguous claims and may be utilized to satisfy annual assessment work requirements upon the group of contiguous claims. If annual assessment work is performed or caused to be performed at one (1) or more points within a group of contiguous claims, the affidavit of performance of assessment work must be filed for the group of claims. The affidavit, in addition to requirements established by this section for affidavits of performance of assessment work, must contain a description and location of the work done upon the group at a point or points within the group, the specific names of all the claims in the group for whose benefit the work was performed, and the total cost of the work performed.

If group work is claimed for a group of claims crossing county lines, the affidavit required by this section shall be filed for recording within the required time in each of the counties in which such claims are located.

An affidavit of performance of annual assessment work must be verified, before some officer authorized to administer oaths, by the locator, or one of the locators if there be more than one, or by authorized agent. In the case of a corporation, the verification may be made by any officer thereof, or by an authorized agent. When the verification is made by an agent, the fact of the agency shall be stated in the affidavit. Such affidavits, or a certified copy thereof, are prima facie evidence of the facts therein stated. The failure to file such affidavits within the period allowed therefor shall be prima facie evidence that such labor has not been per-

formed and that the owner of the claim or claims has abandoned and surrendered same.

History: En. Sec. 1483, 5th Div. Comp. Stat. 1887; amd. Sec. 3614, Pol. C. 1895; re-en. Sec. 7368, R. C. M. 1921; amd. Sec. 3, Ch. 4, Ex. L. 1971; amd. Sec. 1, Ch. 312, L. 1973. Cal. Civ. C. Sec. 1426m.

The 1973 amendment deleted "not exceeding ten (10)" following "contiguous claims" in the first and second sentences of the first paragraph following the numbered clauses.

Amount of Work Required

Recorded affidavit was prima facie evidence that annual assessment work was done, and it was not important how much work was done. McCarthy v. Morris, — M —, 497 P 2d 97.

CHAPTER 8—MINING—RIGHTS OF WAY

Section 50-813. Eminent domain for open pit mining—agreement to purchase property required.
50-815. Measure of compensation for property.
50-816. Notice to owners of condemnation for open pit mining—filing of plat.

50-813. Eminent domain for open pit mining—agreement to purchase property required. Whenever the right of eminent domain is exercised to acquire estates and rights in land for the purpose of open pit mining of the ores, metals or minerals owned by the plaintiff, the decree shall be granted on condition that the plaintiff protects the public in the immediate area by agreeing to purchase all property within three hundred (300) yards of the surface tract condemned, including vacant lots, provided the owner or owners thereof serve upon the plaintiff and file with the court a written offer stating the amount asked for such property within thirty (30) days from the entry of the court order appointing commissioners in said eminent domain proceeding. In the event the plaintiff and the owner or owners are unable to agree upon the compensation to be paid for such property, the court, upon petition of either party, may proceed to determine the compensation to be paid for such property in the manner prescribed in Title 93, chapter 99, Revised Codes of Montana, 1947, as amended, for ascertaining the value of property taken through the exercise of the right of eminent domain.

50-815. Measure of compensation for property. (1) The measure of compensation for the property located within three hundred (300)

yards of the surfaced tract condemned shall be the fair market value or the value of similar property in a similar area not affected by open pit mining operations, whichever the owner of the surface property shall elect to receive.

(2) The measure of compensation for a building owned by the city, county, or state shall be the value of the cost of replacing the building in a similar area not affected by open pit mining operations.

History: En. Sec. 3, Ch. 240, L. 1961; amd. Sec. 2, Ch. 304, L. 1973.

Amendments

The 1973 amendment designated the former section as subsection (1); substituted "the property" and "similar property" in subsection (1) for "the residential property" and "similar residential property"; increased the distance specified in subsection (1) from 300 feet to 300 yards; and added subsection (2).

50-816. Notice to owners of condemnation for open pit mining—filing of plat. Any party seeking to condemn property for open pit mining purposes shall serve notice in writing on all owners of property within three hundred (300) yards of the surface tract sought to be condemned or in lieu thereof shall file a plat showing the boundaries of the property sought to be condemned in the office of the county clerk and recorder, and the filing of said plat shall constitute notice to the owner or owners not personally served with written notice as herein provided.

History: En. Sec. 4, Ch. 240, L. 1961; amd. Sec. 3, Ch. 304, L. 1973.

50-1034. Short title. This act shall be known and may be cited as "The Montana Strip Mining and Reclamation Act."

History: En. Sec. 1, Ch. 325, L. 1973.

Title of Act

An act creating "The Montana Strip Mining and Reclamation Act" and providing for the control of prospecting for and the strip mining of coal, clay, phosphate rock, and uranium; providing for permits, reclamation plan requirements, methods of operation, and penalties; providing for the termination of reclamation contracts entered into under chapter 245, Laws of Montana, 1967; repealing sections 50-1018 through 50-1033, R. C. M. 1947; and providing an effective date.

50-1035. Policy of state—findings. It being the declared policy of this state and its people

—to maintain and improve the state's clean and healthful environment for present and future generations,

—to protect its environmental life-support system from degradation,

—to prevent unreasonable degradation of its natural resources,

—to restore, enhance, and preserve its scenic, historic, archeologic, scientific, cultural, and recreational sites,

—to demand effective reclamation of all lands disturbed by the taking of natural resources, and

—to require the legislature to provide for proper administration and enforcement, create adequate remedies, and set effective requirements and standards (especially as to reclamation of disturbed lands) in order to achieve the aforementioned objectives,

the legislature hereby finds and declares:

(1) That, in order to achieve the aforementioned policy objectives, promote the health and welfare of the people, control erosion and pollution, protect domestic stock and wildlife, preserve agricultural and

recreational productivity, save cultural, historic, and aesthetic values, and assure a long-range dependable tax base, it is reasonably necessary to require, after the effective date of this act, that all strip mining operations be limited to those for which annual permits are granted, that no permit be issued until the operator presents a comprehensive plan for surface reclamation and restoration, together with an adequate performance bond, and the plan is approved, that certain other things must be done, that certain remedies are available, and that certain lands because of their unique or unusual characteristics may not be strip mined under any circumstances, all as more particularly appears in the remaining provisions of this act.

(2) That this act be deemed to be an exercise of the authority granted in the Montana constitution, as adopted June 6, 1972, and in particular, a response to the mandate expressed in article IX thereof, and also be deemed to be an exercise of the general police power to provide for the health and welfare of the people.

History: En. Sec. 2, Ch. 325, L. 1973.

History: En. Sec. 5, Ch. 325, L. 1973.

50-1039. Permit required to engage in strip mining—application for permit—contents—fee—bond. (1) An operator may not engage in strip mining without having first obtained from the department a permit designating the area of land affected by the operation. The permit shall authorize the operator to engage in strip mining upon the area of land described in his application and designated in the permit for a period of one (1) year from the date of its issuance. Such permit shall be renewable from year to year thereafter upon application to the department at least thirty (30) but not more than sixty (60) days prior to the renewal date so long as the operator is in compliance with the requirements of this act, the rules hereunder, and the reclamation plan provided

for in section 10 [50-1043] of this act, and agrees to comply with all applicable laws and rules in effect at the time of renewal. Such renewal shall further be subject to the denial provisions of sections 9 and 13 [50-1042 and 50-1046] of this act.

(2) An operator desiring a permit shall file an application which shall contain a complete and detailed plan for the mining, reclamation, revegetation, and rehabilitation of the land and water to be affected by the operation. Such plan shall reflect thorough advance investigation and study by the operator and shall include all known or readily discoverable past and present uses of the land and water to be affected and the approximate periods of such use and shall state:

(a) the location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) the names and addresses of the owners of record of the surface of the area of land to be affected by the permit and the owners of record of all surface area within one-half (.5) mile of any part of the affected area;

(c) the names and addresses of the present owners of record of all subsurface minerals in the land to be affected;

(d) the source of the applicant's legal right to mine the mineral on the land affected by the permit;

(e) the permanent and temporary post-office addresses of the applicant;

(f) whether the applicant or any person associated with the applicant holds or has held any other permits under this act, and an identification of those permits;

(g) whether the applicant is in compliance with subsection (2) of section 17 [50-1050] and whether every officer, partner, director, or any individual owning of record or beneficially (alone or with associates) if known, ten per cent (10%) or more of any class of stock of the applicant, is subject to any of the provisions of subsection (2) of section 17 [50-1050] and he shall so certify, and whether any of the foregoing parties or persons have ever had a strip mining license or permit issued by any other state or federal agency revoked, or have ever forfeited a strip mining bond or a security deposited in lieu of a bond and if so, a detailed explanation of the facts involved in each case must be attached;

(h) the names and addresses of any persons who are engaged in strip mining activities on behalf of the applicant;

(i) the annual rainfall and the direction and average velocity of the prevailing winds in the area where the applicant has requested a permit;

content of such seam, and an analysis of the overburden, including topsoil. If test borings or core samplings are submitted, each permit application shall contain two (2) copies each of two (2) sets of geologic cross-sections accurately depicting the known geologic makeup beneath the surface of the affected land. Each set shall depict subsurface conditions at five hundred (500) foot intervals across the surface and shall run at a ninety (90) degree angle to the other set. Each cross-section shall depict the thickness and geological character of all known strata beginning with the topsoil;

(k) the name and date of a daily newspaper of general circulation within the county in which the applicant has prominently published an announcement of his application for a strip mining permit, and a detailed description of the area of land to be affected should a permit be granted;

(l) such other or further information as the department may require.

(3) The application for a permit shall be accompanied by two (2) copies of all maps meeting the requirements of the subsections below. The maps shall:

(a) identify the area to correspond with the application;

(b) show any adjacent deep mining and the boundaries of surface properties and names of owners of record of the affected area and within one thousand (1,000) feet of any part of the affected area;

(c) show the names and locations of all streams, creeks, or other bodies of water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within one thousand (1,000) feet of such area;

(d) show by appropriate markings the boundaries of the area of land affected, any cropline of the seam or deposit of mineral to be mined, and the total number of acres involved in the area of land affected;

(e) show the date on which the map was prepared and the north point;

(j) show the surface location lines of any geologic cross-sections which have been submitted;

(k) show a listing of plant varieties encountered in the area to be affected and their relative dominance in the area, together with an enumeration of tree varieties and the approximate number of each variety occurring per acre on the area to be affected, and the locations generally

of the various kinds and varieties of plants, including but not limited to grasses, shrubs, legumes, forbs and trees;

(l) be certified as follows: "I, the undersigned, hereby certify that this map is correct, and shows to the best of my knowledge and belief all the information required by the strip mining laws of this state." The certification shall be signed and notarized. The department may reject a map as incomplete if its accuracy is not so attested;

(m) contain such other or further information as the department may require.

(4) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time or distance, and estimated cost for backfilling, grading work, highwall reduction, topsoiling, planting, revegetating, and a reclamation plan for the area affected by the operation, which proposals shall meet the requirements of this act and rules adopted under this act.

(5) An application fee of fifty dollars ($50) shall be paid before the permit required in this section shall be issued. The operator shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the penal sum to be determined by the board (on the recommendation of the commissioner) of not less than two hundred dollars ($200) nor more than twenty-five hundred dollars ($2,500) for each acre or fraction thereof of the area of land affected, with a minimum bond of two thousand dollars ($2,000), conditioned upon the faithful performance of the requirements set forth in this act and of the rules of the board. In determining the amount of the bond within the above limits, the board shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading, highwall reduction, topsoiling, and reclamation to be required; but in no event shall the bond be less than the total estimated cost to the state of completing the work described in the reclamation plan.

History: En. Sec. 6, Ch. 325, L. 1973.

50-1040. Increase or reduction in area—application—fee—bond. The department may increase or reduce the area of land affected by an operation under a permit on application by an operator, but an increase may not extend the period for which an original permit was issued. An operator may, at any time within one (1) year from the date of issuance of the permit, apply to the department for an amendment of the permit so as to increase or reduce the acreage affected by it. The operator shall file an application and map in the same form and with the same content as required for an original application under this act and shall pay an application fee of fifty dollars ($50) and shall file with the department a supplemental bond in the amount to be determined under section 6 [50-1039] for each acre or fraction of an acre of the increase approved. If the department approves a reduction in the acreage covered by the original or supplemental permit, it shall release the bond for each

acre reduced, but in no case shall the bond be reduced below two thousand dollars ($2,000), except as provided in subsection (5) of section 6 [50-1039].

History: En. Sec. 7, Ch. 325, L. 1973.

50-1041. Prospecting permit—application—contents—reclamation plan—fee—bond. (1) On and after the effective date of this act prospecting by any person on land not included in a valid strip mining permit shall be unlawful without possessing a valid prospecting permit issued by the department as provided in this section. No prospecting permit shall be issued until the operator submits an application, the application is examined, amended if necessary, and approved by the department, and adequate reclamation performance bond is posted, all of which prerequisities must be done in conformity with the requirements of this act.

(2) An application for a prospecting permit shall be made in writing, notarized, and submitted to the department in duplicate upon forms prepared and furnished by it. The application shall include among other things, a prospecting map and a prospecting reclamation plan of substantially the same character as required for a surface mining map and reclamation plan under this act. The department shall determine, by rules and regulations, the precise nature of such required prospecting map and reclamation plan. Any operator who intends to prospect by means of core drilling shall specify the location and number of holes to be drilled, methods to be used in sealing aquifers, and such other information as may be required by the department. The applicant must state what types of prospecting and excavating techniques will be employed on the affected land. The application shall also include any other or further information the department may require.

(3) The application shall be accompanied by a fee of one hundred dollars ($100). This fee shall be used as a credit toward the strip mining permit fee provided by this act if the area covered by the prospecting permit becomes covered by a valid surface mining permit obtained before or at the time the prospecting permit expires.

(4) Before the department gives final approval to the prospecting permit application, the applicant shall file with the department a reclamation and revegetation bond in a form and in an amount as determined in the same manner for strip mining reclamation and revegetation bonds under this act.

(5) In the event that the holder of a prospecting permit desires to strip mine the area covered by the prospecting permit, and has fulfilled all the requirements for a strip mining permit, the department may permit the postponement of the reclamation of the acreage prospected if that acreage is incorporated into the complete reclamation plan submitted with the application for a strip mining permit. Any land actually affected by prospecting or excavating under a prospecting permit and not covered by the strip mining reclamation plan shall be promptly reclaimed.

(6) The prospecting permit shall be valid for one (1) year, and shall be subject to renewal, suspension, and revocation in the same manner as strip mining permits under this act.

(7) The holder of the prospecting permit shall file with the department the same progress reports, maps, and revegetation progress reports, as are required of strip mining operators under this act.
